Hi Bowinn, I don't see a problem with this. I would be happy to take a look at your answers before you send them in.

I'm also including Jane Hurtig, the MA for municipal affairs, here, in case they have a concern, and to keep them in the loop.

Hi Stefan and Bowinn

Thank you for the introduction, Stefan. Moving you to bcc so we don't fill your inbox.

Nice to e-meet you Bowinn. I've been following your twitter and your shoutout to gather the public's opinion on #publictransit. It's been great to read that people would love more integrated transportation, better and more frequent service to decrease car ownership and safe public transit that supports mobility needs of everyone. I couldn't agree more. I'm a passionate promoter of all types of shared mobility to support first and last mile challenges of public transit and have dedicated the last 7 years to increasing these options in Vancouver and have been working with car2go, Evo, Modo or Velometro ([www.movmi.net](http://www.movmi.net)).

The main reason I was reaching out to Stefan for an introduction is our Women in Shared Mobility Series. It is one of the initiatives we launched last year and the idea is that we portray women who work in mobility and transportation. Part of the initiative is also to show young women that it is possible to influence these topics and be a source of inspiration for them and we would love for you to be part of our August series.

Each woman sends us a portrait of themselves and shares her thoughts on 3 questions about shared mobility. We then compile the answers into one short video. It normally looks something like this <https://vimeo.com/187742136>. You can find the July edition here: <https://vimeo.com/226933344>

The questions we're interested in asking:

1. How will shared mobility change in the next 5 years?
2. Why is shared mobility important for our cities and communities?
3. What do we have to do to convince more people to make shared mobility part of their lifestyle?

All we would need from you is:

1. the answers to above questions (in an email or a word document)
2. a profile picture of you
3. a short bio which we'll add to the blog post that goes out with the video. <http://movmi.net/women-in-shared-mobility/>

Happy to discuss this more, we would be honoured if you would participate in next month's edition.

Best  
Sandra

Hi Bowinn,

Congratulations on winning your riding and to your new portfolio of responsibilities. I knew we could count on you to be a great resource to the incoming government!

A Swiss colleague of mine here in Vancouver, Sandra Phillips, CEO of Movmi, and shared mobility architect, has asked me for an introduction. Sandra has worked in and around transportation and shared mobility for many years and was instrumental in introducing car2go in North America, among many other things. Here is what Sandra has in mind:

momvi is a boutique consulting agency specialised in shared mobility. One of our initiatives we launched last year is "Women in Shared Mobility": the idea is that we portray women who work in shared mobility. One of our goals is to foster and inspire younger women to be part of the current mobility revolution. Each woman sends us a portrait of herself and shares her thoughts on 3 questions about shared mobility. We then compile the answers into one short video. It normally looks something like this <https://vimeo.com/187742136>. We'd love to portray you Bowinn Ma for our August edition, in particular since we are working with Translink on a project. Would love to discuss this further if it is of interest.

I believe that you 2 movers and shakers would have a long list of common goals. Bowinn, please meet Sandra. Sandra, please meet Bowinn.

Best Regards,  
Stefan

## **COMMUNITY GAMING GRANTS PROGRAM – Information for elected officials.**

### **KEY FACTS**

- } GAMING REVENUES in B.C. generate hundreds of millions of dollars that help support health care, education and key services for all British Columbians.
- } EVERY YEAR, the Government of British Columbia approves \$140 million in community gaming grants for not-for-profit organizations in communities across the province.
- } COMMUNITY GAMING GRANTS are distributed among specific sectors that include arts and culture, sport, environment, public safety, human and social services, parent advisory councils and district parent advisory councils. A new Capital Projects Sector has been added in 2017/18.
- } OVER 5,000 local organizations representing virtually every community in the province receive community gaming grants each year.
- } EACH APPLICATION is assessed individually, within the context of available funding and demonstrated community need.
- } GRANT APPLICANTS must demonstrate how the programs they want funded meet eligibility criteria and benefit British Columbians.
- } ORGANIZATIONS THAT RECEIVE community gaming grants accomplish amazing things in British Columbia's communities, large and small, urban and rural.
- } GAMING GRANT RECIPIENTS are incredibly diverse. They include sports team, community arts councils, festivals, humane societies, environmental groups, food banks, youth groups, community service organizations and parent advisory councils working with schools.
- } FOR MORE INFORMATION please visit the program website:

