Bad drivers should pay for the risk they create, especially However, note that they are skilled at spotting police. Only police on the street, not very visible, to spot them then get into their face – repeatedly, will identify them.

And there's a problem with sole-source-by-force insurance – drivers can reach a maximum rate and keep driving, whereas in a truly private market they would not be able to get insurance. (Granted, there's a high incidence rate of people here driving without insurance because their licence has been yanked. Quiet policing would catch some as they probably drive badly, though some may drive cautiously to avoid notice. (In ON media watched people whose license had been yanked, identify many and interviewing some.)

However I question whether a change in the period of ??? from 13 to 20 years will make much difference in rates. What's needed is to curb people like the manager with 18 serious offences on her record who killed a person on a motorcycle by short-cutting a turn for which she did not have good visibility.

Distracted driving has become the latest panacea fad – it's nonsense to compare it with drunken driving. (Also impractical to define as arguments with spouse, misbehaving children, and girl-watching are difficult to measure. Putting on makeup is easier to spot.)

Counting at-fault crashes against the vehicle owner not the driver is a stupid approach – strange. (Also note 'listing' of a driver seems awkward. I presume one case is drivers below a certain age, as

the person getting insurance is supposed to say if young people will be driving the vehicle. Beware that it is the insured that matters, not the vehicle owner – for example, an elderly person may stop driving but one of their family drive the vehicle to transport the owner on errands.)

Note that some jurisdictions give a discount for married status, I don't know how valid that is, perhaps the presumption was they'd have children so be careful – Saanich police can attest to that not being true for some people (speeders in school zones, including one intoxicated mother).

I find it annoying that there's no discount for multiple vehicles – if I could afford it I'd have a city car and a travelling van. How to measure usage is a question, technically it is feasible today.

(BTW, 'punish' is the wrong word. The question is making bad drivers pay for the risk they cause.

Police and courts may punish, though the emphasis should be on re-education (by incarceration if needed to protect others, such as those who keep driving without a license and those who continue to drive drunk – such as the person who almost killed a passenger only several weeks after killing a driver by running a red light). Jails and prisons need to have better re-education processes, there are very good ones such as William Head and a prison up-island.

PS: "Fair" is a bad word in insurance here, since a fool premier changed rates in an awkward way and called it 'fair'. (Perhaps I should say 'idiot' but hey! he was a politician – you know the type that panders to potential voters.

PPS: I'm skeptical of automatic braking. You have to watch panaceas – for example hands-free cellular phone use has been shown to be riskier than hands-on-the-phone, because it removes a reminder of activity that helps to reduce risk of focusing completely on the call not on driving. (I once saw a driver with no hands on the wheel – one holding a cellular phone, the other gesturing to the caller – with a curve coming up, somehow he navigated it.

This is what she has sent back. Any help would be appreciated.

Subject: court interpreters

Hi Mike and Gord,

Here's the condensed letter. I feel this should be sent to the minister of Attorney General, so it you can forward it to his office and get a reply, that would be great. We have a group of people who are all VCC accredited court interpreters and they also would like to express their concerns. Thanks.

Regards,

Dear Honorable Minister Eby,

The current situation of court interpreters:

Mostly 2 types of court interpreters:

-
- 1. S.T.I.B.C certified court interpreters (about 60 members of all language combinations), from 1990s up to now.**
 - 2. Accredited court interpreters graduated from Vancouver Community College Court Interpreting Program from 1990s to 2012. (about 200 people of all language combinations)**
 - 3. These 2 types of interpreters are working in the court system with pretty much the same recognition in BC.**

The key issues of the newly proposed changes:

