Through our CleanBC plan, B.C. is helping municipalities build energy-efficient, affordable homes for people by allowing improved building standards on the pathway to net-zero energy. We're helping make zero-emission vehicles more accessible and affordable while investing in charging infrastructure for communities. Our government is helping divert 95% of organic waste and capture 75% of landfill gas by 2030. For those living in remote communities, we are investing in cleaner energy options that will reduce or eliminate diesel generation and retrofit homes and buildings. We are working with industry to support B.C.'s transition to a cleaner, stronger economy by reducing emissions while remaining competitive.

Jenkins, Chris ENV:EX 3:37 PM:

Hi Gala, Friday MLA weekly was canceled in my calendar and moved to Wednesday July 3rd. Is that not the case?
Chris

Milne, Gala ENV:EX 3:37 PM:

No it's still a go for tomorrow

Milne, Gala ENV:EX 3:39 PM:

It was just sent out of the Minister's calendar instead of from mine and since he's not part of it we cancelled that meeting to resend it from my account

Milne, Gala ENV:EX 3:39 PM:

Still a go for tomorrow and again for wed

Jenkins, Chris ENV:EX 3:39 PM:

what time is tomorrow as it is no longer in my calendar

Jenkins, Chris ENV:EX 4:02 PM:

and where and call in details.

Jenkins, Chris ENV:EX 4:02 PM:

I see we also have an MA at 11:30. That one is in my calendar with Kris and Laurel

Milne, Gala ENV:EX 4:04 PM:

It's at 2pm tomorrow

Jenkins, Chris ENV:EX 4:06 PM:

Ok I am creating an agenda (very similar to Wednesday's weekly). When you say through Karla would you like me to send to her and cc you or the other way around? Sorry still struggling with process.

Milne, Gala ENV:EX 4:14 PM:

Any official documents for meetings it would be ideal if they could be sent in a package to Karla so that she can keep track of them and ensure they're sent to the MO so that my admin person can put them in the calendar and send the appropriate versions on to the meeting attendees

Milne, Gala ENV:EX 4:16 PM:

so yes, please send as a package to Karla the final versions and (seeing as it's end of day) cc me this time. But I have so many drafts floating in my inbox and Karla and Kirsten are admin in the position to ensure all official documents are ready for meetings

Milne, Gala ENV:EX 4:17 PM:

I am not reliable on the admin side of things and they're here to help and keep track of things

Milne, Gala ENV:EX 4:17 PM:

and liaise with the other assistants on this file (ex MLA Malcolmson's assistant in the legislature)
