**Narrative:**

2020-12-18 1500

A.Sgt STARK reviewed the report in the morning. Unfortunately the CO's were not briefed on this report the night before and the report was not autoforwarded so CO's had no idea it was going on. This is a small orphaned cub CO's currently have a trap set for about a kilometre away from this address. CO's are wanting to capture it so it can be taken to Critter Care. STARK followed up with the COM. The COM explained the cub climbed up on top of a dog crate in their garage and wouldn't leave. He called the police and police showed up and chased it out of the garage. The cub went into the backyard and then was not seen again. COM is willing to have a trap set in his backyard. COM sent STARK the photo and she confirmed it is the orphaned cub that the trap is set for in anmore. STARK briefed Critter Care and they met at the residence to set a cub trap. The trap has been set in the backyard of s.22 Port Moody.

Seen it since. We  
Still have a trap set  
for the cub but agree  
to set another one in  
the Corn's back yard.

The Corn is happy  
with this decision.  
I called Crittercare  
to see if they will  
attend with me  
to set the cub trap  
in the back yard.
