Good morning Lisa,

Staff have indicated that 236475 is something Agriculture needs to respond to. As this letter was addressed to the ministry of Agriculture, how would MO like to proceed? Can you please advise? I have contacted the Agriculture correspondence unit and they have confirmed it is their issue but cannot confirm if they will respond, as it is with MO for review.

Thank you,

Erin Akizuki

Subject: Heads up - caller
Date: Wednesday, May 23, 2018 1:09:41 PM

Hi everyone,

I just ended a call with a very angry lady who was calling to complain about a newspaper article she read stating that “no one knows who owns half of Vancouver’s priciest homes”. She feels that the government should step in and take back every home that ownership is unclear on. I tried to advise her of the 30 point action plan and the steps the province is taking to “end hidden ownership” however, she cut me off anytime I tried to answer her questions to yell at me about how I was not answering her questions. I encouraged her to email in her concerns/questions but she refused and demanded I answer her questions or find her someone who could.

Unfortunately, she would not give me her name or phone number, my caller ID just said outside caller. When I attempted to explain I would need contact info to put her in touch with staff who may know more about these issues she yelled over top of me. Just wanted to give you a heads up in case she calls the DMO or calls back. It does not seem like she actually would like answers to her questions, she would just like to vent her frustrations.

Cheers,

s.22 has a question regarding providing 4 months' notice to a tenant to end tenancy for demolition. On the form it says she must have permits in place prior to issuing notice however, before she can get a demolition permit she needs to have environmental reports done. She advises that to have the environmental reports done she would have to have a number of tests completed and while these tests were being done the unit would be uninhabitable. She is not sure how to go about this and is looking for assistance.

Hello,

s.22 sol her house that was occupied by a tenant s.22

s.22 complied with all of the proper laws on selling the house while having a current tenant. One week ago, the tenant applied through the RTB for a hearing on the decision for her to move and it has been accepted. Her hearing date is in July.

The issues s.22 is facing:

- New Owners are not able to move in on the possession date as now the tenant is residing in the home until the dispute resolution
- The tenant filed late and the dispute was still accepted
- The RTB has fully acknowledged the tenant "does not have a leg to stand on" however, they cannot decline a hearing.

This has now caused all kind of issues for the previous owner/new owner and s.22 would like the RTB to fix this. She complied by all the Legislation and seeing also as the tenant applied past the time she was able too, she would like that reconsidered.

Can you please have someone call her back asap and also, send a report back to our office updating us on the situation?

Thanks,

hello -

I am writing (again) to ask if the province has any immediate plans to build a light rail line from the Vancouver airport to the Tswassen Ferry terminal? Seems to me, this is a basic need, the land is flat so easy for construction, would continue off an existing line that goes to the airport, would benefit thousands, if not millions of British Columbians, would enhance tourism to a level of public transit that has been in place in Europe for decades, would decrease greenhouse emissions, would be a major cost-savings for individuals, would increase tourism between mainland and the islands, and would decrease the incredibly high levels of traffic on the #99 and #17 and consequent traffic accidents and grid-lock.....any answers...???

Hi Allegra,

Thanks for the reminder, we have no problem sending a response out (even if it is just a redirect).

That process should be fine for us going forward, I am now making a note indicating that a response should go out even if it is just an acknowledgment/redirect in the ones received as a forward from PO. I think the issue had been that staff were reviewing further and discovering that there was no further information to provide despite the topic falling under MAH and closing the log. Now that I am including the note staff know to confirm with me before closing the loop and this will hopefully avoid any confusion.

Hi Lisa,

Thanks for following up! Back on May 9th you indicated that you could ask staff to respond and redirect if needed (see attached). After receiving your email, I did send the writer an acknowledgement letting them know that MAH would be responding. So if MAH would be able to respond (even if it's just a redirect) that would be great!

