**Concluded On:** 2019-07-13

	<b>Officer(s) Assigned</b>	<b>Time Spent</b>	
<b>Attended:</b> Yes	1. Nicole Caithness	1.0	Hours
<b>Complainant Contacted:</b> Yes	2. MILLER	1.5	Hours
	3. Tyukodi	2	Hours
	<b>Total Time Spent (hours):</b>	4.5	Hours

**Narrative:**

2019-07-04 11:30  
 CO CAITHNESS attends residence, speaks to homeowner, s.22 . Advises to call s.22 for details of bear incident. CO CAITHNESS phones number, no answer, leaves VM requesting call back ASAP.

2019-07-06 18:01  
 CO CAITHNESS calls COM, s.22 who advises that s.22 had a yearling BB enter their kitchen on Canada day. The bear took the screen window covering down and stuck his head/paws inside and accessed a organics bin on the kitchen counter. s.22 , but s.22 advises that the neighbours s.22 their place s.22 have been observed intentionally throwing food at the bear off their deck. s.22  
 s.22  
 COS to follow up. This same yearling BB approached and followed a person on s.22 this location (HWCR 19-10171). COS to set trap on s.22 to catch and euthanize BB.

2019-07-13 12:41 CO MILLER received HWCR 19-11055. Young black bear feeding on deer carcass next to home at s.22 s.22 CO MILLER phoned COM for that report who stated that the bear has been getting into locked garbage bins in the area for a while and is not afraid of people. CO MILLER, CO Tyukodi, and WSO Elder attended and located young bear, approximately 1-2 years old. COs determined that based on the bear's physical description, behaviour, and close proximity to s.22 that it was the same one that entered the home. CO MILLER dispatched bear. Carcass removed. Refer to HWCR 19-11055 for outcome.

**Narrative:**

2019-07-13 12:44 CO MILLER phoned COM who stated that the bear is a young looking bear and it has been getting into locked garbage bins in the area for a while and is not afraid of people. Location is just 500 metres from where a young bear recently entered a home and obtained a food reward from the green bin at s.22. CO MILLER, CO Tyukodi, and WSO Elder attended and located young bear, approximately 1-2 years old. While feeding on deer is natural bear behaviour, COs determined that based on the bear's physical description, garbage-conditioned and habituated behaviour, and close proximity to s.22 that it was the same one that entered the home. CO MILLER dispatched bear. Bear and deer carcass removed.

Outcome Report

**Action Required:** Yes  
**Sergeant Reviewed:** No

**Ref. Report #:**  
**Concluded On:** 2019-08-02

		<b>Officer(s) Assigned</b>	<b>Time Spent</b>	
<b>Attended:</b>	Yes	1. Nicole CAITHNESS	14.0	Hours
<b>Complainant Contacted:</b>	Yes	2. Wyatt PILE	14.0	Hours
		3. Todd HUNTER	12.0	Hours
		<b>Total Time Spent (hours):</b>	40	Hours

**Narrative:**

2019-07-31 11:30

CO CAITHNESS attends, BBs are GOA by 5 min. Port Moody PD on scene, who advised that he spoke to the homeowner at s.22 where the sow and at least one cub entered an opened garage door and grabbed a bag of garbage. Homeowner told PD member that her son had just ran inside for a minute after playing basketball on the driveway and that the bears must have accessed it immediately, as she is super diligent keeping it closed. The recycling at s.22 on the back side of the home had been accessed with pizza boxes, drink containers etc spilled out. Sow and COY grabbed a bag of garbage from one of the residences and were eating it on a walking path just off the street when the PD member hazed them back into the green space, 5 min prior to COS arrival.

CO CAITHNESS foot patrols area, no sign of bears on scene but evidence of garbage being pulled into the green belt to the West of s.22. Speaks to multiple residents on s.22, who report the sow and cubs coming by almost daily in the morning between 0900-1100hrs, and several residents approach CAITHNESS who have seen the entire family unit inside garages that were left open. Advised tomorrow is garbage and green waste pick up day, so family unit will likely be back.