### **MLA FAQ**

*Q: Will MLAs receive notification of grants being awarded in their constituency?*

*A: Yes, notifications will be sent throughout the year whenever grants are awarded*

*Q: Where can MLAs get contact information to send congratulations?*

*A: Unfortunately, provincial privacy legislation places limitations on the information that can be shared with outside parties, including other parts of government, as some of the information is personal/private. However, most organizations are listed in the phone book or have a website.*

*Q: Can MLAs award the grant in person?*

*A: Grants are electronically transferred to organizations. However, MLAs are free to celebrate the award with constituents. Events can be coordinated through your constituency office.*

*Q: How can MLAs arrange information sessions for community organizations?*

*A: To request a Community Gaming Grants workshop in your area, please email the Branch at [CGGOutreach@gov.bc.ca](mailto:CGGOutreach@gov.bc.ca)*

## COMMUNITY GAMING GRANTS *cont.*

Community Gaming Grants support the significant contributions of the not-for-profit sector to community engagement and development.

### BASIC ELIGIBILITY

- } Must be a not-for-profit operating primarily for community benefit
- } Must have a Board of Directors and voting membership
- } Regular grants are for programs and grants cannot be for more than 75% of costs
- } Capital grants are for projects and matching funds are required

### APPLICATION PROCESS

- } All applications must be submitted online
- } A short form application may be used by organizations requesting the same amount of funding for the same programs
- } Applications are assessed on:
  - » Clear community benefit
  - » Accessibility and inclusiveness
  - » Sustainability and lasting impact
  - » Community support

Full eligibility criteria and application information is available online:

They approved for it to go out but they didn't clarify who would send MLA their copies; and that Union Bay is technically in MLA Fraser's "Mid Island-Pacific Rim Electoral District". MLA Leonard from "Courtenay-Comox Electoral District" may also have an interest since the community is part of the Comox Valley

Good afternoon Jane and Daniela, two questions:

- What is your preference in providing the report to MLAs?

- o Refer to highlighted bullet below, may consider sending it to both MLAs Fraser and Leonard

Hi Vanessa – below are our steps/plan for getting the report out. Report is attached.

Please advise on how you think we should provide to MO and MLAs. We could either mail/email separately or add them to Tara's distribution list (draft cover note attached)?

Please note that Union Bay is in technically in MLA Fraser's "Mid Island-Pacific Rim Electoral District"

Got it – nice!...And thanks Tara for your leadership support

(including a road trip into the heart of the community in January!)

I believe Island Health and KIP are "primary contacts" who will

receive the report under cover from you alongside UBID

(administrator), CVRD (CAO) and First Nations.

And I realize now we forgot about MLAs...any role for us there?

Hi Tara – I understand the Minister approved the release of the UBID facilitators report YAY...Now we have to get it out there!

Here are the steps I propose to take (with Ana's help 😊)

· I have given GCPE a heads up that the release of report will happen soon.

o The Minister has an issues note in her binder – I will review it again to double check content; Let's keep MO posted on when it goes out.

· Spoke to Jim and gave him a heads up – he is sending a FINAL-FINAL version of his report (removing “Draft” from the document title);

· I can work with Ana to finalize your cover note, gather addresses, and provide her with hard copies of Jim's report so I can be sent out via mail to the key parties;

o Alongside this I suggest we (either Ana or I) send out email copies as well;

· I will personally call all of the contacts in advance so they know the report is coming;

o I will also give some of our secondary contacts a heads up (MIRR Treaty Negotiators and planning staff CVRD) and Island Health and Brian from KIP?

o And will let staff at the Ministry know as well.

· I will double check with UBID that they can post the report on their website.

· Will suggest to the FOI folks that we include the final report in our release package.

Timing – I suggest we get this all done by the end of this week...?

Do we need to meet to discuss – did I miss anything?

Cheers ~ Brent
