Attractants	NOT APPLICABLE
NatureOfComplaint	INJURED/DISTRESSED - MOBILE/NOT PRESENT
ActionTaken	PHONED CO
OccurrenceLocation	SAME ADDRESS
LocationDescription	MU 4-3 Approximately 1 mile upstream of the Wardner Hwy bridge crossing Kootenay River just east of mile marker 79.
OccurrenceNotes	Com contacted CO Connatty directly to advised last night he was working on train as they were heading west bound at above location and struck a sow and a cub grizzly bear with the train moving approx. 30 miles an hour. A second cub was present as well however not struck by train. Sow was just clipped however cub received more of a direct hit. Com not sure of the status of the bear however wanted to advise COS as they could be injured and a risk or possibly related to recent attack in city fields. Connatty advised he would inquire.
