Subject: RE: Night Life Alcohol Fueled Problems and COVID-19 - PHO Orders to be announced
Date: Tuesday, September 8, 2020 1:02:00 PM

Oh boy. No heads up goes against our relationship with BTAP in many ways. Even under embargo we can't tell Mark, Ian, and Jeff only? This will do some damage (just a little) to our relationship with BTAP.

Megan

Subject: RE: Night Life Alcohol Fueled Problems and COVID-19 - PHO Orders to be announced

I'm just off the phone with Brian. As MS said, we have been asked not to reach out in advance of Dr. Henry's verbal order today, however, we are ok to reach out to BTAP following the press conference to explain that a detailed, written order will follow and we are looking for their comments/assistance in developing that. I told Brian to be prepared for immediate, significant reaction from industry on the verbal order today and that we would be in touch tomorrow am.

Importance: High

FYI we are reaching out to PHO on this now but looks like decision is already made (with opportunity for nuancing). **s.13** as many operators have made significant investments to meet requirements and many are working hard to follow the rules. **s.13**

s.13

We will reach out to select BTAP members w a heads up.

Subject: Re: Night Life Alcohol Fueled Problems and COVID-19 - PHO Orders to be announced

Just to confirm that Bonnie plans to issue an oral order on her press conference this afternoon about these issues. Latest thinking (but subject to change) is that:

- all nightclubs must close
- all stand-alone banquet halls must close
- liquor sales in all bars, lounges, pubs and restaurants must cease at 9 pm and they must close by 10 pm, unless they provide a full meal service, in which case they may stay open but must not serve liquor until 11 am the next morning
- music or other background sounds such as from televisions or other electronic sound producing devices in bars, lounges, pubs and restaurants must be no louder than the volume of normal conversation.

We will follow this up with a written order that would allow for further nuancing.

Thanks.

Brian

Subject: Night Life Alcohol Fueled Problems and COVID-19

Good morning.

In spite of the revised PHO order *Restaurants, Coffee Shops, Cafes, Cafeterias and Licensed Premises, including Pubs, Bars, Lounges, Nightclubs and Tasting Rooms* we are aware and concerned that a number of nightclubs and bars have not shifted their business model much, such as to serving meals.

Social mixing becomes increasingly problematic to control as more alcohol is consumed throughout the night (see exposure notification for VCH at <http://www.vch.ca/covid-19/public-exposures>), enforcement is particularly challenging in these situations, and exposures to COVID-19 in these setting is anticipated to increase, potentially further driving an increase in cases in BC.

In addition, with post-secondary institutions opening up and more time going to be spent indoors with cooler weather coming there is an increasing imperative to limit COVID-19 transmission among young people so that post-secondary institutions can

operate as well as possible.

Therefore we are thinking of ordering nightclubs to be closed and bars (premises that do not provide full meal service) to stop serving alcohol by 7 pm and be closed by 8 pm.

Just wanted to check with you with respect to your thoughts on this approach. In particular we would appreciate advice on defining the difference between a nightclub and a bar.

Thanks.

Brian

Thanks.

Subject: RE: announcement banquet hall closure

Good morning Ingrid.

The oral provincial health officer order issued Tuesday does not apply to hotels that are holding events (e.g., weddings).

We are working on publishing a final order with a definition of “stand-alone banquet halls” to ensure clarity, but in general I anticipate that the venues affected will be places which have as a primary function hosting large groups, generally hundreds of people, for banquets or other social events that are not part of larger structures like hotels, houses of worship, private clubs or recreation centres; with other criteria to be determined.

In addition if helpful other aspects of Dr. Henry’s oral order are directed at nightclubs, bars, pubs and restaurants. It does not include events being held in hotel social-event type of rooms. Specifically from the news release:

“Liquor sales in all bars, pubs and restaurants must cease at 10 p.m. and they must close at

11 p.m., unless providing a full meal service, in which case they may stay open, but may not serve liquor until 11 a.m. the following day.”

“Music or other background sounds, such as from televisions in bars, lounges, pubs and restaurants, must be no louder than the volume of normal conversation.”

Good Morning Dr. Emerson;

I am receiving numerous emails from hotels telling me clients are cancelling their meetings booked in conference facilities because the client interprets the last order to include hotel banquet/conference facilities.

When the written order comes out – please include an exception for hotels.

Thank you very much

Subject: PHO Orders re Gatherings and Events & Food And Liquor Serving Premises

We have made some editorial changes and two minor policy changes to these orders so will be posting the new orders today.

The policy changes are that we moved the time that liquor can start to be served in the

morning from 11 am to 9 am to allow for drinks with brunch, and clarified that no-one can consume liquor in premises or at events after 11 pm.