-
1. V.C.C court interpreting program graduates are going to be down graded to level 2 and S.T.I.B.C. certified interpreters are going to be level 1 on the top.
This proposed grading system is not based on any evaluation. This is not objective and may cause lots of issues:
If a STIBC certified court interpreter makes a mistake, the practice now is that any VCC court interpreter may challenge it and correct it. After the change that may become difficult. VCC graduates will have difficulty pointing out mistakes made by STIBC simply because they are classified as 2nd class interpreters.
 2. This policy is said to be internal, but this is simply not realistic. A defense lawyer may choose to wait for a level 1 interpreter rather than getting a 2nd level interpreter. In many cases that would mean a long wait as there are currently only 60 some STIBC court interpreters of all language combinations, which may cause a case being thrown out because unduly delay. If this tool is available, some defense lawyer is going to use it whether you like it or not. And it's not based on any facts or merit, but rather a tactic.
 3. For 200+ VCC court interpreters who have enjoyed equal treatment as STIBC certified court interpreters in the past, their work, including what they've done in the past, for the police, for the crown, or civil cases may be challenged or even thrown out based on the fact they are down-graded.
 4. The VCC court interpreters have not been given sufficient time of notice, so that they may make arrangements to take the STIBC exam and pass it. It takes two years to complete an exam, not because the exam is complicated, but rather because the organization of VCC is not machined to organize more efficient exams.
 5. There are extremely qualified court interpreters who have never taken the STIBC exam, they have 10, 20 or even 30 years of experience and a good track record under belt, but now those newly passed STIBC members who barely have any experience and who are not ready to take on more complicated cases may be considered as first choice based on the certification instead of merit.
 6. Judges and lawyers are already confused by the court interpreter system, if any change is made, they should be consulted and informed. It shouldn't be up to the interpreters to explain the changes every time when they are in court.
 7. On a personal level, I have 15 years of experience working as a court interpreter in BC and I can provide reference letters from lawyers, police and fellow interpreters if necessary. I always have a full schedule because of my good reputation. After the proposed change, my work load will decrease significantly, not because I provided bad service or I made any significant error in my work, but simply because I was down-graded for administrative or political reasons instead of a proper evaluation.
 8. Talking about evaluation, I know STIBC court interpreters who are completely incompetent, so I feel an evaluation shall be given to every court interpreter equally.

9. The proposed change is going to become effective July 1st, there's not sufficient time for VCC accredited court interpreters to prepare for the change.
 10. The VCC court interpreters had 10 months of intensive training and they didn't just merely pass the exam, they took an exam and passed it.
 11. The recruitment of VCC court interpreting program students were extremely strict, often only 1-2 out of 50 to 80 candidates were selected to participate in the program.
- Suggestions:
1. VCC accredited court interpreters should be given ample notice, like 3 years, to transition to the new system. The 3 years reference is mentioned because we just missed the deadline for this year's exam, so it will take us 3 years to complete a not-so-complicated exam that contains two parts (written and spoken, simultaneous and consecutive interpretation)
 2. STIBC may grandfather all VCC graduates in some way, or maybe arrange an expedited exam for the vcc GRADUATES.

Honourable Carole James

My family are in trouble and we don't know who to turn to, this is our last desperate act.

We have always paid our golden ears bills as they arrived each month but when we have come to renew our insurances we were informed that we owed a debt from 5 years ago, this was the first time we had heard of this . After investigating this we found out that Quickpass had not changed the address details on one of the accounts belonging to a plate we no longer have. Because we received invoices monthly with our current licence plates, we had no idea that this debt existed. The debt has accrued \$15k worth of interest and Quick pass are insisting we pay it all in full now. ICBC have given Quickpass the power to decide if our insurance is renewed this month which is tantamount to extortion.

If we cannot renew our insurance this month, we will both loose our jobs as we are in sales, if this happens we will become insolvent and homeless . I have offered to pay Quickpass all our savings \$6k and a promise to pay them what we owe if they allow ICBC to renew our insurance but as of today both ICBC and Quickpass have refused to negotiate.

How did this happen? how has a corporation been given this sort of power over hard working Canadians? i don't understand how this can be that ICBC can hand this unprecedented power to a corporation so that they can demand what ever they like with no recourse from BC residents?

I pay my taxes and contribute to the local economy and do not have to rely on government support but within a few months I will be homeless and bankrupt and why, because ICBC has given a corporation the power to demand immediate payment of debt with no terms regardless of their own culpability in the matter. I know I am not the only person who is in this position, our broker said that there are many people who have been driven into poverty due to similar problem with ICBC.

Can you please help? I am sure this is an totally unintended consequence of a decision made under your watch , as you were elected as part of a government of the people that protected them from the excessive power of corporations.

Can you please demand that ICBC stop doing this to BC residents before we see more people extorted with what amounts to a Seal of approval by the Provincial government.

We are desperate and distraught and have no where to turn.

Subject: Senior Driving Discrimination

Good Day,

It is time for a change to the way Senior Citizens' are treated in regard to Drivers License testing for those over the age of 80. In all other communities within B.C, seniors are tested for their drivers licence within their own communities. All with the exception of Victoria and surrounding areas. I am

s.22
s.22

Last year I had to take my Drivers test in Victoria of which I do not drive in. I

only! So why do Seniors who live outside the city of Victoria have to

be tested in Victoria? This is clearly a system put in place to fail Seniors! We Seniors (Baby Boomers) have contributed to this Province and Canada economically, socially, and politically for all of our adult lives. But now that we are deemed old and frail (I do not feel this way), our independence is

taken from us and we feel tossed aside.

