

BRIEFING NOTE FOR INFORMATION

Date: July 4, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: Surrey Langley SkyTrain Business Case Update

Issue: TransLink is recommending proceeding with Surrey Langley SkyTrain in two stages, beginning with a four station, 7 km. line to 166 St./Fleetwood. The Mayors' Council will review the proposal at its July 2019 meeting.

BACKGROUND:

TransLink presented an update of the Surrey Langley SkyTrain (SLS) business case to the SLS Project Board on June 21, 2019. The presentation included three possible scenarios for extending SkyTrain from King George Station to Langley City Centre:

1. Scenario 1: Build the full 16 km. line in a single stage, at a cost of \$3.12 billion.
2. Scenario 2: Build a 7 km. line to 166 St./Fleetwood, at a cost of \$1.63 billion (stage one), followed by a second stage to Langley Centre, cost to be determined.
3. Scenario 3: Build an 11 km. line to 184 St./Clayton, at a cost of \$2.22 billion (stage one), followed by a second stage to Langley Centre, cost to be determined.

All of the three scenarios have an in-service date of 5.5 years from project approval, either for the full project (Scenario 1) or the first stage (Scenario 2 and Scenario 3). See Attachment 1 for a comparison of Scenario 1 and the first stages of Scenarios 2 and 3, including estimated ridership and new transit trips. Project approval is estimated for June 2020, with \$5 million in costs for every month of delays.

DISCUSSION:

TransLink staff will recommend to the Joint Regional Transportation Planning Committee that it pursue Scenario 2, a four station, 7 km. line to 166 St./Fleetwood followed by a second stage to Langley Centre. TransLink is also recommending that planning and design be completed for the entire line.

Stage 1 of Scenario 2 would see ridership of 39,900 in 2035 and bring in \$10.2 million in annual fare revenue. While Scenario 2 has the lowest benefit cost ratio of the three options (1.12), it is the only option that aligns with previous funding commitments for rapid transit in Surrey. TransLink reports that completing the project in multiple stages will incur additional escalation and project management costs.

TransLink is developing a Supportive Policies Agreement (SPA) with the City of Surrey for the SLS. The SPA will include affordable housing goals and other project objectives to be developed and monitored by Surrey, TransLink and the Province; Surrey has already started land use planning for the project corridor. If the project extends to Langley, TransLink will develop SPAs with Langley Township and the City of Langley.

The Mayors' Council will review the proposed SLS scenario at its July 2019 meeting. If the Mayors' Council directs TransLink to complete the development of an SLS business case, TransLink will continue work on the SLS and its South of Fraser rapid transit strategy.

TransLink is also developing a Memorandum of Understanding with Surrey concerning the city's reimbursement of \$39 million in expenses for the suspended Surrey-Newton-Guildford Light Rail Transit project. The details of the reimbursement are not expected to be complete by July 2019.

ATTACHMENT 1: Implementation Scenarios Summary

	Scenario 1 (King George to Langley Centre)	Scenario 2* (King George to 166 St /Fleetwood)	Scenario 3* (King George to 184 St /Clayton)
Scope	16 km 8 stations 55 vehicles	7 km 4 stations 25 vehicles	11 km 5 stations 35 vehicles
Ridership	62,000/71,200 weekday boardings in 2035/2050	39,900/44,200 weekday boardings in 2035/2050	45,800/51,500 weekday boardings in 2035/2050
New transit trips	24,000/30,000 weekday trips in 2035/2050	12,000/14,000 weekday trips in 2035/2050	16,000/19,000 weekday trips in 2035/2050
Benefit cost ratio	1.24	1.12	1.17
Capital cost (YOE)	\$3.12 billion	\$1.63 billion	\$2.22 billion
Annual O&M cost (2019\$)	\$32.4 million per year	\$17.0 million per year	\$20.4 million per year
Annual Fare revenue in 2035 (2019\$)	\$21.3 million	\$10.2 million	\$13.8 million
In service date	5.5 years from project approval	5.5 years from project approval	5.5 years from project approval

*Costs reflect approval and implementation in a single stage. Multiple stages will incur additional escalation and project management costs.

BRIEFING NOTE FOR INFORMATION

Date: July 12, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: Elevating Relationships through Reconciliation

Issue: Meeting with the Aboriginal Housing Management Association to discuss furthering a path to reconciliation

Meeting With: Margaret Pfoh, Chief Executive Officer, Gary Wilson, President, Nizar Laarif, Director of Public Affairs on July 23, 2019.

KEY MESSAGES:

- **The Province, along with BC Housing will continue to expand our partnerships, increasingly working with our Indigenous partners to address housing issues across the province.**
- **Together, we are creating more housing options, improving housing conditions, and helping to build a strong Indigenous housing sector.**
- **The recent renewal of the Indigenous Social Housing Management Agreement (ISHMA) and the increased funding for Aboriginal Housing Management Association will enable BC Housing to deliver on its Service Plan Goal of enhancing Indigenous partnerships and the objective of facilitating opportunities that increase a self-reliant Indigenous housing sector.**

BACKGROUND:

The Aboriginal Housing Management Association (AHMA) is the first off-reserve Aboriginal housing management authority in Canada. AHMA's membership is made up of several non-profit Aboriginal housing groups from around the province.

AHMA is the umbrella organization for Indigenous housing within BC. AHMA supports the management and development of culturally appropriate, quality affordable housing for Indigenous people in BC.

Created in 1996, AHMA's mission is "to ensure all Aboriginal people in British Columbia have access to safe, secure, and affordable housing, through a culturally sensitive housing authority that supports, inspires, and responds to the needs of Aboriginal communities and Aboriginal housing providers in BC."

In 2004, BC became the first Canadian province to transfer the management of Indigenous social housing to the Indigenous housing community. Only 189 units were transferred at that time, but by 2012, the administration of most Indigenous social housing was transferred from BC Housing to AHMA. Today, AHMA is responsible for more than 4,400 subsidized Indigenous homes across the province.

DISCUSSION:

Indigenous Social Housing Management Agreement

In February 2019, BC Housing renewed the five-year Aboriginal Social Housing Management Agreement with AHMA for another five years, now referred to as the Indigenous Social Housing Management Agreement (ISHMA). The new ISHMA came into effect as of April 1, 2019 through until 2023/24.

Ministry of
Municipal Affairs
and Housing

Concurrently, BC Housing approved a five-year budget for AHMA with increases for administration and operating subsidies to enable enhanced supports for the Indigenous housing sector.