2019-08-01 09:30

CO CAITHNESS attends area, observes a lone, adult BB eating garbage on the blvd in front of a small green space along s.22. CO CAITHNESS hazes the bear with noise (clapping and yelling) and it immediately runs into green space. CO CAITHNESS then receives info from WSO MERCER/ELDER that they are Port Moody PD (PMPD) are on scene just down the street with the sow and 3 COY playing on a swing set in the back yard. COS attempts to tree family unit, who split off and run into the green space. CO PILE and HUNTER now attend as well. This green space is small, confined on all sides by residences. COS flush bears out of green space and again attempt to tree, cubs split off and run in multiple directions, and sow runs into the forest north of s.22. Over the course of the next six hours, cubs are all eventually successfully immobilized and placed in LBT that was on scene for the past two weeks, which was unsuccessful at capturing family unit (see emailed list of HWCRs for trap set justification). During this time, the sow was running around in the green spaces surrounding the neighbourhood, attempting to flank the COS, so a significant armed PMPD and COS response was required in order to keep the sow in the woods while officers worked to immobilize cubs. Two cubs had gone very high up a bushy tree, and it was not possible to get a dart in them safely. WSO MERCER eventually got the cubs to come lower down by playing sow sounds, at which point they were immobilized and placed in the LBT. During this time, the lone male bear that had been hazed earlier appeared in the green space and neighbourhood again, and caused some confusion, prior to being chased out of the area again by CO CAITHNESS and WSO ELDER. The entire family unit was habituated to people, had entered multiple garages, and was food conditioned. The COS attempted numerous times to tree the sow in order to immobilize her and remove her as well, however she simply would not tree. The sow was eventually euthanized approaching the LBT with her cubs with a single shot. The back drop was ideal, a earth berm leading into a heavily forested area. Sow was not a suitable candidate for relocation. Staining on cubs teeth upon examination. Cubs taken to Critter Care in the evening of 01-09-2019 by CO PILE.

Officer(s) Assigned	Time Spent	
1. Lord	2.5	Hours
2. Pile	3	Hours
3. CO MILLER/stark	1.5	Hours
<b>Total Time Spent (hours):</b>	7	Hours

**Narrative:**

2020-10-26-2000 hrs Co Lord called Rcmp bb aggressive in yard. Appears to have cubs and have dug under the residences deck. Rcmp on scene updated them that COS would attend. Called A/Sgt Stark of to discuss bear. Called CO pile for assistance. Pile arrived on scene first, briefed by PMPD members on scene, bear had ripped off small doors to under the deck and appeared to be creating a den. when CO PILE arrived was GOA. Updated A/Sgt Stark.

Will reassess in the morning.

2020-10-27 0753hrs CO MILLER briefed by ECC regarding BB back on scene. CO MILLER notified Zone staff and officers were to attend location to access.  
 0815hrs CO PILE arrived on scene and located a large BB. the BB had ripped the temporary plywood used to cover holes under deck and was laying in the opening of the holes. the BBs backside was under the deck with its head sticking out. CO PILE ensured scene was cleared and controlled and backed off and called for more officers and more COs. CO PILE notified the residence on both sides.  
 CO PILE watched BB until COs and police arrived. when a/SGT STARK arrived COs decided to euthanized BB on site due to high likelihood of BB running ~~is~~.22 just behind the residence, or turning around heading deeper under the deck.  
 COs were able to approach BB on other side of fence to about 6 feet COs destroyed BB on site shooting in a downward angle to ensure safe direction and safe backdrop.  
 COs removed BB for disposal and cleaned up area. BB destroyed was dry sow. no COY or yearlings on site.  
 CO PILE notified homeowner of outcome.

<b>Complainant Contacted:</b> Yes	2. LORD, HARBICH	1	Hours
	3. STARK, HUNTER	4	Hours
	<b>Total Time Spent (hours):</b>	10	Hours

**Narrative:**

2021-05-30 21:44 CO MILLER briefed by ECC, COM reported a bear chased him into his house, screamed at ECC to do something and hung up, ECC tried to phone back, no answer.