Our life long achievements and taxes paid, that have contributed to the society that people of this Province and Canada enjoy today, are no longer appreciated or valued. Small communities such as s.22 do not have the elaborate transportation systems to get around that major cities enjoy. Most seniors cannot afford continual taxi services. How are we to get to our many medical appointments, buy groceries/pharmacy items, veterinary appointments, and even socialize (socializing has proven to reduce depression for many seniors)? Governments want Seniors to live in their own homes longer and I agree! But how can we if we are discriminated against when we try to keep our independence by having our drivers licence. We are still tax paying citizens of this Province and Community such as s.22 We continue to contribute to economic growth by shopping and using services in our own community. Our community depends on it.

I propose that Seniors be granted a special drivers licence with restrictions. First, let us be tested in the community that we are only going to drive in. Give us a fair chance to pass! Next, utilize restrictions on our licences such as "can only drive within 20 km of the community of s.22"; "can only drive between the hours of 7:00 a.m and 8:00 pm" (daylight hours); and drive with discretion dependent on weather conditions. Put the letter "S" (for Senior) on our vehicle plates. For goodness sake, let us try to keep our independence as long as possible so as not to degrade, humiliate, and financially drain us. We are a proud generation who are the sons and daughters of parents who may have fought in WW1, WW2, and veterans of the Korean War. All we ask for is a little respect, consideration and fairness.

Respectfully,

s.22

P.S I could not locate an e-mail address for Mr. Peter Burns, ICBC Fairness Commissioner or any ICBC e-mail address on their website. I would have liked to have included Mr. Burns on this correspondence out of respect and fairness to him. Should anyone included in this e-mail have his e-mail address, I would appreciate it if this letter could be forwarded to him.

Dear Minister Eby,

Thank you for all that you have done so far to protect BC and all who call it home. I am very concerned about the recent attempts by Kinder Morgan to file for an injunction to prevent our rights to protect our land and water. Peaceful protest is the right of every Canadian. If we allow these injunctions to be passed then we are saying that people who live in BC have no rights and no voice. Please let the people speak, please allow the people to tell the world how we feel about this threat to our land, environment and future.

Please can you do anything in your power to maintain the rights of BC's citizens to freedom of speech and freedom of lawful protest.

Many thanks,

Would it be helpful to send along bullet points for you to share with the constituent? I can get a response moving along.

Hi Arora,

Any comments on messaging for this message from a constituent?
Congratulations on your win in the last provincial election and thank you in advance for your public service.
I am writing to let you know of my frustration in the slow progress and what appears to be neglect on the part of the province in terms of cycling and the changes to the motor vehicle act.
I am equally frustrated with the premiers priority on dealing with Ride Sharing and Uber when cyclists have been lobbying for changes to the MVA long before Ride Sharing was a concept.. Why they have jumped the queue is suspicious.
Please speak for me to your colleagues and champion the cause for a more inclusive MVA.

Hi Wolfgang and Charlotte

The Minister would like to have a letter drafted to the attendees of the Living in Community (lisa@livingincommunity.ca) meeting from this morning. The attendees' names are below.

- Patricia Barnes (BIA)
- Mebrat Beyene (WISH)
- Lisa Gibson (LIC)

During the meeting, LIC wanted to follow up and find out where the government is at in terms of addressing the Oppal Commission Report's recommendations. We discussed sending them a copy of the 2018 status update report (<https://www2.gov.bc.ca/assets/gov/law-crime-and-justice/about-bc-justice-system/inquiries/mwci-status-update-2018.pdf>) and asking for their feedback on the relevant sections regarding supports for vulnerable witnesses.

Can you please ask CCU to draft something thanking LIC for the meeting, letting them know we've attached the report mentioned above, outlining the key pages and recommendations "**Supports for Vulnerable Witnesses (Rec. 4.3, 4.4, 4.5 & 4.9)**" and asking for their feedback on the progress to date.

Please feel free to let me know if there are any further questions.
Cheers!

Thank you for writing to MLA David Eby and the Vancouver-Point Grey Constituency Office where we address issues related to the Vancouver-Point Grey community and the residents who live here.

Since your inquiry relates to David Eby's role as the Minister Responsible for ICBC, your email needs to go to the Ministry office in Victoria at AG.Minister@gov.bc.ca. Due to privacy restrictions we are unable to forward your email to the Ministry without your permission.

Last week we had a senior hit at a marked crosswalk. The fine for this was \$167. I find that ludicrous. Can you please explain that for such an offence the fine is so low. Thanks for implementing a program that will actually make our roads safer. Can you please bring in destination radar on such roads as West Van-Squamish, Squamish-Whistler. The majority of the population is fed up with anarchy on our roads.