Notable updates to ISHMA include:

- Shift in funding model to allow for AHMA's input;
- Increased mutual reporting requirements around new capital projects, and development and asset strategy initiatives;
- Increased reporting requirements for AHMA, e.g. submitting quarterly performance reports to BC Housing and holding annual meetings with BC Housing to discuss performance; and
- Addition of quarterly meetings to discuss operational issues.

In 2019/20, BC Housing will provide approximately ^{s.17} to AHMA to administer subsidy payments and operating agreements for 44 Indigenous non-profit

MEETING BRIEFING NOTE

Date: July 22, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: Impact of Highest and Best Use (HBU) Changes on Property Taxes

Purpose: Building Owners and Managers Association of British Columbia (BOMA BC) requested a meeting to discuss industry specific concerns regarding the impact of unexpected increases in assessed values and property taxes due to HBU changes.

Meeting With: BOMA BC on July 23, 2019:

- Damian Stathonikos, President
- Muneesh Sharma, Director, Government Affairs and Communications

KEY MESSAGES:

- **The provincial assessment system provides for properties to be assessed based on market value and for market value to be informed by HBU under community plans and zoning. This approach is internationally recognized as an industry best practice.**

s.13; s.16

- **I understand that this is a critical issue and that timely response is desired. This is a complex issue and we need to ensure we take the time to get it right –**

s.13; s.16

- **Your organization and your members have a unique perspective on the impact of HBU on property taxes and I am interested in what your stakeholders have identified as the primary issues, and any possible mitigation strategies.**

I can assure you that your request to consider including classes 5 and 6 in Bill 42, or a similar amendment to provide tax relief, will be fully considered by Government, and has been suggested by other stakeholders. BACKGROUND:

BOMA BC was founded in 1911 and is the largest commercial real estate industry association in British Columbia. It has more than 300-member companies that either own or manage the majority of commercial space throughout BC or provide services to the industry. "Our industry supports the province's small businesses and provides community infrastructure that impacts British Columbian's everyday lives."

In their request for a meeting, BOMA BC did not provide any details on the purpose for the meeting beyond "...wanting to discuss industry specific concerns regarding the impact of unexpected increases in assessed values and property taxes". It is expected they will seek some clarification on the timing, process and scope of the review and assurances they will have an opportunity for input. Based on previous correspondence provided to Ministry staff, BOMA BC may also lobby for property classes 5 and 6 to be included in Bill 42 or a similar amendment to provide tax relief.

Ministry of
Municipal Affairs
and Housing

In October 2018, the Ministry amended the *Assessment Act* to authorize BC Assessment (BCA) to value eligible, operating major industrial properties based on the current industrial use rather than an alternative HBU.

Bill 42 impacts industrial properties (class 4) that are identified in an Official Community Plan for redevelopment, prompting a change to the HBU and typically significant property value increases. This is due to the fact that the HBU can change from industrial to mixed use commercial/residential. The higher value reflects the market value of the land based on the development or revenue potential of selling residential and commercial units.

During a debate on Bill 42, members of the Legislative Assembly expressed interest in an expanded review of HBU valuation impacts on other property classes, in consultation with a broad range of stakeholders.

DISCUSSION:

s.13; s.16

BOMA also sent a letter to the Premier on July 22, supporting the proposals in the letter from the City.

It is also important to understand that large increases in property assessments do not automatically translate into a corresponding increase in property taxes. Changes in property assessments are one of several factors that affect property taxes, which are calculated based on the tax rates set by local governments.

Although there appears to be an overall cooling across most property classes in the Lower Mainland, class 6 properties are still demonstrating strong market demand resulting in hotspots where values increase at a rate higher than the average for the class.

Local governments currently have a number of tools available to address the impact of assessment increases, as detailed below:

Existing municipal mitigation actions	Description/Context
Adjustable tax rates	Municipalities and regional districts can adjust tax rates to meet revenue targets for each property class.
Averaging/phasing in	Municipalities (not regional districts) have authority to average assessments over a certain number of years (up to five), or to phase in assessed values. The CoV is the only local government to use an averaging provision and no municipality phases in assessed value changes.
Revitalization tax exemption (RTE)	Municipalities (not regional districts) may fully or partially exempt identified properties from municipal property taxation for up to 10 years under a RTE program. Exemptions may apply to the value of land or improvements, or both. Councils are free to specify the amounts and extent of tax exemptions available. School Tax exemptions may only be applied under the direction of the Minister of Finance and may require legislation.

BRIEFING NOTE FOR INFORMATION

Date: July 23, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: Annual Report on Community Gaming Grants

Purpose: Under section 41.1 (1) of the *Gaming Control Act*, the community gaming grants manager must each year submit to the minister a report respecting community gaming grants for the preceding fiscal year.

BACKGROUND:

Community Gaming Grants Program Overview

The primary objective of the Community Gaming Grants (CGG) Program is to ensure all eligible not-for-profit organizations in B.C. have fair, equitable and transparent access to gaming funds for the direct delivery of approved programs to their communities.

Community Gaming Grants help foster a high quality of life by supporting diverse programming that is responsive to local needs and issues in approximately 266 communities across B.C. CGG replaced the former Direct Access and Bingo Affiliation Grants in 2011 and over subsequent years the eligibility criteria has been adjusted in response to identified community needs.

In April 2016, accountability for the CGG program, policy and administration of grants was consolidated within MAH (previously CSCD). A Memorandum of Understanding was established with the Ministry of Attorney General's Gaming Policy and Enforcement Branch (GPEB) to provide the CGG program with continued access to GPEB's online application system (the Gaming Online Service), audits and investigations. The MAH-AG agreement, which was established on May 1, 2016, remains in effect.

Organizations continue to receive CGG funding based on their sector, the programs and services they deliver, and their financial need. In 2018/19, MAH distributed \$140M in grants to over 5,000 not-for-profit organizations. Funds were distributed across the following six sectors:

1. Arts and Culture

Programs within this sector must provide public access to and/or preservation of the arts, heritage or culture. Examples of arts, heritage and culture may include: the performing arts (e.g. theatre, music, dance), media arts (e.g. film, video, sound painting, drawing), literature, community fairs and festivals, museums, agricultural displays or promotion of culture.

2. Sport

Programs within this sector must support the delivery of community-based youth and amateur sport opportunities for organized, competitive physical activities.

3. Environment

Organizations within this sector deliver a wide range of programs that revitalize, protect, or provide education on British Columbia's ecosystems and environment, or protect the welfare of domestic animals and/or wildlife.

4. Public Safety

Programs within this sector must enhance and support public safety initiatives, disaster relief and emergency preparedness within British Columbia (e.g. search and rescue, volunteer fire departments and community and restorative justice initiatives).

