Hi Richard, to get you out of the gates on ICBC, attached is the E&Y Report and a transmittal letter from the Board Chair to the previous Minister responsible for ICBC.

I have included the email chain below as I thought it might be informative for you as to some of the considerations related to the report that I had flagged for Kim, and which she may (or may not) have shared with Don W. I should also mention that I had shared the report in confidence with Mark Sieben given the road safety elements. As discussed yesterday, Doug Foster is also thoroughly familiar with the report.

Happy to discuss as may be needed.

Dear Minister Stone -

A few moments ago, I sent you an email which included an earlier version of the report entitled "Affordable and Effective Auto Insurance - A New Road Forward for British Columbia." This was done in error. The correct version is attached to this email.

Sorry for any inconvenience.

Sincerely,

Dear Minister Stone:

Pursuant to your letter of December 19, 2016 in which you directed the ICBC Board of Directors to commission a comprehensive independent third party review, I am pleased to deliver today a final report entitled *Affordable and Effective Auto Insurance – A New Road Forward for British Columbia*.

The report (which is attached to this letter) provides government and ICBC with a wide range of options for consideration that would increase fairness and affordability related to Basic Insurance. The Board has accepted receipt of this report, and we await your further advice.

Sincerely,

Barry Penner, QC
Chair of the Board of Directors
