Subject: UA 78922 s.22 Animal waste concerns

s.22

Animal biological waste is part of the environmental protection act. And should be considered an emergency.

1. A company is not allowed to pollute animal waste into the soil without proper decomposition first.
2. A company is not allowed to install a underground sewer pipe from there property into the city ditch with contains animal biological waste such as; blood, tissue, urine and feces.

s.22

Please contact me ASAP,

Sincerely
