All delegates agreed to have their name released with the exception of s.22 who indicated that s.2 intended to contact us to discuss privacy concerns. To my knowledge, s. has not contacted us to date. A member of our team should contact s.22 prior to the release. Copying Nina in order to determine who should take care of the follow-up.

**Importance:** High

India and Israel govt delegates. Latter two I think are fine but we need fulsome approvals to release and Finance ok.

Israel biz delegates list is attached. Becca can you confirm biz delegates checked the box for public release of names. Also talk to Nina/Brian re. need to provide further check in. GCPE wants to proactively release these materials to a member of the media. M.