As a side note/question - I often send writers acknowledgements letting them know that a ministry will be following up with a response (once I've received confirmation from that ministry). I'm wondering if this practice is okay with MAH or if there are times when I should not be saying to a writer that your ministry will be responding? For example, if I've received confirmation from you that you are sending an email to a program area for response or that you are asking MAH staff to respond, I've generally been taking that to mean a response will go out and sending an acknowledgement to the writer letting them know that. However there have been a few times lately where that hasn't been the case so I just wanted to check in and see what MAH would prefer going forward. I don't want to cause any confusion or extra work for your ministry by sending these acknowledgments! The main reason I do them is that I know it can sometimes take ministries a number of weeks to respond and I like to let writers know that their emails have been received and that someone will be following up.

Let me know what you think is best moving forward or feel free to call if you want to discuss further. :)

Thanks!

Good Afternoon,

The attached incoming is from a high school student who is inquiring about transit service and funding in Surrey. I hazard a guess that most of her questions and concerns about specific service issues in Surrey would need to be directed to TransLink, but I just wanted to double check whether there is any provincial jurisdiction over the concerns she raises? If it is just a redirect to TransLink needed, I can send it from my office as I think the writer would probably appreciate a response from the Premier.

Good Afternoon,

The attached incoming is from a high school student who is inquiring about transit service and funding in Surrey. I hazard a guess that most of her questions and concerns about specific service issues in Surrey would need to be directed to TransLink, but I just wanted to double check whether there is any provincial jurisdiction over the concerns she raises? If it is just a redirect to TransLink needed, I can send it from my office as I think the writer would probably appreciate a response from the Premier.

Thanks Ian,

I called s.22 back to provide him with this advice and he gave me some more info

- He tried to report this to his city hall (Saanich Municipality) and the bylaw division told him they would not accept his report because he is a tenant. They advised him he should report to the RTB
- He called the RTB to report the illegal suite and was told that they do not accept reports of illegal suites
- He is currently living in a house with s.22 and they are experiencing various issues because the suites are illegal. Their main concerns are 1) mail delivery and the inability to receive separate mail boxes 2) garbage pickup and other utilities – they do not have sufficient bins for the number of tenants currently living on the property and the landlord will not get more, they recently received a letter from the city concerned about their water usage – thought there may be a leak but s.22 believes it is just because there are so many people living on one property that has a number of illegal suites.
- He has tried to discuss the issue with the landlord but the landlord will not address the issues

Is there anywhere he can go to escalate as the city refuses to accept his report?

s.22 This process is appalling, unscrupulous, and perfectly allowable under Provincial legislation. Subject: RE: Urgent Constituent Case - s.22

Good morning Matt, our response below. Answers in red.

1. Why has RTB allowed the tenant to file an arbitration after the 15 day deadline?

Section 66 of the Residential Tenancy Act gives an applicant the right to ask for extension of time to make a late application. The Residential Tenancy Branch must accept an application when it is completed, paid for and Residential Tenancy Branch must schedule a hearing. An arbitrator will hear the case and make a ruling after the hearing, including the request for more time to apply. An information Officer has not been delegated the power by the legislation to refuse a late application.

2. Why do RTB not vet the requests for arbitration to see if the request is legitimate?

Applications for dispute resolution are reviewed by information officers for completeness. Information officers do not have the delegated authority to refuse applications for arbitration. The delegated authority to determine whether or not the issues on an application are without warrant belongs to the Arbitrators.

3. Who is ultimately responsible after the house sale completes on June 1, 2018 prior to the arbitration date – is it the existing landlord or the new owners of the property that are responsible for the dispute?

If the sale completes on June 1, 2018, then the new owner takes over as the landlord.

4. Do the new owners assume her as a tenant?

The new owners become the landlord.

5. Should the new owners be serving the tenant a 2 month notice to end tenancy as of June 1, 2018 when they take ownership of the home – even though the tenancy agreement is not with them or do they let the arbitration run its course?

If a two month notice to end tenancy has already been served to the tenants, the new owners would not be required to serve a new 2 month notice for landlord use of property. Serving another notice may cause further delay.

6. Is there any compensation available to the new owners of the home due to being without a home until the hearing has occurred?

The new owner may file a claim against the tenant for losses and that would be determined by an Arbitrator. The new owners may also seek legal advice for any other avenues they may have to be compensated for not being given vacant possession.

