Statement from Premier Eby on recent reports of acts of hate in British Columbia:

This month we have seen reprehensible acts of hate in our province. I am hearing directly about acts of antisemitism from people here in our province, including the vile vandalism of a Rabbi's home and two Jewish women threatened with violence following a peaceful rally. The Jewish community in BC is facing more hatred and discrimination than they have in a generation.

Several of these acts were reported in the media, others were suffered in silence. I have learned that two Muslim women, who have chosen not to be named, were recently attacked in Vancouver and I am hearing reports of significant increase in hate incidents from Muslim organizations.

Members of the Jewish, Israeli, Palestinian, and Muslim communities have shared with me the indescribable pain they feel over the loss of life in the Middle East. I have heard the pain in their voices, and I have seen the fear they are now living with.

During the peak of the COVID-19 pandemic, there was an enormous spike in anti-Asian hatred. There was clear targeting of Chinese residents in British Columbia, perpetuating racist conspiracy theories blaming one community for the global pandemic that impacted the world.

Recently, we have also seen a worrying increase in anti-LGBTQ rhetoric here in BC that directly correlates to the targeting of gay and trans community in the United States. There are very real impacts for gay and trans kids here who feel that they are not welcome for being who they are.

We should always remember that hateful words too often precede violent acts.

International events, no matter how distressing or horrific, do not in any way justify attacks or acts of hate here in BC. No matter where they are from, no matter who they are or who they love, British Columbians stick together. In our communities, please reach out and look for someone who needs support, because there are many people who do right now.

There is no place for bigotry here. There is no place for racism here. There is no place for Islamophobia or anti-Palestinian hate here. There is no place for antisemitism or anti-Israeli hate here. There can be no place for any form of hatred here in B.C., because we are stronger and better together.

Message Body:

Hello everyone,

Federal, Provincial, Territorial (FPT) Deputy Ministers Responsible for Justice and Public Safety will be meeting Virtually, on **December 4th and 5th, 2023**. The FPT Criminal Justice Policy Team will be providing policy support, including drafting and coordinating briefing materials for ADM Paul Craven (in place of DAG Carmichael) and DSG Scott.

To help you to prepare briefing notes on topics related to your branch's work, we have attached the *briefing note template*, the *draft meeting agenda (assigned agenda)* and the *agenda roll-up*. As a reminder, the agenda roll-up provides a summary of the topic/discussion proposed by the lead jurisdiction(s) and will help to guide and inform the direction and content of the briefing notes. Summaries not in the current agenda roll-up will be provided as soon as they become available. We will also share conference documents for each item with you when we receive them from the other jurisdictions.

Within the assigned agenda, I have noted the people who I anticipate will complete briefing notes for each item. ***Please let me know if I should redirect this request to someone else.***

For briefing notes that may intersect with more than one branch, we ask you to please connect with the appropriate branches to obtain their input so that BC's DMs have the full scope of information on each topic, from all relevant branches, and can speak to BC's position. If there is a specific reference to consultation beside an item in the assigned agenda, please ensure this takes place.

Please note that your ADM is being copied for information only.

If you require information to assist in the development of your note, please feel free to contact Audrey Panter (PSSG) at: Audrey.Panter@gov.bc.ca or Sarah Mason (AG) at: Sarah.Mason@gov.bc.ca

Please send ADM-approved briefing notes in Word electronically to Cindy.Wallbank@gov.bc.ca no later than noon on Monday, November 20th. Please do not forward your note(s) to your DM for approval as I will be briefing and obtaining approvals from the DAG and DSG later in the week.

If you have any questions, please contact me by e-mail at Sarah.Mason@gov.bc.ca or telephone: 778-974-3684.

Thank you in advance for your assistance.

Warm regards,

Sarah

ITEM DESCRIPTION (For all agenda classifications):

Issue/Context:

The purpose of this item is to provide a national security update focusing on the impacts of violent extremism and ongoing international conflicts on security and social cohesion in Canada.

Canada's threat environment continues to evolve in response to changing global circumstances. Factors such as rapid technological advancements and the spread of mis- and dis-information mean that Canada is working against an increasingly volatile threat environment that transcends borders and has serious consequences for social cohesion.

National security issues contributing to increased social fragmentation include, but are not limited to:

- The rise of ideologically motivated violent extremism (IMVE), in which threat actors are driven by a range of grievances and influences to commit acts of violence in pursuit of an ideological goal; and,
- Geopolitical issues abroad, including the outbreak of conflict between Israel and Hamas, and ongoing tensions with India.

VE threat actors may target vulnerable communities who may already be facing marginalization, while diaspora communities in Canada may feel unsafe or unsupported amid ongoing international conflict. From preventing radicalization to violence to connecting with vulnerable communities, Public Safety seeks to engage with provincial and territorial partners to discuss how better to leverage the specialized tools, insight and knowledge necessary to counter these threats at the national and local levels.

Desired outcome:

FPT MINs were provided an update on key national security threats and their impacts on social cohesion in Canada, and discussed how to leverage key activities to address these threats in collaboration with provincial and territorial partners.

Proposed next steps:

PS will continue to work toward countering national security threats, including IMVE, in close collaboration with provincial and territorial partners. PS will provide future updates to the FPT MINs as required.
