Hi Sara,

This woman has just called me wondering when the schedule for spray will be, because she has had people tell her there will be another spray of Foray48 on May 22nd, yet the signs around the Elementary school and other various locations say only that "Spraying will commence May 14".

She is concerned about the health risks of not knowing when the areal spray will be potentially happening.

The Honourable John Horgan
Premier of British Columbia

Please find attached my concerns regarding the BC Gypsy Moth program and the treatment application of the Pesticide FORAY 48B. Currently being Aerial applied in Courtenay near the Huband Rd Elementary School along with the ground spraying of the pesticide in Campbell River and other areas of BC.

The area by the school will receive the second treatment May 22nd, with a third aerial spray to follow, possibly a fourth if weather effects a application.

I request that you review this Aerial and Ground Spray Program and related concerns and stop this next planned application of the pesticide FORAY48B on May 22nd.

Thank you

This issue actually falls under FLNRO. The PO has redirected the correspondence there for response on behalf of PIJH (and I've asked them to respond on behalf of MGH as well). Can you send the phone call request to FLNRO's MO?

Hi Sandra,

I just got a call from a realtor in the South Thompson River area who has some questions about 6 lots by the river, one of which his client was looking to build on, but there is a "Flood Plain Covenant" set in place.

There are six 10 acre properties located on South Thompson River, three of those lots have a 60 meter setback and three of those lots have only a 30 meter setback.

He would like to know if this is a mistake, having three 60 meters and three 30 meters, or if that is true.

His name is **s.2** , his number is **s.22**

Hello Lisa,

This has been an ongoing problem for over ten years, s.22 has called our MO a couple times in the last two days and would like an update on how to move forward with this issue with Avina Fresh Mushrooms Inc. in Abbotsford.

I have attached the original e-mail that he sent in 2016, according to our CLIFFs he has been responded to twice over the years but nothing has been done about the air pollution in his area due to this farming facility.

Please let me know how best to proceed with this or who to contact if it is not in your ministry.

Hello,

I received a phone call from a s.22 who owns a farm downwind from a mushroom composting facility.

According to s. this particular facility is holding illegal farming licences, polluting the air in surrounding areas, and s.22 because this has been going on for over a decade.

He has tried contacting his municipality, the RAPP hotline, and AG with no results.

If your office could please contact him, or myself, with ways on which best to proceed with this complaint I would really appreciate it.

Hi Deborah,

There is not a date the week of June 18th that works for all 3 ministers. Could you please find out if all three need to be there, and let them know that we are looking into the weeks of June 25 and July 1.

Hi Kirsten,

This meeting is required by the MoU regarding clean water signed by MGH and Chief

Christian in December 2017. It commits the Minister and Chief to meet within six months of signing the agreement. No one from our Ministry has yet been in touch with the Chief to set up this meeting. I am waiting for confirmation that Minister Popham and Minister Fraser must also attend.

Thanks,
Deborah

Hi Kirsten/Ashley, I would like to clarify the iPhone request below for Caelie Frampton. Are you requesting an iPhone plus device? Or are you wanting to upgrade your device with MDMS?

If you are requesting a new iPhone plus device, then you will need to contact Lana at Ralph's radio at ana@ralph.ca or call 250-386-7100 to order one. If you are requesting MDMS (active sync) for the new iPhone plus you can call 7-7000, option 4 to update.

Please let me know if you have any questions. Thank you.

Hello,

Minister George Heyman would like to accept the meeting with Chief Christian

Due to our busy schedule, the time that we have available is June 19th from 3:30pm to 4:30pm.

The other Ministers involved (Minister Popham and Minister Fraser) have clashing schedules around this time so it will be solely Minister Heyman attending to discuss the reports in question.

I hope that this works for Chief Christian,

Could you please ask her, or Lisa, if it would be okay to turn that into a joint meeting with both Ministers as the meeting will be about the same thing? s.22 has said that would be alright with him.

Hi Caelie,
MGH ran into s.22 yesterday and has decided to book himself into a meeting with him for next week.

The only time available is Thursday May 31st from 2-3pm, which is when s.22 is in a meeting with MLP

I have contacted her office to request a joint meeting as it is about the same thing, I hope that's okay.

