For the request, they don't check to see if you have Admin rights to your computer, it's not part of their process. I don't know why you don't have admin rights, you should have. Nevertheless, you will when I setup the new computer.

I guess for some reason you are not an administrator on your computer, which would explain why you can't use Remote Desktop. We could put in a request have you added to the Administrators group but we would need to do the same thing again when I give you a new computer. Are you okay to wait until I get the new computer setup later this week?

Hi Brett. I was finally able to try out instructions in the attached user guide, on my personal computer at home. I was successful to install the latest Cisco software, launch it, and start a VPN connection (see screenshot).

I was then able to launch Remote Desktop Connection and enter my computer number and IDIR information. However a remote connection was denied showing an error box (see screenshot).

I suspect the original Request s.22
also Remote Desktop access.

may only have been for VPN access, and not

As I need to access the AG mailbox (Minister's mail, AG.Minister@gov.bc.ca) and CLIFF application, please advise if an additional Request is needed to authorize remote login.

Many thanks, Candice

Hello,

I tried to accept the invite but I can't because "it has been changed". In any event, I am available and would be happy to support the Minister.

Also, are we able to bring one more person? Jason would have been the perfect attendee because he not only knows the legislation but also knows ICBC and its litigation. I know the legislation but not the litigation so much and, since we will be in a roomful of personal injury litigators, I think it would be wise to bring someone familiar with ICBC's litigation. I discussed with Jason and am thinking of Krista Prockiw since she is the ICBC litigator who has been working with us on the CRT part of the project.

Subject: Problems with school tax surtax

Hello David Eby

It's s.22 here. You may remember me, s.22
s.22 . Over the past years you put a lot of work into this riding, and finally you won it away from the BC Liberals. And you have a pretty good reputation. But as the effects of this surtax become known it will cause both you and I a lot of trouble with our supporters. It has too many problems. One problem is the "progressive" nature of the tax - charging a higher rate for a larger property, regardless of how many people live there. It discourages shared properties, family properties and favors everything being subdivided into strata titles. I've worked hard over the past few months exposing the hypocrisy of Andrew Wilkinson and the BC Liberals on the electoral reform issue. This tax is a God given gift to the BC Liberals. It invokes a lot of scary principles and it is awfully hard to argue it will result in cheaper housing for anybody. And the principle makes a lot of people upset, insecure in their life plan and very angry. It's not just higher taxes, it is something new. Below I'll outline a few of the undesirable things that will start to happen. What I want to do is meet with you at your office, and explain the problems, and listen to what you have to say about each.

Here's an example of the problems I know about with such a tax.

1. Increase in tax means increase in rent

There are hundreds of households in Kitsilano where the house contains both the owner and the

tenants. And they are friends. And both the owner and tenants are low income. In many cases, the owner has inherited the house or bought it a long time ago. I've already talked to several renters who were NDP supporters, but realize this was a mistake. The tax must be paid somehow, or the house has to be sold. Deferring the tax is not a solution.

2. Family versus Singles

A graduated tax on housing will encourage family houses to be subdivided to single rooms to fall below the thresholds.^{s.22} : 5 houses on either side of the street. House 1 has five little units, each with a single person. But next door is another house set up for a couple of families. The families will pay more than if they were subdivided.

3. Shared Houses:

Similarly I know of numerous shared houses where 5 or 6 people share the rent ^{s.22}
^{s.22} . But such an arrangement becomes a tax target because it is one big house, rather than two or three strata titles. Strata title is the way to get below the threshold.

4. Extended Families broken up

Another situation of which I personally know several examples, are family houses in which elderly parents live with their children. Those families will feel the pressure to subdivide, or arrange things to avoid the tax. Basically any big shared property will pay more tax than the cumulative total of the same value of sub-divided strata titles.

5. Neighbourhood is gutted

Over the years, a lot of people have bought into this area with a fixed sum of money, perhaps from family, perhaps from selling a business, perhaps from cooperative sharing. They bought in and they work away at making it a better community, even though a lot don't have high income, they could pay the property tax. What kind of people will buy in the future, when you no longer "own" the item? Any new buyer will have to plan for huge taxes every year, even if they get the property at distress sale prices. So you won't get lower income people putting their nest egg into their house like I did. They won't be able to convince others to buy into a share. The people that will be left will be uniformly high income earners who can pay the high taxes. Especially if they can deduct the tax from their provincial tax.

