Dear Minister Darcy,

As requested, please find yesterday's presentation by Fraser Health on the Overdose Crisis and the Construction Industry attached.

Thanks so much for your engagement and support at the Roundtable. I think there is a lot of opportunity for reaching people in training and on the worksite through the industry to decrease overdose risk and prevent overdose death. I look forward to working with the OERC and the industry on next steps.

Regards,
Aamir

Hi Linda,

Yes, I did manage a bit of a break, thank you. Hope you did too.

I will look into this issue and get back to you as soon as possible.

Take good care.

Judy

Hi Judy

I know you are incredibly busy with the Opioid issue and I hope you have had some time for yourself and family over the summer.

I had an interesting talk with a couple of registered Counselling Therapists today who work in my Riding. They are hoping that a College of Counselling Therapists can be established in BC to regulate their profession. As with other professions like Nutritionists there are unqualified people who are "treating" patients with no oversight and fallback for them if things go wrong.

Would you consider an "Order in Council" to establish this College?

Thanks

Linda
