**Subject:** Please protect Reed Rd. Forest Reserve (DL 1313)

Dear Minister,  
I am writing to ask that you consider preserving a relatively small area (118 acres) but very valuable forest. The forest consists of 95% Douglas Fir.

Time is of the essence. This beautiful forest is currently under threat of clear-cut logging by BC Timber Sales, the government's own logging company.

As the Sunshine Coast population rapidly expands the need for further preserved forest cannot be overstated. Besides its close proximity and access for a significant portion of the population, protecting this block from logging would also serve to preserve the health of the local drinking water as well as reducing the threat of flooding from the steep slopes.

Thank you for considering this matter.

Regards,  
s.22

Gibsons, B.C

George was the executive director of Sierra Club BC, one of the province's oldest environmental advocacy and education organizations. He also served three terms as president of the BC Government and Service Employees' Union (BCGEU). In both organizations, George was a respected negotiator and a strong fiscal manager. Prior to these positions he lived in Terrace for many years, and worked throughout BC's northwest and coastal communities.

George has been a faculty member of Simon Fraser University's Dialogue and Negotiation program, teaching courses in multi-party negotiations and collaborative decision-making. He has guest lectured at a number of universities in B.C. and abroad, and served on advisory committees for post-graduate and undergraduate degree programs at three B.C. universities.

George is a passionate advocate for issues facing his constituents, including education, health care, the arts, child care, workers' rights, transit, affordable housing, environmental responsibility and climate action. He also advocates for a more sustainable, modern and diverse economy. George enjoys running, kayaking, live music and theatre.

**Importance:** High

Morning,

Per my email from yesterday, attached are three documents for MGH approval. I connected with Caelie this morning and she advised MGH can approve via esig. Once I get the go-ahead from you, I can apply the eisg and submit to cab ops (due before noon, Monday).

Let me know if you have any questions.

Thank you,

K