So far I have just talked about Point Grey riding. But this tax is a gift to Andrew Wilkinson and the entire BC Liberal party because it reveals what they are always telling us about the NDP. They tell us "Don't trust them". They say that confiscating part of someone's home because "they didn't earn it" is a very scary principle. Once you start going around deciding that people didn't earn what they have where does it end?

They say that raising taxes on houses doesn't make housing cheaper. Anything that comes out went in somewhere. Money extracted from housing taxes is ultimately paid by people paying for housing. It doesn't come from anywhere else. One might think only the rich will pay. But everybody who downsizes to avoid the surtax will squeeze out the next level down. At the same time, urban sprawl is being subsidized by billion dollar bridges, like the one Christie Clarke planned over the Fraser. Cars get cheaper. And transit has less option to recover cost from property

taxes, because the provincial government grabbed it first. So people using transit will have to pay more.

When can we meet to briefly discuss these problems? I'm putting a lot of time into it, and I would appreciate a response.

Dear Mr. Attorney General,

Thank you for taking time to meet with representatives from BCCA on Thursday, May 24 to discuss our role as a representative of union and open-shop employers in BC's industrial, commercial, and institutional construction sector, specifically to review the prompt payment issue and the proposed legislation.

We are encouraged to know that the provincial government is closely monitoring the roll-in of legislation in Ontario, and confident that the BC government will do the right thing to ensure our province's construction contractors and suppliers are supported from the highest levels in the need to reduce risk around payments and cash flow.

As we discussed, BCCA estimates that \$4BN in risk premiums are unnecessarily hampering the productivity and resilience of our provincial economy. We strongly believe that solving the prompt payment challenge has the potential to release billions into the economy and improve quality of life for British Columbians in every community across our province.

We strongly encourage you to retain the prompt payment file within the Attorney General's office, where it can receive the diligent legal review necessary and in conjunction with the related review of the Lien Act.

The BCCA is working closely with general and trade contractor's to ensure that all industry voices are contributing to next steps on this issue, and we would welcome the opportunity to support with your team by providing industry perspective as we also closely watch the activities in Ontario.

Finally, I have attached two documents:

1) the one-page issue review we brought to the meeting

2) the BCCA confidential white paper regarding the role of technology (block chain) in contributing to a more efficient payment system in our industry

At BCCA we will continue to work toward a combination of legislation, policy, and technology solutions to the prompt payment issue.

I look forward to connecting again on this important topic, and thank you for your commitment and vision in pursuing a resolution.

Sincerely,

Importance: High

Hello Ladies,

I have been asked to set up a one hr. meeting with our Minister's and Lake Babine Nation re: recognition and implementation of UNDRIP and s. 35 jurisprudence. See more info. below.

Lake Babine Nation believes it is important to have an opportunity to meet with key elements of the BC government regarding BC's approach to reconciliation policy development. Lake Babine believes that it

is in a unique position to describe what recognition and implementation of UNDRIP and s. 35 jurisprudence can look like - indeed, as you know, this has been the key driving subject matter of Lake Babine's and BC's unique negotiations.

The BC FN Leadership Council is not briefed on these negotiations and Lake Babine is concerned that the Leadership Council continues to advance the Commitment Document that was born in a different era, with different federal and provincial governments in place. We believe that a new and more expansive approach is necessary to support the Lake Babine negotiations, and should inform provincial policy if we are to meaningfully grapple with recognition, implementation, and reconciliation.

Wondering if we can schedule this on June 5th, in Vancouver, at 11 am? Both MSF and MDD will be in Vancouver the next day attending Cabinet at VCO. Please let me know if we can make this meeting work? Unless we can find an hour in our calendars before the House rises? If you have any 1 hr. slots in May, please let me know?

Thanks,

Minister Darcy,

Thank you for meeting my Mom, Linda Proctor and I on May 15th in Victoria.