5. Human and Social Services

Organizations within this sector deliver programs that significantly contribute to the quality of life in a community or group, support children, families and/or seniors, address gender or LGBTQ+ equality, and/or benefit marginalized people.

6. Parent Advisory Councils (PACs) and District Parent Advisory Councils (DPACs)

In 2018/19, PACs received \$24 per student; DPACs received grants of \$2,500 each. PACs are required to use this funding to support extra-curricular activities for students. DPACs are required to use their grant funds to foster parental involvement in the school system.

Refer to **Attachment 1, Distribution of Community Gaming Grants** for a breakdown of funding by sector and sub-sector.

Refer to **Attachment 2, Gaming Grants Paid to Community Organizations - 2018/19 Year-End Report** for a complete list of grant recipients by community.

Program Operations

During the fiscal year 2015/16, an audit of the CGG program was conducted by the Office of the Auditor General (OAG) and the resulting report was released in December 2016. The OAG concluded that the Ministry had a suitable framework for administering the program but provided ten recommendations for improvement. All recommendations were accepted by the Ministry in 2017/18, and a commitment was made to implement changes by the end of March 2018.

Through 2018/19, CSCD has sought to implement a continuous improvement model to manage the CGG program. Achievements in 2018/19 included:

- Continued focus on improving customer service.
- Hiring of a permanent full-time Community Outreach manager to facilitate direct engagement with the not-for-profit sector and improve policy and engagement materials.
- Delivery of twenty-nine presentations/workshops across the province, drawing more than 500 attendees.
- Engaged BC Stats to deliver a survey to over 11,000 non-profit organizations encompassing both applicants and non-applicants to the CGG program with a final report delivered in the fall of 2018.
- Revised the 2019 CGG Guidelines, incorporating feedback from the 2018 BC Stats survey, to improve accessibility and reduce administrative workloads for applicants while retaining those provisions necessary to support alignment with program eligibility requirements and administrative fairness, including:
- Incorporation of “conflict of interest” and remuneration disclosure rules from the new *Societies Act* to promote fairness and accountability.
- Removal of the requirement to provide future year organization and program budgets.

Ministry of
Municipal Affairs
and Housing

- Elimination of the “Out of Province” travel request form required on an annual/ongoing basis in favor of a new simplified process where out-of-province travel funding requests are identified once in the initial application.

BRIEFING NOTE FOR INFORMATION

Date: July 23, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: Housing Needs Reports – Implementation and Funding Program Update

Issue: Early local government progress towards meeting the new housing needs reports requirements.

SUMMARY:

- **New legislative requirements for local governments to undertake Housing Needs Reports (HNRs) came into effect through regulation on April 16, 2019.**
- **Several local governments will likely take advantage of the transitional provisions to count a recent report as their first HNR.**
- s.13; s.17
- **MAH staff are supporting GCPE to develop a communications plan for the announcement of successful applicants towards the end of July/early August.**

BACKGROUND:

New legislative requirements for all local governments to undertake HNRs came into effect through regulation on April 16, 2019. Concurrent supports for local governments to meet the requirements include the UBCM-administered HNR Program, and the provision of data and guidance.

Since then, MAH staff have monitored reaction to the new requirements and supports for local government. Media coverage, local government applications for funding, and discussions with local government staff seeking guidance about the requirements and funding have provided an early picture of local government progress towards meeting the new requirements.

Transitional Provisions

The legislation includes transitional provisions that allow local governments who were working on an HNR when the legislation took effect, or recently completed one, to count that report as their “first” HNR, despite not being able to fully meet all the standard information collection and report content requirements.

s.13; s.16

Together, they account for over 1M people (see Table 1). Local governments that utilize the transitional provisions will be required to complete their second HNR, this time meeting all the statutory requirements, within five years.

Applications to Housing Needs Reports Program

The first intake for the HNR Program closed May 31, 2019.¹
s.13; s.16

The local governments are from all parts of British Columbia (BC), and a mix of rural and urban, small, medium, and large. Together, they account for another 0.9M people.²

s.13; s.16

Most of the applications reflect HNRs that will take a comprehensive approach to understanding local needs. These HNRs are planned at different scales; while many are for a single municipality, some are regional, covering every municipality and Electoral Areas (EA), or a logical subset (e.g. Golden and the adjacent EA).¹

Most applications detail plans for thorough quantitative data collection and analysis, supplemented by community surveys and engagement with the public, First Nations, vulnerable populations, and stakeholders (e.g. non-profit service providers, health authorities and school districts). Many of the partners have written letters of support, describing how important HNRs will be for their communities.

Though consultants will play a role in developing many HNRs, building local government staff and systems capacity for future HNRs is a common theme, in some cases in collaboration with local post-secondary institutions. Applicants are frequently including financial or in-kind contributions; some are concurrently applying for extra funding from the Northern Development Initiative Trust. Several described how their HNR will provide timely support to major official community plan or regional growth strategy updates.

Summary of Progress

Beyond the current applicants, MAH staff are aware of several other local governments who have either started work on their HNR since April and not applied for funding, or who are planning to apply for funding at the next intake opportunity in fall 2019.

s.13; s.16

¹ To meet the requirements, regional HNRs will still need to include all the required content at the level of each individual municipality and electoral area they cover.

² s.13; s.16

Table 1: Number of local governments and population with HNRs recently completed currently under way

<i>(known)</i>	Municipalities	EAs/LTAs	Population	Funding Request
Qualify for transitional provisions	20 (12%)	24 (14%)	1.07 M (21%)	n/a
Underway <i>(current applicants, plus 1 other)</i>	51 (31%)	42 (25%)	0.86 M (17%)	s.16; s.17
Requirements not applicable <i>(Jumbo and EAs under 100 people)</i>	1 (1%)	9 (5%)	0.00 M (0%)	n/a
Remaining <i>(some are planning to start later in 2019)</i>	90 (56%)	95 (56%)	3.13 M (62%)	s.16; s.17
Provincial total	162 (100%)	170 (100%)	5.06 M (100%)	

Notes: All figures are estimates, subject to change as more information becomes available. Numbers may not sum exactly due to rounding.

Next Steps

s.13; s.16

UBCM will be

following up with all applicants, with the goal of finalizing the list of successful applicants in mid-July. MAH staff are supporting GCPE to develop a communications plan for a funding announcement towards the end of July/early August.

In parallel, MAH staff is continuing to implement supports for local governments. This includes: ongoing coordinating with data providers to ensure data availability and accessibility; finalizing guidance material (to be released later in the coming months); and responding to questions from local governments.