7. As per the rules, the landlord, provided the tenant with 1 months free rent – the question is ...is the tenant still allowed the free rent now she has filed for arbitration and doesn't intend to leave and should she be paying rent to the landlord for May and June?

The tenant receives the one month rent compensation as the 2 month notice was served. If the tenant is still occupying the home on June 1, 2018, the landlord could request compensation for use and occupancy for any time past the effective date of the Notice that the tenant is still in occupation of the home.

8. Is there a way that an urgent arbitration can be expedited in this case due to the complexity of this matter and the fact that a 3rd party (not involved) will be severely impacted by this, when it is felt that if RTB had adhered to the 15 day deadline to file for arbitration, this situation would have been avoided?

Unfortunately there is not. Again, the delegated authority to refuse, dismiss or determine the merits of an application are determined by Arbitrators. There is no mechanism in place to make those determinations prior to a hearing.

Let me know if you need anything further,

Hey Matt,

I know you have been working with staff re s.22 to respond to the questions she sent into her MLA's office. I just wanted to give you a heads up that she is following up with Christine and I every day (occasionally multiple times in a day). I've let her know that you are working with ministry staff to respond to the questions she had posed to the MLA office and that someone will be getting back to her as soon as possible but if this can be rushed at all that would be great.

I don't know if an update would help you in this situation but she advised me that she was trying to work this situation out independently with the tenant s.22

Let me know if you want any more info on the calls she has put into the ministry.

Hi all,

Just got off the phone with a gentleman who preferred not to share his name at this time. He is looking for some information on rules/regulations that would restrict a mayor's ability to own businesses. He advised that the mayor of his municipality (preferred not to share location at this time) owns multiple businesses as well and that the mayor is buying supplies etc for the municipality from his own businesses. He felt that this was a clear conflict of interest and wanted to know if there are rules against this and what he could do as a citizen to stop this sort of thing from happening. It sounds like he may also have other concerns about the "shady politics" in his town but at the moment the business dealings are his main concern.

He asked for someone to give him a call back on his cellphone^{s.22}

What if we add this one to the end of the ^{s.12}_{s.1} briefing on Wednesday. 3:30 – 4:00. She will have to wrap up a few minutes before 4:00 to get to her next meeting but as long as that gives enough time to cover the topic it works on our end.

Hello Premier Horgan,

s.22

s.22

and that they are not operating with appropriate safety guidelines and no-one is holding them accountable for that. These facilities are marketing extreme sport to children without any requirements to keep their patrons safe. When trampolines are used inappropriately along with foam pits, jumping towers, and lots of kids left to run rampant and under minimal, untrained supervision its a recipe for disaster, as we have seen. We have also heard that such incidents are occurring much more frequently than you may think....ask any doctor, paramedic or ER staff and there are events from such parks weekly, if not more frequently. We believe that such regulation should fall under provincial jurisdiction, just like waterslides and other "amusement park devices." As such, we implore you and your government to make the regulation of such parks a priority. We understand that s.22 and has written you with the same request.

We have been in contact with Mitzi Dean, but thus far I think the slow turning wheels of provincial regulation and bureaucracy have meant she is unable to provide a meaningful response.

We were also contacted recently by CBC and understand they are working on a marketplace investigation with respect to trampoline parks and foam pits in particular. We are passionate about ensuring the safety of our kids, and intend to participate in an interview with the hopes your government will make this change.

Thank you for your consideration, and if there is anything we can do to help move this along, let me know.

Kind Regards,

These facilities are marketing extreme sport to children without any requirements to keep their patrons safe. When trampolines are used inappropriately along with foam pits, jumping towers, and lots of kids left to run rampant and under minimal, untrained supervision its a recipe for disaster, as we have seen. We have also heard that such incidents are occurring much more frequently than you may think....ask any doctor, paramedic or ER staff and there are events from such parks weekly, if not more frequently. We believe that such regulation should fall under provincial jurisdiction, just like waterslides and other "amusement park devices." As such, we implore you and your government to make the regulation of such parks a priority. We understand that s.22 and has written you with the same request.