Given our meeting was short and with interruptions, we would like to arrange another meeting to discuss Kimberly's Law and where it fits within the Safe Care Act. We are pleased that your Ministry is taking an active look at the Mental Health Act and Secure Care. We were specifically told to meet with your Ministry regarding what we are trying to achieve. Saying this my Mom and I were taken back with your thinking that Youth with escalating violent behavior does not fit in with your Ministry's mandate. Youth we are referring to are illustrating troubling behavior that should be dealt with before spiraling out of control which Cameron Moffat and Kruse Wellwood did. Both showed many signs early in their lives that they were very troubled individuals, their parents, the community, education and care workers stood back and did nothing the end result was the death of Kimmy. Our main goal with Kimberly's Law is Early Intervention and Prevention, to provide youth with help regardless if they feel they are in need of it. As we stated in our meeting and have said time and time again, we know Kimmy's case is severe and does "occasionally" happen, there are numerous other cases that are a step below hers. We need to stop the escalation, get to the root of the issues and help these children before the escalation accelerates. The Safe Care Act/Bill as it is written is to **ensure there is adequate support and services for youth that are a danger of harming themselves or others**. We were very involved with the development of the Safe Care Act and we were not just thinking about our situation,

Kimmy's death. We were wanting to put a strategy together to help all our youth, be it escalating violent behavior, self harm, addictions or sexual exploitation. The Safe Care Act was developed long before the opioid crisis came into being. Over the past eight years we understand that all these issues are intertwined and we hope our Government understands as well.

We really would like to have the opportunity to talk more in depth at your earliest convenience.

Thank you once again and we hope we will meet soon,
Jo-Anne Landolt and Linda Proctor.

Dear s.22

Thank you for your email of April 5, 2018, regarding the Insurance Corporation of British Columbia (ICBC) and its current financial situation. I am also replying to your May 14, 2018 email, regarding your inquiry to the Office of the Information and Privacy Commissioner (OIPC). I understand that this is an important issue for you, however, I am unable to meet with you at this time.

Thank you for your feedback to the proposals contemplated in our public engagement. As you may be aware, the results of the public engagement are now available online at:

www.engage.gov.bc.ca/ratefairness

I can tell you that we heard the vast majority of British Columbians (82.3 per cent) believe risky drivers should pay more. As well, a driver-based system would be more fair as insurance rates would be tied to drivers, rather than vehicle owners.

We will be using all the public feedback to inform additional changes in the coming months to help make rates more fair for drivers. I can assure you that our government is committed to continuing the practice of not using the driver's age as a factor when determining premiums.

Distracted driving is a serious issue and we continue to consider ways to curb the practice and hold drivers accountable. This includes designating distracted driving as a high-risk driving behaviour under the ICBC Driver Risk Premium (DRP) program. At this time, no decision has been made about whether distracted driving would breach the terms of ICBC auto insurance.

As a first step to improve rate fairness I have asked ICBC to bring forward increases to the DRP (excessive speeding, impaired driving and distracted driving) and the Driver Penalty Point (DPP) (minor driving violations) program, to the BC Utilities Commission (BCUC) to be ready for implementation as early as fall of 2018. Once approved by the BCUC, these increases will result in penalty amounts increasing by 20 per cent in the first year, and an additional 20 per cent hike in the next year.

For more information on ICBC's current financial state, please refer to pages 60 – 64 in British Columbia's Budget and Fiscal Plan 2018/19 and 2020/21, online at:

www.bcbudget.gov.bc.ca/2018/bfp/2018_Budget_and_Fiscal_Plan.pdf.

With respect to the OIPC, as you have been informed, ICBC was authorized or required to refuse to disclose the requested information that has been withheld from you. To pursue this

matter further, you would have needed to contact the OIPC by May 22, 2018. For further questions, please contact them directly by email at info@oipc.bc.ca or the Investigator handling your case.

As Minister, it would be inappropriate for me to intervene in individual cases. Part of the ICBC Customer Relations department's role is to provide an objective investigation of customer complaints to determine whether the decision, policy, or procedure applied was fair and reasonable.

s.22

If you remain dissatisfied, there may be, depending on the circumstances, additional avenues you could explore, such as the ICBC Fairness Commissioner, the Provincial Ombudsperson, or the courts.

Thank you for writing.

