David - this is PJH's statement. As for "govt's message" for your meetings, this tone is approved:

- The company has announced steps it feels are in it, and its shareholder's, best interests.
- They are doing what they feel they need to, and that is their prerogative.
- Our government is focused on serving B.C.'s interests, including protecting our lands, waterways and coast.
- We will continue that work.
