Can you get an update to MBR?

Thanks

Selina

Hi Kat,

Copied myself to my Ministry account given that this is related to my ministry.

Penticton received Gas Tax funding for their project which is a separate fund that gets allocated through the UBCM. <http://www.ubcm.ca/EN/main/funding/renewed-gas-tax-agreement.html>

I was referring to the Infrastructure funding that is a joint Federal/Provincial fund that will be available to local governments in the coming months. We are just in the process of putting the funding requirements together – there will be a community/recreational bucket for them to apply to. Details will be coming in a few months.

Hi Selina,
This is the project I was talking to you about in Castlegar. s.22
at the Complex.

Manager

s.13,s.16

Thanks, Selina
Have a good weekend, Kat

Subject: Castlegar and District Enhancement Project

Hi Katrine,

It would sure provide a boost if something like this could come out from you and our MP? Any chance of this? What would we need to do to get a commitment of a minimum of 10 million in Provincial/Federal Grant support with the Community putting in \$22 million. We have a full array of research (Recreation Master Plan) and community engagements to support the process in the development of the enhancement project.
Let me know your thoughts.

We signed bi lateral with Feds last month.

There will be 4 funding streams for local governments to consider. We are in the process of putting together the application processes for each of these streams. We will announce each funding stream as they come in line over the coming months.

In the interim local governments can contact my ministry for details as they come on line.
