Hi Shayne,

Thanks for the note and it was good to see you today and I'm sorry we're weren't able to talk further at the conference. I understand you did not connect with Doug Hughes this morning so I have copied him on this email to bring him up to speed on the issue.

We'll be back in touch with you tomorrow to look at this further.

Thanks,

Shannon

Hello Shannon,

The Powell Street event was great today. Thank you and our Minister for your time and efforts to be there.

Here is the Mood Disorder Association of BC information we briefly discussed today.

See you tomorrow at the Safe Point tour. I will bring hard copies of this with me.

Hi Doug

Just wondering if you have any updates for us. Even if you can identify who will be providing the funding would be helpful and perhaps connect me to the appropriate person to discuss the timing of payments.

Regards

Keir

Hi Doug

I understand you will be out touring a couple of our sites with Fraser Health on Wednesday in Surrey and I was planning on attending on behalf of Lookout.

I have been meaning to get back in touch with you for some time to provide an update on the Mood Disorders Services and to discuss our plans for the future of our mental health services at Lookout that you and Minister Darcy had asked us to prepare and that we have been working hard piloting. Additionally I was also hoping to discuss how the \$200,000 in funding that you so kindly agreed to provide would be forwarded. We are approaching the end of the financial year for us and we have not received any payment to date and our finance was wondering when and how this would occur.

I don't want to spring this on Wednesday and was hoping we could find some time to talk about these separately.

Hi Doug

With the end of March fast approaching I am just wondering if you have had any luck chasing down where the interim funding is going to be flowed from.

I hope you had a productive tour out in Surrey last week. It was good to show you some of the great things we are doing in partnership with Fraser Health.
