**Subject:** Re: Introduction, Michelle Chen - Bowinn Ma, Parliamentary Secretary for TransLink and MLA, North Vancouver

Dear Christine,

I hope this email finds you well, and it is a pleasure to be e-introduced to you by Tom. My name is Michelle, and I am the Chair for CaseIT 2019, the premier international Management Information Systems Case Competition hosted in collaboration with the SFU Beedie School of Business.

I am inquiring as to whether Bowinn Ma would be interested in being a panelist at our PIVOT event on February 20, 2019 (<https://caseit.org/pivot/>). During our event, 100 local undergraduate students will learn about creative problem-solving strategies as they tackle a case related to traffic congestion, presented by the David Suzuki Foundation and TransLink.

The panel discussion is from 9:00 AM - 10:15 AM and is designed to provide students with a more in-depth understanding of traffic congestion challenges in Metro Vancouver, as well as the opportunities associated with it.

Our team believes that Bowinn's experience as parliamentary secretary for TransLink, and extensive knowledge in transportation engineering, would provide unique insights into local initiatives in traffic congestion, including its impact on the Greenest City Action Plan, Transportation 2040, and the Regional Transportation Strategy.

Please let me know if Bowinn would be interested in being a panelist for the event. It would be our pleasure to welcome Bowinn to PIVOT!

Warm regards,  
Michelle

Dear Christine,

I'm writing to facilitate an introduction between a student at SFU, Michelle Chen, and Bowinn Ma, as Parliamentary Secretary for TransLink and as an MLA passionate about solving regional transportation challenges.

Michelle is leading a dynamic group of SFU Beedie School of Business students organizing an undergraduate student competition known as Pivot 2019 (<https://caseit.org/pivot/>) wherein students are challenged to leverage digital and information technology to solve a community-wide issue. This year's theme is focused on transportation challenges, especially congestion, in Metro Vancouver. David Suzuki Foundation is a partner in Pivot 2019—we love how this competition engages talented students in addressing real world challenges. We were also partners in 2018.

I suggested that Michelle should connect with Bowinn Ma because of her many contributions to tackling transportation issues in the lower mainland. Pivot 2019 takes place on February 20<sup>th</sup>.

I'll let Michelle follow-up directly with you or staff at the constituency office as appropriate.

Many thanks,

Tom

Hi Bowinn and Goneet,

TL is putting on a hard hat tour of the Commercial-Broadway station work and is wondering if Jan 24 or 29 would work. Or any other day in January.

Bowinn, can you let me know if you're interested?

Goneet, can you send me a list of potential available times for PSBM to do this? We'd need about 2 hours.

Asking both of you at the same time to expedite things as TL needs an answer in the next day or so.

Hello,

I hope you're well.

I'm writing to request a meeting with the Minister regarding an initiative called Moving in a Liveable Region (MLR).

We are currently working to setup a new iteration of this initiative through the SFU Morris J Wosk Centre for Dialogue. In case you're not familiar with MLR, it was a structured forum created about 5 years ago that consisted of representatives from all levels of government, Translink, and various stakeholders (such as labour, non-profits, private sector, universities, student groups, etc.).

Part of the mandate of this iteration of MLR is to bring all these parties back to the table to create a space for open dialogue between stakeholders and decision makers. **s.13,s.16**

**s.13,s.16**

We look forward to hearing from you and would be happy to set up a meeting at your earliest availability.

Regards,

Robin
