Subject: FW: DGIR 183719 - CTL - POSSIBLE

Hi Josh,

Good job handling this DGIR. I wanted to send you an e-mail with the Parks contacts since you are at an exercise today. They are both in the Penticton office. Their names are Mark Weston and Kevin Wilson. They like to be given the heads up when things like this happen in the Park so they can let the staff know.

Mark has expressed interest in having you present information about our spill reporting regulation and provide hazardous materials awareness to their parks staff at their meeting this spring. Maybe you can tee that up when you send him a note about this DGIR.

Cheers,

Kandis Lipsett, BSc. PChem
