Garbage complex inspection completed. Garbage bin has been moved closer to porch to prevent spillage, however some food waste is still present around the garbage bin. Oil and garbage leakage is also present surrouding the garbage bin. Also noted while on site, large gaps in the fence surrounding the ATCO complex. 1530 hours BB dispatched, on Bish Mainline FSR-carcass disposed at approx, 4km marker over cliff. 1600 hours Bear trap cleaned and returned to kitimat village yard NFAR 2012-08-14 08:51 A/Sgt D. Milne Reviewed	Destroyed by CO5		BLACK BEAR			1
Advised there were 2 grizzly bears walking around the above location. RCMP are responding but unknown what actions they will take.		2012 08 20 14:43																			1
Caller advised that there is a bear currently up a tree at the above location. This is a camp site area of the park.																					1
Caller reports that there is a bear wandering the neighbourhood looking for food.																					1
Caller advised while out walking, he noticed a bear crossing Babine Street. No signs of aggression.																					1
Advised a bear was seen rummaging through the garbage at the above address. Residences were not home at the time of sighting. Garbage was in unlocked car port. RCMP are sending 1st available member to attend and will call back if CO assistance is required.																					1
Caller advises that her son and a friend were walking near the above location when they saw a bear going up the front door of a house on Charles Street. There has been a bear in the area getting into garbage.																					1
Advised a bear was just tearing apart the neighbours garbage and now it has just wandered down the street south. The bear is in a fenced back yard now.																					1
Advised that there is a bear digging in the next door neighbour's garbage. Discussed attractants																					1
Caller reports that there was a bear on her porch. There was garbage stored there and it has been removed.																					1
COM reports a bear killed several of his geese this morning in a fenced area. Bear has left the area.		2012 10 07 15:59																			1
Advised there is a bear at the above location getting into the garbage. Advised caller to keep garbage inside from now on.		2012 10 25 8:32																			1
Advised there is a bear at the above location getting into the garbage. Advised caller to keep garbage inside from now on.		2012 10 25 8:32	Yes	Yes						culvert			scrivner		Destroyed by CO5		BLACK BEAR				1
Advised the bear that has been trapped and removed was not the troublesome bear, the bear that is still here has been seen sitting on the stairs, coming up to 3 times a day and the dog is scaring it off.																					1
Reporting there is a bb in the trap.																					1
Advised the bear keeps coming back and it is running through the neighbourhood. Caller states she spoke to a CO around the 21st of September following her last Update#3. The CO suggested she call the RCMP as it is a troublesome bear from last year and they need to get it. The COs would have to come from Terrace therefore RCMP would be quicker.																					1
Bear was on the neighbour's front door step. It's there now.																					1
Reporting there is a bear in the trap.																					1
BB is back AGAIN in her carport. COM annoyed, SOMETHING has to be done!!!!																					1
Advised the bear was back at 16:00 and 23:59 yesterday. It was at the carport/back yard.																					1
Reporting the bear just returned. It did NOT find any food reward.																					1
Advised that there is a bear in the tree at the above location. The bear has been in the tree for awhile, he may be coming down now.																					1
Bear in a tree for the last couple of hours. People and dogs continue to walk by and the bear is not leaving.																					1
Reporting a bear in the neighbourhood. Caller was told that CO5 needed one more phone call to get a trap set up. The bear has been there all week.		2012 10 07 15:40																			1
Advised that the bear came back and has gone down to the neighbours.																					1
Caller advises that the bear is back again and was up at the front porch near the neighbours door snooping around. She reports that the COs told the neighbours to call in when the bear came back and they would see about getting the RCMP to come around.																					1
Advised the bear was just on the callers driveway and was scared off across the street by the callers dog. This is the first time in the past week the caller has seen the bear.																					1
CO said call asap when bear returns... bear is back, left a carport at 48 Dunn Street, crossed the street and is now wandering around aimlessly.																					1
Kitimat Resident heard on the radio this morning that CO5 was looking for a bear that has been shot and injured, but not killed. Last night at 2200 hrs he saw an injured bear crossing the road, limping badly and it appeared to have some kind of injury on the back end. He didn't know at that time that it needed to be reported. RCMP offered their assistance in the future if it is needed.		2012 09 07 11:22																			1

Bear is wandering around. Caller didn't think he'd gotten into anything, but then he spotted some bags of garbage he'd dragged in. Briefed on attractants and advised caller to stay back as he might get bluff charged.																			1
Reporting a bear on the porch at the above location.																			1
Caller advises that they were passing by and noticed a bear in the backyard eating garbage.																			1
BB has been breaking branches on the apple trees. Fruit has been picked.																			1
Advised a three year old black bear on site for the last few days. They keep running him off but the bear keeps coming back.		2012 09 18 13:52																	1
Caller advises that there is a bear making the rounds of the area searching for food. She has observed him going up to peoples front porches and into the neighbours garage checking things out.																			1
Caller said she had seen an article saying if a bear was sighted to call it in so she called 91 to report it. RCMP file number is 12-2730. Caller was unable to tell whether bear was black or grizzly but it was not being aggressive when spotted.																			1
Calling to report a bear that has been on her street or property every night for days. She has her garbage locked in the basement, but others are leaving their garbage outside. Her husband tried to scare it away last night but it was eating trash and wouldn't leave. States the bear is over 300 lbs.																			1
Advised there is a bear in the area, it has been around for the last month getting into the garbage. Last night the bear knocked over part of the fence. The caller doesn't see the bear as it comes out at around 1 am and the caller is concerned for the safety of the children in the area.																			1
COM reports encountering what he believes is a grizzly today at above location. He had noticed garbage at that location earlier in the week and was going to take a look. The bear was dark in colour with a band of tan on its chest and the caller walked to within 25 meters of it before noticing the animal. The bear sat and stared at the caller, no other details to report.		1899-12-30 12:00:00 AM																	1
COM reports a bear has been in the area for a while now and last night a very large bear walked along the side of the callers home and then towards the neighbours property. The caller had heard there is an injured bear in the area and was concerned this may have been that animal.		2012 09 19 12:44																	1
Caller stated that the bear was back tonight. The caller stated that the bear visits are becoming earlier and earlier.																			1
Reporting a bear at the above location. It will not go away. They would like someone to come and scare it away.		2012 09 18 9:17																	1
Reporting a bear wandering around the neighbourhood.																			1
RCMP received call from COM reporting black bear wandering towards above school. RCMP member will be responding.		2012 09 18 13:45																	1
The COM is calling to report that black bear has been in the area every night. Bear has been trying to get at the garbage storage shed. Last night the bear tore off the door to the garbage storage shed. Bear was scared off, however returned to the property later last night.		2012 09 21 14:45																	1
The CO brought a bear trap out and said he would leave it until Saturday. He only left the trap one day and came and took it. He was wondering if there was a reason for him taking the trap away.																			1
Caller was reporting a large black bear wandering around his neighbour's back yard.																			1
Someone told her there's a bear in someone's yard across the street. Briefed on potential attractants.																			1
Advised there is a bear eating garbage from the carport. RCMP responding to try to spook it off.																			1
Advised of a bb seen headed towards above named school. Caller was dropping off her son at school at about 0830hrs and noticed it headed in the direction of the school. Caller did not see it on school property (but was headed in direction of the school) & wanted to report it to CO service.		2012 09 18 14:46																	1
Caller stated that there is a bear getting into the garbage at the above location.																			1
Large bear wandering around at the above location. No abnormal behaviour.																			1
Advised there was a bear in the area, it left garbage and a pile of skat on the callers yard. It was last seen																			1
BB is breaking branches on his apple tree (small tree, he's pulling off those few remaining apples). RCMP said they could check it out if COS weren't going to respond and assess the situation.		2012 09 25 10:07																	1
The COM is calling to report that two black bears are rummaging through insecure garbage cans on the street this morning.																			1
Reports huge black bear wandering down the street. Concerned for school age children walking this AM.		2012 09 25 10:11																	1
Requesting CO attend.																			1

Their Officer found the bear and shot it.																				1
Bear going through the woods. Not showing any signs of aggression.																				1
Dispatch received a report of a bear wandering down the above street.																				1
Reports two bears are getting agressive because when they yelled the bears hackles rose. Just sighted the bears being chased into the bush by a dog. It is garbage day. There is a green belt area between Hwy 16 and tweedsmuir. ECC attempted to explain the bears were attracted to the garbage and would not necessarily run off easily because of this.																				1
The COM is calling to report that balck bear was was wandering through the property this am. Caller chased the bear into ravine behind the property.																				1
Advised that there was a bear there last night and it left scat. Around 13:00 hrs there was a lady who stopped by and stated that there is a bear moving around the area. Caller states that he has an ideal place to place a trap.																				1
The COM is calling to report that two black bears are treed in separate trees on the neighbour's property. Bears have been in the area for a few days hanging around near a ravine.																				1
COM reports a bear has been feeding on berries at above location today. The staff have emptied 2 air horns on the bear and it will not leave the berries.		2012 09 21 19:00																		1
COM reports a bear has been feeding on berries at above location today. The staff have emptied 2 air horns on the bear and it will not leave the berries.		2012 09 21 19:00	Yes	Yes									GORDON	Talked to Mike, security supervisor. 2 year old black bear. Eating berries next to security booth. COM is blasting airhorns at the bear and the bear is not being scared off. COM is concerned about safety. Busy site with lots of people around. Workers have been notified that there is a bear in the area and to keep distance from the bear. how close is the bear getting to people? Bear has got within 8ft of ppl and has not be detered. Discussed attractant management. Berry bushes need to be removed from the area. COM advised there are berry bushes everywhere. COM used a bear banger while on the phone with CO. Bear ran off. Advised COM to call RAPP number if bear returns. Recieved second call from ECC at 16:10hours - off shift Bear has returned to site and will not leave, after persistent attempts by security staff. staff are concerned as shifts are ending and site is busy with people. CO Gordon advised, CO will attend shortly. 1655 hours CO Gordon arrives at site. Bear is feeding on natural vegitation in river bed which runs through Alcan. In close proximity to workers. CO approached bear, and bear did not respond. CO dispatched bear on site. removed bear. Security supervisor advised CO this bear had been a problem for about 3 weeks, as it has been getting into garbage and was becoming more and more desensitized towards people. 1745hours, CO 10-8 bear disposed of in remote wilderness location.	Destroyed by COS		BLACK BEAR			1
Advised they used bearbangers. The bear came around the building and is near the construction workers. They have 4 guards trying to get it off site but it does not seem to be scared. Bear is still trying to get to the berry bushes.																				1
Caller advises that last night she had a bear at the bottom of the porch stairs, she heard a noise and on opening the front door noticed a bear at the bottom. She was concerned as her son was supposed to be coming home at about that time. She is sure that the bear is being drawn to the area due to the neighbours at the above location are leaving garbage outside, she has not seen them and been unable to reach the owner of the house to advise him. Advised of need to ensure that she had her garbage locked up.																				1
																				1
Caller says she spotted a bear by the school; it's not in the school yard.																				1

Bear is walking down the back of the yards. Briefed on possible attractants.																			1
The COM is calling to report that two black bears are roaming around the neighbourhood as it is garbage pick up day in the area.		2012 10 17 13:00																	1
The COM is calling to report that two black bears are roaming around the neighbourhood as it is garbage pick up day in the area.		2012 10 17 13:00	Yes	Yes						Culvert Trap			KLUIVERS	Original PWOR was not been sent to Terrace office. Update 1 2012-09-26 16:07 CO KLUIVERS called COM who said: - that she was concerned that the bear might run into a child or the child into the bear. -that the bear was gone now. CO Kluivers told COM that this time of the year there are many bears moving around and that the COS and the RCMP were monitoring the situation. CO Kluivers thanked COM for calling and asked her to call back when a bear would keep hanging around. 2012-09-26 16:20 CO Kluivers called RCMP Kitimat dispatch who gave the cell nr of Const. Angela Jahn 6391663. CO KLUIVERS called Jahn who said the bear had been around Moore, Morgan, Stein and Tweedsmuir. CO KLuivers told Jahn that he could not set the trap yet, because the bear was moving around in too a large area. He suggested to wait for more sightings to come in and then pinpoint a location where the bear hung out most. Then CO Kluivers would set a trap there. 2012-10-14 09:55 Update #2 CO KLUIVERS called COM HILL who stated: -that he just moved in at the place 2 weeks ago. -that he had his garbage securely locked up in his shed	Destroyed by COS		BLACK BEAR			1
Advised there is a bear in the trap at the above location. Caller would like to be called to know when to expect CO's.																			1
Advised bb returned last night & broke into storage shed to gain access to garbage.																			1
COM reports either the bear has returned or another bear have moved into the area. The bear has broken into the callers shed and also her sons shed next door and both times found garbage.																			1
Caller reports that the bear was two houses down from her house walking on the road.																			1
Advised there is a bear in the middle of the construction site underneath a trailer.		2012 09 25 14:06																	1
Advised there is a bear in the middle of the construction site underneath a trailer.		2012 09 25 14:06	Yes	Yes						Culvert Trap			KLUIVERS	2012-09-24 14:25 Sub adult BB under ATCO trailer next to lunch room trailer. Bear acts docile. Area taped off with danger tape. Have security monitor bear out of vehicle. Too many workers at site to sedate bear (might be running off). Culvert trap set approximately 15 meters from bear between bear and lunch room trailer. Security instructed to keep workers well away from area. Informed security that bear will stay there when not disturbed and will likely come to trap after 1730 hrs when workers have left the site. 2012-09-24 15:45 Bear moved to trap. Ate bait outside of trap but did not go in. Bear moved back under another ATCO trailer approximately 15 meters from bus stop. Workers will be gathering there at 1730 hrs. Decided to stay until workers would be gone. Area around bear secured with tape and security personnel. 2012-09-24 17:45 Most workers gone but still some working in surrounding buildings. Bear hazed with bear banger. Bear ran to green space surrounding the work site. Left trap at side in case bear comes back. Informed security personnel (Lloyd) that bear left into green space. Instructed security personnel to monitor the trap. Update 1 2012-09-25 14:07 CO Kluivers picked up trap and dispatched sub adult male black bear.	Destroyed by COS		BLACK BEAR			1
Calling to advise there is a bear in a trap. CO Kluivers set it yesterday.																			1
Advised that he has a problem with a bear on his property. Last week the bear got 4 of his 14 rabbits from the hutch in his back yard. The bear is continually around and has also gotten into the garbage, which he has since moved inside. Last night he got back from Vancouver and the bear got into the back of his SUV (around 0200) and got one of his ducks and damaged the cage. It also got about 400.00 worth of groceries that he brought back from Costco. Advised caller to call back and update his file whenever the bear is present. Asked why he didnt report earlier and he said he was too busy.		2012 10 05 10:21																	1
Advised the bear is back and is pushing his chicken coops over. Requests CO callback.																			1
Advised that there has been a bear hanging around the cul de sac for the last 3 hours. Other than the garbage out at the above location he does not think there are any other attractants.																			1
COM is calling to report there is a black bear in her back yard getting into her garbage. She thought that because it was behind the fence that it was safe. From now on it will be stored in the garage.		2012 10 09 10:05																	1
Advised the bear is walking around their neighbours garden.																			1

The custodians are reporting two large black bears on the school property getting into trash. When asked if the garbage is normally locked, caller informed OO that they haven't been locked this year but have in previous years. Advised the principal needs to be notified and the trash needs to be locked up again. Custodians would wait for the bears to leave before going outside.																				1
Reporting he just watched a very large bear get into the garbage at the above location, then it crossed the road and was last seen in the front yard at s																				1
Caller reports that there is a abear wandering around the neighbourhood.																				1
Advised there was a bear at the above location getting into the garbage. Advised caller to keep garbage inside from now on.		2012 09 25 16:39																		1
Advised the bears are still eating garbage in the backyard. Concerned for kids getting out of school. ECC advised in the backyard of residential area was preferable to walking down the street.																				1
BB is wandering around the area (thinks its looking for garbage).																				1
Received a call from 11 yr old home alone at [redacted] COM's name is [redacted] COM said a bb is in his garage eating the garbage. RCMP are going to respond and check it out.		2012 10 24 11:40																		1
Caller reports that there is a bear wandering around the village eating grass. Caller drove up and scared it off with his horn.																				1
Reporting a black bear roaming around near the above location. It appeared to be sniffing around peoples car port and garages. States there were a few bears around on Sunday and again yesterday getting into peoples trash etc.																				1
BB checking out back yards on Raley Street.																				1
Reporting a bear wandering the neighbourhood.																				1
The COM is calling to report that huge black bear was wandering the street this afternoon.																				1
The cOM is calling to report that black bear just wandered through the yard this afternoon. Bear is going up to every resident's property. Bear is heading off towards a park full of kids.		2012 09 26 13:33																		1
BB was just in her yard, headed towards s.22 very excited caller- didn't have time to ask any questions).																				1
RCMP members are 'done' with the persistent bear problems/issues that are occurring in Kitimat. Members are currently at [redacted] and would like a trap sooner rather than later. Not an immediate public safety issue, but members want a trap. RCMP Dispatch (Jean at the above #) can be reached for contact with a member in the area (via radio).		2012 09 27 9:23																		1
Caller advises that there is a very large bear wandering down the street.																				1
RCMP have a member on scene at Currie street observing a bear that is wandering around. It is not posing any public safety threat at this time.		2012 09 28 9:13																		1
BB was just in their garage (empty garbage can).																				1
Reports a black bear at the neighbour's property noted a few minutes ago. Claims there his absolutely nothing in the yard /attractants when provided advise regarding attractants,																				1
Reports a black bear sighted near moore street about 15 - 20 minutes ago. Probably foraging. Noted while out for walk. Advised of a bb seen in the area 2x this afternoon. Caller stated the bb was seen earlier this afternoon sniffing around her neighbours garbage bins. Caller stated the bb was last seen walking through her yard (no longer in the area). ECC provided advise regarding attractants, etc																				1
Advised of a bb seen walking down the above street.																				1
COM reports encountering a bear today while delivering papers with her daughter on the street. The caller is concerned as the bear has been in her yard 3 times recently and there are no attractants there. Advised he has seen a bear on the street, he ran home to bring the dog in and the bear crossed the street. The caller did not get a great view of the bear.																				1
Advised there were 3 bear in the yard getting into the callers mountain ash, they were scared off accross the street.																				1
Advised there is a bear up the tree in the yard. The caller has seen this bear twice in the area, last time it was able to access the callers garbage.																				1
Advised there is a bear in the area, it was getting into the Mountain ash.																				1
Advised there is a bear in the carport eating someone's garbage.																				1
Advised of a bb that has been seen "trying to get into residences" in the above area. RCMP had no further details and did have members attending but were requesting CO attendance as well.		2012 09 29 18:10																		1
Advised there is a bear that was limping into the bush near the back of their gate.																				1
Advised there is a bear digging through the callers dumpster.																				1
Advised there is a bear eating garbage outside. The caller has heard about an injured bear in town and is not sure if the bear in front of her house with the dogs barking at it.																				1
Caller stated that a bear is getting into the garbage at the above location. The bear has been in the area for the past two weeks.																				1
Advised of a bb seen walking around in the above area. No signs of aggression were noticed.																				1
Calling to find out if Public Works is responsible for picking up dead bears? There is a dead black bear on the side of the road at the above location. She doesn't know how long the carcass has been there (for salvage purposes). OO advised to dispatch a crew to remove the carcass. Advised to call back if the bear is tagged or if there is something they are concerned about.		2012 10 25 11:37																		1
COM reports her husband harvested a moose this week end and has it hanging in the garage. He has gone out hunting some more and a bear is now trying to get into the garage.																				1
Black bear at the neighbours about five minutes ago walked by her son and the neigbour's son (4 and 5 yrs). Left the area and are heading towards Morgan. Noted they do have fruit trees. ECC provided advise regarding attractants, etc																				1
Advised a bear is in the neighbours yard. Discussed attractants																				1