21:53 CO MILLER phoned COM, no answer. CO MILLER phoned Port Moody Police, requested member attend and advise if bear still present.

22:46 CO MILLER received call back from police, advised bear was gone on arrival, COM just frustrated, bear bringing garbage from somewhere else. No attractants on COM's property.

2021-05-31 10:00 CO MILLER attended and spoke to COM. Bear has been around for several weeks, COM advised it has been inside a neighbour's house. COM has encountered it in his backyard several times, does not scare off, COM felt it was "sizing him up". Last night, COM was on back porch and bear came over gate and ran at COM on porch. COM able to get away, no contact.

CO MILLER already advised City and Tri Cities Bear Aware (TCBA). When CO MILLER attended, TCBA was out doing door knocks handing out educational pamphlets and speaking to residents advising of attractant management practices and safety tips. Residents advised that there are two bears in the neighbourhood, a big one and a smaller one, not reported being seen together. The smaller one is the one that charged COM.

10:30 HWCR 21-4966 - report of history of this bear, provided address of house bear broke into: s.22 CO MILLER attended and spoke to residents, bear that broke in was the smaller bear (same as this HWCR), happened about two weeks ago. Bear breaks into garbage enclosure. Advice provided on resolving attractant issue. Also information that bear is being fed somewhere in neighbourhood. This bear also approached two adults in hot tub in backyard.

CO MILLER looked for trap set location. Unable to set trap due to no trap location found. COM to phone RAPP if bear returns to his yard. COs to discuss other options for capture response.

2020-06-02 08:45 CO MILLER and CO HARBICH attend COM's residence to determine if any other possible capture methods. COs set trail cam and will be notified when the bear is there.

2021-06-03 12:15 HWCR 21-5516 - same size bear reported in neighbourhood getting into green waste. COs attended and attempted to tranquilize the bear, but were unsuccessful. Bear ran off into forest.

2021-06-04 07:24 Bear back at tree in COM's yard, unable to determine if same bear.

2021-06-04 09:43 CO STARK attended Wilkes Creek Dr and met up with Sgt HUNTER. STARK and HUNTER did a foot patrol of the neighbourhood including the trails behind the homes back onto a forested area with a creek. STARK and HUNTER were unable to locate the bear. STARK and hunter found a potential trap set location as one of the homes had recently sold and it was vacant. The bear had been in that backyard earlier that morning and the yard did not have any gates- it was wide open.

2021-06-04 11:07 STARK got the phone number from the home owner of the vacant property s.22 from a neighbour. STARK called the home owner and left a voice mail.

2021-06-04 11:36 STARK was able to find the realtor on the internet who sold s.22 and spoke to him. He explained to her that the s.22 technically still owns it.

STARK called the realtor so the old owner

2021-06-04 11:57 STARK spoke to the owner of s.22 and explained the situation. The owner gave STARK permission to set the bear trap on his property and confirmed no one is living there at the moment.

2021-06-04 14:34 STARK set a culvert trap in the yard of s.22 The trap door opened up right into the backyard where the bear had been that morning. STARK spoke with numerous residents in the area. They were all aware of the bear in the area. They agreed to watch the trap and call the RAPP Line if anything went in. STARK moved the trail camera from s.22 to the back yard of s.22 The camera has a clear shot of the back of the trap. STARK updated Sgt. HUNTER.

2021-06-06 12:21 CO MILLER notified by COM that the bear was back in the tree. CO MILLER close by, on scene 4 minutes later. Bear in tree confirmed by COM as offending bear, matches photos COM has of it.

12:30 CO LORD on scene. CO MILLER darted bear with 1.5cc s.15 vial 20-144. After 15 minutes, bear still had mobility of head and neck, unable to safely move bear. CO LORD hand-injected 1.5cc into neck. COs loaded bear into trap. CO MILLER transported bear to a safe location to dispatch bear.

14:33 CO MILLER dispatched bear. Small adult male.
