BACKGROUND:

People experiencing homelessness are not a homogenous group and have had different pathways into homelessness. Supportive housing tailors its response to clients' needs and provides a range of on-site, non-clinical supports to ensure housing stability. s.13

s.13

DISCUSSION:

Current Services Delivered by Health

The type of clinical services is primarily decided through dialogue between the non-profit operator, BC Housing and community representatives from the regional health authority. Health authority representatives are actively encouraged to be involved in resident selection for supportive housing, particularly in communities which have a 'Coordinated Access and Assessment' process such as Victoria, Kelowna and Vancouver. Some of the current services delivered by health across BC include:

- Primary care through a nurse or nurse practitioner
- Medication management as part of a med program
- Health case management teams (Intensive Case Management or Assertive Community Treatment) to meet with existing clients to address mental health challenges, and
- Home support services provided on an as needed basis.

Increased Need for Clinical Services

Non-profit operators of supportive housing report significant increases in the health needs of people being housed. This is especially true in supportive housing sites with higher amounts of support resources, which includes the Rapid Response to Homelessness program (modular units).

Such reports are also reflected in the Vulnerability Assessment Tool data being reviewed by BC Housing, which shows an increase in the numbers of people who are chronically homeless who have moderate to severe mental health and substance use challenges. The complex health needs of the population being housed has been heightened further by the current opioid crisis which adversely impacts people who are homeless.

Additionally, non-profit housing operators report challenges regarding navigating the referral and intake systems for accessing Mental Health and Substance Use services delivered by health authorities and would

value health taking a more visible role at the supportive housing sites. Clinical services could be provided through a model of embedded services such as nursing positions (Johnson Street Community in Victoria) or through dedicated in-reach services.

s.13

Homelessness Action Plan

In 2017, the Province mandated MAH and SDPR with the development of a Homelessness Action Plan. In November 2018, the policy direction and phasing of the proposed Plan was ratified by Cabinet. Rather than releasing the Homelessness Action Plan as a stand-alone strategy, the Budget 2019 Poverty Reduction Strategy by the Ministry of Social Development and Poverty Reduction included Actions on Homelessness. SPDR is leading the implementation of these actions and MAH retains responsibility for encampment prevention and response. BC Housing remains the operational lead for housing and homelessness.

Actions on homelessness included in the Poverty Reduction Strategy include a provincial rent bank, the creation of a new Office of Homelessness Coordination to work across governments and with stakeholders on targeted interventions, \$10-million in policy enhancements for income assistance clients, a 2020 Provincial homeless count and an additional 200 units of modular supportive housing.

Through the Office of Homelessness Coordination, the Province has provided a \$6 million grant to the Social Planning and Research Council of B.C. for a Homelessness Community Action Grant program.

s.13

As part of Budget 2019, Treasury Board approved funding for MAH and BC Housing for the first year of some services to be delivered, as approved by cabinet, as part of the Homelessness Action Plan. s.12; s.13

s.12; s.13

Capital funding of \$53.486 million in 2019/20 and \$7.286 million in 2021/22 to fund land acquisition for one alternative shelter structure, and to construct 200 modular units was also approved and is included in BC Housing's capital plan.

Of the 200 supportive modular housing units funded in Budget 2019 under HAP, 4 projects (193 units) are under construction or proposed. The projects will be located in Maple Ridge (52 units), Gibsons (40 units), Vancouver (52 units), and Kelowna (49 units).

ATTACHMENT 1: Roundtable Invitation

Dear (FIRST NAME OF EXECUTIVE DIRECTOR),

On behalf of myself and my colleagues Minister Shane Simpson and Minister Judy Darcy, you are invited to join a meeting of supportive housing providers from regions across B.C.

Working in partnership with organizations like yours we've been able to deliver over 2,000 units of supportive housing across the province in less than two years. There's no question that supportive housing is making a big difference for the people who call these places home, as well as their communities, thanks to the dedication of organizations like yours. Our government recognizes that strong partnerships are key and we could not do this work without you. Thank you.

As we continue to move forward in delivering the full 4,700 units of supportive housing, we would like to hear a cross-section of views on the successes and opportunities for continuing improvements of supportive housing in our province.

If you are unable to attend personally, we hope you will consider having another executive level staff member attend on your organization's behalf. We also ask you to bring a frontline staff person from one of your organization's sites to share their day to day experiences of providing supportive housing.

The meeting will take place on Thursday, October 10th at 11:00am, in the Legislative Assembly of British Columbia (501 Belleville Street, Victoria).

Assistance is available to help cover the costs of your attendance at the meeting. Once you have confirmed your attendance, a staff member will follow up with information.

Please send your response by **September 30th** to Christine.White@gov.bc.ca to confirm whether your organization will be joining the meeting.

If you have any questions, do not hesitate to call my office at (250) 387-2283.

Sincerely,

Selina Robinson

Minister of Municipal Affairs and Housing

Hi Selina and Molly,

It was great seeing you both in Oliver last week at the announcement. I hope both of you are enjoying your scarves, thanks the helping share the work of M'akola.

As discussed at UBCM and in Oliver, we would be thrilled if the two of you could join us at our office in Langford for a tour of our housing and development offices and to see the new homes we are also providing on site.

Selina mentioned the next few Sundays could work as the Legislature is in session. We are grateful you are willing to take the time to join us and we are more than happy to work around your schedule. We are available on the following Sundays, October 20th and 27th and November 3rd. Please let us know which day and time works best for you.

Thank you for your ongoing support of M'akola and the entire affordable sector.

If she has not been here before, there is street parking all around the Legislature. I would arrive about 15/20 minutes early to get through security and to pick up the ticket. They will show her where to go, but so she knows, pick up is at the golden gates on the second floor.

Security will then direct her to the gallery to watch Question Period and once it ends, they can direct her to the meeting room.

Our Manager of Finance and Administration, Colleen Ross, will be able to attend the meeting on October 10th. She hopes to also attend Question Period providing she doesn't have traffic issues getting down there.

Colleen's email is colleen.ross@jhsni.bc.ca. All our supportive housing workers are engaged as a result of the short notice so I'm afraid Colleen will be the only representative from our agency.

Thanks for your patience with this,

Hello,

Yes, if you arrive a little bit early you can go through security and get visitors passes for your time here which will let you into the meeting room as well.

You can let them know you are here to attend Question Period as well, and they will direct you to the golden gates on the second floor. You will have a named ticket there to the gallery and shown where to go. Once it ends, you can proceed to s.15 which is where your meeting will take place. The security working at the gallery can point you in that direction as well.

Thanks, Jena.

Just double checking that they reviewed the content, and didn't have any changes to it?

Good Afternoon,

I have just heard from staff and MSR has approved for this to be a dual response with Minister's e-sig.

Thank you

Hi Jena,

We fyi/filed our incoming (249198) , but FIN's MO wanted a dual signature response to this incoming. Can you please run FIN's draft past MO staff for approval and use of Minister Robinson's e-signature?

Thank you.

Hi Marika,

Yes, that works for us.

Please send the approved draft to us, and we'll get Minister Robinson's approval and signature.

Hi Tammy,

Finance's MO has requested that the response should include 2 signatures - one from Selina Robinson and MCJ's sig. Does this work for MAH?

Good morning Marika,

I understand that FIN is taking the lead on any incomings regarding the Expert Panel.

This incoming is addressed to both Minister James and Minister Robinson. Please cc Minister Robinson on any response.

We have filed our incoming as FYI, MAH 249198.

Thank you.