We have been in contact with Mitzi Dean, but thus far I think the slow turning wheels of provincial regulation and bureaucracy have meant she is unable to provide a meaningful response. We were also contacted recently by CBC and understand they are working on a marketplace investigation with respect to trampoline parks and foam pits in particular. We are passionate about ensuring the safety of our kids, and intend to participate in an interview with the hopes your government will make this change.

Thank you for your consideration, and if there is anything we can do to help move this along, let me know.

Subject: Supportive housing for women and children fleeing violence - consideration of pets

Dear Premier Horgan, Minister Robinson, Ms. Baker, and Mr. Rao,

I was grateful to read the article this morning about the \$734 million commitment from our government towards creating supportive homes for women and children fleeing violence. This is fantastic news and I thank you for doing this.

I have a question about the housing, however. Will it allow for people fleeing violence to bring their pets with them? Evidence shows that, if people are not able to bring their pets with them, they often delay or even forego leaving situations of domestic violence. I'd be happy to provide more information in this regard if you wish.

I realize the BC SPCA has a pet safekeeping program, but studies have shown that keeping the family pets with their families is ideal for everyone in the family, such as is the goal of the SAF-T (Sheltering Animals and Families Together) program (link to further information is available here: <http://alliephillips.com/saf-tprogram/>).

[Sheltering Animals & Families Together \(SAF-T\) | Allie ...](#)

alliephillips.com

Sheltering Animals & Families Together (SAF-T)[™] is the first and only global initiative guiding domestic violence shelters on how to house families together with their pets.

I understand that implementing a program such as the SAF-T program takes additional planning and resources, but I believe the results demonstrate that it is worthwhile to do so. Regardless, I want to ensure that whomever is working on this housing file understands that pets **MUST** be taken into account in any planned housing for people fleeing violence. Before the housing is built would be the perfect opportunity for the SAF-T program and all other options to be considered.

I'd appreciate receiving a response to my question.

Thank you.

Sincerely,

Charlene

Good morning Lisa,

Staff have indicated that 236475 is something Agriculture needs to respond to. As this letter was addressed to the ministry of Agriculture, how would MO like to proceed? Can you please advise? I have contacted the Agriculture correspondence unit and they have confirmed it is their issue but cannot confirm if they will respond, as it is with MO for review.

Thanks Ian,

Doesn't look like he needs another call back. From what I can tell he is just unhappy with the answer and doesn't want to pay taxes for recreational services.

He did ask to have part 4 of the local government act emailed to him at s.22. I can we get that sent out to him as requested? Should I send that request through CS as normal correspondence?

Thanks again

Our call summary below:

Spoke to s.22 this morning. He continues to have concerns with paying taxes for recreational services that he does not use. s.22
s.22

I explained that the recreation center was a local government initiative and that the Province recognizes local governments as being democratically elected, autonomous, responsible and accountable. I indicated that there were no indications from what he was telling me that the local governments in that area were acting outside their legal authority and that local governments are generally the best positioned to determine the service needs of the community s.22
s.22

s.22 so I informed him that his best recourse is to continue to raise his concerns with his local representatives (overall level of taxation within the community).

Let me know if you need anything else.

Hi Lisa,

A CLIFF and eAps have been created for these letters. I believe a modified turnaround response should be used, but I just want to confirm with you before I send it out. I was thinking a final due date of May 25th to allow CS some time to get these sent out before the house rises at the end of May. If we have the draft due to the ADM by May 16th, that will allow 2 business days for DM approval and proof/edit, while still respecting the 3 day turn around in the MO. I don't know if a rush is required but if MO would like a rush put on this, I can certainly do that!

However, if we follow typical due date requirements it will be due on the 31st.

Please advise what you think is best.

Hi Sara,

I called your office earlier and just wanted to follow up with an email.

Minister Robinson would like to schedule a meeting with Minister Farnworth tomorrow if the third house is not sitting. She would like the DM of EMBC to be there and believes the meeting would take 30 min or less it would be to discuss Grand Forks, Daniela has touched base with one of the MA's with more details.

I am able to schedule this at any time between 4:45pm and 7:00pm if there is a time that would work for MMF and the DM.

Let me know what would work with MMF's schedule and I will put a hold in our calendar to be confirmed as soon as we receive confirmation that the third house will not be sitting.