Yours truly,

David Eby, QC
Attorney General

Hello Ladies,

We can now confirm this meeting for June 5th, from 2-4 pm, in Vancouver. I have requested a room at VCO and will confirm that with you shortly. Please confirm what staff will be attending with your Ministers. Kate, if MMM is not available to attend, please confirm what EMPR staff can attend, please. We will get materials to you shortly.

We will also need to do a ½ hr. pre-brief the week prior to this meeting. Just wondering if your Minister's have time on one of the following times?

May 29: 2:45 pm; 5:00 pm

May 30: 5:00 pm

May 31: 1:30 pm; 4:00 pm

If not, can we do a pre-brief at 1:30 pm, just prior to the meeting on June 5th?

Thanks,
Connie Roberts

Hi Lisa and Tanera,

I have been asked set up Leadership Table meeting with your Minister's and the Tsilhoqot'in National Government (TNG). Kate and Kirsten, we would like to have your Minister's at this meeting as well, if possible.

The Leadership Table meetings are a commitment under the TNG Accord and at the Oct. 31st, 2017 meeting, PJH committed to another meeting in March 2018. Your DM's will be aware of these meetings as they have happened regularly. The challenge is going to get all Minister's together on a date and time, as this meeting will need to be at least 2 hrs long plus a ½ hr. pre-brief with all Minister's and staff a few days ahead of this meeting. I have been asked get this set up sometime in May, however, early June is fine as well.

Can you all please send me any and all dates that your Minister's could be available for this meeting in May and up to mid-June? Once the House rises, it would probably be best for a Vancouver meeting.

Thanks,
Connie Roberts

Hi Tanera- Discussion of the referendum report is scheduled to begin at 9:05. I believe the AG will be there at the beginning to answer any questions and then once Cabinet begins discussion of the report the AG will leave the room (so it is hard to say exactly what time that will be – depends how many questions are asked of him).

Subject: OIC for AG approval - EAB/OGAT 1 new appointment - version 3

Tanera:

As discussed on the phone yesterday, I have just now uploaded the unexpected third version of the CABRO OIC for the Environment Appeal Board and the Oil and Gas Appeals Tribunal. This is to replace the version he signed yesterday. He never did see the second version. All the changes are explained on the Approval form. Essentially what he signed had one new appointment and two reappointments. Version three has only the new appointment.

The package is in the June 20 Cabinet meeting folder marked "AG_03_03201_Draft_Jun20 EAB OGT Salamone – for AG signature". CABRO's Cab Ops deadlines are looser and as such I have short period of time to get this into Cab Ops. That being said it would be appreciated the AG could consider this new appointment at his earliest convenience. He only needs to sign the Order.

As I will be away from noon today and returning Tuesday June 12 and Donna is away returning Wednesday June 13, it would be appreciated if you could let Janai Scigliano know when the AG has made his decision. Janai will arrange to get this to Cab Ops.

Thank you.

Hi Camas,

I just want to confirm what a phased response is? Can you clarify? Does this mean I can send you the records I have?

Where it says "No," does that mean I have to wait until everyone has sent me there records?

Cheers,

Subject: RE: Phased Release Options

Good Morning,

I have certainly given the team advice that we should be proceeding with phased releases where we can. I'm inserting the oldest listing of files outstanding from the MO (and cc'ing Tanera) to indicate that there are only 2 of those files where it might be possible. The remaining files are limited to the MO for records OR the files are already No Records responses from every area and we're awaiting records. I'll take a look at the newer requests and get back to you and Maya.

On the three files below that we'll proceed with phased releases, we'll reach out prior to getting the files into sign-off to see if the MO can provide confirmation that they wouldn't have records so we'd be able to just conclude the files; In the absence of that we'd get Phase 1 out and then continue waiting for the MO's response. To be clear, the files do not close and the clock continues to tick until the file is concluded in its entirety.

On the remaining files below, you'll see that a phased release is not possible since all other areas have confirmed No Records and/or the MO was the only office canvassed. I will reiterate that we would VERY much appreciate any No Records responses from the MO as soon as possible, in addition to the receipt of any records.

Thanks and we'll talk soon ☺

.Cindy

Kelly and I were the possibility of phased releases for requests waiting on MO records, and she mentioned that this option has been discussed at team meetings in the past. Would you be able to bring it up again at the next team meeting? It sounds like a great way to go whenever possible.