The next funding intake is open and will close at the end of November 2019. MAH staff will provide another update to the Minister at that point, and in the meantime will continue to monitor progress towards the goal of all local governments developing housing needs reports HNRs.

BRIEFING NOTE FOR INFORMATION

Date: July 23, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: Rental Housing Task Force Recommendation 14 – Review Considerations

Issue: The Rental Housing Task Force has recommended that Government expand the Residential Tenancy Branch's ability to review its own decisions.

SUMMARY:

- **The Rental Housing Task Force has recommended that Government improve procedural fairness in Residential Tenancy Branch disputes by expanding the Branch's ability to review arbitration decisions.**

- s.12; s.13

BACKGROUND:

In April 2018, Premier John Horgan appointed a Rental Housing Task Force (Task Force) to provide advice on how the Province can improve fairness and security in BC's rental housing system. On December 12, 2018, the Task Force released its final report, which included 23 recommendations. The Residential Tenancy Branch (RTB) is now working to assess and implement the recommendations where appropriate.

BRIEFING NOTE FOR DECISION

Date: July 24, 2019
Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing
Title: Update on Homelessness Encampments and Strategy Direction
Issue: s.13

RECOMMENDED OPTION:

- s.12; s.13

SUMMARY:

- Homelessness is increasing in volume and complexity across the Province, including in encampments in both urban centres and rural areas.
- MAH continues to lead the cross-ministry coordination and response to homeless encampments with operational responses led by BC Housing.
- BC Housing is the lead agency providing outreach, site support, shelter and housing options to people experiencing homelessness, including those in encampments.

s.13

- s.12; s.13

BACKGROUND:

Encampments in 2018

In 2018, the Ministry responded to requests regarding more than 15 encampments with up to 900 people experiencing homelessness. Most of these encampments occurred or grew in the summer months when winter shelters closed and the weather became more amenable to staying outdoors.

Three major urban encampments in Saanich, Nanaimo and Maple Ridge were reduced or resolved through court action, coordinated outreach and housing options provided by the Province, including rent supplements, additional shelter space and temporary supportive modular housing.

Encampments in 2019

So far in 2019, the Ministry has been alerted, or responded, to requests regarding more than 30 encampment areas with at least 750 people sheltering in urban centres and rural regions. These areas include Crown, municipal, federal, First Nations and private land:

- **Lower Mainland:** Vancouver – Oppenheimer, Vancouver – Stanley Park, North Vancouver, Burnaby – Gilmore Underpass, Maple Ridge – Anita Place, Maple Ridge – Haney Bypass, Richmond, Surrey, Abbotsford – Gladys Ave railway, Mission– Heritage Park, Mission – Wren Rd railway, Chilliwack – multiple areas.
- **Vancouver Island:** Campbell River, Cowichan Valley, Courtenay, Salt Spring, Saanich-interchange, Parksville, Victoria.
- **Interior/North:** Williams Lake, Trail, Slocan, Nelson, Kaslo, Terrace, Prince George, Cranbrook, Salmon Arm, Vernon – multiple areas, Sechelt, Kelowna, West Kelowna, Penticton, Thompson-Nicola Regional District.

Refer to Attachment 1: Key Encampment Updates July 2019

Encampment Response Strategy

In fall 2018, the Homeless Encampment Response Strategy was endorsed by Cabinet as part of the Homelessness Action Plan.

The Ministry of Social Development and Poverty Reduction (SDPR) is coordinating implementation of the actions in the Homelessness Action Plan in collaboration with MAH, who continues to lead the cross-ministry coordination and response to encampments and housing responses through BC Housing.

A Memorandum of Understanding outlines the relationship between SDPR and MAH in the implementation of the Plan, and in collaboration with BC Housing. Staff work together regularly.

ATTACHMENT 1: Key Encampment Updates July 2019

Note: The information about and status of these camps may change daily

Urban

- **Vancouver – Oppenheimer Park:** There are about 100 people in 140 tents at the downtown eastside park, with growing concerns about safety and health issues. Oppenheimer Park is city-owned but managed by the Vancouver Park Board.
 - July 15: The Park Board decided at an in-camera meeting to issue notices to campers to vacate mid to late August within 4 to 5 days of them being posted.
 - July 23: The Park Board will inform city council of this plan at an in-camera meeting.
 - August: If people do not leave at the end of the notice period, the park board would need to seek an enforcement order through the courts for the Vancouver Police to assist in moving people. The courts would determine the terms of the order and timelines. Note: The timeline could be sped up by unknown events at the park such as fire, safety or health risks (falling branches) that would lead to an evacuation or injunction order.
 - The city and park board may pursue a bylaw to prevent 24/7 sheltering at certain parks, as other municipalities have done.
 - They may also consider fencing and remediation at Oppenheimer – which will result in a full closure for a period of time.
 - Housing and support responses:
 - 15 people housed since January.
 - Outreach workers are registering people for shelter housing as it becomes available and in the event of a camp closure – with a request for women-only and couples' spaces.
 - BC Housing has 40 to 100 SRO spaces available between now and August, as well as 30 shelter beds. There are no rent supplements targeted but these could work in aggregate housing.
 - SDPR has a full-time income assistance worker on the outreach team for Oppenheimer Park and the Vancouver offices prioritize service to people experiencing homelessness.
 - BC Housing is working with the City on a Navigation Centre shelter model with onsite supports – but this would not be ready until fall.
 - BC Housing is concerned about future plans for the park once it is re-opened and does not want to see a new camp established.
 - Communications: MAH and SDPR staff will liaise to ensure coordination of information internally and externally.
- **Surrey:** A homeless encampment in a forested area near King George Boulevard Hill.
 - The number of the people at the encampment is unconfirmed. According to advocates, as many as 50 people shelter at the site. BC Housing and SDPR outreach estimate five to 20 people have been there during recent visits – which occur during daytime hours.

- The local shelter and modular housing are at capacity and campers say they have nowhere to go. They include women, an older demographic and people with pets. Some say they were displaced when the tent city along 135A was dismantled in 2018.
- City staff are monitoring the site and concerned about fire safety.
- Activist group Alliance Against Displacement dubbed the site "Sanctuary Tent City."
- The city is working with BC Housing on two permanent modular housing sites, as one of the temporary sites may not have its lease extended.
- At a July 15 safety committee meeting, bylaw included in a presentation the city was aware of 95 encampments in Surrey (with no further details).

s.17

- **Maple Ridge:** About five people continue to stay in the Anita Place encampment, managed by the city since February.
 - On July 15, a BC Supreme Court judge amended an interim court order granting the city leave to register verified encampment residents (those without housing) allow people further opportunity to become verified by application at city hall, as well as access to the city and BC Housing lists for personal reference only.
 - RCMP are investigating reports of a flare gun shot towards the remaining encampment.
 - The effective closure of the Anita Place encampment displaced people into homelessness elsewhere – streets and smaller camps, shelters at capacity and couch-surfing at social housing sites.
 - The nearby Salvation Army shelter, which has about 30 to 40 people each night, will stay open until 2020.
 - BC Housing is developing 51 temporary supportive modular homes at 11749 Burnett Street, scheduled for completion in October 2019.

