Narrative

2023-02-25 1115 Spoke with COM, will attend in afternoon and **s.15** COM believes family group present based on various sized tracks present. **s.15** who thinks best strategy would be to capture juvenile and then target family group, to prevent she cat from diverting dogs away from juveniles.

1430 **s.15**

update 2 2023-02-26 1000 attended as **s.15** likely successful capture. 1 young female in **s.15** Evidence of other cats present during night. Cougar euthanized and **s.15** **s.15** with cub and remaining bait.

update 3: 2023-02-27 @ 1210 hrs Co Kissinger called com and provided advice

2023-03-03 @ 1304 hours - update 5 rec'd

@ 1130 hours - CO deklever attended location with A/Sgt. Kissinger and **s.15**

s.15 cougars returned during the night and fed on ewe killed yesterday. Area searched with hounds and although lots of scent and travel ways located, hunt was unsuccessful. COS will continue to monitor and assess.

2023-03-04 @ 0747 hours - update 6 rec'd

@ 1000 hours - CO deklever attended and viewed tracks and kill from last night. Spoke with COM, cougar seen crossing driveway at midnight by **s.22** COM checked on

s.22 At 0600 hours employee

arrived noted lamb dead and fed on by shed **s.22** Spoke with A/Sgt.

Kissinger - discussed/updated activity. Reached out to **s.15**

@ 1344 hours - no contact with **s.15** CO deklever returning to location and will move **s.15**

update 7 2023-03-07 @ 0932 co deklever reviewed.

update 6: 2023-03-08 0845 attended and spoke with COM, no activity in last couple days, COM has been busy and will conduct another head count today to confirm no recent loses.

No activity at **s.15** however new tracks in area. Decision to leave **s.15** in place for a couple more days and reassess if cougar activity reoccurs in area.

update 8 @ 0920 hrs WSRO Bain Reviewed

Spoke with COM

Goat and lamb found on **s.22** approx. 1km from COM address where current **s.1** is set **s.1** has been **s.15** Will monitor cougar behaviors.

Update 2: CO Sano (Sano) and WSRO Bain (Bain) attended **s.22**

BC. COS recovered a **s.15** that has seen no cougar activity in the past few days. Sano and Bain toured the site with **s.22** Over the past few days, the nighttime

predation is occurring in two distinct locations: **s.22**

Metchosin. These two locations are where **s.22**

or in forested areas. CO Sano and Bain investigated both locations where **s.22** were taken by cougars in the past 24 hours. At **s.22**

s.22 Overnight 1 ewe and her two lambs were killed and left in

situ. Examination of the lambs and the ewe show mechanisms of injury consistent with a cougar kill. **s.15** was

deployed at this location. At **s.22** at the far back of the property

there is a **s.22** seen a cougar that

morning just over the back fence. On examination of this area 1 deceased lamb was

located. The area showed evidence of multiple cat tracks of varying sizes in this location. A

s.15 COS will attempt to capture cougars

with the **s.15**

includes 23-005445 - 2023-03-14 1230 attended with CO SANO and **s.15**

s.15 Cougar captured in **s.15** 6-7 month old female. Cougar euthanized. Area

searched with hounds and despite lots of scent in immediate area dogs unable to locate

remaining cougars.

2023-03-15 1000 returned and checked traps, no activity overnight.

(REQUIRE CI # & CONFIRMATION HOUNDSMAN INVOICE SUBMITTED)

2023-03-17 @ 1030 hours - CO dekelver attended location and met with COM. Carcass believed to be from overnight and found in open field. and lamb missing and not located at this time.
s.15 Second e 1 moved to new location and s.15 Location at same address s.22 s.22

2023-03-27 - CO Sano attended the s.15 location and met with a 22 There had been no reported losses or sightings of the offending cougars in the area. CO Sano pulled the s.15 and took it back to Duncan office. The s.15 was pulled and taken to Duncan warehouse. COM will contact COS if predation continues.