I am writing on behalf of the family of s. 22, noted above, who is currently incarcerated at the s.22. We are appealing to our MPs once again to assist where you can respectively as we don't know what's going on with s.22 etc. and have been kept out of the loop insofar as his legal representation goes. We have grave concerns over this whole matter and yet we feel helpless as to where we can go to express them.

s.22 I am attaching an email I sent to the MPs of the previous party in power, which sets out the events leading up to his incarceration as

I just need the pickup address (CO), and your preferred courier delivery address (MO).

Hi Tanera,

No problem – the books can go in the return package. And I am happy to send the courier for pickup in Van – no problem at all there. We have an account with Select Express for this purpose.

I'll just need to know when they are signed so I can give the courier a pickup time.

Hi Byron...actually Jasleen will be taking the books over tomorrow...we just need them to be couriered back. My apologies I thought you were arranging the pickup after signing, but I can look into that if need be. Should it be charged from our office...and what is the best/fastest way to courier them back?

Thanks,

Tanera

Hi Tanera,

Sure, if you send me the books I'll be sure to include them in the courier package.

I'll be arranging floatplane courier pickup on Weds (pickup will be sometime between 12 noon and 1). I've given the ministries noon as the hard deadline to meet; but I won't know until then if all arrive in time or not. Once couriered, the Van CO will likely be getting them mid to late afternoon. BTW how is courier pickup on the other side best arranged? Will the CO be doing that after signing on Weds? Do I need to be in touch with them or will you be managing that?

Note that I must have them back ASAP after signing, as the Lieutenant Governor can only sign

Thursday morning before **s.22** I think it's tight but doable if they are couriered back to arrive here by no later than Thursday mid-morning.

Pls let me know if I'm missing anything,

Byron

Hi Byron,

Have you already arranged courier for the 21st? Are we able to piggy back on this arrangement? We have a coupled of books that will need to be couriered back to the AG office on Wednesday and it would be great if they could hitch a ride with the proclamations.

Cheers,

Tanera

Hi Tanera,

It will need to be March 21, as **s.22** and not available for hand signing.

At this point, it looks like there may be only two proclamations coming for signing (both are for the month of April: Safe Digging Month and Sikh Heritage Month). Any possible others that could arrive late would be included with those. All ministries have been advised of the deadline for approval.

If we can confirm March 21 as the sign date, I will arrange floatplane courier (Select Express) and delivery to the Minister's office for that day. The package would likely arrive mid to late afternoon. I will keep you or anyone in the CO updated that day, as I can appreciate there need for calendar scheduling.

I think this will work out – please let me know if you have any concerns.

Much appreciate this,

Byron

Hi Byron,

I just spoke to the AG and he said he would prefer if they were couriered to his constit during the break weeks as opposed to the DAG signing. Let me know approx. how many and when they would arrive at his constit (on March 21st or 28th) and I will ensure the CO sets some time aside for him to sign.

I have already reached out to Lucinda at MinHLTH in regards to the constituent, s.22 ; and she suggested that you might be able to assist.

I have a signed consent form from my constituent, which I have attached.

Are you able to shed any light on who she can submit a complaint to under the Adult Guardianship Act?

She alleges that her right to privacy as outlined in the act was not adhered to and that the name of the patient that she was advocating for was also disclosed. This disclosure ultimately ended with her being dismissed and now she says she has been blackballed in the care aid industry.

I appreciate your assistance regarding this issue.

Hi Jasleen,

MLA Tegart received a message from constituent s.22 i send a letter with feedback in regards to ICBC. In this letter he states that ICBC rates have increased by 42% since 2012, yet ICBC claims to still run at a deficit at year end.

s.22 would love to see the following improvements:

- Allow private sector companies to compete with ICBC, therefore giving British Columbians more choice.
- Direct ICBC to balance its budget and limit hikes in rate inflation
- Increase penalties on dangerous driving and insurance fraud.

Would you be so kind to let our office know if the Province is planning to make any changes to the current ICBC system?

Cheers,

Monika Walker

Subject: End The Time Change

The annual spring forward of the clocks is next weekend and really is an outdated practice that should end. It forces all members of society to a new schedule when a significant number would rather leave the clock alone. Set the clock on summer time and stay on it all year long. Some people have a more difficult time adjusting than others and don't need this unnecessary burden. In international trade it also adds confusion with Asia not observing Dst and Europe not even changing on the same dates. Please add your voice to end this practice. Thank You