Cheers,

I was able to find some time in Minister's schedule this afternoon for this call. If it works for you, we could schedule a ten minute call from 2:50pm-3:00pm however, there is a slight possibility that Question Period will run longer than anticipated and the Minister will be delayed. If that is the case I will let you know as quickly as possible and we will find another ten minutes in the schedule.

Please let me know if 2:50p, - 3:00pm will work on your end and I will have the Minister call Mayor Vicktor's cell phone.

Good morning John and Mayor Vicktor,

I was able to find some time in Minister's schedule this afternoon for this call. If it works for you, we could schedule a ten minute call from 2:50pm-3:00pm however, there is a slight possibility that Question Period will run longer than anticipated and the Minister will be delayed. If that is the case I will let you know as quickly as possible and we will find another ten minutes in the schedule. Please let me know if 2:50p, - 3:00pm will work on your end and I will have the Minister call Mayor Vicktor's cell phone.

Subject: URGENT CALL REQUEST TO MINISTER ROBINSON FROM DISTRICT OF HOPE MAYOR VICKTOR

Importance: High

Lisa,

Thanks for the advice today on trying to put the Minister and my Mayor together to discuss a time sensitive and urgent matter.

The background is that our community service provider dealing with: addiction treatment, emergency homeless shelter, and transition housing; is very seriously considering cancelling its contract with the Province as it is not funded to provide 24 hour supervision allowing for adequate provision of proper emergency shelters. This agency (Hope and Area Transition Society – HATS) is however working closely with BC Housing on an initiative to acquire a piece of property to provide such emergency housing. HATS and BC Housing will participate in a call on Thursday to discuss proposals and potential ways ahead.

You should know that despite the increasing number of people in the District who are homeless, suffering from addiction and mental issues, we only have four emergency shelter beds that are unsupervised. This is clearly inadequate. The Mayor would like to discuss and ideally encourage the Minister to take an interest in this matter as it could be a very affordable win-win situation that could also lead to the construction of modular BC Housing facilities in Hope.

If the Minister is available, she can call Mayor Wilfried Vicktor direct on (604) 860-5444 or email at wvicktor@hope.ca to schedule a call. The Mayor would appreciate a timely response as all of Council has been apprised of the issue and seeks assistance. Hi Lisa,

Please find attached 2 files for an OIC for a Penticton boundary extension Letters Patent, for the June 20, 2018 cabinet meeting. Please obtain Minister's signature on both the Order and Letters Patent (attachment 1), and her signature on the Briefing Note (attachment 2). AG signature is required on the Letters Patent as well. Can you please ensure the following is done:

- That the contact at AG's office ensures the AG signs the Letters Patent electronically, so that the correct sized maps are used. If they print it for his signature and scan it back to you, the larger maps are never returned properly.
- That the AG does NOT sign under "Lieutenant Governor" on the Letters Patent. He signs on the left hand side under "Attorney General". Once you receive it back from the AG's office, please check to ensure it is correct (there have been instances that the Letters Patent were signed incorrectly).

Once you have the signed package back from the AG's office, please upload to Cab Ops SP site and send me a signed copy of the briefing note.

The deadline for Minister signed documents is Tuesday, June 5th at noon.

Thank you.

Hello Christine,

Attached is a letter to Minister Selina Robinson from MLA Jackie Tegart. MLA Tegart is requesting a meeting with the Minister for some time this week if possible. I apologize for the short notice, however a time sensitive housing issue has arose in MLA Tegart's riding that she would like to discuss with the Minister as soon as possible. Could you please pass on the letter request to whoever does the Minister's scheduling. Thank you so much.

Hey Matt I think they want to start it later which would be an issue for MSR as it cuts into her travel time. If they want her to start her speech at 9:10 and speak for 50min it will take her right to the HWG pre-brief that is scheduled and not leave her any time for travel.

The organizers of the Coquitlam Housing event want to start the event earlier. This mean's MSR's speech begins earlier. Can you check to make sure this is fine and update the calendar? If there aren't any problems, and I don't think there will be, I can update the organizer.