Rural/Regional

An increasing trend in 2019 has been reports of clusters of small encampments in rural and wooded areas and along highways with concerns about fire safety, environmental impact, public use, health and harm reduction. Many reports and requests for assistance come from the Ministry of Forests, Lands, Natural Resource and Rural Development (Natural Resource and Trails and Recreation Staff) and the Ministry of Transportation and Infrastructure, as well as local governments and bylaw. For example:

- **Vernon:** In the spring, the Ministry of Transportation responded to and requested help with four small camps (1 to 4 people) on highway right of ways and one larger camp on a construction site (4 to 6 people), following the removal of three to six camps along the highway last fall.
 - In June, Forest, Lands, Natural Resource and Rural Development frontline staff alerted MAH to a spike in homeless camps on trail and recreation sites and crown land in the area – with concerns about fire risk and environmental damage. BC Housing/SDPR outreach alerted.

- **Fraser Valley:** FLNRO staff, local governments and others have reported multiple camps and issues on crown land, in wooded areas and around the river.
 - In **Abbotsford** in May, BC Housing provided outreach to up to 20 people in 10 tents on BC Hydro land after media reports about the camp growing. Outreach said the people sheltering were a younger demographic (20s to 30s) and had complex support needs such as mental health and addictions issues.
 - **Chilliwack** has ongoing issues with encampments, namely in the River Valley. In May, FLNRO staff asked MAH staff to help respond to a request from a local MLA to legislate no-camping zones after ongoing complaints from the public about homeless camps. This follows the clearing of large camp of tents and RVs at Borden Creek and behind the IHOP via the Trespass Act in 2018.
 - People were also reported sheltering in encampments in **Mission**.
- **Thompson-Nicola Regional District:** TNRD Bylaw enforcement contacted the Ministry with concerns about increases in encampments on crown and private land. They estimate there are about 100 people living in parked RV clusters across the district, and that a significant number are seniors and people with mental health and substance abuse issues. Many receive complaints and end up court. Some are considered dangerous and bylaw requests RCMP to accompany. Sewage and garbage are ongoing issues. Ministry staff provided information about outreach resources.
- **Cowichan Valley Regional District:** The local governments and First Nations estimated there are around 150 people in small encampments in ecologically sensitive areas and have asked what assistance is available. Housing and shelter options are limited. One woman died in a homeless camp in December while visiting friends – a tree fell on her during a windstorm.
- **North Shore:** According to local housing and income assistance outreach, there are around 150 people in more than 35 small encampments on the North Shore. Many are in RVs, vehicles, camping in the woods, and/or some are working and thus may not be receptive to outreach services. This issue extends to Squamish and West Vancouver as well.
 - In April, the local MLA requested information about homelessness and encampments from the ministry and BC Housing, as well as what resources are available.
 - Some outreach workers noted taking part in a federal “deep woods” rural encampment count but said the results are not available at this time.

BRIEFING NOTE FOR INFORMATION

Date: July 25, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: South of Fraser Rapid Transit Update

Issue: TransLink is recommending proceeding with Surrey Langley SkyTrain in two stages, beginning with a four station, 7 km line to 166 St./Fleetwood. The Mayors' Council will review and vote on the proposal at its July 25, 2019 meeting.

BACKGROUND:

TransLink presented an update of the Surrey Langley SkyTrain (SLS) business case to the SLS Project Board on June 21, 2019. The presentation included three possible scenarios for extending SkyTrain from King George Station to Langley City Centre:

- **Scenario 1:** Build the full 16 km line in a single stage, at a cost of \$3.12 billion.
- **Scenario 2:** Build a 7 km line to 166 St./Fleetwood, at a cost of \$1.63 billion (stage one), followed by a second stage to Langley Centre, cost to be determined.
- **Scenario 3:** Build an 11 km line to 184 St./Clayton, at a cost of \$2.22 billion (stage one), followed by a second stage to Langley Centre, cost to be determined.

All of the three scenarios have an in-service date of 5.5 years from project approval¹, either for the full project (Scenario 1) or the first stage (Scenario 2 and Scenario 3). See Attachment 1 for a comparison of Scenario 1 and the first stages of Scenarios 2 and 3, including estimated ridership and new transit trips.

TransLink currently estimates business case completion by March 2010 and June 2020 for project approval, with \$5 million in costs for every month of delays. Current timelines for federal Treasury Board approvals are 6-9 months once a final business case is received.

The Mayors' Council's July 25, 2019 public agenda includes a report on SLS and rapid transit south of the Fraser, including the above scenarios. TransLink staff are recommending that the Mayors' Council direct TransLink to complete an SLS business case for submission to senior government by January 2020, and that funding for the first phase of the SLS project be limited to \$1.63 billion (i.e. a four-station line to Fleetwood). See attachment 2

DISCUSSION:

SLS Scenarios

Stage 1 of Scenario 2 would see ridership of 39,900 in 2035 and bring in \$10.2 million in annual fare revenue. While Scenario 2 has the lowest benefit cost ratio of the three options (1.12), it is the only option that aligns with previous funding commitments for rapid transit in Surrey. TransLink reports that completing SLS to Langley in multiple stages will incur additional escalation and project management costs.

The Mayors' Council will review the proposed SLS scenario at its July 25, 2019 meeting. If the Mayors' Council directs TransLink to complete the development of an SLS business case, TransLink will continue work on the SLS and its South of Fraser rapid transit refresh (see below).

TransLink is developing a Supportive Policies Agreement (SPA) with the City of Surrey for the SLS. The SPA will include affordable housing goals and other project objectives to be developed and monitored by the city of Surrey, TransLink and the Province; Surrey has already started preliminary land use planning for the project corridor. If the project extends to Langley, TransLink will develop SPAs with Langley Township and the City of Langley.

