Goneet,

Minister would like Bowinn to meet with this group. Can you canvass to her, and if in agreeance, can you give me some times that she is available on march 3rd?

Thank you!

Christine White
Administrative Coordinator to the

Honourable Selina Robinson
Minister of Municipal Affairs and Housing
Room 310, Parliament Buildings

Subject: Meeting Request: CUTRIC

Hello Minister Robinson

On behalf of representatives from Canadian Urban Transit Research & Innovation Consortium (CUTRIC) I am seeking a meeting with you at the BC Parliament Buildings throughout the day of Tuesday, March 3, 2020 to discuss their BC operations and the province's low carbon and smart mobility priorities. Is there a convenient time for you to meet with representatives of the CUTRIC team on March 3, 2020?

CUTRIC spearheads, designs, and launches technology and commercialization projects that advance next-generation mobility and transportation technologies across Canada. It also develops low-cost simulation tools that help transit agencies across Canada and the United States predict how their electric buses, hydrogen fuel cell buses and autonomous smart vehicles (for first mile/last mile solutions) will operate in real-time on their roads and in service. CUTRIC has had recent successes in BC with TransLink and the pan-Canadian electric bus trial.

I would be happy to answer any questions you may have. I look forward to hearing from you.

Warm Regards