Apparently this needs to get moved again...as per MIRR. They are suggesting 4:30 on the 12th via CC. Would this work? MDE will not attend.

Hi Lisa,

Please find attached 2 files for an OIC for a Penticton boundary extension Letters Patent, for the June 20, 2018 cabinet meeting. Please obtain Minister's signature on both the Order and Letters Patent (attachment 1), and her signature on the Briefing Note (attachment 2). AG signature is required on the Letters Patent as well. Can you please ensure the following is done:

- That the contact at AG's office ensures the AG signs the Letters Patent electronically, so that the correct sized maps are used. If they print it for his signature and scan it back to you, the larger maps are never returned properly.
- That the AG does NOT sign under "Lieutenant Governor" on the Letters Patent. He signs on the left hand side under "Attorney General". Once you receive it back from the AG's office, please check to ensure it is correct (there have been instances that the Letters Patent were signed incorrectly).

The deadline for Minister signed documents is Tuesday, June 5th at noon.

Thank you.
Christine

Okay, so materials will be ready. Connie and Tanera can you please work on your end to see if this is possible? It is something that MDE will have to sign off on before end of week.

Sara, can you please confirm that that time works for MMF? Mark and Clayton will be in Van already, and Mary will come over.

FYI at this point, so I'm kinda cheating and sending you all a note at the same time...but I think we will need to have this in on Thursday. Mary is going to get back to me and make sure we can have materials by then. Would we be able to do a joint briefing at 8:15am @ VCO for 30 min (or until they all have to scoot to CCSI)? If so, can we put a hold?

Happy Monday 😊

Hi Nikki – Timing of the next joint ministers briefing came up yesterday at DMWG. I think it would be beneficial to have the next AG/SG briefing toward the end of next week. We would cover: briefing of ministers and sign-off of the transitional regulation; changes to Bill C-45, and potentially some other items. If Mark agrees, could you please arrange?

Thank you,
Mary

Dear Minister Eby,

It is my pleasure to invite you to join us to announce the Proclamation for *Conflict Resolution Week* on November 5, 2018. This event, in partnership with Mediate BC, has taken place annually over the past few years and we have been privileged to have the Attorney General open the event with a Proclamation.

Following the Proclamation at 8:30, a large scale, free event in the theatre will feature three speakers on innovative and emerging areas of conflict resolution (all related to neuroscience). They will then partake in a panel discussion, to be facilitated by the Executive Director of Mediate BC. Preferably, we would request your presence at the opening of the event at 8:30, but would be delighted to have you join us at any time during the morning.

It would be an honour to have you join us here at the New Westminster campus, and I look forward to hearing if this might be possible.

Hi Connie,

MD has requested that I arrange a visit to the Kwadacha Community in September. Seeing as he would like Ministry staff to attend, I thought it be best to find a few dates that work for our folks prior to reaching out to the attached contact.

Dates that work well for MDE include...

Sept 6th
Sept 21st
Sept 25th
Sept 28th

Let me know what will work best:)

Cheers,

Tanera

Hi Tanera,

Just following up on these two FOIs – the Legislated Due Date for both is tomorrow, June 5th. If you're able to provide records or a fee estimate today or tomorrow (even if you do not have all records or a total number of hours for fee estimate), that would be great. Once the request goes overdue, IAO can't take an extension. However if they see there is a large volume of records or need for a consult, they may be able to get some extra time on these requests.

Hi Brett and Tanera,

I contacted HP and they advised they have a case open to replace the transfer kit on your device. They said the old transfer kit is most likely causing the slow colour printing issue so replacing that should fix it.