The July 25 agenda also includes a draft Memorandum of Understanding (MOU) between Surrey and TransLink. It notes that TransLink commits to funding and delivering SLS pursuant to an Investment Plan, and that Surrey commits to reimbursement of \$39 million for unnecessary SNG LRT expenditures as well as an additional \$5.4 million (if there is no decision to implement rapid transit on King George Blvd. by the end of 2021). Reimbursement may include: financial or in-kind contributions; rights of way; commercial rights; and reductions in costs through a transfer of scope elements.

On July 22, 2019, Surrey City Council considered a recommendation that Council approve the MOU with TransLink. The motion carried with no discussion.

South of Fraser Rapid Transit Refresh

The Mayors' Council's 10-Year Vision committed to 27 km of rapid transit south of the Fraser, with a notional \$3.55 billion funding envelope that included SNG LRT and rapid transit to Langley. However, TransLink notes in the July 25 agenda that with a \$3.12 billion, 16 km SLS to Langley, there is no option for the remaining \$430 million that will result in a total of 27 km of rapid transit south of the Fraser.

TransLink reports that the uncommitted notional funding could provide improved B-line service on King George Blvd. and 104 Ave., which would have received rapid transit under the SNG LRT; however, B-lines are not considered rapid transit in TransLink's analysis². Bus rapid transit (BRT) on the same corridors would require \$0.28-0.48 billion more than is available from the notional funding envelope; LRT would require \$1.17-1.37 billion more; and a B-line on 104 Ave. and SkyTrain on King George would require \$0.77-0.97 billion more. See Attachment 3 for details.

Surrey Mayor Doug McCallum says he wants SkyTrain on King George, while BRT and LRT are not on his radar. His preference amounts to almost \$1 billion in additional spending beyond the 10-Year Vision. TransLink says a more detailed assessment and public engagement would be required before making a recommendation on preferred technology for 104 Ave. and King George Blvd.

Mayors' Council Positions on SLS

Surrey Mayor Doug McCallum campaigned on a pledge to build SLS to Langley for the same cost as the \$1.6 billion SNG LRT project. In response to TransLink's \$3.12 billion estimate, McCallum said he supports TransLink's conclusions and the phased approach; however, he will discuss extending the first stage to Clayton with the Mayors' Council (estimated cost: \$590 million).

s.13; s.16

² BRT operates in its own lane, separated from other traffic and therefore is able to offer a faster, more reliable journey than B-lines which operate in mixed-traffic.

s.13; s.16

In addition, immediately following the July 25 Mayors' Council meeting, the mayors are planning on releasing a news release (see Attachment 4) in support of their Cure Congestion campaign that states, *"Metro Vancouver mayors are forging ahead with the full business case for the proposed Surrey Langley SkyTrain from King George to Langley City. **With \$1.6-billion in project funding currently available to build four stations ending in Fleetwood, the Mayors' Council is calling on senior governments to commit additional funding so the line can be extended all the way to Langley in one continuous project.**"*

s.13; s.16

SLS decisions on July 25, 2019 may be determined by weighted vote. During weighted votes, Surrey and Vancouver have 26 and 32 votes, respectively, for a total of 58 out of 134 votes. In a tie vote in December 2018 related to Surrey rapid transit, McCallum had the support of Vancouver, Delta (6 votes), Langley City (2) and the Tsawwassen First Nation (1). Multiple mayors, including Coquitlam Mayor Richard Stewart and New Westminster Mayor Jonathan Côté, publicly criticized McCallum and Stewart's use of weighted votes.

In November 2018, City of North Vancouver Mayor Linda Buchanan suggested clawing back the entire \$3.55 billion funding envelope for rapid transit south of the Fraser. When SNG LRT was suspended, Richmond Mayor Malcolm Brodie called it a "dangerous precedent," and Anmore Mayor John McEwen said getting additional funding for SLS would be an obstacle. If McCallum pushes for additional funding on July 25, Buchanan, Brodie and McEwen may be opposed.

Interurban Rail Proposal

The South Fraser Community Rail Committee is currently promoting using an existing 99 km. interurban rail line to provide passenger rail service from Chilliwack to Surrey. The Committee includes former Langley Township Mayor Rick Green, University of British Columbia professor Patrick Condon and former B.C. Premier Bill Vander Zalm. The Committee believes its proposal would cost \$1.2 billion, or \$12.5 million per kilometre; however, critics believe this estimate is too low. This proposal has been studied by the Province (2010) and TransLink (2012, 2019) and has been rejected due to significant capital costs, low ridership, low density corridors, slow travel times, and complications due to freight usage of the same corridor. TransLink recently met with the proponents and let them know they will include the concept for discussion in the updated Regional Transportation Strategy.

	Scenario 1 (King George to Langley Centre)	Scenario 2* (King George to 166 St /Fleetwood)	Scenario 3* (King George to 184 St /Clayton)
Scope	16 km 8 stations 55 vehicles	7 km 4 stations 25 vehicles	11 km 5 stations 35 vehicles
Ridership	62,000/71,200 weekday boardings in 2035/2050	39,900/44,200 weekday boardings in 2035/2050	45,800/51,500 weekday boardings in 2035/2050
New transit trips	24,000/30,000 weekday trips in 2035/2050	12,000/14,000 weekday trips in 2035/2050	16,000/19,000 weekday trips in 2035/2050
Benefit cost ratio	1.24	1.12	1.17
Capital cost (YOE)	\$3.12 billion	\$1.63 billion	\$2.22 billion
Annual O&M cost (2019\$)	\$32.4 million per year	\$17.0 million per year	\$20.4 million per year
Annual Fare revenue in 2035 (2019\$)	\$21.3 million	\$10.2 million	\$13.8 million
In service date	5.5 years from project approval	5.5 years from project approval	5.5 years from project approval

*Costs reflect approval and implementation in a single stage. Multiple stages will incur additional escalation and project management costs.

ATTACHMENT 2: South of Fraser Rapid Transit Refresh Motion

TO: Mayors' Council on Regional Transportation

FROM: Geoff Cross, Vice President, Transportation Planning & Policy

DATE: July 18, 2019

SUBJECT: ITEM 3.2 -- South of Fraser Rapid Transit Strategy Refresh

RECOMMENDATION:

The Chair of the Mayors' Council recommends that the Mayors' Council on Regional Transportation:

1. Complete the Surrey Langley SkyTrain (SLS) project business case to be ready for submission to senior government by January 2020.
2. Concurrently, complete a refresh of the south of Fraser rapid transit strategy, that:
 - a. Considers combinations of alternatives within the \$3.55 billion funding envelope and assesses the consequences of providing less than 27 kilometres of rapid transit.
 - b. Recommends preferred technologies for 104 Avenue and King George Boulevard, and assesses the consequences of exceeding the \$3.55 billion funding envelope, including impacts on a likely timeline to deliver those projects.
3. Prepare an implementation strategy that allows the sequencing of rapid transit south of the Fraser consistent with available and anticipated funding.
4. Prepare the procurement documents for a SkyTrain on Fraser Highway to be ready to initiate the procurement process following an approval of the business base and supportive investment plan.
5. Limit funding available for the first phase of the SLS project to the \$1.63B already secured through the Phase Two Plan of the 10-Year Vision;
6. Ask staff to negotiate an MOU with the Township of Langley and the City of Langley to be considered at the same time as the final business case;
7. Receive this report.