A bear is in his yard. The caller has grapes that he picked a couple days ago but the bear is still there Advised caller that the bear may come back a couple times before it realizes there is nothing there.																			1
Advise a bear just walked through the yard, the caller is concerned that the kids are out of school and the bear is wandering around.																			1
Caller stated that a bear ripped open the garbage can at his residence a short time ago.		2012 11 02 16:30																	1
COM swore at me about a bear that keeps getting into his garbage...																			1
COM calling to report there is a black bear wandering around inside the complex. He is not thrilled to have it in his back yard. COM is from Toronto but works at s. 22 He can't see the bear getting into anything.																			1
COM calling to report there is a black bear roaming around the neighbourhood. The bear has been on her property before today and broke branches on fruit trees, that have no fruit on them. She is concerned because there is a park/playground behind her house with children playing.		2012 10 10 12:54																	1
Advised a bear was on the road heading to the next street over.																			1
RCMP are responding to the above location for a report of a black bear that entered a garage through a door that wasn't closed/latched properly. The bear is currently eating garbage. OO suggested that the home owner open the garage door and allow the bear to leave, which it will do when it is finished eating the garbage. Requested to speak with a CO.		2012 10 09 9:34																	1
Reporting a bear just got into the garbage outside unit # 3.																			1
Advised there is a bear at the above location trying to get into the shed in the back where the garbage is kept.																			1
A large bear is going through backyards getting into stuff. He is moving down the alley as well. Her concern is that there are kids about and when she tried to call the police they hung up on her.		2012 10 11 11:26																	1
Advised there was a bear that was in the yard when he drove up/ The caller's children were outside so he chased the bear away on foot. The bear went across the road and into a yard. Caller is concerned about the bear being outside when the children are present.																			1
s. 22 who had got home and while taking groceries from the car was spooked by a bear appearing in the parking area. She has seen the bear in the area before possibly 3 times, she had her young son with her and s. is quite concerned for her grandson and is hoping a trap can be brought for the bear. There is a dumpster there but she is not sure if the bear is able to get into it or not.		2012 10 11 11:48																	1
Caller stated that there has been a bear in the area for the past couple of weeks. They are finding scat in the yard (containing berries).																			1
COM calling to report a bear that just looked in her window. She banged on the window and it scared the bear off. Wanted to know if the CO is coming out?																			1
Reports a black bear was sighted attempting to get on the porch last night. Tries to deal with the garbage. Originally stored in the back then tried to bungy cord containers moved under the deck. Then moved garbage into porch where she smokes but was afraid when the bear approached the stairs last night and moved it back outside. Parents also have problems with bears getting into the garbage. Concerned for her teenage daughter walking home at night. Noted she also comes home late from working at the bar and is concerned for her own safety. Attempted to explain moving garbage inside the house....																			1
COM reports a large bear has been in the neighbourhood day or night all fall. The bear is being seen almost daily in the past week. Advised caller on attractants, storage and deterrents.																			1
Advised there have been bear getting into the garbage left around the complex, the caller feels the bears would go away if the residents simply took proper care of the garbage.																			1
Reporting that there is a bear eating garbage at the above location.																			1
RCMP received call from s. 22 at home alone with a small child at s. 22 n Kitimat. Concerned about a bb trying to break into the shed (garbage, apparently 3rd recent bb visit for garbage). COM is worried it will try to break sundeck door to get in the house (right now its focused on the shed). RCMP advised him to call back if situation should change for the worse.		2012 10 31 9:40																	1
Advises there is a dead bear at the side of the road. It's only about the size of a large dog. 0901 Call Centre phoned Hwys Radio Room. They advised they had spoken to the Hwys Contractor and it's on Alcan Property. Alcan will be taking care of it.																			1
Advised there is a dead grizzly cub at the above location, the sow is close by and will not let the public works people pick it up and they are scared for their safety with the sow around.		2012 10 22 13:52																	1

																CO GORDON called COM. Deceased Grizzly Cub on the side of the road in Kitimat near Euro-can. Sow is in the area and is staying close to the cub. Workers are unable to pick-up and remove the carcass as the Sow is close-by. COM unsure how close the sow is to the cub, but knows it is visually close to the bear cub. Workers are not on scene-COM concerned member of the public will approach cub. Advised to keep workers out of the area-do not attempt to remove the carcass from the roadway. 11:30 CO GORDON, STRUTHERS, KLUIVERS attend site. Unable to locate carcass. CO Gordon called COM-COM provided further directions to site. Carcass retrieved from site. Unable to locate Grizzly bear Sow. 12:10 Disposed of Carcass at [redacted] 13:30 CO GORDON called COM, advised caracass has been removed. Advised workers should stay out of the area for at least a couple of days. Call the RAPP line if SOW remains in area. CO GORDON submitted CI 116179. 2012-10-23 13:02						
Advised there is a dead grizzly cub at the above location, the sow is close by and will not let the public works people pick it up and they are scared for their safety with the sow around.		2012 10 22 13:52	Yes	No										GORDON	File reviewed by Sgt. Struthers.	Destroyed by Other		GRIZZLY BEAR				1

Advised a bear just got into the neighbours garage by prying the door back and ate their garbage. It left with a 3 min time delay. It is going door to door.		2013 01 03 10:40																				1
Reporting a bear that broke the door to the back shed a couple of nights ago. It came back again and wrecked the door another 2 times. Caller cannot open the door. It was last there 2 nights ago.		2012 10 31 9:22																				1
Advised that a bear has ripped right through the middle of his garage door to get at the garbage. Today is garbage day. He is concerned that this bear is going to be continuing to damage his property now that he has accessed food. He thought they would be sleeping by now.																						1
COM calling to report that two months ago a large black bear broke into her garage several times to access her garbage. The garage door is made out of wood, and latched closed with a 2x4 board. COM attempted to barricade the garage and keep the bear out, but it seemed to lose interest over time and stopped coming. The bear, however, has returned this week. The bear broke into her garage again last night, bending and breaking the metal hinges. It usually comes between 2am and 5am. COM lives alone with her children and is very worried. To access the inside of her home, you have to come through the garage, and there are paw prints on her inside door now too. Requesting to speak with a CO when possible. Asked if she should put her trash in the back yard to avoid it breaking in again?		2012 11 14 12:21																				1
The COM is calling to report that problem bear has broken into garage 6 times over the last few weeks. The bear has destroyed the garage door. Bear is only active at night and on Friday/Saturday/Sunday nights. Bear has been gaining access to the garage to get at the garbage stored inside.		2012 11 06 9:29																				1
Saw two large bears in the alley a short time ago. Caller thinks they may have been after garbage as she says it's pickup day today. Didn't see them get into anything. Briefed on attractants.																						1
Caller reports that she was horse riding towards home on a trail by the kitamat river going towards the Snow Flake Fairgrounds. They noticed that there was a bear behind her. She continued on at a faster pace and the bear picked up speed to follow them. Caller started running and the bear followed them flat out for about 2-3 hundred yards. Her dog yelped and screamed and they cannot find it anywhere. Caller is going to continue looking for her dog.		2012 07 01 10:08																				1
Advised that her neighbours (address above) have been leaving garbage out which just attracted a bear. Caller stated that her dogs did tree the bear but the caller removed her dogs & believes the bear has now left the area. Caller will call in any future sightings.																						1
Advised they received report of a Grizzly sow and cub sighted this AM about 0800 sleeping beside a residential vehicle. Noted the Blueberry is a fairly new subdivion.		2012 06 14 15:04																				1
Reporting a grizzly sow and three cubs that were on her property this morning at 05:30 hrs. They did not get into anything or hang around for too long, but the proximity to residence worries her.		2012 06 25 11:51																				1
Advised the grizzlies are back in the yard. They are a few feet from the yard, they are not moving away even though her husband has music playing and he is hammering. This is the 3rd time they have had these bears there.																						1
Advised a sow & 2 cubs were seen adjacent to her backyard. Advised the sow & cubs did take off upon hearing a loud noise.																						1
Caller was cleaning house and put a bag of garbage on the porch and it is now being eaten by a bear. Bear is not afraid of noise and refuses to leave and caller cannot get out of house.																						1
4 GB in empty lot next to his residence. Thinks it's a family unit, sow & 3 cubs. Sat 16th @ 1200 hrs June, had one large GB in back yard. Poss a GB boar.		2012 06 20 12:00																				1
Advised he saw a sow at the above location. Neighbour saw 2 cubs in the yard next to the sow. COM scared off the bears by yelling at them. identified the grizzlies by the hump. COM would like CO's to make more frequent patrols of his property.		2012 07 16 10:14																				1
Calling to advise the three yearling Grizzlies are on his property. He just set off a bear banger and it is not scaring them.																						1
Wants to advise the grizzly bears are getting closer to his house. They are still just grazing on grass.																						1
Three grizzlies are in his back yard. They are just heading into the gulley. Says they had been grazing on grass.																						1
At noon today his wife was outside with their 2 year old when the grizzlies walked up in their yard. His wife ran inside with their child. The grizzlies were in their yard for a while and then moved off into the neighbour's yard.																						1

Grizzly bears have just gone into the gully through his yard. It was the 3 juvenile bears.																				1
Advised there were just three grizzly cubs were just on his property. Caller stated he scared them back into the bush.																				1
COM advised the 3 cubs were in his yard again today about 100 feet from his shop. The sow and boar has not been seen in the past week.																				1
Advised there are three grizzlies in the back yard. They are eating the grass																				1
Reports a problem black bear hanging around the camp ground since this morning. This morning he was chased off, then he came back for a cooler, then back again. A camper just fire bear banger. Campers have been provided advise regarading food and garbage.																				1
Bear has been seen in the campground 3 times over the past few days, it was seen the first night sitting in someone's boat and it's been into camper's coolers since then. They've educated campers on the bears/attractants. Concerned about its comfort level around people.. Garbage is locked up.																				1
Three grizzlies - three cubs - behind the mount elizabeth senior secondary near mt cedar entrance in the back - school is out - but there is a child development centre with 3 -5 yr olds on the same property.		2012 06 28 15:51																		1
Reporting there were three black bears, a sow and two cubs, on his property about twenty minutes ago. They were on school property (RE: PWOR 12-6482 Grizzlies - CO Schrivner briefed) before being at his place.																				1
COM reporting a black bear that has been hanging around in the park at the above noted location for the past three days. Advises that people are leaving food out and the bear is most likely getting into unsecured garbage.																				1
RCMP received a call of a bear up a tree at the above location. There is apparently a party there and there are a lot of looky loos.		2012 07 03 11:38																		1
Advised there were three young grizzlies wandering the neighborhood around noon today.																				1
Advised there was a bear wandering around the campsite at the above location. The bear is comfortable in the area.		2012 07 03 14:00																		1
Advised there was a bear wandering around the campsite at the above location. The bear is comfortable in the area.		2012 07 03 14:00	No	Yes									KLUIVERS	2012-07-01 2125 hrs - CO KLUIVERS received call from PEP that RCMP would like to talk with a CO concerning a bear in Radley park. 2127 hrs - CO KLUIVERS called RCMP dispatch in Kitimat who stated: -that that at the moment there was a problem bear at Radley Park and that Cst. PENNY was at the location -that PENNY's cell phone # was 639-1661 -that RCMP file # was 2012-1780 2129 hrs - CO KLUIVERS called Cst. PENNY who at that moment saw the bear at a camp site and chased it into a tree CO KLUIVERS advised PENNY: - that by the time KLUIVERS would arrive in KITIMAT it would be dark - to shoot the bear if he was comfortable with it and if it was safe to do so PENNY said he was comfortable with shooting the bear CO KLUIVERS advised PENNY to use a slugged shot gun and get the tree trunk behind the bears head as a safe back stop CO KLUIVERS told PENNY that he would call PENNY back later. 2149 hrs - CO KLUIVERS received call from PEP who informed KLUIVERS to call RCMP KITIMAT 2151 hrs - CO KLUIVERS called Cst. PENNY who stated: -that he had safely dispatched the bear -that he had disposed off the bear over a bank [redacted] -that when in the process of removing the bear from Radley park there were many bystanders -that one male camper was on the verge of being arrested by the RCMP because of his belligerent behaviour as a result of the RCMP dispatching the bear -that the park was a "pig sty" and that it was no wonder that a bear was attracted to the camp ground -CO KLUIVERS thanked Cst PENNY for his work and told him that the COS would attend Radley park to educate the campers and the camp ground attendants about bear smart behaviour Update 1: 2012-07-03 10:08	Destroyed by COS		BLACK BEAR			1
Advised that the RCMP have now dispatched the bear. Request that CO call the CST Taylor or Penny back																				1
Reporting a bear wandering around the campsite at the above location. Members will try to haze the bear away.																				1
COM reports there is a sow and 3 grizzly cubs along with a boar being reported in the neighbourhood. The 3 cubs are seen a lot all by themselves and are about 150 lbs. The cubs are seen in the callers yard 100 yards from the houses feeding on grass. The caller is concerned the bears will become a problem as they are not reacting to the callers shouts any more.		2012 07 15 17:22																		1
Caller lives in a trailer court and people are still not securing their garbage. Caller thinks that the bear is living under an abandoned trailer next to her. caller states that this little bear is not afraid of anyone. Barking dogs do not scare him off.																				1
Advised there are two bear cubs in the parking lot at the above location. Caller was concerned because their were people in the temple.																				1
Advised there were two small grizzlies snooping in the garden about 10 minutes ago. One of the bears was there last night around 2000hrs. They have since left the yard.		2012 07 26 8:57																		1
Reporting a silver tipped grizzly this morning on his property. He saw 2 blonde ones last week as well.																				1
Advised that there has been a family of grizzlies hanging around the golf course for the past few days. There appears to be a sow, 2 yearlings and 2 newborn cubs. Currently the two new cubs are hanging around and have been there for the last hour. He has not seen the sow but is pretty sure she is around. He is concerned that these bears could be a real problem for golfers. He has not reported before now as he thought they would move off on their own.		2010 07 30 9:30																		1
Advised that she has a great concern because there is a Ladies Open Golf Tournament. Caller advised the group ahead of them were on #15 hole/ The sow and the babies were on the road. The girls activated the horns the bears did not react. Caller advised she did not see the bears but thinks something should be done.																				1

The COM is calling to report that grizzly bear sow and 2 cubs were spotted on the course this morning at 08:00. Bears have been camping out at the course in the evenings and getting into garbage bins near the club houses. COM is requesting call back from COS on this issue.																			1
Grizzly cubs have been hanging around all day, they are back again and caller has not heard back from COS. Caller will be at his res tonight s. 22 or at work number above after 07:00 tomorrow.																			1
The COM was calling to report that she spotted grizzly bear sow and 2 cubs on her street this morning. Caller is concerned being that bears are in residential areas.		2012 08 02 9:25																	1
While driving a golf cart on the course yesterday at the 4th hole ran into a grizzly sow and two cubs. Left the course immediately. All the women were advised and they too abandoned the game. Feels this is not acceptable as they paid to golf and the bears should be removed.		2012 07 30 11:22																	1
Wanted to alert CO Gareth Scrivner about a bear that dug under the electric fence to access the landfill overnight, they have since backfilled to prevent bear from entering again. Advised caller # 24/7 for staff to report future activity.																			1
Advises there are 2 sow and 5 cubs in total that have been around the golf course lately. Caller states the bears were getting into the garbage at the club house near the carts yesterday. Caller states the bears do not scare away.		2012 07 26 11:18																	1
Advised there was a grizzly sow and 2 cubs that have frequented the golf course daily for the last week. They are there every day. The last time she went there was the 24th and she saw them.		2012 07 26 10:11																	1
Advises there is a grizzly sow with 2 cubs and a sow that has one cub that have been hanging around the golf course. Caller concerned as it is ladies weekend and there are 92 women scheduled to golf there.		2012 07 27 20:55																	1
Report of a grizzly sow and cub that were in the back yard of the address above, they did not stay around.																			1
Advised there is a small bear running around in the area, the caller feels it is small enough to be with its sow but the larger bear has not been seen in a week. The bear has not been easy to scare off and seems used to the noisy construction site.		2012 08 01 9:19																	1
Advised there is a small bear running around in the area, the caller feels it is small enough to be with its sow but the larger bear has not been seen in a week. The bear has not been easy to scare off and seems used to the noisy construction site.		2012 08 01 9:19	Yes	Yes									GORDON	At approximately 1200 hours Picked up bear trap at Kitimat village yard. At approximately 12:55 hours attended ATCO camp at Rio Tinto Alcan. Met s. 22 s. 22 advised CO that the bear had ran off site approximately 10 min ago. Bear ran through an opening in the fence. Conducted assessment of garbage area with site manager. Garbage area has not changed since last site visit. bear was eating refuse that had been spilled over the side of the metal garbage container. Cooking oil and various other organics present at site. Sat in a meeting with site manager and site s. 22 Advised that two options were available to deal with the bear problem as it would not be there last. Through voluntary measures through advice provided or by way of DWPO. Provided the following advice. Address all attractants at site, by cleaning and mantaining the site and to address access to the area by wildife. Currently one fence surrounds the entire compound. This fence has several openings and can easily be accessed by bears. Suggested swecondary containment around the garbage area and to use electric fencing. set bear trap beside garbage bin. site manager to flag the trap off. site manager shown how to check trap and re-set if necessary. Provided callback number and advised if the bear hasn't been in the trap by friday, the COS would remove the trap and assess the garbage area again for cleanleness. 1350 hours 10-8 Update #2 2012-07-31 09:20 CO KLUIVERS called COM who stated that the bear is probably a one year old cub. The cub is presently hanging around the	Destroyed by COS		BLACK BEAR			1
The bear is in the trap. Caller advises that he was told that the owner/operator from Northern Lights was going to be in the area on Thursday and she was hoping to stop by and assess the bear that has been trapped. Advised caller that the CO would be notified that the bear has been trapped and will determine the appropriate course of action.																			1
Calling to advise the bear has returned and it is hanging around the kitchen garbage where everyone gets dropped off to catch the buses into camp. Advises that the bear is too small to get into the garbage, and that he believes a trap has been set for it.																			1
The COM wants the COS trap relocated to another area of the facility.																			1
Yearling hanging around all morning, attracted to the garbage dumpsters & the kitchen. Camp is located on the Alcan Smelter Rd. COS was there last year.																			1
Bear cub under a trailer and it will not go away. OO has briefed safetu officer on what to do but RCMP want CO contact abiut this situation.		2012 08 02 9:18																	1