Will keep you updated!

FYI – to reiterate what we discussed on the phone earlier this morning, minor edits are being made to the slide deck which Mark hopes to connect with Minister on today. Once we have an updated version, that will be submitted to cab ops. It will be viewed on the overhead screen, however Ministers' will have a previous version on their ipads through the cab ops sharepoint site. If you would like Minister to have a copy of the updated version, we will provide that to you via email once it's ready (may be over the weekend).

The PR report itself, is being printed and will be hand delivered at ELUC at the time of the our agenda item in order to secure version control.

Please let me know if you have any questions or concerns.

Thanks.

Hi Ashley,

No problem. I've put a hold on a space. Just so you know, the largest boardroom I have available at that time seats 16, so if you think there will be more attendees than that, you may have to find another room!

Thanks,

Hi Kirsten,

Have you sent regrets already? It's unclear from the incoming what 'environment' topic they are looking to discuss. Could you go back and ask them for more information before you regret/we accept? Might be that we just aren't the right Ministry for them to meet with.

If there is some other procedure we should follow (e.g. have me go to them and ask for info) let me know. But I'm afraid depending on what they come back with Minister may actually want to meet OR we should not be accepting at all.

Good morning Minister Heyman,

I am writing to request a meeting to discuss the ongoing reconciliation work between our two governments. shishalh Council has been working proactively with Minister Fraser and Minister Donaldson to develop a new long-term relationship based on respect and implementation of our title and rights, and that provides for predictable economic development and collaborative environmental stewardship throughout the region. We have made good progress at the table and I understand that the MIRR and FLNRORD team is well advanced in seeking the necessary approvals to be able to conclude our negotiations. We wish to update you on this critically important work and explore how we can work more closely with your Ministry.

We would appreciate a meeting as soon as possible and would be pleased to meet with you in Victoria or Vancouver at your convenience. Please have your staff contact Jasmine Paul at jpaul@sechelnation.net to set up a meeting.

Hi Caillie

Ahead of tomorrow's meeting, I attach a short memo that gives an overview of Ecojustice's priorities for law reform in BC.

For tomorrow, we propose to start with a short overview of species at risk and cosmetic pesticides before moving on to a more detailed discussion on climate targets. As we discussed a few weeks ago, I can give an update on the material covered in my previous note and outline what can be achieved through regulations. I am working on an updated note that I will leave with you after the meeting.

Devon and I will be joined by Sean Nixon, one of our most senior BC lawyers, who works on endangered species.

Shall I get security to call you when we arrive and wait for someone to collect us?

Feel free to get in touch if it would be useful to have a chat beforehand.

Hi Ashley

My preference is to have an in-person meeting with the Minister like I did almost a year ago, prior to his appointment.

Would he have time either before or after the 12th?

Hi Eveline,

Thanks so much for getting back regarding my meeting request.

I would like to discuss the urgent need for increased funding for the Min. of Labour. In the Feb. 20 budget, the Ministry of Labour was allocated an additional \$1.3 million. The total budget for the Ministry of Labour for 2019 is just \$11.5million.

In 2001, the last year of the former NDP government, the Ministry of Labour budget was \$31 million. The workforce has grown by over 25% since then.

Today, Gordon Campbell imposed self-help kits are still the only way an employee who is cheated on wages (unpaid overtime, unpaid stat. holidays, unpaid vacation time...) can make a complaint. They must beg their employers to pay their wages. The Employment Standards Branch staffing was cut by 50% after the Gordon Campbell cuts. After almost a year in office the NDP's Ministry of Labour doesn't have the capacity to investigate complaints.

Vulnerable workers (non-unionized) won't risk retaliation from their employer and don't complain.

In 1998 (under the last NDP government) there were 18,000 complaints. In 2017, just 4,000. Premier Horgan mandated the Min. of Labour to stop using the self-help kits and to provide equitable investigations of complaints.

The report of the Standing Committee on Finance and Gov't Services (Nov. 2017) urged the 2018 budget to

#41 - Increase funding to the Employment Standards Branch to enable proactive enforcement of workplace standards and worker safety.