HP was not able to give me a time that the tech would arrive but they said it should be tomorrow

Subject: CRT application to Societies implementation

Hi Dave - as you know I have been working for the last many years on this project: lawfornonprofits.ca. I spoke to Sam Godfrey last month and have reached out to Carmen about the implementation of adding Societies to CRT. Most of the enquiries we receive have to do with issues arising in member disputes - we have been tracking the dispute questions as they come in to the website. Just as I said when the new Societies Act was introduced we need a coordinated public legal education strategy to accompany the rollout of a new dispute resolution mechanism for the sector. This is a particularly sensitive period given the transition to a new Act. As I write this e-mail we know that less than 50% of societies have transitioned. Anecdotaly, among the many CBABC Charities and Non Profit subsection members we also know that societies have been making errors on transition. This is a sector that is phenomenally diverse and any new initiatives should involve the sector before any implementation is contemplated. It will be imperative to have some form of consultation with the sector to address its needs. I would welcome the opportunity to discuss these issues with your office. Thanks Martha Rans

Dear Sir...

Please have a talk with Mr. Farnworth and the other lawmakers about fixing this broken and very costly justice system that seems to favor criminals and those who have jobs/careers because of them.

We need a **Victims Justice System** where criminals are afraid and law abiding citizens are free to live without fear of victimization. We are always reminded not to take the law into our own hands but then the system lets us down and often even betrays us.

Get tough on criminals, not law abiding, taxpaying citizens.

Yours truly,

Hi Wolfgang,

Tanera may wish another action, but I would suggest we log for Information – because this is not addressed to the AG.

Groups from other countries will sometimes request they be invited to Canada/British Columbia. I have seen requests like this in the past, and I think we should leave this for the Premier's Office/IGR to review.

Tanera will make the final decision though.

Good morning gentlemen:

Again, I am addressing this excellent province of Canada, a cordial greeting and my sincere wishes for success in their functions.

Through this I want to express the following:

1) I took the boldness to address this province, after exhausting resources and investigate where to be served by representatives of Canada:

- * Visit the Embassy of Canada in Nicaragua.
- * Visit the websites of the embassies of Canada in: Nicaragua, Guatemala and Mexico.

Estimado Sr/Sra.,

Esta comunicación es respecto a su pregunta sobre la posibilidad de solicitar asilo político/refugio en Canadá. De acuerdo con su tradición humanitaria y las obligaciones internacionales, Canadá ofrece cada año apoyo a miles de refugiados y personas necesitadas de protección. Sin embargo, **la Embajada de Canadá en la Ciudad de México no recibe solicitudes de refugio** directamente de las personas que buscan ser admitidas como refugiados en Canadá. Existen dos canales por medio de los cuales una persona puede presentar una solicitud de refugio para Canadá:

1. A través del Alto Comisionado de las Naciones Unidas para los Refugiados (ACNUR).
2. A través del patrocinio privado de un grupo de personas en Canadá.

Para conocer en qué consisten cada una de estas dos vías, le sugerimos visitar los siguientes sitios de internet:

- www.acnur.org
- www.cic.gc.ca/english/refugees/sponsor/index.asp (disponible solo en inglés y francés).

Como usted probablemente sabe, la información sobre este proceso, incluyendo las instrucciones sobre qué hacer después de que una solicitud ha sido hecha, se puede encontrar en el sitio web de Inmigración, Refugiados y Ciudadanía Canadá: www.cic.gc.ca. Asimismo, le sugerimos también revisar esta misma página, en la cual usted podrá

2) As I explained in the previous email, explore the Canadian government website:

- * Alternatives to be considered in the category of Refugiado or Asilado.
- * Contact the UNHCR organization.
- * Document me in the options where my family can be considered as Refugees or Asylees:
 - > Sponsored by the government of Canada.
 - > Sponsored private groups established in Canada.
 - > A solution of both alternatives.

Determine your eligibility

To come to Canada as a refugee, you must be referred. The United Nations Refugee Agency (UNHCR), a designated referral organization, or a private sponsorship group can refer you. You cannot apply directly to us as a refugee.

To be referred, you must fall into one of these two refugee classes.

1) Convention refugee abroad class

You may be in this class if you:

- are outside your home country,

.....

I am concerned about the fact that the reaction of the government of this province is not consistent with the statements of the Canadian Foreign Minister Chrystia Freeland.

I consult the local government of this province; Is it correct to repudiate the actions of the dictatorial government of Daniel Ortega, to repudiate the lack of freedom of expression in my country, to repudiate the genocide that is being done against the Protestants, to repudiate the paramilitaries who are touring the country killing civilians, repudiating vandal facts that the police execute on citizens?in my opinion everything is perfectly raised in the speech of the Foreign Minister Chrystia Freeland, is worthy of applauses and honors for these words so in line with the reality of my nation, however the

Local Government is so indifferent to the response to my mail, so much so that I am still waiting for a response from representatives of this Province, but they have not been able to dedicate a few minutes of their time to answer me.

