Subject: Meeting Request from MMHA

Sent on behalf of Lori Mackenzie, Executive Director for the Strategic planning branch of MMHA

Hello,

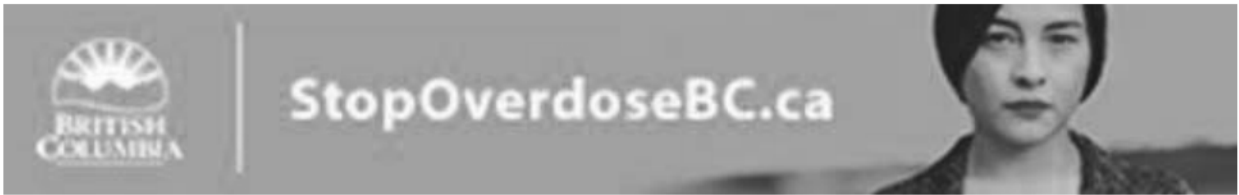

The Ministry of Mental Health and Addictions has recently released the [Pathway to Hope: A roadmap for making mental health and addictions care better for people in British Columbia](#). MMHA works in partnership with other ministries, Indigenous people, people with lived experience, service providers, and others to align policy, programs and services with the Roadmap and to implement the priority actions over the next three years. I understand you are interested in meeting to share your perspectives on new regulations on vaping products. Ministry of Health is the lead ministry on this matter and we are therefore not in a position to meet with you.

My apologies for any confusion my office may have created.

Regards,

Lori MacKenzie