I would like to meet with Min. Heyman, in his capacity on Treasury Board, to support funding of at least \$10 million so that the Employment Standards Branch can begin to investigate workers' complaints about unpaid wages, as requested by Premier Horgan.

On behalf of the Labourers Local 1611 I have three short (two page) resources materials to support the urgent need for funding for the Min. of Labour.

Thank you so much, I look forward to hearing back from you about a short meeting with Minister Heyman.

Sincerely,

Joe

It was nice to meet you at the gathering to celebrate the end of the grizzly bear trophy hunt at Insights West last week.

I am following up on George's offer to set up a meeting with him and hopefully Minister Donaldson to discuss important issues around the wildlife management consultations. My schedule is quite open at the moment.

I propose having Dr. Chris Darimont, our senior scientist, join us if his schedule permits. I look forward to hearing from you and to meeting you again.

Thanks,

Here is some background info

The Korean Senior Citizens Society (KSCS) is a membership-based non-profit organization based in East Vancouver. KSCS members are residents of Surrey, Port Moody, Burnaby, Coquitlam, and numerous other regions in the Metro Vancouver Area and beyond.

- **President:** Kum-Ran Algard (Choi)
- **Location:** 1320 E Hastings St, Vancouver BC (V5L1S3)
- **Phone:** 604-255-6313
- **Email:** vkscs2016@gmail.com

The KSCS's mandate is to promote wellness and build community among Korean seniors in the Metro Vancouver Area. Each year, the KSCS hosts events and delivers programs, including:

- **Chuseok (October):** A community feast with traditional cultural arts performances and prize-giving ceremonies in honour of the Mid-Autumn Festival.
- **Seollal (February):** A community feast with traditional cultural arts performances and

prize-giving ceremonies in honour of Lunar New Year.

- **Children's Day (May):** A community feast with traditional cultural arts performances and prize-giving ceremonies in honour of Children's Day.
- **New Horizons for Seniors Program:** Five workshop series that teach skills, strengthen community ties, and increase seniors' access to social services. The series are about 1) knitting, 2) painting, 3) line dancing, 4) iPad and smartphone use, and 5) elder abuse awareness and prevention.
- **Seniors Open College:** A community teach-in program that builds community and teaches tangible skills about social services, recreational activities, and physical and mental wellbeing.

The KSCS serves a vital role in the Metro Vancouver Area.

- **Physical and social wellbeing of Korean seniors:** Due to limited resources and opportunities for involvement, Korean seniors are often isolated from community. KSCS programs are financially accessible and delivered in a culturally appropriate environment of peers, supporting Korean seniors in their physical and social wellbeing.
- **Connecting Korean seniors to services and institutions:** The KSCS pairs strong community support networks with people and resources from mainstream BC institutions, ensuring that Korean seniors have access to established BC services.

Hi Kirsten/Ashley, I would like to clarify the iPhone request below for Caelie Frampton. Are you requesting an iPhone plus device? Or are you wanting to upgrade your device with MDMS?

If you are requesting a new iPhone plus device, then you will need to contact Lana at Ralph's radio at lane@ralph.ca or call 250-386-7100 to order one. If you are requesting MDMS (active sync) for the new iPhone plus you can call 7-7000, option 4 to update.

Please let me know if you have any questions. Thank you.

Yes, this time will work on June 12.

I would like to send three resource packages (they're short... just a few pages each) that I would like to refer to during the call. Can the Minister have these materials in hand if I send them to you?

Where should I send them?

Hi Ashley,

I got looped into the email request you sent for those Call Detail Reports for MOE-2018-82319. IAO will work with FIN to get those records, but they just wanted confirmation on the names and numbers first:

~~Ashley Drew:~~ s.17 (not required – not included in request wording)
~~Kirsten Neilson:~~ s.17 (not required – not included in request wording)
Eveline Xia: s.17 (will need to be redacted)
Caelie Frampton: s.17 (will need to be redacted)

Reamick Lo: ????

Looks like the only other one we need is Reamick's (as you and Kirsten were not named in the request, those logs are not required). Could you please confirm Reamick's office landline if applicable?

I have a question about the Min Sig process!