Why is this response so different and indifferent to what was exposed by Foreign Minister Chrystia Freeland?

Where is the love of the neighbor reflected in all these terrorist actions when this family directly asks for help?

It is unfortunate for me to hear a rhetoric perfectly raised and argued, this speaker expresses the pain and terror that is experienced daily in my country, which indicates a great sense of commitment to human life, but I discover that there is no congruence between the Federal Government and the Crazy Government Does this province really support the statements of the Minister of Foreign Affairs? Or is it possible that there is no equality of thoughts between the statements of the Foreign Minister Chrystia Freeland and the Local Government of the Provinces Canadians ?.

Providing support to my family as asylees or refugees, this province can set a precedent of respect for Human Rights that have been violated in Nicaragua.

Throughout the continent, Canada is known as the country with the most humanist sense, the citizens of this country are committed to the welfare of people defending basic rights such as:

Right to life.

Right to freedom

Right to the Security and Integrity of the person.

How beautiful it would be that in the televised, written news media and on the web they surprised the world with news like this:

"Government of Canada sustains its repudiation of actions against civilians by the government of Nicaragua, but also supports at least a few Nicaraguan families" We can not save all of them, but we commit ourselves to contribute a bit, rescuing some few families victims of this genocide. This would give a firm blow at the OAS table, indicating that there is not only politics in these assemblies. They would encourage the OAS member governments to show their support for the citizens of Nicaragua, demonstrating that the actions implemented by Canada speak more than words.

This is an opportunity for this province to be a benchmark in the world, highlighting the humanism that characterizes this government and how committed they are to families, regardless of race, color, creed or geography.

I thank you for your time, I say goodbye, waiting for your comments to my observations of the reality that is lived in my country and a response according to the expressed by the Minister of Foreign Affairs of Canada Chrystia Freeland, in his statements of the reality of the millions of Nicaraguans what they live daily the martyrdom of being murdered, kidnapped and threatened by the Government of Daniel Ortega.

Pending your comments I say goodbye.

Best regards.

Collective sponsorship

No new sponsorship applications before August 15, 2018.

Due to the high number of refugees who already have an application in process, the Ministère has decided to extend the suspension in the intake of new sponsorship applications until August 15, 2018.

This suspension affects refugees of all origins and pertains to all new applications, whether they are presented by organizations or groups of 2 to 5 people, or involve joint sponsorship.

While respecting the yearly targets for admission, the arrival of people whose applications are still being processed will likely extend up until 2020.

Review of the Collective Sponsorship Program

The Ministère has carried out major review of its Collective Sponsorship Program. The changes that were made are largely based on the consultations that were held following the reception of Syrian refugees. Several orientations were proposed in order to improve the programs related to humanitarian immigration. To get an idea of the work being done by the Ministère, you can read the summary (PDF, 50 kb) of this report.

Dear Sirs, Province of Canada, I am extremely concerned, even more so when I hear the preliminary report of the IACHR, where it is evident of the bad faith of the government with Nicaraguan citizens.

<http://www.oas.org/es/cidh/prensa/comunicados/2018/113.asp>

The attacks against the protesters intensified, at the national level they are repressing all the protesters who raise their voice for justice and freedom, and the number of deaths and injuries by the paramilitaries is increased

<http://100noticias.com.ni/decenas-de-heridos-varios-de-gravedad-en-leon-tras-ataque-de-turbas-del-gobierno/>

The paramilitaries of the government are coming to the point of killing civilians even without being present at demonstrations, just because they carry Nicaraguan flags in their cars.

<https://youtu.be/oi1MtRLPLpU>

Even the doctors are in danger for performing their professional work, it is inconceivable that under threat of AK armed paramilitaries are taken to the campaign house of the ruling party and retained there, only the men of God (Priests) clothed with faith came to intersect for them to be released 3 hours later.