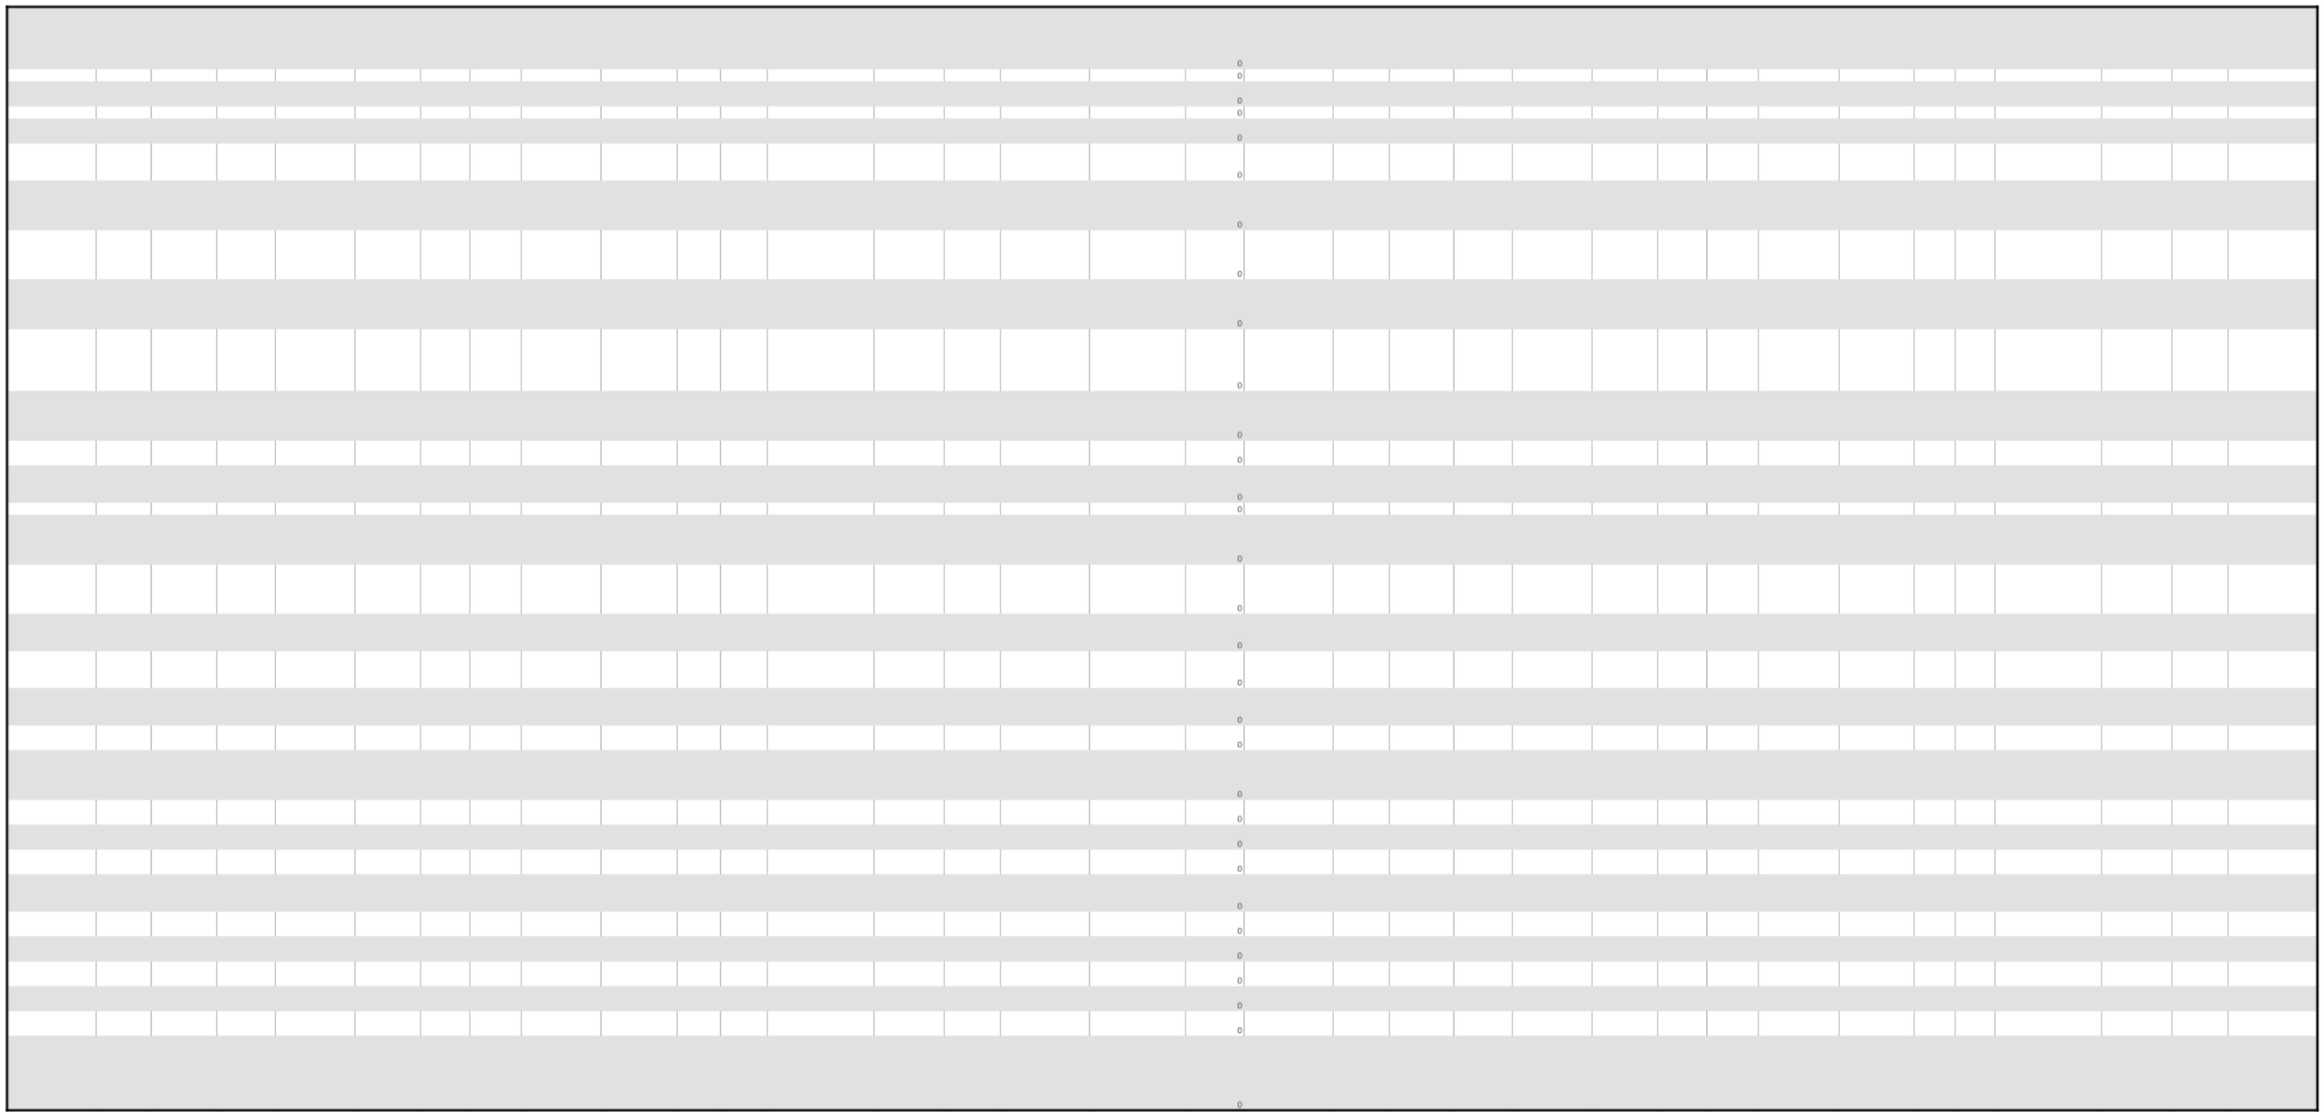

At approximately 1200 hours Picked up bear trap at Kitimat village yard.
At approximately 12:55 hours attended ATCO camp at Rio Tinto Alcan.

s.22 advised CO that the bear had ran off site approximately 10 min ago. Bear ran through an opening in the fence.
Conducted assessment of garbage area with site manager. Garbage area has not changed since last site visit.
bear was eating refuse that had been spilled over the side of the metal garbage container. Cooking oil and various other organics present at site.
Sat in a meeting with site manager and site s.22
Advised that two options were available to deal with the bear problem as it would not be there last. Through voluntary measures through advice provided or by way of DWPO.
Provided the following advice. Address all attractants at site, by cleaning and mantaining the site and to address access to the area by wildlife. Currently one fence surrounds the entire compound. This fence has several openings and can easily be accessed by bears. Suggested swecondary containment around the garbage area and to use electric fencing.
set bear trap beside garbage bin. site manager to flag the trap off. site manager shown how to check trap and re-set if necessary. Provided callback number and advised if the bear hasn't been in the trap by friday, the COS would remove the trap and assess the garbage area again for cleanleness.
1350 hours 10-8
Update #2
2012-07-31 09:20
CO KLUIVERS called COM who stated that the bear is probably a one year old cub. The cub is presently hanging around the kitchen garbage containers. It is too small to climb in. The trap has been set nearby.
CO KLUIVERS told COM that we should wait for the bear to get into the trap. COM should call the RAPP centre immediately once the bear has been caught in the bear trap or when the bear starts to act boldly/aggressively.
Update #3
2012-07-31 09:38
CO KLUIVERS talked with COM who requested if they could relocate the trap as the bear was hanging around in another part of the compaound.
CO KLUIVERS told COM:
-that under no circumstances anyone else but the COS was allowed to handle the trap
-that it would be no good practise as to chase the bear around with the trap
-that the bear would probably return to the location where the trap had been set as this was the only area where attractants were present if the Alcan employers would be diligent in their garbage management.
Update #4
1718 hrs CO KLUIVERS received message from CO SCRIVNER that bear had been caught in trap. CO KLUIVERS sent CO SCRIVNER message that CO KLUIVERS will go out and deal with bear.
1745 hrs CO KLUIVERS left for Kitimat, picked up trap, destroyed bear off s.15 and returned trap to Kitimat public works.
2012-08-14 09:08
A/Sgt D. Milne Reviewed

														2012-07-30 11:23:28 Briefed CO Ryan Gordon NOTE: ECC Rep advised CO that he told COM's at both RCMP and Rio Alcan to lure the bear out of hiding with food to the other side of the fence in the compound. CO Gordon called RCMP at 11:24- Spoke to Admin. They advised John at Rio Tinto has been calling all morning regarding a bear under the ATCO trailers. Provided COMS name. 11:26 hrs - Sgt Struthers received a call from S/Sgt Steven Corp, Kitimat RCMP. S/Sgt Corp advised that his Admin Assistant Laura Westcott had called the RAPP number this morning, after an employee from Bechtel had complained to the RCMP about the service/response they that received from the ECC. Bechtel had called the ECC, reporting that they had a bear cub underneath one of their camp trailers (Alcan Modernization crew camp in Kitimat). Bechtel was told by the ECC that they should use bread to lure the bear out from underneath the trailer, leaving a trail for the bear back out into the bush. The camp is enclosed with a chain link perimeter fence. RCMP (Westcott) called the ECC to confirm the above information. The ECC operator, FN: Mike confirmed that he had told Bechtel to use bread and a crumb trail to lead the bear out from underneath the trailer. S/Sgt Corp advised that in his opinion, the advice provided and the action taken by the ECC operator appeared to be careless and unprofessional. Sgt. Struthers advised S/Sgt Corp that he would follow-up with this his complaint. CO Gordon called Rio Tinto [redacted] at 11:32 Bear is under the ATCO camp. Looks to be approximately 50 lbs. Security is watching the bear from inside a vehicle. Advised COM to keep people back from the bear-do not approach ATCO compound is totally fenced in.					
Bear cub under a trailer and it will not go away. OO has briefed safetu officer on what to do but RCMP want CO contact abiut this situation.		2012 08 02 9:18	Yes	Yes						Culvert Trap			GORDON	SOW is no-where to be seen.	Destroyed by COS		BLACK BEAR			1

Advised of a BB that has been seen hanging around callers property for the past week. Caller stated the BB does not easily scare off. Caller also mention that 2 days ago, her teenage grandson was "stuck" at the bus stop as the BB was in the driveway blocking the pathway to the door. (No call in was made at that time). OO advised caller it is very important to report sightings/occurances in a timely fashion.																							
There is a habituated bear that has taken up residence in the callers yard for the last couple of years. The caller has got rid of the fruit trees, has garbage stored in a shed that locks and there are no known attractions. The caller reports that she has tried to scare the bear away by honking the horn of her vehicle, making loud noises, yelling, banging and the bear will not leave. The caller has two kids and is concerned for their safety when getting off the bus.		2013 04 29																					
Advised that there are several reports of a cub that may be orphaned near the above location. The caller is requesting COS permission to set a trap.		2013 09 04																					
RCMP received call from COM reporting grizzly bear sow and two cubs at the above location this pm.		2013 04 30																					
Caller advised that a sow was struck by his vehicle but has left the area. Caller does not believe it will survive. There are a couple cubs that were with it.		2013 08 30																					
Advised there is a bear eating garbage outside a house that is three houses from the house to the right.		2013 08 30																					
Advised there was a bear that went into a carport across the street looking for garbage. The bear did not get any but it is garbage day tomorrow,																							
Bear was outside her mom's house. She heard a noise and looked outside. Thinks it was about to get into the garbage. Her mom does have a shed, but the lawn mower's in there. Bear has moved on to the neighbour's house now.		2013 09 04																					
Advised there is a bear walking at the above location.		2013 09 03																					
Advised there is a bear at the above location getting into the garbage. There is a school next door to him. Concerned for kids.		2013 09 03																					
Reporting a bear in the garden eating berries. He got into the garbage this morning.		2013 09 05																					
Calling to report that there is a black bear on the doorstep of the RCMP's complainant. RCMP Officer will go over and check out the situation to make sure everyone is safe. The COM said the bear was not being aggressive, just hanging out on the doorstep.		2013 09 05																					
Calling to report that there is a black bear on the doorstep of the RCMP's complainant. RCMP Officer will go over and check out the situation to make sure everyone is safe. The COM said the bear was not being aggressive, just hanging out on the doorstep.	Yes	2013 09 05	Not Required	Yes	Yes								Kluivers	2013-09-05 08:24 CO KLUIVERS called Kitimat RCMP and talked with Const. MONSEAU who stated: -that the RCMP file # was 2013-3192 -that the RCMP attended the site and found garbage strewn over the yard and a small black bear at the door step of the next house -that the bear was chased into a tree and dispatched by RCMP members X-ref PWOR 13-12643	Destroyed by Other	2013 09 04	BLACK BEAR			1			
Caller advises that they just looked outside and down by the trail there is a bear sitting there ripping open garbage bags from someone that has put their garbage out tonight. Some cars have pulled up and are flashing their lights at it but he seems to be just ignoring them.																							
Caller stated that the campers at campsite 46 left and left a bunch of garbage at the site. Now there is a bear at the site. While on the call, the RCMP arrived.		2013 09 09																					
Caller stated that the campers at campsite 46 left and left a bunch of garbage at the site. Now there is a bear at the site. While on the call, the RCMP arrived.	Yes	2013 09 09	Yes	Yes	Yes								Kluivers	2013-09-07 17:15 CO KLUIVERS patrolled Radley park and set trap. Two year old bear spotted. campers told CO KLUIVERS that was the bear that had been hanging around at the park for the last few days. Unable to tree the bear/get safe shot. Wait for bear to get trapped or new reports. 2013-09-07 21:17 CO KLUIVERS called COM and notified COM that trap had been set halfway entrance road in park. 2013-09-08 17:20 CO KLUIVERS picked up bear trap and destroyed two year old male BB. Destroyed by Other	2013 05 03	BLACK BEAR			1			

Caller reporting a bear in the trees by his trailer park. He stated that there was garbage all over the place and that someone had scared it.																										
Caller advises that the bear has been around for about a week now. It is currently at the back of the property in the bush eating berries from the hedge. It has gotten into a neighbours garbage and is around in the middle of the day and kids are out.																										
Calling to report that there is a bear in the caller's yard- the bear refuses to leave even when the caller makes a lot of noise. The bear has gotten into the garbage the past week, and now it is just sitting there standing his ground in the backyard.The bear has pulled cedar planks off of the garbage bin receptacle to get to the garbage enclosed inside,.																										
Caller stated that he spotted a bear wandering down the street at the above location. The bear is not exhibiting any unusual behaviour.																										
C/N calling to report that black bears have clearly been getting into the garbage that is situated on the school property directly behind his house. The garbage was secured quite well last year and locked, but the receptacles have since been replaced that are not locking and there is school cafeteria trash all over his back yard.		2013 09 24																								
Advised mess left by BB was cleaned up and stored in shed on property for disposal today. COM stated the BB returned sometime during the night and repeated the process. COM stated the bins will be replaced on Friday.																										
Reports a black bear got into the highschool dumpster. Most recently last night about 2000 was sighted. Requested the school be advised to lock their garbage.		2013 09 18																								
Advised a bear came into the garage by lifting the garage door and got into the garbage.		2013 09 27																								
Advised that the bear is back getting into his neighbours garbage.																										
Advised that there was a bear at the above location. The bear has taken off into the wooded area.																										
The RCMP recieved a report of a large black bear on the COM's property,																										
Reporting that a bear ripped their garage door in and open, going after their garbage.		2013 09 28																								
Advised of a BB that was seen roaming around in the neighbourhood. COM stated the BB brought a bag of garbage from a neighbouring property and fed on it in COMs backyard. COM also stated that last week the BB got into her storage shed and got into her garbage as well.		2013 09 28																								
Caller advises that the bear looks like he is attempting to get into the dumpster out back.																										
RCMP dispatch received a call from the above of a bear that is into garbage near where she is parked and she is nervous about trying to get out and into the apartment building. Advised her to try flashing the lights and maybe honking the horn to scare it off long enough to get inside and if this did not work to call back.		2013 10 01																								
Reports a black bear in the area has broke into the garage in the last four night. The bear physically broke the lock. The door is wooden and springs up and closed by a sliding bar and frame. The bear has pulled the screws off the door. The bear comes at night. Most recently on the property sometime during the night.		2013 10 06																								
Reports a black bear in the area has broke into the garage in the last four night. The bear physically broke the lock. The door is wooden and springs up and closed by a sliding bar and frame. The bear has pulled the screws off the door. The bear comes at night. Most recently on the property sometime during the night.	Yes	2013 10 06	Yes	Yes	Yes						culvert trap	2013 10 01	2013 10 06	Gordon	2013-10-01 1000 CO called COM. Bear has broke into the garage twice now. COM stated the bear is very large and has been seen a number of times near her residence. CO will attend residence to set bear trap. 11:45 hrs CO GORDON attended site. Resident advised that the bear had broke into the garage several times and got into garbage. Door is undamaged and was not properly secured. Advised resident to secure garage door and store all organic or smelly garbage in a freezer until garbage day and to keep all garbage out of the garage. set trap in driveway of residence and advised resident to call the RAPP number if the bear is seen again or it enters the trap. 2013-10-06 0800 CO GORDON attended residence and picked up bear trap. Bear destroyed and dumped in wilderness location. NFAR	Destroyed by COS	2013 10 06	BLACK BEAR			1				
Advising that the bear is back in the yard. They have a live trap in their driveway but the bear is in the carport.																										
Caller advises that the bear is in the trap. A neighbour is coming over to have a look with a flash light. Advised her to try and keep people away and the animal would calm down and they would likely be out in morning to collect it.																										
Advised the bear grabbed some garbage and went behind the camper to eat it.		2013 10 02																								
RCMP member spotted a bear near the area of the pedestrian bridge at the above location. The bear ran across the street.																										
eReporting that there was a BB that got into the garbage at his apartment complex		2013 10 15																								
The COM is calling to report that problem black bear has been in the area for the past 5 weeks. The bear has broke into the caller's storage shed every third night to get access to the garbage stored inside.		2013 10 17																								
Every morning for the last couple weeks a bear ws getting into the garbage. Moved the garbage inside garage yesterday.		2013 11 05																								
C/N reporting a black bear that is across the street knocking around her neighbours garbage containers.		2013 10 28																								
The COM is calling to report that a large male Grizzly Bear charged him twice, within 10 feet, on Saturday afternoon near the above location. Caller had to fire two shots off to scare off the bear. Lots of fish carcasses on or in the creek. Another person reported a similar situation in the area with that bear last night.		2013 12 04																								
COM calling to report a grizzly sow with two cubs who have been observed around the Shell Terminal several times in the past few days. Recently, while an employee was leaving work heading northwest of the plant he encountered a cow moose that was frantically running around and squealing or calling for its calf. The employee believes that the grizzly bears might have killed the calf and that is why they continue to return. States the last sighting of the trio was 45 minutes ago. They have not had a conflict to date, but wanted to report the concern.		2013 05 30																								
Black bear was there last night. Came up her driveway, went through the back yard and into the neighbour's property on 16th. It came from the ravine across the street. Caller says their neighbourhood is known for black bears and every year the CO sets traps. She wants to suggest that the CO set a trap early this year instead of waiting.																										
Reporting a bear wandering around the neighbourhood last night . He was quite large.																										

