Hi Emily,

Thanks for the opportunity to clarify that no gravel was removed from the Morice River. In fact, CGL communicated that no gravel has been removed from any watercourse in the province. The purpose of the work authorization is to facilitate pump placement to prevent damage to the stream bed, and the work is ongoing. The approval for this work can be accessed here: https://www.bcogc.ca/files/projects/coastal-gaslink/WATR_100116166_CGL-Sec10-08-11-22.pdf

Best,

Claire

Hello Claire,

The OGC referred me to the Minister's Office at the Ministry of Energy, Mines and Low Carbon Innovation to process this request. Can you please provide me with the required information?

MLA Adam Olsen is requesting information about Coastal GasLink's permitting process. Coastal GasLink obtained a permit to remove gravel from the Morice River. Can you please tell us when that work was conducted?

Thank you,
Emily

Subject: Permitting Question regarding Coastal GasLink

Hi Emily,

Please direct your questions to the Ministry of Energy, Mines and Low Carbon Innovation's Minister's Office.

Thank you.

We acknowledge and respect the many Indigenous Territories and Treaty areas, each with unique cultures, languages, legal traditions and relationships to the land and water, which the BC Oil and Gas Commission's work spans. We also respectfully acknowledge the Métis and Inuit people living across B.C.

Subject: Permitting Question regarding Coastal GasLink

Hello,

MLA Adam Olsen is requesting information about Coastal GasLink's permitting process.

From what we understand, Coastal GasLink obtained a permit to remove gravel from the Morice River. Can you please tell us when that work was conducted?

The application determination number is 100116166. The activity approval date was August 11, 2022.

Thank you,
Emily