Hi Maureen,

Thanks for reaching out, and yes, it would be great to get a meeting set up for the Minister to meet with Regional Chief Terry Teegee and BCAFN Board Director Chief Harvey McLeod to discuss the opportunities around the housing strategy and the planned announcement. The Minister is available next Friday, June 8th – would it be possible to arrange a call for the morning? Around 10 AM would be ideal if possible – if not, please let me know if there is a time towards the end of that day that would work better.

I look forward to hearing from you, and please feel free to give me a call on my cell at 250-213-3187 if there is anything you'd like to discuss further.

Good Afternoon,

This writer has a question regarding regulations surrounding cannabis smoking in rental housing. I was just hoping to clarify if the writer's understanding is correct, in which case I am happy to send her an acknowledgement from the PO. Will it be the case that legislation for cannabis smoking in rental buildings will follow the same rules as cigarette smoking?

Specifically, for buildings where smoking is already allowed will cannabis smoking be automatically allowed as well? Or, will landlords have the right to allow cigarette smoking but prohibit cannabis smoking?

Alternatively, if it is easier for MAH to just reply directly to the writer's questions rather than providing that info to me I am fine with that too. Let me know either way!

Subject: Residential Tenancy Act & Lease Defaults
Good afternoon Hon. John Horgan and Hon. Selena Robinson:

s.22

With your task force evaluating the Act in the coming months I wish to expose an issue I have with the current Act.

Currently tenants that default on their fixed term leases can propose to assign the tenancy if the tenancy is 6 months or more in length. Landlords are then forced to advertise the property as available at the same rental rate the tenants is currently paying, to fill the vacancy and help the defaulting tenant.

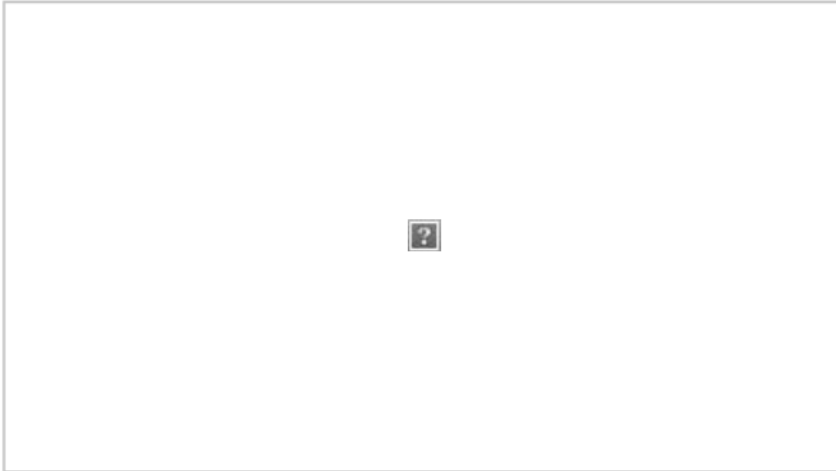

Often the rental rate the defaulting tenant is paying is not fair market value. The landlord is

then forced to accept a new tenant at a rate that is less than appropriate.

I would hope that any changes to the Act would help to mitigate this issue for landlords. As the new legislation with fixed term tenancies reverting to month-to-month has impacted this situation as well.

I welcome any questions or comments you may have.

Thank you,

I am just wondering if either ministry knows whether there is any funding for this type of initiative (through gaming grants or other funds) or whether I need to direct the writer to work with the municipal government on this issue. My understanding is that most recreation centres are run by local governments, but I'm not sure if there is provincial funding as well. Any input is much appreciated!

I'm hoping to book a small office space for Minister Robinson to make some calls from on June 12 before Housing working Group. Ideally if there is something available from 9:00 – 10:00 with a polycom system.

Subject: Invite to MLA Jen Rice to join meeting

Hi Selina,

Minister Robinson wanted us to reach out and invite MLA Rice to a meeting scheduled this afternoon with Minister Farnworth regarding Grand Forks, we have this scheduled for 3:30 – 4:00 in Minister Farnworth's office.

There are back to back briefings so MLA Rice would only need to attend the first portion (3:30 – 4:00).

Please let me know if the MLA is available.

Thank you