Advises a bear has been coming around the company work site. It has been seen foraging around the work site, they have tried hazing the bear but haven't had any luck.		2013 06 07																					
Caller stated that last night there was a medium sized bear in the back yard at the above location. This is the first sighting of the bear. ***Caller has two outside dogs (1 is a bear dog) and she would like a callback from the CO to discuss.***																							
Grizzly cub is in the grass behind her house.		2013 06 09																					
Calling to advise that RCMP will be attending to locate the Grizzly Bear. If the CO needs to speak with the RCMP officer, please call her cell and ask for Stephanie.																							
Caller reporting that there are two grizzlies (sow and cub) that keep getting closer and closer to her back deck. Caller is very concerned that these bears are living on her acreage and getting too comfortable being that close to the house.		2013 06 15																					
Requested to speak with local CO. The police told her to call and get a response. Suspect the grizzly is living on the property. Can't safety let the dogs outside.																							
The COM is calling to report that once again the large grizzly bear is sleeping in the back yard this am. RCMP stated that someone witnessed the grizzly dragging a moose carcass across the dirt road behind her property. RCMP attended and sirened/hazed the bear. Bear keeps returning to the property.																							
Advised that RCMP have gone and chased this bear a number of times and they feel that Conservation Officers should be out there dealing with this bear. When they chase it off it comes right back. Police not responding but want COS to respond. Request COS phone them to discuss this as well.																							
Grizzly bear was sleeping on the property and was out of view, but has now woken up and is near the trailer. Caller let off a flare and the bear ran away for 2 minutes, but is now back eating their grass. Caller is worried because they have 21 children arriving in Saturday for a bday party.																							
Advises caller put her dog outside this morning and the grizzly charged the dog, the dog came back in the house. Caller is out of bear flairs and is going through 5 or 6 a day. Caller has 22 children coming to her house today for a birthday party.																							
Advised that there are a couple of bears on the roof of the liquor store across from the pool. RCMP members are responding.																							
Caller advises that the grizzly is feeding on a moose carcass and is continuing to hang around and is a threat to the kids in the area. If nothing is going to get done he will be dropping the animal himself.		2013 06 15																					
Caller is extremely frustrated and wants to know why his call wasn't imporant enough to warrant a call back. He would like to speak with a CO ASAP and mentioned multiple times that he will shoot the bear																							
Calling to report that there is a grizzly cub in the backyard at the residence above. The bear is just eating some berries in the area, not causing any harm. The bear is not acting aggressive, but the COM is concerned for her children's safety.		2013 06 22																					
COM calling to report that he and his family were hiking at the above location yesterday at 1500 hours when they were charged at by a grizzly bear sow with two cubs. The grizzly was first spotted up the trail about 100 feet when she charged. She stopped running at approximately 25 feet when COM's two dogs began barking and chasing. He owns one . The dogs successfully put the run on the bear and returned to him 5-10 minutes later.		2013 07 16																					
Reporting a grizzly bear in town near the above location.		2013 07 17																					
Reporting a grizzly bear wandering through the campground on the 21st.		2013 07 23

The bears have been there for a while but recently the bears have walked right up to the caller. On Friday the bears showed up at the hatchery pipe and then started walking towards the caller who was packing up his gear. The bears walked from 200 yards to whithin 100 as the caller was yelling at them and leaving. Sunday evening the caller was again fishing and getting ready to leave around dark and the bears came from downwind and were not seen until about 30 yards away. The small sow was growling and thuming the ground with her front feet. Caller and his group had to walk around the bears to get out of the area and she parralled them in that direction.

We have been having quite a few grizzly bears around the hatchery and was wondering if there were any of the bear signs available for posting at the hatchery. I am going to put up some temporary paper ones today as a juvenile grizzly has been at outfall this morning and approaching people quite closely . The First nations had a net in at the outfall and the bear would not leave. I took the fisheries truck down to allow the individuals to pull their net and vacate the area. Please contact myself or Markus Feldhoff at the hatchery or I can be reached at home over the weekend at s.22 if you need further information . Thank you Vince Sealy Operations Manager Kitimat Hatchery PO Box 197 Kitimat BC V8C 2G7 250-639-9888 mailto: Vince.Sealy@dfo-mpo.gc.ca

Camp is at end of gravel road on Kitimat River near hatchery	COM was on the beach fishing, he noticed a sow and 2 cubs walking towards him, as he was downwind they didn't notice at first, but then headed into the bush. COM fired off a bear banger. Approx 10 minutes later he heard a loud screaming and a dog in conflict with the bear. The dog belongs to a European couple that asked COM for a cell phone to report the altercation. There is a doctor at the camp that said the dog requires stitches; unsure if it will survive. Sow and cubs were still on scene while COM was on phone with RAPP line. COM is staying near the camp at least for the night.

Yes	2014 07 15	Yes	Yes	Yes									Gordon	2014-07-15 11:00 CO provided direction to Kitimat RCMP: If the bear is a single 2yr old grizzly bear, it is a bear that is causing property damage and is habituated. CO will be enroute to Kitimat. 3 members are attending. CO gave ok to kill bear if safe opportunity exists. However, CO is attending and can assist. 11:20hrs CO recieved radio communitcation from Kitimat rcmp that they shot the bear. 11:35 CO arrives at pollution control area on the kitimat river. Grizzly bear located in the bushes a short way from a dyke road. Bear shot dead. CO and RCMP removed bear from the area. 2 yr old bore. Confirmed that this was the offending bear. Trap was currently set for this specific bear. 12:30 CO pulled trap on opposite side of the river 2015-12-15 A/Sgt GORDON reviewed file. 14:20 disposed to bear in remote wilderness location	Destroyed by Other	2014 07 15	GRIZZLY BEAR			1	116180

No	2014 07 25		No										Kluivers	2014-07-25 13:33 CO called COM. Through the concersation the following info was discussed/revealed: -that COM did not get any specifications of the GB from the initial caller -that COM did not get tel # from initial caller -that in future, COM will ask all that info -that CO would be patrolling the area soon 2014-07-25 22:17 CO patrolled Hirsh Creek campground. CO attended campsite #2 and observed the following: -that there were numerous attractants: various totes with food and a picnic table full of various bottles and jars with food. -that the campsite was unkept CO talked to [redacted] who was one of the four men who occupied the campsite. [redacted] was cleaning up an overturned food tote. Various meusli bars were scattered around [redacted] itated: -that that morning a young GB had been in camp -that he had contacted the city of Kitimat - that just 20 minutes ago he had returned from work and found the young GB in camp - that the GB had turned over his food tote -that he and three other men were working at the LNG project -that they were from Vancouver and not used to bears CO told [redacted] to tell his fellow campers the following: -that their campsite should be cleaned up and kept free of food immediately -that all food should be kept in totes and taken with them in their trucks when nobody would be at their camp site -that the COS would check on their camp site in future and may issue tickets if campsite not held clean [redacted] said he would do that. No	2014 07 28		No									Gordon	2014-07-28 11:12 CO GORDON called Kitimat RCMP, constable PENNY attended the site last night. RCMP file number: 2014-2524. Member reported that he saw the bear when he arrived at the site and that the bear took off shortly after. CO to email Constable to obtain more details. 2014-07-28 2130 hrs Report from Constable PENNY - Kitimat RCMP We got the call that the bear was near the boat launch at Radley. Coming over the bridge I observed the bear in the water minding its own. Of course there was like 10-12 people just standing there watching snapping pictures about 50ft from it. When we got down to were it was the bear was walking on the island to the right of the launch. A guy there fishing, continued to fish. He said that the bear walked past him with no problem and then the bear went on to fish on its own. Nobody seemed concerned about it. We last saw the bear at the mid point of that island. It is probably a 3yr old I'd guess. It is definitely not the mom or the cubs. In great shape. In my opinion it was minding its own and left on its own. Just people don't know what to do in bear country plus they want to FN pet the thing and then "YOU and I" get put in the paper as , "the trigger happy cop and the useless conservation officer" as we are right now, LOL. The bear is there as that is where people are gutting there fish. Easy pickings on the guts. So basically this was a bear walking along a river and people called it in, end of story. COM advised of a GB wandering around the area. CO Dale Kluivers was in the area on Wed and set up a trap but GB has not gone into yet. COM is requesting a call back from available CO.		2015 01 06																						
Advised they have a trap placed by the garbage bins at the above location. The bins are unknown to be closed at this time.		2015 01 16																						
Advised the bear is back as of 10 min ago and went into the bin but ignored the trap.																								
Advised the bear was standing at the dumpster, unable to get food and went off towards the bush 5 min ago.																								
Just saw a bear wandering around. It's about 50' from caller as they are coming down the trail.																								
RCMP received call reporting black bear sighting at the above location this afternoon. RCMP are responding to the scene.		2015 09 17																						
Last night when he was out picking the fruit the bear came around and was standing close behind him. This morning as he was getting his tools out of the garage for work it walked right past him and stopped looked at him and then carried on. This is a really big animal with another slightly smaller one coming around as well. He will try and get the rest of the fruit picked today.																								
Advised 2 grizzlies are eating fruit in the tree in the back yard. Caller wants to leave and doesnt feel safe doing so.		2015 10 01																						
Saw a grizzly in the parking lot of the Sikh Temple while out walking her dog. Not far from Smith Road.		2015 10 03																						
Caller advises that when she and a fellow worker were outside they could hear a hissing sound and are not sure if there is a bear out there or not. The other person was looking to see what was making the noise but she is not sure exactly where it is. Her other concern is that they have automatic doors to enter the building i.e. you just need to walk up to them for them to open!																								
Reports a grizzly bear walking on the street at above location. No aggression/attractants reported . COM: Ken Billingsly .250-632-3594		2015 10 05																						
Caller advises that a bear (unknown if griz or black) came and knocked over the neighbours garbage bins and now it is scattered over their driveway and yard.		2015 10 14																						
RCMP requesting a call back from a CO regarding a grizzly bear that was sighted at the above location.																								
Calling for an update on this report. He was under the impression that the COS was putting a trap out and he was just following up. He would like to speak with a CO.																								
Caller advised that there has been a bear in the area for the past few days. The bear was trying to access the garbage in the dumpster. The garbage area is secured.		2015 10 08																						
RCMP is calling to report that the Grizzly Bear was just spotted at the above location this afternoon. RCMP stated that COS was bringing a trap to Kitimat today.		2015 10 08																						
Advised that they have two moose hanging in the garage at the above location and they have two grizzlies in the yard, looking for some guidance and advice.		2015 10 08																						
Caller saw three grizzly bearsin her yard at about 1130 this morning. They were checking out her chickens. Caller chased them off. They were last seen on Chinook street. They have been wandering around all over the community and sighted by several people.		2015 10 18																						
Trying to reach him so she can send some pictures by email. She has more information to provide him.																								
[redacted], reporting a grizzly looking through cardboard on the porch. Her husband blew an air horn and it wandered off. RCMP not attending. This happened about 30min ago.		2015 10 18																						
COM reporting 2 grizzles in their yard at the moment eating grass. COM called RCMP as well who are responding to the property. Her husband has Alzheimer's, so she is concerned.		2015 10 10																						
The bear is back and she can hear it ripping vines off the side of her house. Caller says she is freaking out. While on the phone she advised a relative had just arrived. She had phoned them first about the bear being back.																								
Reporting a GB wandering around the above location.		2015 10 11																						
Large bear across the road from COM, eating fruit in someone's yard. Trying to get fruit from pear/ apple tree's. Unknown if it is a grizzly or black bear. Neighbours have seen grizzlies within the last week on the road. While on phone, bear took off down the road.		2015 10 14																						
GB spotted about in the above location about 5 mins about prior to call in. Not easily scared off by COMs vehicle. GB slowly took off toward nearby gulley.		2015 10 14																						
grizzly in town animal carcass in the back of																								
COM advised that about 1 hour prior to call in, she heard what she thought was a gun shot. COM drove around the immediate area to see if maybe a CO was in the area and got one of the 2 GB recently seen in the area. COM stated that she just noticed a GB laying under the fencing near the horse coral (less than 1 acre from horses). COM is not certain that the GB is injured and doesn't want to get to close (just in case). COM believes that if it is in fact injured, one of her neighbours shot the GB.		2015 10 18																						
Caller received a report of a brown bear on Nalabila Blvd, at Raley Park 40 minutes ago. There is a playground at the park, but police in Kitimat haven't received any reports. Caller thinks it is probably the grizzly that has been around. Original reporting party was from France. Emailed due to time delay and no further reports.		2015 10 13																						
OCC in Prince George received an anonymous complaint that a grizzly was lying on the sidewalk a[redacted] in Kitimat. Lots of people around. No name or number provided.		2015 10 14																						
Large grizzly walking down sidewalk behind COM house, going towards Hawk Street and a playground. RCMP are attending.		2015 10 14																						

COM advised that GB was standing in front yard about 5 mins prior to call in. Unknown if GB is still in the area or not.		2015 10 14																								
Above COM contacted RCMP to report a bear seen wandering around in her backyard. Dispatch stated that original COM was unsure if it was a BB or GB. *OO listed as GB in case - for public safety reasons*		2015 10 14																								
[redacted] reporting a large girzzly bear chased her and her dog. No one is hurt. This just happened.		2015 10 14																								
Constable on scene updating that the grizzly got up on its two feet, and was reportedly becoming more brazen. They are currently on scene looking for the bear.		2015 10 14																								
COM advised of a GB near her residence in the vacant lot feeding on the grass.		2015 11 14																								
COM reporting a grizzly roaming around her yard last night that broke through her and her neighbours fences. Her husband spent $500 to repair the fence. The bear was back last night and broke the fence again. Asked caller if their garbage can had been in the back yard again. She said the cans are empty. Suggested securing them or rinsing with bleach. Caller and her husband are quite upset about their fence being broken again.		2015 10 15																								
Advised a GB is currently in the back of the above residence feeding on grass. RCMP members are attending. No need for CO assistance at this time but will advise if future assistance needed. RCMP # 15-3124. Member attended. No A/T behaviour. COS were in the area today and are aware of situation. Member wondering if there is an action plan regarding this nuisance GB.		2015 11 09																								
Advised a GB was just seen feeding on neighbours garbage a few mins prior to call in. COMs husband looked outside and saw that the garbage cans had been tipped over. COMs husband yelled at the GB who eventually "sauntered off down the street". *OD accidentally phoned CO*		2015 11 09																								
Grizzly bear was spotted 45-60 minutes ago in the gulley behind their house. Says it's been on their Facebook Awareness site. The forest can best be accessed through their back yard.		2015 11 09																								
COM reports sighting a young bear tonight at above location.		2015 11 09																								
COM reports seeing a 2 year old grizzly tonight walking past his home. The bear moved off in a hurray south, down the hill. Caller advised he knows bears and could identify this one as a grizzly by its size and profile.		2015 11 09																								
Advised of a GB seen wandering down the street near COMs residence. Sighting was about 5-10 mins prior to call in.		2015 10 18																								
COM reports a grizzly has been reported on Facebook recently and is getting into garbage in the neighbourhood tonight.		2015 10 18																								
COM reports a grizzly passing through his yard tonight.		2015 11 13																								
COM emailed CO Scrivner with the following concerns of Grizzly in the area: : So this grizzly situation in kitimat is getting ridiculous I'm not sure if it's been reported but last night he was sit by a truck on swallow st people are saying he's fine. If this bear or bears I'm unsure of how many there are if its 1 they certainly know how to get around! My next question for you is do you ever do presentations for the community because I'm going to loose my mind at these people on the kitimat buy and sell or kitimat bear aware I realize there all terrified but there going around it all wrong. Anyways my thought was if you guys aren't busy and actually do presentations to maybe book the river lodge for a community presentation?? I think the community would be pleased and if not many people show up you can at least say you did it!! Many of these new people have never been around bears and are terrified for their lives lol Well I hope to hear from you and hopefully this makes sense! COM's email address is [redacted]		2015 11 13																								
Advised scat was seen at the above location. Concerned and thinks a bear was in the area recently.		2015 10 26																								
Advised there is a grizzly at the above location going through the garbages in the trailer park. It also tried to get into a car but was unsuccessful.		2015 11 09																								
Reporting that she heard a bear growl at her while waiting for the bus with her daughter.		2015 11 13																								
Caller advises that they heard a noise and on checking noticed a really large bear had taken their neighbours garbage bin and was on their front lawn. It has now moved across the street to her fathers place. They could not get a good look at it and are unsure if it was a black or grizzly bear. Reporting that she is sure it is a grizzly and it is back, getting into garbage.		2015 11 14																								
Advises that she was called while on shift this morning by her boyfriend to report a really big bear had knocked their garbage cans about. They will be moving them into the shed in the backyard.		2015 10 27																								
Advised that the grizzly bear that has been hanging around the neighbourhood was in her yard at around 0400, she was too tired to call it in then. The bear ripped into her garbage and it is all over her yard.		2015 11 23																								
Large bear sitting and eating garbage behind fence on walking pathway. Bear was heading west towards Capilano street 5 minutes ago. Couldn't tell if it was a black or brown bear.		2015 11 03																								
Received report of a BB that was hit by a car and is badly injured. RCMP are on the way but do not know if the BB is still there or not.		2015 11 09																								
Reports a black bear got into the neighbour's yard and later climbed a fir tree between the two properties. Worred about the kids coming back from school later today. The tree is on the back fence and the side walk and gully are behind the tree in the back. The bear is now sleeping up in the tree. The COM is calling to report that a large grizzly bear knocked open a closed garage door, gained access to the garage and swiped a bag of garbage. Bear is feeding on garbage contents nearby the caller's home.		2015 11 19																								
Advised there is a grizzly in the garbage. Requested contact with local CO regarding the grizzly in Cable Car.																										

| | | |

Advised there is both a cinnamon grizzly and a black bear (thinks this is also a grizzly). Wants both removed because he is tired of cleaning up the garbage and worries about running into either of the bears.	Yes	2015 06 13	Yes	No	Yes									scrivner	2015-06-11 10:55 Attend kitimat dispatch GB and reset the trap. Reset the other trap as it had been moved to a location where it could not be hitched. 2015-06-12 22:11 CO Scrivner attends and collects trap. Euthanizes a 3rd year GB boar. Disposed at 2km Williams Creek FSR.	Destroyed by COS	2015 06 11	GRIZZLY BEAR				1	88888					
Reports that there is a grizzly in 1 out of 2 traps set at property.The other bear tripped the door on the 2nd trap but was not caught. COM reset the door and says 2nd bear is hanging around.																															
Asked to speak to COS and would not say why as OO is an answering service and he wants to speak to CO Walauer.																															
RCMP just called to say that they had spoken to the caller who told them that there is a grizzly bear in the trap under his window and he is going to move the trap himself if no one comes to take it away. Caller refused to give this information to the OO when he called the first time.																															
Caller stated that there are two grizzly bears that will stand on the trap but won't go in. The caller also stated that there are some teenagers in an ATV that are scaring the bears away from the trap.		2015 06 21																													
Advised on her way home on her scooter she saw a bear on the sidewalk behind Esso. She was afraid to see what the bear was doing.																															
Caller came into the RCMP station to report that there was a grizzly sighted near the above location, main concern was that there is a school in the vicinity. RCMP have an officer responding to have a look.		2015 06 21																													
Caller advised that there is an injured bear cub with it's mother at the above location. the bears are mobile and range between both of the gates.																															
pCaller reporting that an injured young BB keeps trying to get into the plant property and it is just across the road from the plant at time of call. Caller stated that it had an injured front paw. She thinks that it may have been hit by a vehicle.																															
Caller reported that the injured black bear is currently trying to get into a building on their property.																															
COM calling to report that on the 17th a small grizzly bear showed up, damaged the fence, and gained access to the landfill. The fence was immediately repaired. The bear returned on the 18th, 22nd, and today. There is evidence it was trying to dig in a few different locations along the fence line.		2015 06 25																													
Reports they are having a family reunion at the Road and Gun Club with about 50 people, including many small children. A grizzly showed up about half an hour ago from upriver, they attempted to scare if off but it didn't go far and it is still lingering in the nearby treeline. Everyone is currently inside, but hoping for a call from a CO.		2015 07 03																													
Caller was heading to work when he had a large grizzly run onto the road. He struck it at speed and suffered extensive damage to the vehicle. The animal as far as he is aware went into the bush, but he is not sure if it moved under its own power or was flung there by the impact. About a half hour later while waiting for the towtruck he noticed another large one come from the same side of the road and cross.		2015 07 16																													
COM calling back to inform that he was driving by the location again and found the bear dead 10ft off the highway in the tall grass.																															
Advised a grizzly at the landfill interferring with the construction of the fence intended to keep bears out. The workers have discontinued work until COS can get rid off the bear.																															
Advised Nolan is reporting a bear in the back of his flatbed truck getting into a freezer with fish in it.		2015 08 04																													
RCMP report a grizzly that has been hanging around in Kitimat and does seem to have any fear of humans. CST Gross would like to speak with a CO.		2015 08 21

When the sow saw him, she immediately started to come towards him. He had bear bangers which he attempted to fire but they did not work, so he continued to yell while removing his gun from its holster. The bear kept approaching so he fired a shot in the air, but as soon as he did this the bear started to run towards him. He started to back up and tripped on a root, falling backwards. By the time he regained composure, the sow was about 10 metres from him, so he fired a single round at her. She immediately retreated and took off into the forest. Advises that he saw a few small drops of blood but is unsure as to how injured the bear is. Caller is quite shaken up but uninjured.