When I started here in February, I was always sent the eApprovals for Min Sig. I would print them off on official letterhead, get them signed, scan them and upload them back into the eApprovals website. I was wondering why this is no longer happening?

Last week there was an issue with his signature and because of this, it took an additional 24hrs to get that one letter resigned and sent to the CU again, and was more of a drawn out process – but if I had had the document sent to me initially this would not have happened.

Is there any reason why we can't go back to the previous process? Is there a way to send me the documents as well in case this happens again?

Thanks for the clarification!

Good afternoon,

I am writing to request a meeting with Minister Heyman for UVic President Jamie Cassels. Professor Cassels would very much appreciate 15-30 minutes of Minister Heyman's time to offer thanks and seek support with respect to student housing. We recognize that Minister Heyman's schedule is likely very challenging, however we are hopeful that this meeting could take place before the middle of June. We will certainly do our best to accommodate Minister Heyman's availability - as a starting point the week of June 4th looks promising.

I have copied President Cassels' Executive Assistant Shari Winter who will be pleased to assist with scheduling. Shari can be reached at 250-721-7002 or presadmn@uvic.ca.

Best regards,

A discussion in June would be great, but has the invite already been sent out for that meeting? I don't have anything in my calendar yet.

Hi Ashley:

Yes, this is something we can do. It would mean that when the minister wants something hand signed, Eveline or Reamick would send the file to you, rather than to me. Recently though, he has been asking to hand sign things that are formatted as emails as well, which means we have to reformat the document to print on letterhead.

Are we still planning to do a training session in June? My notes say June 13, but we may need to choose another day as I now need to present to Exec that morning.

Can we discuss this further when we do the training session so we're all on the same page for the process?

I have a question about the Min Sig process!

When I started here in February, I was always sent the eApprovals for Min Sig. I would print them off on official letterhead, get them signed, scan them and upload them back into the eApprovals website. I was wondering why this is no longer happening?

Last week there was an issue with his signature and because of this, it took an additional 24hrs to get that one letter resigned and sent to the CU again, and was more of a drawn out process – but if I had had the document sent to me initially this would not have happened.

Is there any reason why we can't go back to the previous process? Is there a way to send me the documents as well in case this happens again?

Thanks for the clarification!

Hello,

Minister George Heyman would like to accept the meeting with Chief Christian

Due to our busy schedule, the time that we have available is June 19th from 3:30pm to 4:30pm.

The other Ministers involved (Minister Popham and Minister Fraser) have clashing schedules around this time so it will be solely Minister Heyman attending to discuss the reports in question.

I hope that this works for Chief Christian,

Have a great weekend,

Hi Coleen,

s.22 called me this morning to make a complaint about Waste Control Management, a recycling/garbage pickup company in Vancouver.

The employees of this company are hostile, incredibly loud very early in the morning (banging cans around at 6am) and the residents in her building have even gone outside to confront the workers about the noise to no avail.

s.2 has tried to contact Recycle BC about this to file a complaint through them, but they were unhelpful and could not give s. any answers.

s.2 number is s.22

Thanks,

Ash

Ok thanks Vicki!

In regards to severing I would suggest having the MO staff identify any calls that would have been made for personal reasons. If a call was made for government business purposes, then section 22 would not apply. Regarding government business calls, if there is any other reason why releasing the name of a caller/number would be harmful to government, please have the MO staff indicate what that harm would be.

Hi,

I have confirmed with MO and CTZ that no logs have been created for the land lines. So, as discussed, I have gone ahead and asked our MO to provide harms on the cell phone records and they have come back and asked the question: "When I assess for harms, I just want to double check that I should be redlining anything with someone's first/last name and their phone number?"

Would all the call details be severed under section 22?

Thanks!

Hi Sandra,

Wondering if you can advise on this one. RKB is wondering if mtg request log 238755 is related to 236211 (response log, closed), both from Glade Watershed Protection Society. Since 238755 is a mtg request, CSS doesn't have any details on it other than the email chain below, but I do recall that you had asked us to notify you when we send the response for 236211 (April 5). It seems like RKB doesn't have a referral for 238755 so they're wondering when/where it came from and how to proceed.