<https://www.google.com.ni/amp/www.elnuevodiario.com.ni/nacionales/465259-joven-secuestrada-leon-narra-sucedieron-echos/%3fview=amp>

It is today's date and the protests increase, Nicaragua every day becomes a battlefield, families do not know if their members will be killed, kidnapped, tortured or disappear.

<https://youtu.be/V8KdEOvelaY>

the government and its paramilitaries are terrorizing the nation, paramilitary groups are crossing different parts of the country firing at citizens.

you are not safe in your home, and you can not allow your children to play in front of their house for fear of receiving a bullet from the killers of Daniel Ortega.

<https://youtu.be/BWsKNXB1JBU>

I am concerned about the fact that Canada, one of the few nations that is among the 10 countries that receives more immigrants worldwide, according to the news channel BBC, is closing access to information to those in need of justice.

<http://www.bbc.com/mundo/noticias-internacional-39059460>

Dear gentlemen province of Canada, I am disoriented, I find a significant number of accesses in the web pages of immigration and citizenship of the government of Canada blocked, the information is not available, the instances to which you are recommended to abocarte do not give you information.

Please, gentlemen of the province of Canada, being of local government and economically independent of the federal government of Canada, extend your hand to the citizens of Nicaragua who are being persecuted and killed daily by paramilitaries of the Ortega government in Nicaragua.

I am asking for your help as a province of Canada, take this request as an opportunity to help at least one of many Nicaraguan families who suffer this abuse of power.

I ask you to take my request very seriously and save my family from so much repression, and insecurity and psychological torture imposed by Daniel Ortega, current president.

We are a family that is very honest, hardworking and committed to honoring every dollar that they invest in our asylum, just allow us the opportunity to improve the life of this family, which is going through difficult times to live and that can be killed at any moment.

Awaiting your understanding and aware of the great humanism that characterizes this great nation, I say goodbye waiting for your prompt response.

God bless you...

Good morning Candice,

Jeff Groot recommends acknowledging Sonny Parhar's correspondence (550139) in a rush response to John Rice (550350). Would this be okay or would the Minister like a separate response to Sonny Parhar?

The draft response to John Rice is currently with Doug Scott for approval, which acknowledges Mr. Parhar's correspondence in the final paragraph. I can pull and send back to Jeff for revision if the Minister still wishes to respond separately to Sonny Parhar.

Thanks for advising,
Kim

Hi Kim - it's Nina Bindra. As for the response, since we have had so many responses to the TLA lately that have crossed over and caused confusion, I had suggested to Doug and James that we tackle both of these at the same time. They agreed so I'm hoping we can just have this one response handle both incomings.

Let me know if the MO disagrees.

Thx!

Just a heads up that any travel strictly due to Caucus or Party business should be claimed through the Legislative Assembly as this is MLA budget. Your Minister's flights and expenses should not be paid or booked using your pcard.

Organized through GCPE

Hello Gala,

Hope you are well, and Happy Friday to you. Before Mr. Godfrey left we chatted about a press opportunity for the Minister involving CLBC. We are piloting a program tentatively called "Help a Junior for a Day". The concept is for senior members of the bar to meet with junior members of the bar and provide guidance, mentorship in both an in formal and formal way. The genesis of this program arises from the Law Society Legal Aid Advisory Committee and the Criminal Defence Advocacy Society. Both organizations have pointed out the lack of junior lawyer training in the areas of family, criminal and immigration law. CLBC wants to fill that gap in some way. This will be a test program. Would you be able to see if the Minister would drop in for our launch? We would be happy to schedule the launch or the press release around the Minister's timetable between June 1 and June 25.

I look forward to hearing from you. Thank you for your time, and have a great weekend.

Best,

Subject: iPhone calendars not syncing

Good morning David,

Minister Eby missed his morning meeting in Vancouver today because his phone calendar was not syncing with the JAG mincal. This is not the first time this has happened. He knows how to resync his phone, however that only corrects the issue (temporarily) once he's realized it's not syncing...usually because he's missed a meeting. Is there anything that can be done to reconcile this issue permanently? The AG has a lot of really high-profile meetings and it looks really bad when he is late or misses them. This happens to the ministerial assistant's calendars as well.....and often all at the same time. I would greatly appreciate any assistance with this issue.