PWOROutcome	16-20097		2016 10 28 17:36		LAURA	Operations 3 ECC	KITIMAT	TERRACE	SKEENA REGION	N/A	KITIMAT		North Coast			2016 10 28 17:36	BLACK BEAR	NOT APPLICABLE	INJURED/DISTRESSED - MOBILE/NOT PRESENT	EMAILED CO	SAME ADDRESS	A few Km out of Kitmat, between Hwy 37 and and the Kitimat River	Reporting that at about 0900 this morning he was walking through the forest (he is a forestry worker and was on duty) when he came across a sow and two cubs. When the sow saw him, she immediately started to come towards him. He had bear bangers which he attempted to fire but they did not work, so he continued to yell while removing his gun from its holster. The bear kept approaching so he fired a shot in the air, but as soon as he did this the bear started to run towards him. He started to back up and tripped on a root, falling backwards. By the time he regained composure, the sow was about 10 metres from him, so he fired a single round at her. She immediately retreated and took off into the forest. Advises that he saw a few small drops of blood but is unsure as to how injured the bear is. Caller is quite shaken up but uninjured.

Yes	2016 07 28	Yes	No	Yes					Culvert Trap	2016 07 24	2016 07 25	SENKIW	2016-07-22 12:04- CO SENKIW attempted to contact COM, left message. 2016-07-22 14:52- CO SENKIW spoke with COM regarding the bear activity on/near her property. The bear has been increasing its presence in the area as was mentioned in a separate HWCR and on the Jackpine Facebook page as well. COM feels that garbage pickup and general attractants in people's yards are bringing in the bears, and keeping them around. COM is concerned for her livestock and for the welfare of her donkey who will be giving birth in the future. CO SENKIW informed her that the animal is exhibiting food conditioned and habituated behaviour and will have to be removed from the population. COM agrees to have trap set on property. CO SENKIW will call in the morning. 2016-07-24 13:45- CO SENKIW arrive at COM's residence and conduct inspection of property and damage the bear caused. COM has since removed garbage bins from deck and is working on securing the livestock feed. CO SENKIW set culvert trap on north east part of property. 2016-07-25 11:57- CO SENKIW attempted to contact COM to follow up. 2016-07-25 13:39- CO SENKIW destroyed male BB caught in culvert trap set in separate trap in neighborhood. Believed to be offending animal. Trap will be pulled.	Destroyed by COS	2016 07 25	BLACK BEAR			1

The COM is calling to report that a Grizzly Bear sow with 2 cubs are hanging out on the property this am, knocking over flower pots. Caller mentioned that there might be another set of sow and cubs in the area.		2017 07 12																					
COM reporting Grizzly bear sighting of Sow with 3 cubs, on the move, scared of people																							
RCMP received call reporting road killed black bear cub at above location. RCMP will contact highway contractor.		2017 07 14																					
RCMP received call reporting road killed black bear cub at above location. RCMP will contact highway contractor.	Yes	2017 07 14	Yes	No	Yes								Walbauer	2017-07-14 14:21 Bear dead on arrival by RCMP.	Destroyed by Other	2017 07 14	BLACK BEAR			1			
COM left a voicemail saying there was a Gizzly Sow with 2 cubs in her yard at [redacted] COM would like for the bears to be trapped but couldn't provide reasons why or that they are habituated		2017 09 24																					
COM reporting he ran into a grizzly cub in the trail systems where it heads back into the forest from the creek. No other vehicles and no other people along the trail. COM heard some crashing in the river as he ran away with his dogs, so he suspects that the sow may have been in the river.		2017 07 27																					
Caller just had a BB sniffing at her tent and thinks that it is still there		2017 07 29																					
Advised of an injured sow grizzly that looks like it has been attack by a bull. The bear is mobile but has one cub and does not want to leave the camp. It appears that a hind leg is injured.		2017 08 06																					
Caller had a BB that was about 80 feet away from him on Kitlope street start running towards him. It got to within 30 feet of him and stopped running. Caller took off in the opposite direction and there was no further interaction.		2017 07 31																					
Received call about a BB sighting, it was just wandering around.																							
Advised an individual saw grizzly footprints and later a sow and two cubs. They do not have bear spray and advised the animals are between them and their vehicle. Subject entered the bush from the 400 block Quatsino RD and hiked approximately 1.5km through the bush to a tidal marker on the Kitimat River and then 1km upstream from the tidal marker. RCMP dispatch asked for CO callback: 250-561-3191.		2017 08 05																					
Advised the caller reports a cub was observed running through the campground. There is a summer camp with children at the campground.																							
Advised that the caller reports a black bear sow and 2 cubs near the back door of the apartment.																							
Caller reporting a bear sighting on the campground this morning and last night as well. They have all their food locked up tight in bear proof containers.		2017 09 17																					
Caller advised there is a black bear eating garbage near the above address.		2017 08 20																					
Cst Swedberg 204-461-8181 has BB cornered in a back yard that was following someone and wants to talk to a CO for advice.		2017 08 20																					
Cst Swedberg 204-461-8181 has BB cornered in a back yard that was following someone and wants to talk to a CO for advice.	Yes	2017 08 20	Yes	No	Yes								SENKIW	2017-08-20 23:35- CO SENKIW already out on callout for unrelated report. CO SENKIW contact COM and discuss the behaviour of the animal. The bear had apparently become confined in a back yard at the above location. CO SENKIW inquired if the animal had space to vacate the area and apparently it did not. RCMP members on scene were going to try and remove a section of fence to all for egress. CO SENKIW informed members that he was currently dealing with a bear matter in Terrace, but would be available to head to Kitimat as soon as all was clear at current call. 2017-08-20 00:27- Receive call from COM and he indicated that the bear had bluff charge he and his partner. They subsequently opened fired on the animal effectively destroying it. They were unsure of what to do with the animal. Seeing that CO SENKIW was already on a 3hr callout, there was time to assist the members. 2017-08-20 01:42 CO SENKIW 10-17 residence, dispose of bear on way home.	Destroyed by Other	2017 08 20	BLACK BEAR			1			
Advised that the above caller was reporting an aggressive bear that is now in a tree on the property. The caller did not encounter the bear but rather his landlord who lives at the same address.		2017 08 23																					
Advised there was a bear wandering around at the location above. The bear was along the highway heading towards Albatross Ave. Sighting only.																							
Advised there is a bear way up a tree at the above location. No evidence that the bear was getting into anything but presumably campground food would have brought it to the area.		2017 08 26																					
COM reports a bear is now in the trap on his property. Trap set up yesterday by the COS. Caller also reports it is the smaller bear that has been around that is in the trap.		2017 08 26																					
COM reports a bear is now in the trap on his property. Trap set up yesterday by the COS. Caller also reports it is the smaller bear that has been around that is in the trap.	Yes	2017 08 26	Yes	No	Yes								SENKIW	2017-08-26 21:15- CO's SENKIW and DAY pick up trap, 10-17 to onion lake. 2017-08-26 22:30- Destroy adult black bear boar, dispose of carcass.	Destroyed by COS	2017 08 26	BLACK BEAR			1			
Caller stated that they spotted a single bear at the above location a few minutes ago. the bear was heading in and out of the bush																							
RCMP passing on report of a bear in a tree at above address. There are several people surrounding the tree. Emailed as FYI.		2017 08 27																					
RCMP rec'd a call from a resident [redacted] who stated that she was charged by a bear about 30 minutes ago. The bear then took off down to the river. RCMP Cst is requesting a callback to discuss		2017 08 28																					
RCMP rec'd a call from a resident [redacted] who stated that she was charged by a bear about 30 minutes ago. The bear then took off down to the river. RCMP Cst is requesting a callback to discuss	Yes	2017 08 28	Yes	Yes	Yes								senkiw	2017-09-27 12:58 bear trapped and dispatched, conditioned.	Destroyed by COS	2017 08 28	BLACK BEAR			1			
Advised there was a bear that just walked through the callers yard at the above location.																							
No call back # for COM. Transferred by RCMP, he only has access to emergency calls, but he's at home if you wish to stop by. BB got his garbage that was in his shed.		2017 09 27																					