BRIEFING NOTE FOR INFORMATION

Date: July 26, 2019
Prepared For: Honourable Bruce Ralston, Minister of Jobs, Trade and Technology
Title: The BC Hotel Association and Short-Term Rentals
Issue: Short-term Rentals: the Province's actions and the Municipal and Regional District Tax
Meeting With: James Chase, President and CEO, BC Hotel Association on July 29, 2019

SUMMARY:

- **The rapid growth of short-term rentals is a significant factor contributing to the lack of affordable housing stock, including long-term rental housing, in numerous communities across British Columbia.**
- **The lack of affordable housing**^{s.13}
- **As of October 1, 2018, the Municipal and Regional District Tax includes affordable housing initiatives.**

s.13

BACKGROUND:

s.13

There is extensive research on how STRs reduce the amount of affordable housing stock in low-vacancy housing markets in Canada, the U.S. and Europe. The impact of STRs on affordable housing is not because spare bedrooms are rented, it is because entire units are rented. Many STR units are rented out by so-called "commercial hosts" who rent out multiple units as a means of earning a living.

For example, in the City of Vancouver, listings on Airbnb (the largest STR platform) grew markedly from 3,500 in 2015 to 6,600 in 2017. In Vancouver, an estimated 69 percent of STR listings (as of April 2018 before Vancouver's current regulations were enacted) were for entire units.

Many jurisdictions have acted to limit STRs including limiting listings to primary residences to curb the impact from commercial hosts (hosts who list multiple entire units).

DISCUSSION:

STR Impact on Hotel Industry

In 2016, 2017 and 2018, the Union of BC Municipalities (UBCM) held workshops at its annual convention on the challenges that STRs pose for housing and local governments. The BC Hotel Association participated on the 2016 panel and noted the concerns for its members and other tourism operators with the pressures that STRs placed on affordable housing for both regular and seasonal workers.

s.13

In UBCM's January 2018 Housing Strategy report, a significant focus was on the negative impact of STRs on affordable housing and recommendations for local government and the Province.

The Municipal and Regional District Tax

s.13

In early February 2018, the Province (Ministry of Finance) announced an agreement with Airbnb for STR hosts to collect and remit taxes, both the Provincial Sales Tax (PST) and the MRDT, effective October 1, 2018. The exemption of PST/MRDT payments for accommodation providers of four units or less were eliminated and replaced with an exemption for accommodation providers earning revenue of \$2500 or less. These changes had long been advocated for by BC hotel and motel operators, to "level the playing field" and to fairly contribute to provincial revenue.

Then, as part of the February 20, 2018 Budget, the Province also announced that the allowable use of MRDT funds had been expanded from tourism marketing to include affordable housing initiatives.

s.13

In June 2018, the changes to the MRDT were clarified:

- MRDT recipients can use new MRDT revenue from online accommodation platforms (OAPs) towards affordable housing initiatives without submitting a new MRDT application.
- If MRDT recipients wish to use MRDT revenues beyond those generated by OAPs toward affordable housing, they must submit a full application package, which includes evidence of tourism stakeholder support and the support of 51 percent of accommodation providers (offering four or more units of accommodation) representing 51 percent of available rooms.
- If a community chooses to spend either OAP or General MRDT on affordable housing, an Affordable Housing MRDT Plan is required and will be reviewed by the Ministry of Finance and the Ministry of Municipal Affairs and Housing. Communities will also be required to report out annually.

Other STR Actions by the Province

Strata Fines

On July 18, 2018 the Minister of Municipal Affairs and Housing announced that effective November 30, 2018, strata corporations were able to fine up to \$1,000 day for violations of any strata bylaws limiting or banning STRs. The previous maximum fine level of \$200 a week had not been an effective deterrent in curbing unwanted STR activity.

This new level of fine has been welcomed by the strata community. Note: implementing strata STR bylaws requires a three quarters vote of approval by strata corporation owners.

Supporting Local Governments

In December 2018, the Province's Rental Housing Taskforce made 23 recommendations to address rental housing issues. Recommendation #11 asked the Province to work with local governments to address STR issues.

On May 8, 2019 the Minister of Municipal Affairs and Housing responded to the Rental Housing Taskforce Recommendations. With respect to the recommendation on STRs, the Ministry of Municipal Affairs and Housing is working with UBCM to support local governments on the issue of STRs.

BRIEFING NOTE FOR INFORMATION

Date: July 29, 2019

Prepared For: Honourable Selina Robinson, Minister of Municipal Affairs and Housing

Title: South of Fraser Rapid Transit Update – Outcome of Mayors’ Council

Issue: At its July 25, 2019 meeting, the Mayors’ Council voted for TransLink to proceed with work on a business case for the full Surrey-Langley-SkyTrain project estimated at \$3.12 billion, but limiting funding to \$1.63 billion in its first stage, while working to secure the remaining funding. The \$1.63 billion in funding will support a four station, 7 km line to 166 St./Fleetwood.

BACKGROUND:

TransLink presented an update of the Surrey Langley SkyTrain (SLS) business case to the SLS Project Board on June 21, 2019. The presentation included three possible scenarios for extending SkyTrain from King George Station to Langley City Centre:

- **Scenario 1:** Build the full 16 km line in a single stage, at a cost of \$3.12 billion.
- **Scenario 2:** Build a 7 km line to 166 St./Fleetwood, at a cost of \$1.63 billion (stage one), followed by a second stage to Langley Centre, cost to be determined.
- **Scenario 3:** Build an 11 km line to 184 St./Clayton, at a cost of \$2.22 billion (stage one), followed by a second stage to Langley Centre, cost to be determined.

All of the three scenarios have an in-service date of 5.5 years from project approval¹, either for the full project (Scenario 1) or the first stage (Scenario 2 and Scenario 3). See Attachment 1 for a comparison of Scenario 1 and the first stages of Scenarios 2 and 3, including estimated ridership and new transit trips.

TransLink currently estimates business case completion by March 2020 and June 2020 for project approval, with \$5 million in costs for every month of delays. Current timelines for federal Treasury Board approvals are 6-9 months once a final business case is received.