The major editorial change was to move the rules about events being held in food and liquor service premises to the *Gatherings and Events* order for ease of reference by operators and compliance/enforcement staff, rather than them having to cross reference between the two orders. This ensures clarity that events being held in food and liquor service premises are liable to enforcement by police and other provincial compliance and enforcement staff under the *Emergency Program Act* order that gave them powers to issue tickets.

Editorial changes to note are:

Food and Liquor Serving Premises Order

- Definition of nightclub added
- Clarified that table hopping is not allowed
- Included positive obligation on patrons, which were previously this was implied

Gatherings and Events Order

- Clarified that this order does not apply to health care related events such as immunization clinics, health authority COVID-19 testing centres and blood donation clinics;
- Clarified that the definition of patrons at events does not include event staff volunteers, vendors, exhibitors, performers, presenters, the members of a team engaged in a sporting event, team managers, coaches, persons such as referees, time keepers or score keepers, and staff associated with any of the foregoing
- Added a definition of “private event”

Thanks to all those who provided such helpful feedback wrt these revisions.

Have a great, small gatherings, mostly outdoors, Thanksgiving weekend!

Brian

Subject: RE: PHO Orders re Gatherings and Events & Food And Liquor Serving Premises

Attached are the final versions of the revised orders which will be posted to the PHO website – an updated *Gatherings And Events* order and newly titled *Food and Liquor Serving Premises* order (replaces the *Restaurants, Coffee Shops, Cafes, Cafeterias and Licensed Premises, including Pubs, Bars, Lounges, Nightclubs and Tasting Rooms* order).

The main changes are as follows:

1. All “events” are now in the Gatherings and Events order. Previously events were in both orders which was leading to uncertainty and inequitable application.
2. Nightclubs must cease operating as nightclubs. They could change their business model to operate as a restaurant, pub or bar.
3. Background music or other background sounds, such as from televisions, must be no louder than the volume of normal conversation.
4. Liquor sales for onsite consumption must cease by 10:00 pm. Off-sales could still happen.
5. Unless a full meal service is provided, premises must close by 11:00 pm and all

patrons must vacate the premises. If a full meal service is provided, premises may stay open, but liquor must not be served until 11:00 am the following day.

6. Liquor must not be consumed on premises by owners, operators or staff after 11:00 pm
7. The Gatherings and Events order does not apply to voting places.
8. Banquet halls are defined and ordered not to hold events, but voting is explicitly allowed. They could also do other things like have daycares.
9. The definition of “event” is further clarified to indicate it applies to a “trade fair, agricultural fair, seasonal fair and episodic indoor event that has as its primary purpose the sale of merchandise or services e.g. Christmas craft markets, home shows, antique fairs and the like.”
10. The definition of “a place” is clarified to include “a private residence and other premises not ordinarily open to the public” now that police can enforce the event order wrt parties.
11. The requirement for both event organizer and owner to hold lists of event attendees was removed as thought to be unnecessary duplication.
12. Liquor service at events must cease at 10 pm.
13. If food or liquor serving premises hold private events like wedding receptions, the same rules that hotels and other venues must follow apply to these premises. But if it is a public event like live music performance all the extra rules e.g. no singing, dancing, no-self serve bar, must remain seated apply.

Thanks and have a great weekend!

Brian

Subject: PHO Order re Gatherings and Events

FYI we have made minor amendments to this order which will be posted soon.
Changes are:

- Further to amending the restaurants and nightclubs order to allow live performers to have a barrier OR 3 metre distance from the audience, this order was amended for consistency.
- Made explicit that this order applies to meetings or conferences held in hotels or anywhere else.
- Added “exhibition and fair” to the definition of event.
- Expanded definition of “organizer” to include “the person who acts as host at an event” to answer the questions from wedding planner’s and others who might hire a person to organize an event.
- Clarified that the 50 person limit does not include staff.

Have a great summery weekend!

Brian

Subject: PHO Order re Restaurants, Pubs, Bars and Nightclubs

The July 23 PHO order has been amended and the attached order is now in effect. It should be posted to the website sometime this weekend.

We have fine tuned this order to address a few issues that came up in relation to the July 23 order:

- Greater clarity on which settings are covered by this order
- Meetings in hotels and conferences were inadvertently captured by the previous order, so have been excluded from this order (but are still covered by the Gatherings and Events PHO order)
- Cafeterias such as in grocery stores, private clubs like Legions, or premises with

a manufacturer's licence e.g. tasting lounges can serve alcohol to customers from a counter and are excluded from requirements to have assigned seating, keep patrons seated, and have staff to ensure people stay seated.

- Jam sessions and open mic events are not allowed due to concerns about these events that encourage audience participation
- Performers must be separated from the audience by barriers or 3 metres distance (not both)
- Events can now happen between 530 am to 11 pm, so morning events can happen and premises can hold 4 events per day. However there must be an hour for emptying and cleaning between events, to avoid back to back events and line ups in the evening.

Have a great **Beat Covid-19** long weekend remaining seated in small groups, well distanced from others at your favourite place!