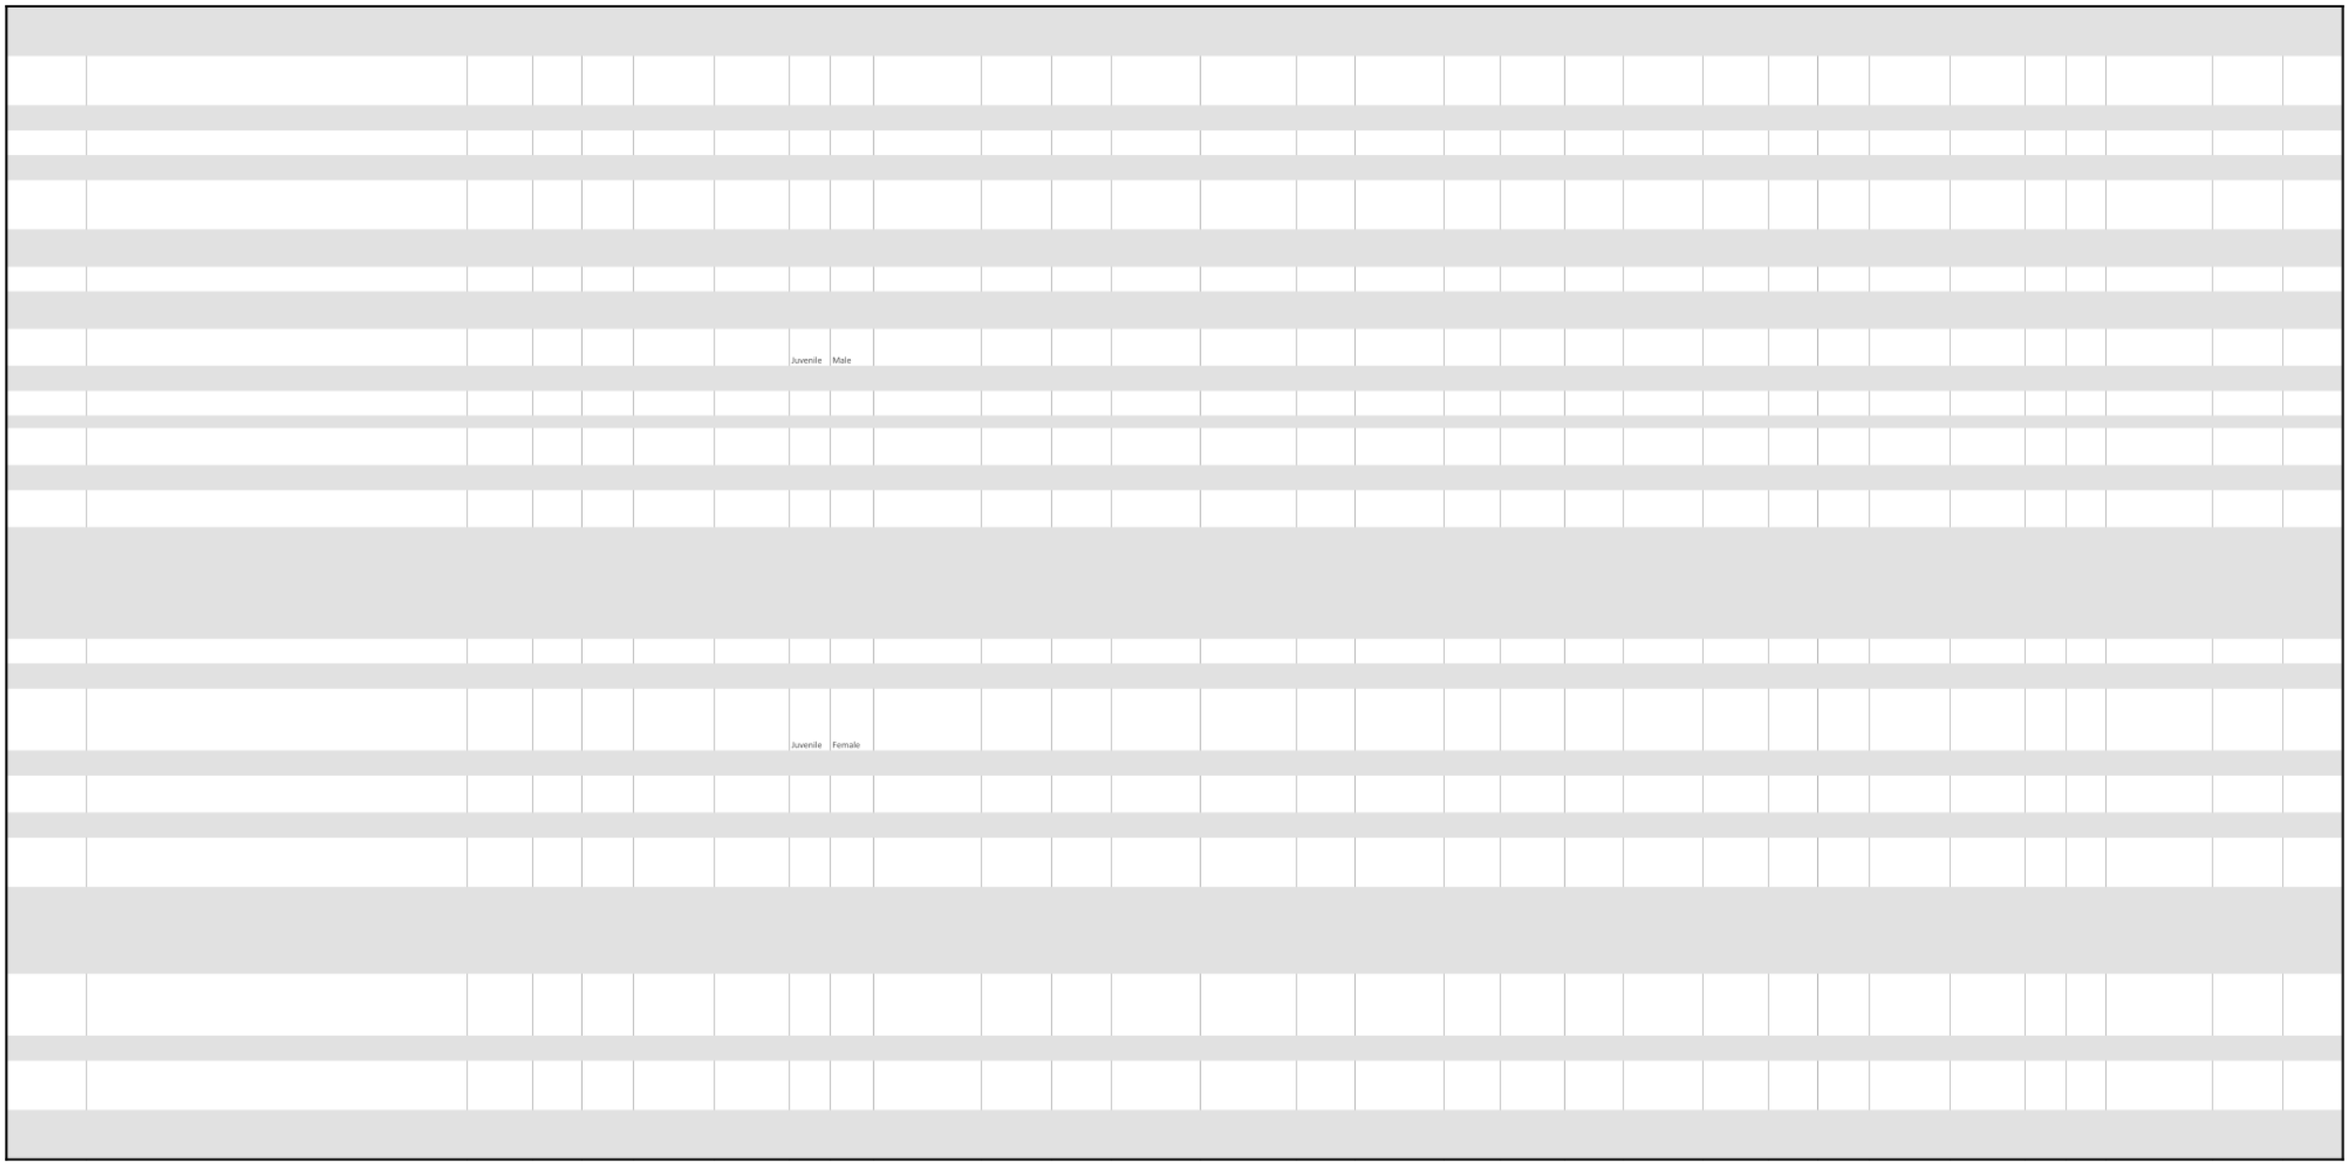

Reporting a large black bear on Tsimshian blvd behind Chili and dancer bar, roaming around. It's a popular walking area where kids frequent, so there are concerns about public safety. COM s.22 Emailed as an FYI		2017 09 27																							
Caller saw a BB in a bush as he was walking home, it came out of the bush and growled at him. There was another person there who ran away. Caller backed away slowly and had no further interaction with the BB. Caller was not sure what road he was on.		2017 09 20																							
COM s.22 advising of a bear getting into the garbage at the above address.		2017 09 20																							
Advises of a black bear walking around the area of Gyrfalcon Ave and Gander Street. Caller was able to chase the bear away.																									
RCMP reporting a bear in the back yard of someone's place on Stein st. No aggression or attractants. Not requesting CO.																									
The COM is calling to report that black bear has been 6 - 7 times within the last week on the caller's and neighbour's properties. Bear is difficult to scare off. Caller is requesting a call back from COS on this issue.		2017 09 20																							
Reporting a bb eating garbage on the street. It is across the street eating the neighbour's garbage, they have babies and there are diapers.		2017 09 03																							
Caller's truck was chased by a grizzly sow last night around 18:30 while driving at the above location.		2017 05 09																							
RCMP passing on report that there is a bear in the trap at above location.		2017 09 03																							
RCMP passing on report that there is a bear in the trap at above location.	Yes	2017 09 03	Yes	No	Yes									Testawich	ZT attended site, removed trap, destroyed bear and disposed of bear.	Destroyed by COS	2017 09 03	BLACK BEAR			1				
Caller advised that there is a bear in the trap at the above location.		2017 11 10																							
Advised of a BB spotted wandering around the area. No ATB reported.																									
Advised a bear was seen walking at the above location.																									
The COM is calling to report that a black bear is getting into Dumpster at the above location, this afternoon.		2017 09 29																							
Advised that the caller reports a grizzly was spotted near the above location.		2017 09 08																							
Advised a bear was just in their open dumpster and jumped back out. The bear has been getting into food that the public have been dumping into it.		2017 09 08																							
Advised there is a house down the street that has a large crab apple tree in the backyard that has been attracting a bear. Caller said the bear is not the issue as it is a beautiful bear that doesn't bother anyone. But the caller is concerned that the woman that lives there is attracting the bear. Caller would like a CO to go and give the home owner a ticket for attracting wildlife and tell her to cut her tree down. COM provided name and contact number but would like to remain CONFIDENTIAL as it is a small street/community and does not want her neighbour to know she reported it.		2017 09 20																							
District Gardening staff just saw a BB in Centennial Park. Queried behaviour, bear was passing through.																									
Reporting a bear scratching at an electric fence at a site in kitimat last night, exact location is unknown		2017 09 18																							
Reporting a bear scratching at an electric fence at a site in kitimat last night, exact location is unknown	Yes	2017 09 18	Yes	No	Yes									Testawich	ZT received HWCR on 2017-09-18 and a phone call from ECC stating a bear was inside the Kitimat Dump at this time. ZT spoke with COM who stated the bear came through the open gate today and the dump is open to the public at this time. ZT attended the Kitimat dump. located the bear and dispatched the bear.	Destroyed by COS	2017 09 18	BLACK BEAR			1				
Caller advised that the bear made it through the gate and is now in the landfill																									
COM reporting a mother grizzly bear that was charging vehicles on the highway at the above location. The bear has now moved closer to the lake and is wandering through a residential zone.		2017 05 10																							
Advised there is a bear in the yard eating fruit from the fruit tree.		2017 09 15																							
Advised a bear is picking apart 1 beehive at the above location. Last night it flattened the electric fences. Concerned about the fact that its going after the hives through the fence. Request trap be placed and he has honey he can add to the trap.		2017 09 19																							
Advises that a bear has been causing some trouble for the caller and his neighbours. The caller had to chase the bear off the property twice yesterday. The bear has got into the callers bee hives in nights in a row. The bear has also tried to get close to the chickens. The callers comments that there is lots of room for a bear trap behind the house area and he could put out a big jar of honey to lure the bear.		2017 09 21																							
COM reported to RCMP that she was told by another passing walker of a bb that growled at him on a pathway in the middle of town, closest to s.22 [green space behind the house] 15 min ago. COM didn't see it but her name is s.22 COM 2nd to RCMP.		2017 11 15																							
COM s.22 [no number] reported to RCMP a grizzly seen a few minutes ago at the above location.		2017 05 12																							
Advised the bear is back, RCMP officer did see the bear and it is walking towards people and the homes. It is not scared of anyone in the area.																									
Reporting a GB sow & 2 cubs at the back door of the above address. Resident advised RCMP that she attempted to haze the GBs off without success. RCMP members currently enroute. Dispatch looking to speak to a CO. RCMP # 17-2601.		2017 10 15																							

COM called in on behalf of home owner (contact details above) who is currently in a meeting at work and won't be available until after 1430 hrs today. COM stated he was speaking with the home owner this morning and this morning he noticed that he had a dirty bumper and what he thought looked like teeth marks in the trunk of his vehicle. Incident occurred sometime last night (time unknown). COM stated that something needs to be done about this GB as it is exhibiting signs of aggressive behaviour.																									
Caller advised that the Grizzly bear was back last evening and bit part of a car. The bear was back again this morning, as fresh large paw prints were noticed. The bear was back between 0500 and 0800. ***Requesting a callback to discuss this Grizzly bear situation***																									
Advised the grizzly was in the yard sometime this morning. Wondering why no CO has called back, requesting callback.																									
COM advised that she received a text message from home owners daughter reporting that the GB sow & 2 cubs were spotted in backyard of residence about 30 mins prior to call in. Daughter was able to activate car alarm which hazed the GBs off into dense tree line behind residence.																									
Reports a large black bear in the centre of town. No issues reported. COM: [redacted]		2017 09 27																							
COM reporting via Telus Notifications Pin: 3 grizzlies on Forest ave, by the hydro.... 9:24 PM Monday Sept 25th. Mom and two cubs big all of them.		2017 09 27																							
Caller reports a sow and cubs trying to get into the garage next door.		2017 09 28																							
Advised there is a bear on the porch at the above location eating garbage. Caller is concerned about a neighbour possibly gardening in the area and also possibly concerned about a possible sow that isn't in the picture yet.		2017 09 30																							
Advised there is a bear on the porch at the above location eating garbage. Caller is concerned about a neighbour possibly gardening in the area and also possibly concerned about a possible sow that isn't in the picture yet.	Yes	2017 09 30	Yes	No	Yes					Kitimat Bear trap	2017 09 29	2017 09 30	Testawich	ZT and GS attended property to set trap on 2017-09-29 Spoke with COM who stated the bear has been in their garbage over the past couple nights. ZT directed COM to clean up their garbage and to ensure there are no attractants available including fruit/fish or garbage for the bear. COM cleaned up garbage and had her neighbour take to the landfill. ZT called out by ECC on 2017-09-30 re: bear in trap. ZT attends, removes trap and disposes of bear.	Destroyed by COS	2017 09 30	BLACK BEAR			1				
Advised a bear was on the deck at the above location this morning.																									
Grizzly sow and 2 cubs in the area. They have been there since July. The other night the bears were up on the porches at the location. They were in the backs of pick up trucks.		2017 09 29																							
Advised 2 grizzlies were hanging around the back door to the patio at the above location. They hung around and wandered off. A couple days ago the bears were pushing against the door. Caller surprised they didnt break the door. The same night the bears were pushing on the door they chewed a bumper off a vehicle. Caller said this has been reported several times and no CO has come out to be placing a trap that was promised. Caller stated that "If the CO's did not come by soon the CO's will be picking up 2 dead bears."		2017 10 07																							
Advises of a bear cub that is pushing its nose into the door and trying to get in. Caller does not know where the sow is.		2017 09 30																							
Advising that the bear is in the trap.																									
Report of a BB in the trap		2017 09 30																							
Advised a grizzly sow and 2 cubs have been on property last couple days, dogs are going nuts so believe they're there again. They've broke into the chicken feed shed so they moved food into the home. They [redacted]		2017 10 01																							
Caller advised that the sow and cubs returned around 0400hrs but were scared off. Caller thinks that their property would be ideal if COs would like to set up a trap to catch the bears as they continue to come back,. The bears did not manage to cause property damage/attack the chickens.																									
RCMP 17-2723. A grizzly sow and two cubs were running up the street and broke a fence at the above address. reported by COM [redacted] at 12:30. The bears are gone now.		2017 10 07																							
Reporting 2 grizzly bears in COMs yard that are circling around her house. She believes it's a sow and a cub.																									
Caller just chased a grizzly and two cubs out of the garbage at the above address. it is not his house, his sister lives next door.		2017 10 08																							
Advised yesterday 1 deceased individual was involved with an incident with a grizzly bear, undetermined if attack occured before or after the person was deceased. No other details provided. Request HWCR be made so COS can update file from there.		2017 10 14

Yes	2017 11 20	Yes	No	Yes								Walbauer	2017-11-20 14:11 Angelika attended and determined the bear was an old adult, Walbauer provided approval to dispatch. 2017-11-20 14:12	Destroyed by COS	2017 11 20	BLACK BEAR				1					
Cub of year is confined to a shed on the property, they will capture and send to Kitimat for assessment. Northern Lights Wildlife Shelter will attend Kitimat and transport to Smithers rehab. Angelika will assess and advise COS.		2017 11 22																							
Sow grizzly bear and two cubs hanging outy at the above location. About 300M away from the residential area																									
A plant employee reported to him that he was driving his truck down Kuldo Extension, there was a grizzly bear with a couple of cubs that came out and swiped at his vehicle. Employee does not have a phone contact. Unsure where on the road this occurred.		2017 06 14																							
COM is going off shift at RTA. An oncoming employee reported to him he was driving down the Kuldo Extension within the last 20 mins and the sow with two cubs swiped at his truck, as he was driving away he saw the sow charging after him in the rearview mirror. COM believes these bears have been in this area for at least a week and he is concerned as he lives nearby with 3 young children and the bears seem to be becoming more aggressive. He may be able to obtain contact info for the witness if required.																									
COM reports he is camping at the Furlong Bay campsite and a small 300 lb bear has been hanging around the campsite today feeding on skunk cabbage near campsitesd 80 and 79. Caller has witnessed campers harassing, throwing rocks and setting dogs on the bear. Caller also advised there is a yellow school bus with drunk teenagers across from 79 and they have been the main problem. Caller is concerned as he feels the Camp operator is not doing anything to stop the people. **1915 Briefed RCMP Terrace - provided contact info for Lakelse Bay Prov Park [redacted] Bay Prov Park - advised bear is in a large green area between 2 rows of campsites. Staff have removed all garbage and recycling from the area. Bear is a solo adult and is calm and is currently bedded down. Campers have been warned and requested to secure all attractants and leave the bear alone in hopes it will leave after dark. Park staff are monitoring the situation and are not aware of any harassing of the bear. Park contacts: Gatehouse 250-798-2466 Manager [redacted] Night Patrol 250-615-9520		2017 05 23																							
COM reports a grizzly and cubs have been reported on Facebook in the community. Caller is concerned the bears will be shot and wants the COS to know that people in town are leaving attractants out attracting the bears. Caller will call back if she can identify any properties attracting bear.		2017 05 23																							
RCMP advised that at approximately 01:00 the above individual was driving home from work and came across two grizzly bear cubs on the shoulder of the road on Nalabila BLVD and Anderson AVE. The individual slowed his vehicle to avoid hitting the animals and was then charged by a mother grizzly bear. The individual swerved out of the way and avoided conflict, however he is concerned as this occurred near a residential area.RCMP 17-1264.		2017 05 25																							

Caller advised of a Bear walking around her neighbourhood approx 3 hours ago. The bear was walking around looking for food. The bear was not scared of the caller or the bear bang she used. The caller did not notice any tags. The bear was hanging around in between the callers house and the neighbours house for about 30 min. Caller is concerned about the children that live on the block. The Caller would like to be contacted about the situation. The Caller mentioned shooting the bear herself.		2017 05 26																							
COM reporting another bear that came onto her property about an hour ago. COM let off two bear bangers and it took off. COM said this bear has been a huge issue so far and she needs it to be dealt with. No aggression. Requesting a call back from a CO.																									
Advises that the bear was walking along the gully over to Stein Street. The bear has been around for over two months now. The caller notes that she is the past mayor of Kitimat and is not some crazy person. The caller also noted that she is not going to pay the ticket she got for shooting the bear with a bear banger, and next time she will let the bear eat the children instead. *Emailed this report because the caller was very angry and upset.																									
Reporting a sow and 2 cubs near the above location. The sow charged COMs vehicle.		2017 08 06																							
The COM is calling to report that black bear has been getting into bird feeders at the above location, today. This is the 3rd day in a row that the bear has been into the bird feeders at this address. This location has history with the COS. Some sort of wildlife enforcement issue against the property owner???		2017 05 26																							
A sow grizzly and cubs is at the above location and is apparently charging at vehicles. Unknown if this is parked cars or passing motorists. She is reported to be well known and aggressive behaviour is common for her.		2017 05 29																							
Caller was driving on Kuldo extension last night and last Wednesday and had a grizzly sow charge his vehicle. This has happened to other people who he thinks have not reported it.		2017 05 30																							
Caller advised that a sow grizzly and two cubs were spotted heading down Blueberry Avenue a short time ago.		2017 05 30																							
Advised a bear is walking in the gully at the above location. Concerned for kids that frequent the gully.																									
Advised a bear was seen walking at the above location.		2017 06 18																							
Reporting a boar grizzly bear at the above location. He thinks people are dumping fish offal in the water because he can smell it. It came within 50 feet of caller, not aggressive.		2017 06 22																							
Advising that he let his dog out in the back yard. He heard the dog going crazy and saw a grizzly sow and cub in the back yard. He tried to scare them off but the sow charged and caller and then went after his dog. Caller shot a bear banger off and they went into the greenspace. They are still 50 feet from the house.		2017 08 10																							
Advises the bears are back and tearing up his the greenhouse.																									
Advised the sow and 2 cubs are back now and are eating from the greenhouse at s. 22																									
Advised a grizzly bear was seen walking at the above location.																									
Reporting that a sow and two cubs, grizzlies, are not going anywhere near the traps, RCMP is on scene and wondering what course of action CO wants to take. Requesting a call back.																									
Advises that a grizzly sow and two cubs are currently trying to get into her chicken coop.		2017 09 21																							
Caller advises that a youngish bear is digging in his neighbours backyard. COs have been there before and put traps as well.		2017 08 10																							
Grizzly cub is currently in his neighbours backyard, it is underneath the chicken coop looking for food.																									
Advised there is a grizzly cub at the location above near the neighbours chickens																									
Advised that the caller reports a grizzly bear with 2 cubs. The caller is located in the last camping spot and is in a trailer. The bear left the site and headed towards Terrace. There are other 3 groups in trailers at the park. CO emailed due to RCMP request and presence of cubs.		2017 07 06

Yes	2018 03 23	Yes	No	Yes								SENKIW	2018-03-23 19:37- CO SENKIW receive initial call from ECC regarding a problem bear at the above residence. CO SENKIW informed ECC that he would contact COM. 2018-03-23 19:44- CO SENKIW received a second call from ECC due to the fact that COM was becoming very distraught and had phoned 911 at least three times regarding the bear on her back deck. ECC patched CO SENKIW through to the constable on scent. CO SENKIW sought information regarding the bear's size, species and behaviour. The constable indicated that the very was very small, potentially last years cub. In addition, the bear seemed to be lame in its front, left leg. CO SENKIW informed RCMP that he would be gearing up and would be 10-17 shortly. 2018-03-23 20:07- CO SENKIW contacted COM and told her that he was on his way. Provided direction to stay indoors and do not approach the animal. 2018-03-23 21:00- CO SENKIW 10-23 at COM's residence. COM invited CO SENKIW into her home and showed him where the bear was. CO SENKIW observed a small BB cub from the previous year on her deck sitting and looking inside. As CO SENKIW moved closer, the bear began to move away and the injury to its leg could be observed. CO SENKIW went outside to monitor the bear and make an assessment. CO SENKIW came to the conclusion that the bear was visibly injured, had no fear of humans and that it had accessed a residential food source. CO SENKIW then explained to COM what was going to follow and why. COM indicated that she understood the reasoning and that it is unfortunately the best option overall. 2018-03-23 21:20- CO SENKIW destroyed the bear and then spoke with the COM after the scene was safe.	Destroyed by COS	2018 03 23	BLACK BEAR			1

RCMP received a report of a black bear that ran across the road. COM s.22																							
The COM discovered a dead yearling black bear cub at the above location.		2019 07 09																					
Caller advised a BB was walking past the site at the above location and Daudet Creek.																							
Reporting a grizzly chased a guy over towards the above location.		2019 07 09																					
Caller advised he picked up a BB cub as he thinks it was hit by a car and injured. RCMP advised him to pull over and wait for direction from COS.		2019 07 09																					
Caller advised he picked up a BB cub as he thinks it was hit by a car and injured. RCMP advised him to pull over and wait for direction from COS.	Yes	2019 07 09	Yes	No	Yes								Testawich	This HWCR is also associated with HWCR 19-10303 ZT attended site. Bear cub hit by vehicle on highway at/near Onion Lake area. Bear has broken rear leg(s), pelvic damage and head trauma. Bear taken into possession, assessed and dispatched.	Destroyed by COS	2019 07 09	BLACK BEAR			1			
RCMP are on scene of an MVI involving a black bear. Bear is deceased. Highway contractor will remove carcass.		2019 07 17																					
COM advises that they've had heavy bear activity on the golf course. There's been a sow and 2 cubs that has kind of settled in. They're eating grass in the fairways and not responding to hazing. COM is looking for a call from COS. Wondering if attendance by COS would be necessary due to public safety.		2019 08 01																					
Advised she is on site at the park at the above location and has a very small bear (medium dog) with no sow in site. They have a full site approx 50-70 people. Bear went up the river towards the bridge.		2019 08 14																					
Caller reporting he struck a grizzly in his vehicle at the above time/location. The animal ran off but did leave a dent in caller's bumper, Caller is presently working at Rio Tinto.		2019 08 14																					
Caller advises that bear comes around day or night and from what he has heard is getting garbage from a neighbours shed down the street. He can hear noises and bear bangers going off.		2019 08 15																					
Advises that there is a bear heading towards the campground where there are people camping. The RCMP are sending a member.		2019 08 30																					
Call advised of an injured black bear seen at the bottom of Airport Hill between Kitimat and Terrace. The bear ran across Highway 37 and appeared to have a broken fore paw.		2019 09 03																					
Non aggressive juvenile black bear sighted at 2015 making campers nervous. Bear went up a tree. No park staff on watch over night. RCMP has driven through. Regular CO contact is away.		2019 09 03																					
COM advised a small black bear (possibly a cub) was run over by a truck and the bear limped off into the bush. COM concerned as there are workers in the area.		2019 09 03																					
Caller reporting there has been a garbage bear at his neighbour's property for around a month now. It broke into a garbage shed, and destroys locking garbage bins. Caller reports the bear is not scared off by air horns. Caller is not reporting a specific incident, just an ongoing bear presence.		2019 09 20																					
Advises that there is a big black bear on the property but it appears to have a broken jaw. The bear is eating grass very weirdly. The caller has photos and pictures.																							
Advised there is a bear at the above location getting into the garbage.		2019 09 11																					
Advised a bear eating garbage in car port. 3 RCMP officers are on scene, CST Chan (778-388-3120) is requesting a call from a CO.		2019 09 16																					
Advised a bear eating garbage in car port. 3 RCMP officers are on scene, CST Chan (778-388-3120) is requesting a call from a CO.	Yes	2019 09 16	Yes	No	Yes	#19-18004							SENKIW	2019-09-09 14:35- CO SENKIW contacts Cst. CHAN of Kitimat RCMP and is advised that he and other members are currently on scene, but the bear has left the area to their knowledge. Cst. CHAN is seeking direction and CO SENKIW informs him that the bear is in fact a candidate for destruction due to the garbage it has been proven to be consuming. CO SENKIW informs CHAN that he is currently wrapping up with a bear call in Terrace and will be 10-17 ASAP. CO SENKIW requests that if possible, members remain in the area due to school being let out. 2019-09-09 15:13- CO SENKIW contacts Cst. CHAN again and receives update that bear has been observed again and wanted to confirm ETA. CO SENKIW advises that he is currently en route and expects to arrive by 1600hrs. 2019-09-09 16:08- CO SENKIW 10-20 s.22 and meets with Cst. CHAN. Discuss situation, then conduct safety sweep of property. CO SENKIW observes garbage strewn onto the lawn and muddy bear paw prints all of the garage bay door. CO SENKIW speaks with home renter s.22 and discusses what happened. COM indicates that the bear was able to get into the garage and it was not left open. CO SENKIW inspects the door and does believe that due to the ease that it may be lifted, it is entirely plausible that the bear did open the door. CO SENKIW therefore does not write a violation ticket, but rather a DWPO with orders to have the door secure (put a pin in the tracks or lock otherwise) and to remove pop can recycling from the deck. 2019-09-09 18:35- CO SENKIW sets bear trap in green space next to s.22 2019-09-16 10:11- HWCR 19-19017 comes in and indicates that a black bear is trapped. 2019-09-16 10:52- CO SENKIW 10-17 Kitimat. 2019-09-16 12:11- CO SENKIW 10-20 trap site near s.22 with RCMP members. 2019-09-16 12:44- CO SENKIW destroys male BB ~2yrs	Destroyed by COS	2019 09 16	BLACK BEAR			1			
Non aggressive black bear strolling around caller's house.																							
COM advises a BB is going through yards. COM does not know what house number the bear is at or what his phone number is,																							
A black bear is hanging out in the alley at the above location. It appears to just be wandering around looking at trees. No noteworthy behaviour.		2019 10 04																					

