Dear Victoria Tank Service Ltd.:

Re: Assignment of Special Waste Consignor Identification Number

In accordance with Section 44 of the Special Waste Regulation, you have been assigned Special Waste Consignor Identification Number BCG# 07348.

Please be advised:

1. You, as a generator of special waste(s), are responsible for manifesting, arranging the transportation of special waste(s) via a licensed transporter, and for predetermining an approved special waste treatment/disposal facility for the waste.
2. Sections 4, 5, 8 and 9 of the *Waste Management Act*, the provisions of the Special Waste Regulation, as well as provisions of the *Transportation of Dangerous Goods Act* and Regulations apply in full or in part to your operation. This includes, but is not limited to:
 - Use of a valid, licensed transporter.
 - Full and accurate completion of a manifest, including your BCG number under the heading "Provincial Number."
 - Appropriate packaging; and containment of the special waste(s).
 - Confirmation by the Consignee, by way of copy 6 of the manifest, of acceptance of the special waste(s) at an approved treatment/disposal facility.
3. You may also require a storage permit for your operation if quantities in storage at your facility equal or exceed the quantities listed in Schedule 6, Table 1, Column III of the Special Waste Regulation.

.../2

Should you have questions regarding storage, transportation, or disposal of special waste, as well as requests for transport manifests, supplement registration forms, Special Waste Regulation, and Special Waste Legislation Guide, please contact the Industrial Section of the Pollution Prevention Program, located at 2080-A Labieux Road, Nanaimo, B.C. V9T 6J9, telephone (250) 751-3100.

Yours truly,

A.M.
