Date: Sunday, May 8, 2016 11:10:57 AM

Hi Mercedes,

It was great to meet you the other day, and I very glad you can join us in Manila!

Regarding the B2B event I'd like inquire about how we can assist your company. The BC Trade and Investment Office is focused on attracting foreign investment and encouraging BC exports. The new BC office will not have a specific focus on real estate development. In terms of facilitating introductions to potential buyers and investors at this event, our staff are focused on export and investment opportunities in specific industries including clean technology, ICT, forestry, agriculture and education.

It may be useful for you to set up a table at the B2B event as some of the companies which attend might have an interest in real estate matters. That said, given we do not have expertise in this area we won't be able to proactively outreach to companies on your behalf in the lead up to the event.

If you'd like to discuss this further please feel free to give me a call at 604 374 5086.

**In the meantime, please don't forget to send my colleague your logo and head shot for the BC delegate directory.**

In terms of your profile description in the directory, should I use the following description from your linkedin? I will also require one or two sentences on your objectives for the mission.

Hi Tennyson,

I am very glad you can join the Premier's program in Manila!

Regarding the business matchmaking event that you registered for, I'd like inquire about how we can assist your company. The BC Trade and Investment Office is focused on attracting foreign investment and encouraging BC exports. The new BC office will not have a specific focus on real estate development. In terms of facilitating introductions to potential buyers and investors at this event, our staff are focused on export and investment opportunities in specific industries including clean technology, ICT, forestry, agriculture and education.

It may be useful for you to set up a table at the B2B event as some of the companies which attend might have an interest in real estate matters. That said, given we do not have expertise in this area we won't be able to proactively outreach to companies on your behalf in the lead up to the event. For the BC Delegate Directory, for which you have already submitted your logo and headshot, we require a profile of you/your business. Should we include the one on your website as below? And we also require one or two sentences on your objectives for the trade mission i.e. looking to identify real estate buyers or marketing partners etc.

"Tennyson is a Real Estate value-adding expert, investment advisor and a Realtor who has experienced the "ebbs and flows" of many real estate markets. He has been involved in various aspects of real estate for over 20 years, achieving top industry awards and, with YourHomeTeam, is a longstanding Medallion Club member of the Real Estate Board of Greater Vancouver and in the top 8% of Realtors in sales. He has served on the Divisional Directorate of the Real Estate Board, made media appearances and conducted a variety of Community Seminars. Tennyson's travels have taken him around the world. His book, What Daddy Had To Say, dedicated to his daughter, is a compilation of insights reflecting his wit and wisdom and is one of his favorite accomplishments. With his experience, knowledge, extensive network and entrepreneurial focus, he helps clients who are selling or buying to achieve success."

If you'd like to discuss this further please feel free to give me a call at 604 374 5086.

Thanks,

Greg