The Mayors’ Council’s July 25, 2019 public agenda included a report on SLS and rapid transit south of the Fraser, including the above scenarios. TransLink staff recommended that the Mayors’ Council direct TransLink to complete an SLS business case for submission to senior government by January 2020, and that funding for the first phase of the SLS project be limited to \$1.63 billion (i.e. a four-station line to Fleetwood). See Attachment 2. The Mayors’ Council approved this motion; however, the Mayors’ Council defeated a motion to recommend preferred technologies for 104 Ave. and King George Blvd. and assess the consequences of exceeding the \$3.55 billion notional funding envelope for rapid transit south of the Fraser.

DISCUSSION:

SLS Scenarios

Stage 1 of Scenario 2 would see ridership of 39,900 in 2035 and bring in \$10.2 million in annual fare revenue. While Scenario 2 has the lowest benefit cost ratio of the three options (1.12), it is the only option

that aligns with previous funding commitments for rapid transit in Surrey. TransLink reports that completing SLS to Langley in multiple stages will incur additional escalation and project management costs.

The Mayors' Council reviewed the proposed SLS scenario at its July 25, 2019 meeting. The Mayors' Council directed TransLink to complete an SLS business case for the full project from King George Station to Langley City and to continue work on the South of Fraser rapid transit refresh (see below).

TransLink is developing a Supportive Policies Agreement (SPA) with the City of Surrey for the SLS. The SPA will include affordable housing goals and other project objectives to be developed and monitored by the city of Surrey, TransLink and the Province; Surrey has already started preliminary land use planning for the project corridor. If the project extends to Langley, TransLink will develop SPAs with Langley Township and the City of Langley.

The July 25 agenda also included a draft Memorandum of Understanding (MOU) between Surrey and TransLink. It noted that TransLink commits to funding and delivering SLS pursuant to an Investment Plan, and that Surrey commits to reimbursement of \$39 million for unnecessary SNG LRT expenditures as well as an additional \$5.4 million if there is no decision to implement rapid transit on King George Blvd. by the end of 2021. Reimbursement may include: financial or in-kind contributions; rights of way; commercial rights; and reductions in costs through a transfer of scope elements. On July 25, the Mayors' Council voted to endorse the MOU and authorize its execution by the CEO. See Attachment 2.

South of Fraser Rapid Transit Refresh

The Mayors' Council's 10-Year Vision committed to 27 km of rapid transit south of the Fraser, with a notional \$3.55 billion funding envelope that included SNG LRT and rapid transit to Langley. However, TransLink noted in the July 25 agenda that with a \$3.12 billion, 16 km SLS to Langley, there is no option for the remaining \$430 million that will result in a total of 27 km of rapid transit south of the Fraser.

TransLink reports that the uncommitted notional funding could provide improved B-line service on King George Blvd. and 104 Ave., which would have received rapid transit under the SNG LRT; however, B-lines are not considered rapid transit in TransLink's analysis². Bus rapid transit (BRT) on the same corridors would require \$0.28-0.48 billion more than is available from the notional funding envelope; LRT would require \$1.17-1.37 billion more; and a B-line on 104 Ave. and SkyTrain on King George would require \$0.77-0.97 billion more. See Attachment 3 for details.

TransLink says a more detailed assessment and public engagement would be required before making a recommendation on preferred technology for 104 Ave. and King George Blvd.

The Mayors' Council defeated a July 25 motion to recommend preferred technologies for 104 Ave. and King George Blvd. and assess the consequences of exceeding the \$3.55 billion notional funding envelope for rapid transit south of the Fraser. Multiple mayors said they did not want to allow Surrey's funding to surpass the notional amount of \$3.55 billion allocated in the 10-Year Vision. The Mayors' Council voted that the refresh could continue, but only considering options within the \$3.55 billion funding envelope.

Mayors' Council Positions on SLS

Surrey Mayor Doug McCallum campaigned on a pledge to build SLS to Langley for the same cost as the \$1.6 billion SNG LRT project. In response to TransLink's \$3.12 billion estimate, McCallum said he supports

² BRT operates in its own lane, separated from other traffic and therefore is able to offer a faster, more reliable journey than B-lines which operate in mixed-traffic.

TransLink's conclusions and the phased approach. He told the Mayors' Council that Surrey has no intention of exceeding the \$3.55 billion in notional funding for Surrey rapid transit.

s.13; s.16

At the July 25, 2019 meeting, Richmond Mayor Malcolm Brodie spoke against allowing Surrey any more than the notional \$3.55 billion. Pitt Meadows Mayor Bill Dingwall similarly said he did not want to prioritize Surrey at the expense of other areas. Mayor of Anmore John McEwen voted against the SLS plan, saying the original 10-Year Vision served more people than the SLS. District of North Vancouver Mayor Mike Little also voted against the SLS plan, saying it would encourage sprawl, and Lions Bay and Belcarra voted against the motion as well. As noted above, the Mayors' Council voted against an assessment of Surrey exceeding its \$3.55 billion notional funding envelope for rapid transit.

In addition, immediately following the meeting, the mayors issued a news release (see Attachment 4) in support of their Cure Congestion campaign that states, "*Metro Vancouver mayors are moving ahead with the full business case for the proposed Surrey Langley SkyTrain from King George to Langley City. **With \$1.6-billion in project funding currently available to build four stations ending in Fleetwood, the Mayors' Council is calling on senior governments to commit additional funding** for the Phase Three Plan of the 10-Year Vision so the line can be extended all the way to Langley in one continuous project as part of a region-wide transit expansion.*"

TransLink will continue to work with the Province to develop a business case for the proposed project. The business case will be expected to mirror the format used for the Broadway Subway and Surrey-Newton-Guildford transit projects and will need to address project rationale, project delivery, procurement, implementation and **sources of funding for each phase of the project.**

Interurban Rail Proposal

The South Fraser Community Rail Committee is currently promoting using an existing 99 km. interurban rail line to provide passenger rail service from Chilliwack to Surrey. The Committee includes former Langley Township Mayor Rick Green and former B.C. Premier Bill Vander Zalm. The Committee believes its proposal would cost \$1.2 billion, or \$12.5 million per kilometre; however, critics believe this estimate is too low. This proposal has been studied by the Province (2010) and TransLink (2012, 2019) and has been rejected due to significant capital costs, low ridership, low density corridors, slow travel times, and complications due to freight usage of the same corridor. TransLink met with the proponents and let them know they will include the concept for discussion in the updated Regional Transportation Strategy.