Reporting a bb heading towards the highschool.																							
Reporting a bb that came into the yard to eat some plums and grass.		2019 09 10																					
Reporting a bb that came into the yard to eat some plums and grass.	Yes	2019 09 10	Not Required	No	Yes								Geuze	2019-09-10 15:55 - CO GEUZE contacted COM who advised large black bear was eating grass and plums in her yard. Bear no longer at location, last seen heading towards school. - CO GEUZE advised COM to pick her fruit and gave attractant management advice. COM advised she would borrow ladder and clean up plum tree. 2019-09-10 17:21 - CO TESTAWICH received call from RCMP advising bear was up a tree. Previous to bear going up tree, RCMP tried shooting bear with rubber bullets from approx. 15 yards and bear did not walk away. ZT and MG on-route to attend. 2019-09-10-18:40 - ZT, MG and RCMP members dispatched bear while in tree. Bear [redacted] and examined. Healthy adult male black bear. Bear destroyed as there was history with bear in garbage in the neighborhood, lost its fear of humans and did not react to hazing efforts by RCMP with rubber bullets. Bear destroyed for public safety.	Advice Provided	2019 09 10	BLACK BEAR			1			
Requesting assistance from COS for the bear. They have shot rubber bullets at it and it is not moving on.																							
COM advised that he spotted a bear cross Albatross street and into the woods.																							
Advises that there is a black bear doing nothing. RCMP wanted the CO's to be aware.		2019 10 04																					
Caller reporting that this morning she found garbage scattered around her yard. In addition her back gate was knocked over, as well as a section of fencing dividing her and her neighbour's properties. Caller did not see the bear. The fencing only requires a few nails to be repaired.		2019 10 02																					
Advises that there is a black bear in the bushes behind Nechako Elementary School. The caller did call the school and left a message.		2019 10 02																					
Caller advised a young Sow and her cub pulled the BBQ off of her front porch this morning. Caller had a difficult time scaring her off but eventually was able to with a bear banger. Caller advised she has chickens and keep her recycling bins on deck however everything has been cleaned out. Advises that he recieved a call from his friend who is out hunting. The friend had a incident in which a Grizzly bear was causing problems at their camp and charged them. They had to shoot the bear. The friend has contacted the caller through an in reach number.		2019 10 02																					

Advises that he recieved a call from his friend who is out hunting. The friend had a incident in which a Grizzly bear was causing problems at their camp and charged them. They had to shoot the bear. The friend has contacted the caller through an in reach number.	Yes	2019 10 02	Yes	No	Yes									Testawich	ZT attended and met with COM. COM stated that during their hunt, they were successful (harvested a moose) and had a moose hanging at their camp. Later the next day, as the COM returned to the camp to use the facilities a Grizzly Bear presented itself between the camp and the toilet area; also in this area was the hanging moose. COM stated that the bear started to snap and paw at the ground prior to charging at the COM. COM who always carries his rifle when they have meat hanging in camp made a decision to shoot the animal as it charged. Bear was dispatched and drug away from camp approximately 800 M by COM and his hunting party and immediately reported to COS. COS directed COM to remove ear for DNA and CI. ZT mixed 2 darts. 1st dart grazed bear and 2nd dart not utilized as bear coming down/out of tree at CO MG. CO MG euthanized bear at site.	Destroyed by COS	2020 09 03	BLACK BEAR				1		OTHER	DART - PNEUDART	2 darts No induction- 1st dart grazed bear

Yes	2020 08 28	Yes	No	Yes								Geuze	2020-08-26 14:45 - CO GEUZE attended address and set trap. 2 bears have been in area, but small bear is the one that is not scared of people and approached COM and his grandchildren. COM was 10 ft from bear yelling and it did not react. - COM manages attractants but bear still damaging fruit trees on property and has been seen across the street in neighborhood. On going for a couple weeks. 2020-08-27 15:00 - CO GEUZE attended location for bear in trap. Small target bear captured. - 2 year old male black bear euthanized. In okay condition.	Destroyed by COS	2020 08 27	BLACK BEAR				1						
Yes	2020 08 18	Yes	Yes	Yes								Walbauer	2020-08-18 08:23 Walbauer attended previous evening and dispatched habituated bear causing concern in Kitimat.	Destroyed by COS	2020 08 18	BLACK BEAR				1						
Yes	2020 08 01	Yes	No	Yes								Testawich	Located bear. Euthanized- as injured by the Highway	Destroyed by COS	2020 08 01	BLACK BEAR				1						
Yes	2020 07 30	Yes	No	Yes								Walbauer	2020-07-30 19:15 Walbauer in Kitimat, attended bear at scene, same bear that has been a concern for several days, unsuccessfully trapped. Walbauer pursued throughout neighbourhood, and dispatched in gully behind COMs residence. Large adult old male in good condition. Called COM and advised there is no cub associated to this HWCR.	Destroyed by COS	2020 07 30	BLACK BEAR				1						
Yes	2020 07 30	Yes	No	Yes								Walbauer	2020-07-30 15:00 Walbauer attends to assist RCMP, Culture camp at location many young children and campground full. Bear had bee into camping sites ransacking. Searched of bear and destroyed, adult bbear male, thin.	Destroyed by COS	2020 07 30	BLACK BEAR				1						
Yes	2020 06 24	Yes	No	Yes								Walbauer		Destroyed by COS	2020 06 24	BLACK BEAR				1						
Yes	2020 06 25	Yes	No	Yes								Geuze	2020-06-22 18:30 - CO GEUZE called COM who advised he had scared off bear with bear banger. RCMP had attended but bear had already left. - COM advised bear been around his place past 3 days and earlier today was on his deck. CO GEUZE advised bear trap would be set in area. 2020-06-23 08:40 - CO GEUZE attended location but no suitable spot for bear trap around residence. CO GEUZE inspected residence and did not find any attractants. - Bear trap set at Baxter Apartments parking lot next to green space. Bear fed at apartments and CO GEUZE observed game trail with bear tracks coming up to parking lot. - Neighbors and RCMP advised of trap set. 2020-06-24 14:50 - Black bear caught in trap. Sgt WALBAUER attended. - Large black bear boar euthanized. Same bear that was fed and had accessed several residence garbages over past week. Bear had scaring on face from fights with other bears.	Destroyed by COS	2020 06 24	BLACK BEAR				1						
Yes	2020 06 24	Yes	Yes	Yes								Walbauer	2020-06-24 09:15 Converted to an ERS, VT issued, trap set. Refer to HWCR 20-7648	Destroyed by COS	2020 06 24	BLACK BEAR				1						
Yes	2020 07 14	Yes	Yes	Yes								Geuze	2020-07-11 08:54 - Call for male knocked over by a Grizzly Bear Radley Park. - CO GEUZE arrived and took statement from victim who advised he had gone out to take a pee beside a tree in his campsite when he heard a noise. A grizzly bear came out of bush bumping into his left leg causing male to fall back and hit his shoulder on the awning of his camper. Grizzly Bear took off into bush. - Grizzly Bear was about waist height and matched description of aggressive grizzly bear chasing people on the river banks and grabbing fish. - - CO GEUZE and TESTAWICH set traps and remained at campground all day. Several campers reported grizzly bear walking through campsites night previous and one group reported bear walked up behind their kids who were on the river bank and took salmon that was caught. People shot bear bangers at bear but it continued to come back. 2020-07-11 20:00 - Grizzly Bear approached anglers on beach including kids and grabbed fish. CO's unable to get safe shot and bear retreated into bush. - CO's received report of grizzly bear on the beach above Haisla bridge and located large grizzly bear. Bear not worried about human presence and was very skinny. CO's euthanized large boar. Bears teeth abscessed and bear covered in scares/wounds. Tooth and ear taken for CI. - After bear euthanized, second report of bear chasing anglers back in Radley Park. CO's responded but were unable to locate bear as it got dark. Traps re scented and left over night. 2020-07-12 08:00 - Report of Grizzly Bear chasing anglers and stealing fish. CO's arrived on scene but bear had moved north under Haisla Bridge and into greenspace. CO's made plan to come back in evening when bear becomes active. 2020-07-12 19:00 - CO GEUZE, TESTAWICH and Sgt WALBAUER set up north of Haisla Bridge where Grizzly Bear last scene. - Bear observed feeding on salmon from an angler and making its way towards Radley Park. Bear matched description from video, victim and the bear CO's observed on beach at Radley Park the evening before. - CO's euthanized young adult female grizzly bear. Bear in good condition, no notable injuries or signs of sickness observed. Tooth and ear taken for CI. PAT	Destroyed by COS	2020 07 11	GRIZZLY BEAR				1	138024					
Yes	2020 07 17	Yes	No	Yes								Testawich	ZT attended area as RCMP dispatched bear earlier in yard of SOC. ZT removed bear from gully with assistance of RCMP. On-going issue at this address. Attractant Management advice provided along with VT and DWPO	Destroyed by Other	2020 07 17	BLACK BEAR				1						
Yes	2020 09 11	Yes	Yes	Yes								Walbauer	2020-09-11 17:37 Attended, bear GOA been feeding on Mountain Ash for several days. 2020-09-12 13:00 - CO TESTAWICH, GEUZE and WALBAUER attended Baxter Ave for report of 3 adult black bears feeding in area not scared of humans. RCMP on scene moving people off and directing traffic as people were blocking the road standing on vehicles taking pictures. - TW and ZT tranquilized first bear in tree. Large adult male put into trap. - MG tranquilized second bear on ground behind baxter as it would not tree. CO MG was able to get within 5 feet of bear which was habituated to humans and did not care about human presence. Bear brought out of bush with assistance from RCMP. - Third bear on street over was adult black bear. Unable to get bear in tree or area to shoot dart. Bear eventually moved into greenspace behind angle street and MG unable to locate. 15:40 - Both male black bears brought to landfill. Both bears under weight and very habituated to people. 2 male black bears euthanized.	Gone on Arrival	2020 09 11	BLACK BEAR				1						
Yes	2020 06 18	Yes	No	Yes								Testawich	Both ZT and MG attended site. Bear in trap was not the offending bear in the garbage as noted by CO MG. Bear released down the Wedeene FSR	Short-distance Relocation	2020 06 18	BLACK BEAR				1						

Yes	2020 06 24	Yes	No	Yes								Geuze	2020-06-15 12:10 - CO GEUZE arrived on scene, 2 yr old bear observed feeding on garbage in childrens playhouse. CO GEUZE unable to get safe shot and bear retreated into green space behind residence. - CO GEUZE set trap behind house and issued homeowner a DWPO to have garbage cleaned up by that night. - CO GEUZE received text from neighbor at 15:00 advising bear was back eating garbage around trap but did not go into trap. Bear then took off into bush again. 2020-06-17 05:30 - CO GEUZE attending location for bear in trap. RCMP Cst MCKINNON advised he was at location. A sow BB was in trap with a cub outside. - CO GEUZE arrived on scene, cub had taken off. CO GEUZE showed photo of the 2 year old bear to Cst MCKINNON and he advised that was the bear that ran off into bush. CO GEUZE searched area but could not locate that 2 year old. - Bear in trap had no history and was not known to be in any garbage or displaying any aggressive behavior. 2020-06-17 07:00 - CO GEUZE and TESTAWICH released bear on spur road of Wedeene FSR. Bear given hard release and took off quickly into bush. 2 year old bear seen in area when sow in trap was old enough and big enough to be on it's own. - CO's to monitor calls for 2 year old. If bear continues to come back, CO's will set another trap. - Attractants in area addressed and removed.	Short-distance Relocation	2020 06 17	BLACK BEAR			1					
Yes	2020 06 02	Yes	No	Yes								Walbauer	2020-06-02 14:00 2 Bears from NLWS translocated to Alistar lake Gitnadoix Recreation Area.	Translocated	2020 06 02	GRIZZLY BEAR	23	6412	1		300	s 1		Both bears extremely plump, double ear tagged and satellite collared, monitors by Project Wilde permit Grizzly bear Foundation.

Destroyed by COS	2021 07 14	GRIZZLY BEAR			1	145762
Advised RCMP members on scene confirmed there is a GB inside trap.																					
RCMP are wondering if they need to stay on scene.																					
Reporting a bb wandering around the above location. Members on scene scaring the bear with sirens.																					
There is a grizzly bear foraging at Brant and bittern street across from the Shell and there are two men there who have gotten out of their car to take oictures of it. RCMP are sending a patrol to ensure safety of the men.		2021 04 27																			
COM emailed CO TESTAWICH with the following: We just had a curious black bear roaming the Radley Park site. 3:45pm he was sited at campsite #36 and 4:15pm we saw him checking out our dumpster behind the office. Nothing too serious has happened as of yet, but one of the campers let us know he's been hanging around for the last 3 nights. Usually showing up at the dumpster around 11pm. Seems to be alone and fairly comfortable around humans, The camper I spoke to said he was taking pictures just 10ft or so behind him and the bear didn't show any concern.		2021 08 16																			
There is a grizzly bear rolling around in the grass by the Circle K gas station and people are stopping to take pictures of it.		2021 04 27																			
Advising that the address they have is [redacted] CO Briefed on initial - emailed.																					
Caller advises there is a GB is on the side of the road in front of the high school.		2021 04 26																			
Caller advises that the GB keeps coming back to the same spot, at the school near the corner of Lahakis Blvd and Cormorant Ave. No ATB noted. Emailed only, CO has already been briefed.																					
COM advised that a bear was just roaming through some of their sites. No attractants accessed.																					
Advises that there is a bear at the above location. Advises that the bear came within 15 feet of the COM. Advises that they have the bear spray out but did not use it. Advises that the bear followed them for 200 yards. COM is requesting a call back.		2021 07 21																			
Caller had a BB drag away and empty cooler at 1800. It just came back and was snooping around the camper and when the caller came out with a gun, the BB was gone.		2021 07 22																			
COM sent the following email to CO TESTAWICH: We currently have a black bear roaming the campgrounds. It is suspected to be the same one from last week. He is becoming more and more courageous and is now digging around in the firepits and sniffing out our bear proof dumpsters. I have just been told that hes been hanging around for at least the last 3 or 4 days and many campers are getting frustrated that the bear has not moved on. I did try calling the 2 numbers I have here in the office with no luck so just writing out this e-mail. Feel free to call me at the work cell 1-250-639-5695 [redacted]		2021 08 16																			
Caller advises of a grizzly bear that was spotted at the above location biting some branches. The caller was able to		2021 05 03																			
Advises that a bear has been hanging around for the past week. The bear got into the gardenb and is always laying around the property eating grass. Caller is wondering if he can get a trap set up.																					
COM states he sights the bear every day. COM states this is the 3rd or 4th time he has had to look for his garbage. COM states today is garbage day. COM is requesting a call from a CO to discuss the possibility of a trap.																					

