Hi,

We had received NMC's data on tonnage and producers. After looking over their calculations, there seems to be some miscalculations which NMC would not pay us the correct amount. I tried to simplify and recalculate as set out in the agreement.

Can you take a look at this from a finance perspective and see if my calculations are right, as per the agreement?

Thanks,  
Leeanne

Hi Laura,

I spoke with NMC on the calculations and we are in agreeance. They will be invoice for the various amounts (in spreadsheet) which will total \$1,094,261.40.

Let me know if there are any questions or comments.

Cheers,

Lee
