Hi Jacquie,

I can see how that would be inconvenient! We should have given you a demo on the new eBinder process and how the hyperlinks work. Creating one PDF "eBinder" is a new process that Vanessa just created thinking it may be more user friendly. The table of contents is hyperlinked so that you can easily click to each document within the PDF. You can also click the bookmark tab on the left of the document and it will provide links to each section of the eBinder. If this style isn't working we are happy to adjust and not combine documents.

Let me know your preference 😊

Hello all – as you know, Minister was asked by the Premier to accept an invitation by the Carnegie Community Action Project to take a tour of the DTES SROs. Minister has invited Minister Shane Simpson to accompany her. His ministry will be taking the lead on the Homelessness Action Plan and will therefore be coordinating this tour with the Carnegie folks.

On the list of stops for the tour will be the Terminal modular housing pilot, so there is no need to move forward with setting up a tour from our Ministry.

I will send details of the tour, Aug 15 is the tentative date, when they are confirmed. Lisa, you may want to reach out to the Social Development folks.