Narrative
***this response was attached to GIR with same concern and same COM. Pasting response to this file to ensure it is appropriately closed and signed off. GIR 23-005747

2023-03-17 @ 1100 hours - Co dekelver spoke with COM and explained that COS had been providing service to s.22 most days dated back 3-4 weeks. 2 cougars captured and euthanized, s 15 and being monitored and 2 unsuccessful attempts with hounds. COM suggested meeting to discuss resource deployment and basis of staffing in areas. CO dekelver advised those talks should be conducted at higher levels and advised Insp. NORRIS was open to discussion (As CO advised insp. NORRIS that Mayor was looking for CO contact earlier in the week). Mayor stated it was needed to be determined if Metchosin was going to be a farming community or wildlife area. CO advised that the COS believes with effective measures of mitigation in place it can be both. Advised there are several farms in more remote areas coexisting. Large scale farms do require more mitigation.

Narrative

update 1: 2023-03-29 @ 1235 hrs Co Kissinger Called Com back. No one available today to attend but will attend tomorrow morning to inspect and set **s. 15**

March 30, 2023 @ 1452 hrs CO Sano attended **s.22** CO Sano reviewed **s.15** from the night previous in the area where the 3 dead sheep were discovered. On one **s.22** 4 cougars could be see passing by the **s.22** On another **s. 15** video of an adult cougar eating a small lamb something in the overnight hours. CO Sano now believed that a new family unit is now in this area. CO Sano set a **s.15** in a ravine at **s.22**

2023-03-31 @ 1736 hours - A/Sgt. Kissinger attended **s.15** **s.15**

2023-04-01 @ 0735 hours - update 6 rec'd

2023-04-01 @ 1000 hours - Co deklever spoke with COM and advised would attend later and assess.

@ 1230 hours - CO dekelver picked up Duncan **s. 1** from **s.22** and taking to Sooke to have additional supports enhanced.

@ 1610 hours - CO dekelver meet with COM at location **s.22** **s.22** where carcasses left by CO Kissinger to see if any cats returned. One carcass pulled from cache and feed on. Fresh tracks observed in surrounding area from small cougar. Goldstream **s. 1** set at location. Cell coverage working in area, so **s.15** utilized and tested.

2023-04-02 @ 0744 hours - update 7 rec'd

@ 1521 hours - CO Sano attended. CO Sano euthanized female juvenile cougar in **s.15** (60 lbs, approx. 8 months old). **s. 15**

CI required

2023-04-04 @ 1630 hours - CO dekelver attended and removed **s.15** to **s.22**

Narrative
2023-04-03 @ 2019 hours - a/Sgt. Kissinger tried to call COM back, unable to make contact or leave a message. Phoned s.15 to determine availability for tomorrow. Site will need to be inspected in the a.m.
2023-04-04 @ 0740 hours - CO dekelver spoke with A/Sgt. Kissinger re: occurrence reviewed previous evening.
@ 0830 hours - CO dekelver spoke with COM and made arrangements to meet at location s.22 Spoke with s.15 and confirmed availability.
@ 1200 hours - Co dekelver inspected carcasses, strong evidence to indicate multiple cougars responsible for attacks, s.15 deployed. Area searched and adult cougar located, however, cougar did not tree and lead dogs up mountainside. Cougar was successful in eluding dogs after long chase. CO dekelver and s.15 returned to search for juveniles, but dogs could not pick up scent and kept striking on trail adult cougar took to creek, where scent trail stopped.
@ 1630 hours - CO dekelver returned to location with s.15 removed from s.22 and reset at location.

2023-04-08 @ 1248 HRS uPDATE 1 CO Dekelver closed s.1 no capture

Cc: Norris, Scott ENV:EX <Scott.Norris@gov.bc.ca>
Subject: RE: GIR #23-005747 / Metchosin / Victoria

2023-03-17 1100 Spoke with COM and explained that COS had been providing service to s.22 most days dated back 3-4 weeks. 2 cougars captured and euthanized, s.15 and being monitored and 2 unsuccessful attempts with hounds. COM suggested meeting to discuss resource deployment and basis of staffing in areas. CO advised those talks should be conducted at higher levels and advised Insp. NORRIS was open to discussion (As CO advised insp. NORRIS that Mayor was looking for CO contact earlier in the week). Mayor stated it was needed to be determined if Metchosin was going to be a farming community or wildlife area. CO advised that the COS believes with effective measures of mitigation in place it can be both. Advised there are several farms in more remote areas coexisting. Large scale farms do require more mitigation.
