Hi everyone,  
I have some edits for each document.

The most important piece to add is a Q&A that will help MSR address any questions related to how Chilliwack shelters are/were receiving hospital discharge patients with major medical needs from outside of the community (e.g. Surrey Memorial). This was on the news a couple weeks back and the Mayor had some strong words to Fraser Health. Not sure if you have any line items ready to go on this – it may need to come from Health.

Please send back and I'll send to MSR for final approval (including her quote).

Thanks!  
Eveline

I think the Q&A look good, and after fixing the "is" typo in the NR quote for MLA Simons, it looks good to go.

Hi all,

Following up on last year's great work by our friends in SDPR, the Gender Equity team is leading this year's drive to collect menstrual products in support of the Period Promise campaign.

If you're a woman living in poverty – or vulnerable in other ways – access to menstruation products can be challenging. Nobody should have to pick between feeding their family and having basic hygiene products. For homeless youth or women living on the street – it's even more challenging.

**So what can you donate?**

- Pads
- Tampons
- Cash
- Reusable products (cups, pads and/or menstrual underwear)

We're collecting donations in the Finance Minister's Office from now until 12pm on Thursday, March 28<sup>th</sup>.

Let's do our part to make sure income level doesn't stand in the way of women's health and their access to these critical products.

Thanks team!