COM states he sighted a BB 4 years old, has been in the area for 5 days. COM states he called RCMP dispatch and was told to "let the bears do what they want to do". COM disagrees with that statement. COM set off a bear banger and the BB ran towards town. COM is concerned as he has young children. COM requesting a callback.		2021 08 01																				
COM states he sighted a BB 4 years old, has been in the area for 5 days. COM states he called RCMP dispatch and was told to "let the bears do what they want to do". COM disagrees with that statement. COM set off a bear banger and the BB ran towards town. COM is concerned as he has young children. COM requesting a callback.	Yes	2021 08 01	Yes	No	Yes								Maestrello	2021-08-01 13:34 CO MAESTRELLO called com and explained CO MAESTRELLO was on route and to give the bear some space and get the kids inside. Attended, everyone outside and asked everyone to go inside. The black bear was a male, skinny. Bear went into town 5 days in a row and ate cherries. The 5th day the homeowner was outside with the dog and kids, the dog was barking and it still went up the cherry tree. CO MAESTRLLO consulted with A/SGT Testawich and advised with kids around and it being comfortable in town to destroy the bear for public safety. Removed carcass.	Destroyed by COS	2021 08 01	BLACK BEAR			1	
COM advises that her teenage daughter was warned of a grizzly bear spotted traveling near the above location. No unusual behaviour noted.		2021 08 16																				
COM reporting issues with a Black Bear that has been accessing her fruit trees (currant and cherry) in back yard. COM has taken her children indoors as she is concerned for their safety.		2021 08 01																				
COM states that young Black Bear, described as "scrawny" has been in area for over 1 week and has been feeding off neighbour's fruit tree. No aggression shown. COM states that neighbour shot off bear banger to scare the bear away. COM is requesting that a bear trap be set to capture the bear and that the bear be destroyed.																						
RCMP reporting that they received a report of a Grizzly Bear sighting at the above location. Advised that a person in a white pickup truck had stopped to take photos but had got back into his vehicle. No aggressive behaviour noted.																						
Requesting to speak to a CO regarding the bear.																						
Caller almost struck black bear at 0645 and bear ran into nearby trailer park(therefore email).		2021 08 16																				
A camper reported a black bear went through her garbage at her campsite.		2021 08 16																				
A camper reported a black bear went through her garbage at her campsite.	Yes	2021 08 16	Yes	No	Yes								Testawich	ZT attends area and sets trap as bear was into cooler/tent 2021-08-05 Bear in trap. ZT attends/locates bear in trap/euthanizes bear and has s. 15	Destroyed by COS	2021 08 16	BLACK BEAR			1	
Broke into a cooler in a neighbouring site.																						
Advises that a bear got into his chicken coop this morning. Caller chased it away 2 or 3 times and it kept coming back. This is the first encounter and the bear got one chicken.		2021 08 16																				
COM reports that bear has been just trapped in a COS placed trap.		2021 08 05																				
COM reports that bear has been just trapped in a COS placed trap.	Yes	2021 08 05	Yes	No	Yes								Testawich	ZT received call from ECC stating bear in trap in Radley Park. ZT attended located bear. Euthanized bear and had s. 15 ZT received info that bear was once again in site 21 prior to being caught in trap.	Destroyed by COS	2021 08 05	BLACK BEAR			1	
COM reports a bear at the above noted location. No noteworthy behaviour.																						
Report passed on by RCMP dispatch. Seen about 5 min ago. Advised COM 'made eye contact with the bear, then they went their seperate ways'.		2021 09 08																				
RCMP relaying a report of a BB eating apples at multiple residences along the street û currently at above.		2021 08 16																				
COM: s. 22 reported to RCMP that a GB was spotted in a grassy area just up the hill from the above location. Original caller was concerned as the GB was not exhibiting any fear of human presense. No ATB observed/reported.		2021 05 04																				
Advises that a patrol vehicle arrived on scene and saw the bear grazing on a grass field. The put on their siren to scare away the bear. They will stay on scene for a bit longer to make sure it doesn't come back.																						
Advised of a black bear going through garbage and a cooler at the above address. Residents are spectating rather than deterring the bear.		2021 09 17																				
Black bear seen on sidewalk behind COM's house last night. This morning a strong garbage odour is coming from COM's neighbour's property, assuming the bear got in to trash there.																						
Caller was walking in the above area when he noticed a smallish bear up a tree across the creek. He called RCMP dispatch to report it.																						
Caller saw a BB sow and cub by the creek near her house today.																						
COM reporting 2 sets of sow grizzly bears with 2 cubs hanging around the fishermans trail to lower hatchery bar. 2 reported close calls with people getting between the sow and cubs and getting bluff charged, most recent being last night with a group of 10 tourists. COM wanting COS to be aware and inquired about closing access too area and extra signage.		2021 08 24																				
COM advising CO GEUZE that grizzly bears (sows with cubs) are still in the area feeding in the River below the hatcher. People were coming down to take pictures and the bears appeared uncomfortable but the traffic in the area has reduced. COM is continuing to keep COS updated.																						
COM reporting 2 different black bears around the boat ramp and stair access to hatchery. One bear got into a gill net abandon on the ramp with chum in it. Staff cleaned it up but bears are still around.		2021 08 24																				
Sow and its cubs are currently in the trailer park area at the above mentioned address. No signs of aggression. very large BB on site, they are trying to get him back into the forest but laying down by the power lines within the compound.. CO's They will need to receive an escort in because of labour dispute (picket line)		2021 09 14																					
very large BB on site, they are trying to get him back into the forest but laying down by the power lines within the compound.. CO's They will need to receive an escort in because of labour dispute (picket line)	Yes	2021 09 14	Yes	Yes	Yes									Geuze	2021-09-13 14:14 - CO GEUZE called COM who advised bear had got into compound and while attempting to haze it out of area, bear ran into secondary fenced compound and got wedged between a spool of wire. Unknown if bear is injured but it is unable to get out. COM requesting COS assistance to remove bear. 16:50 - CO GEUZE and LYUBOMUDROV arrive at location. Large adult male black bear stuck behind spool. No previous conflict with bear and no sign of injury. Compound secured, hole cut in fence and COM used loader to move spool. Bear climbed up on spool and jumped fence into further compound. - Several attempts of 3 hours to move bear into whole in fence or out of 2 open gates to get out of compound. Bear continued to tree or lay down in thick brush within the compound. 19:30 - Decision made to tranquilize bear before dark. Given location, bear would likely go further into plant and not find its way out as it would need to go through several gates which could not be left open due to ongoing strike and security issues. - 5cc dart with 2 vials of _ admistered to rump of bear at 19:41 hrs. Bear up tree showed some signs of drug taking affect but did not fall asleep and was still alert. - 3cc dart shot at bear. Dart hit bear and bounced off and into tree. Did not appear to be successfully deployed in bear. - Second 3cc dart with 1 vial administered successfully into bear at approx. 20:15hrs. Bear starting to show more signs of drug taking over but bear still alert and climbed down tree and then back up. - Third 3cc dart with 1 vial administered successfully into bear at approx. 20:40 hours. Bear then fell became immobile in tree and fell approximately 10 feet onto ground. Bear landed on rump at base of tree. No movement in back legs and front legs stiff but still small amounts of movement. Bear still alert and able to move head. 3cc of zoletil administered into rump. - CO GEUZE grabbed bear but the head and controlled head of bear while Rio Tinto emergency workers grabbed the 2 back legs and bear moved to trap. Eventually bear was able to be loaded into trap. 3 darts retrieved from bear. One dart believed to have come off in brush while moving bear to trap and other dart stuck in tree. - Bear alert in trap but no movement in back legs. 21:10 - Depart Rio Tinto and 17 back to Terrace. 21:50 - Bear trap with bear put into compound to let recover over night. Drug kit cleaned and drugs recorded in log book. 2021-09-14 08:00 - CO GEUZE assessed bear in the morning. Bear sleeping and very lethargic. Still no movement in back legs but able to move front legs and head. 11:00 - CO LYUBOMUDROV called CO GEUZE and advised that bear still had not moved back legs and had no response to being poked by broom handle. Bear back legs mono longer mobile and bear in pain and lethargic, decision made to euthanize bear. - CO LYUBOMUDROV euthanized male black bear. Teeth stained and worn down and back molar abscessed. Bear was old but otherwise in healthy condition.	Destroyed by COS	2021 09 14	BLACK BEAR			1

Caller advises a large Bear came out of nowhere and she hit the bear in the rear end with her car. The bear ran into someones lawn and continued looking for garbage cans.		2021 11 02																				
Caller advises a BB sniffing around at the dumpster at her apartment building.																						
Caller advises a very large BB looking in her bedroom window and just went to Heron Street. Caller asked if the CO comes out tonight to run their siren. It scared a bunch of people that were leaving a meeting at the church at 21:00 by being outside when they came out and were not expecting it.																						
Caller advises a BB knocked down the garbage can at her property and her neighbours house as well. Not scared at all.																						
Caller advises a BB knocked down the garbage can at her property and her neighbours house as well. Not scared at all.																						
BB currently in backyard. feeding on garbage. Unknown how long BB has been there.		2021 11 16																				
Black bear tore apart someone else's garbage in COM's car port.		2021 11 07																				
Cabb stuck in his garage, it can't get out and the bear is not happy. Caller has no idea how the bear got in there.		2021 11 07																				
COM sent email to SGT WALBAUER with the following information to update original HWCR #21-27947 Hello Tracy since Rio Tinto has increased presence around the landfill and increased landfill cover there have been no sightings of bears on the landfill with the exception of over the weekend there was one mother and 2 cubs that walked over the landfill from one side to the other. We will continue to monitor activities and report back if things change.		2021 11 16																				
RCMP reporting on behalf of COM who reported a grizzly bear at the above noted location that charged COM's dog. OO called COM back but no answer.		2021 11 07																				

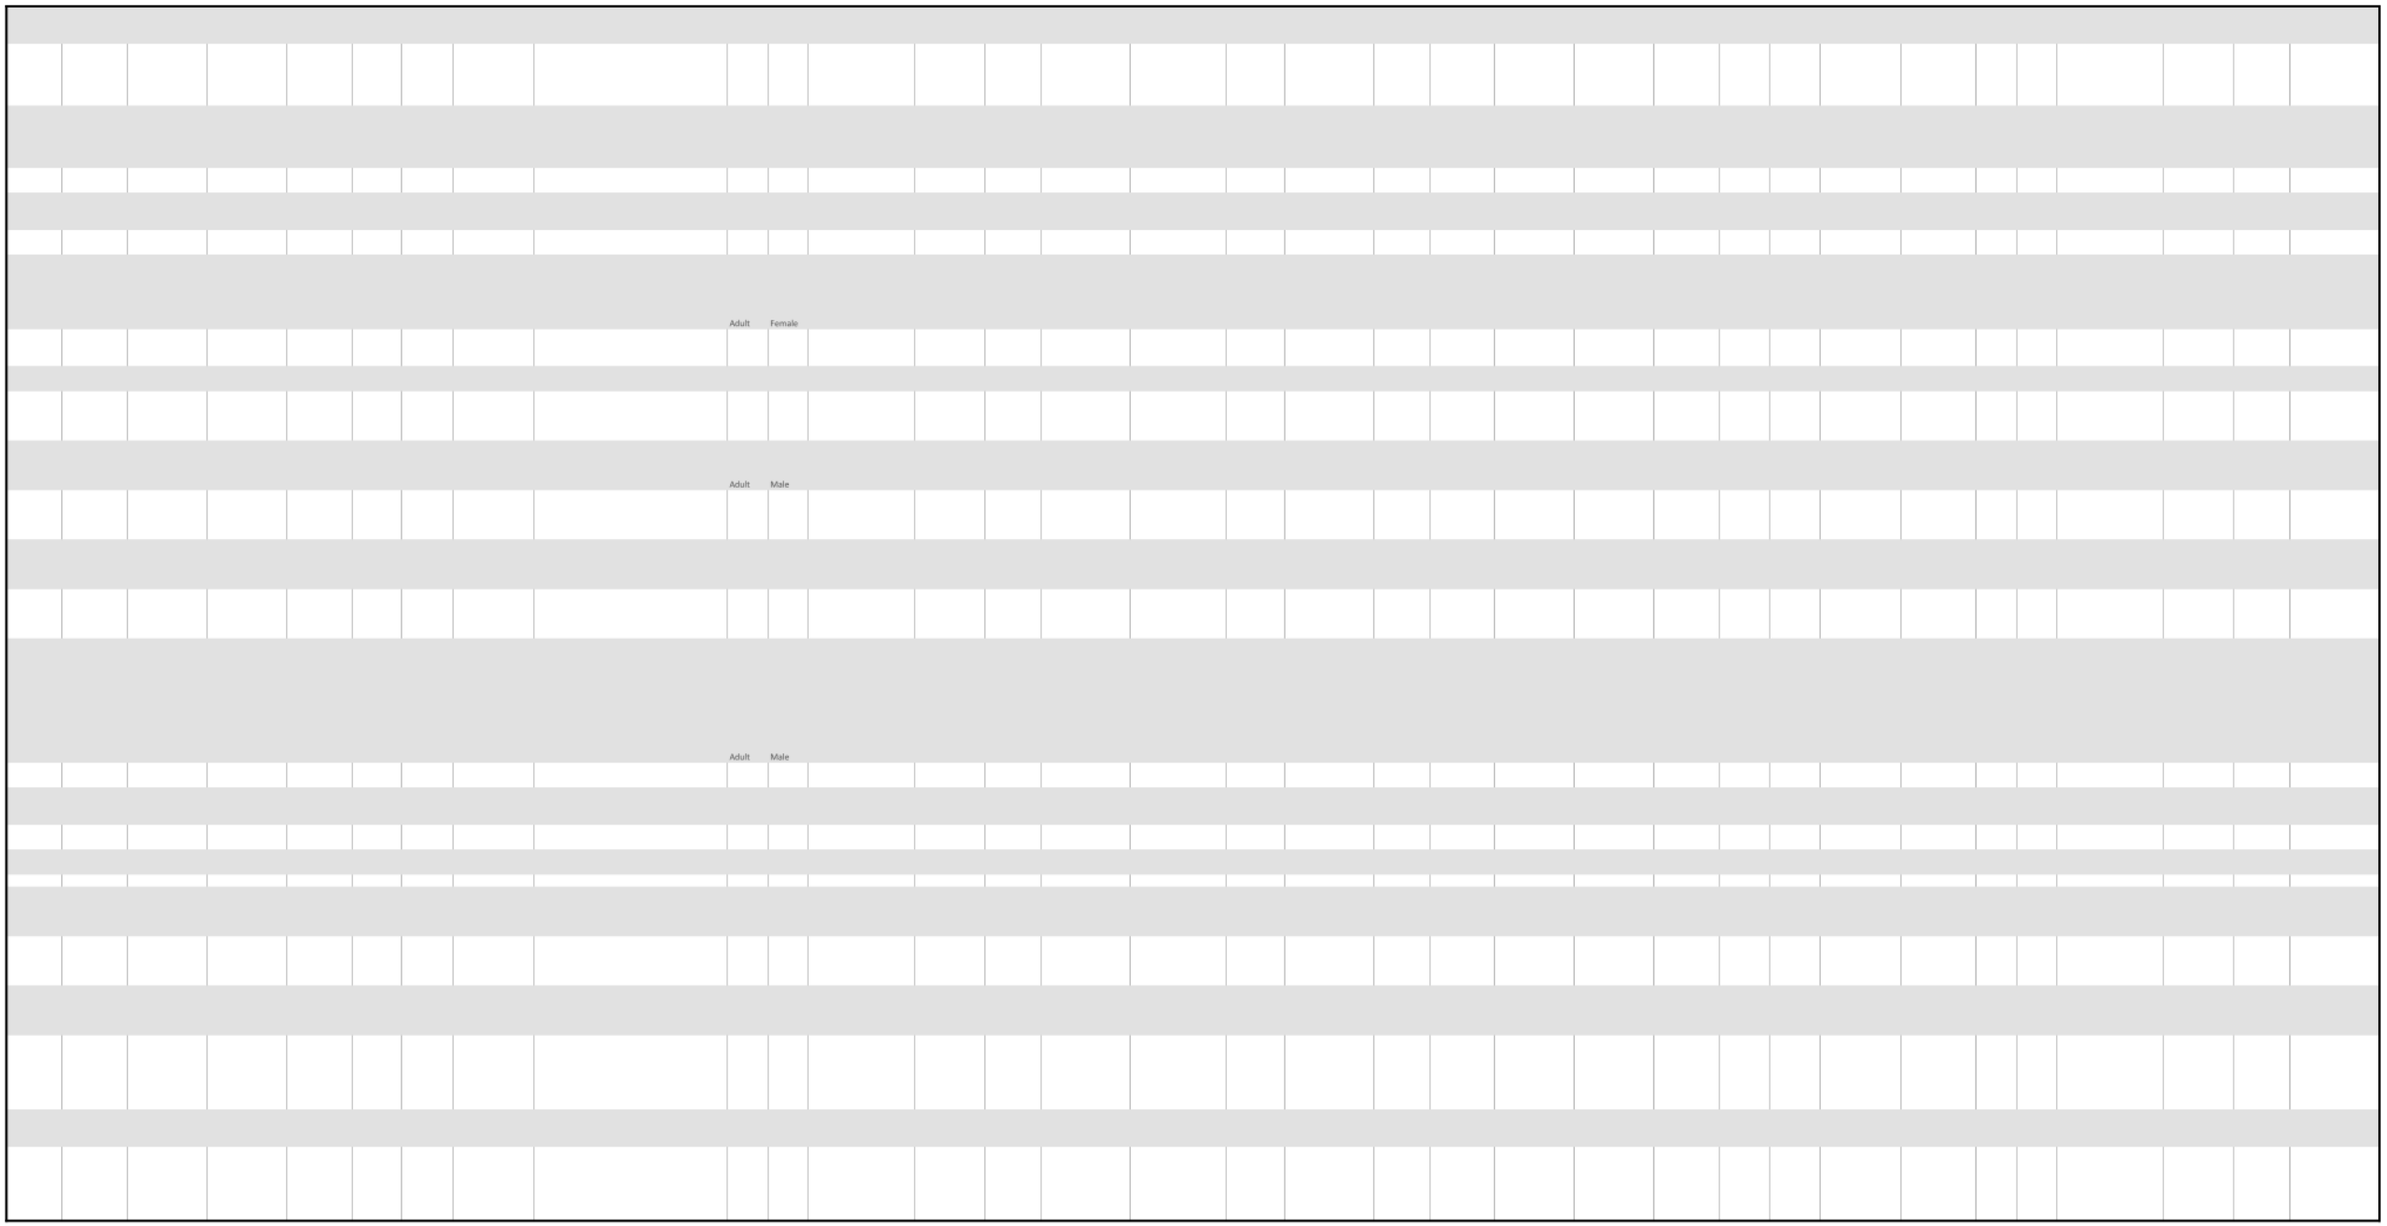

A grizzly has been around for the past couple weeks. People have video of it eating a pickup's rear view mirror. Last night, the grizzly came to the caller's property, created a ruckus(daylight) and caller's dog chain was broken. Caller tracked the bear for a bit, and it entered a property and chased[redacted] Close by neighbour lost a dog(unknown date and size). A number of neighbours have it on video. Also a[redacted] nearby.		2021 11 09																				
COm advised that there has been a bear in the area over the past month, getting into garbage cans along the street. A month ago the bear bluff charged his daughter, soming within 20' of her. Last night it came within 5' of the COM.		2021 11 24																				
COM is requesting a call from a CO. COM states he had told an individual about the encounter and the fellow had mentioned he feeds the bears with cakes and pastries. COm would not provide a nmae as the individual begged the COM not to notify COs. (Let ECC know if an ERS should be created)																						
Requesting a call back ASAP. Caller is very upset that he has not heard back from a CO. Caller informed the ECC that he is recording the call so if a bear mauls someone he will have proof that the CO's were called. Caller is very upset and frustrated.																						
Advises that he still hasnt heard from a CO and he is very annoyed.																						
COM advised that the trap was present last night at 24:00, but when COM got up at 04:00 to check on it, the trap was gone. COM would like to know if a CO removed the trap.																						
Following CO's direction and informing RAPP that the bear is back(during the day time). Caller was polite, but mentioned he would set a bear snare a few times. OO cautioned against the idea, and caller indicated as he was FN he could set the trap. Caller indicated he would not set the snare until a CO calls and provides guidance/assistance.																						
Grizzly bear in COM's yard at time of call. It has been going under COM's car port for the past 2-3 days.		2021 11 09																				
Advised yesterday was garbage day. Bin was out on the road. Bear got into bin and damaged it. Wife took pictures and sent them to the # on her cell phone but did not receive a response. Wants to know if bear can be taken care of. They are not the only people in the area being bothered by this bear.																						
Complainant reporting a bear sighting near the above mentioned location. No signs of aggression and no attractants noted. Described as a full sized black bear.																						
Complainant reporting an ongoing issue with a bear returning to the above mentioned address every night. Described as a full sized black bear. The bear was trying to get into an empty garbage can. The bear also didn't seem fearful when Com sounded her car alarm and dogs barked.		2021 11 12																				
Reporting a bb in the area for the past couple of days. It has gotten into their closed garage and got their deer that they killed. They were able to retrieve the deer. Today they left their garage open and the bear came back and took the deer again.		2021 11 25																				
COM states he sighed a GB at the above location this morning at 0430. COM does have chickens but the bear did not access any. COM is concerned about this bear in the area. COM does have a dog and is nervous to walk it at night. COM has used bear bangers in the past. COM is requesting a call from a CO		2020 11 12																				
COM advised that they had a bear back again last night. There was nothing in the shed, but the bear pulled the hinges off the door to gain access inside (where there is nothing stored)		2021 11 25																				
COM advises his neighbout leaves garbage out for days and is never home to clean it up. It has attracted a bear that comes to dig through the garbage.		2021 11 26																				
COM reported to CO TESTAWICH that there was fresh bear scat at this location-close to where the culvert trap was set.		2021 11 26																				
COM sent photo of overflowing garbage can at the above address and stated that this is an on-going issue and the only reason why the bear continues to come to this residence is because of this garbage can		2021 11 26																				
COM reported via email to CO TESTAWICH that she was almost attacked by a Bear		2021 11 26																				
Last night a grizzly kitimat, comes up on his deck and sniffs his window at all times of the night. It has been ongoing for at least a month. Very large Grizzly.		2021 11 26																				
COM advised that a 'big bear' has been accessing their garbage by pulling the garage door up and open.		2021 11 24																				
Report of a bear into garbage was received via Kitimat RCMP. The COM that contacted RCMP are from out of country & rotational workers. Seemingly unaware of garbage storing procedures which RCMP dispatch filled him in on.		2021 12 04																				
Caller advises of a bear that has been hanging around since the summer and was just spotted this afternoon sitting in the backyard eating the garbage dragged over from the neighbours. The caller is requesting a call back and is concerned for his young son.		2021 12 02																				
COM reporting a Black Bear that has been hanging around the campground and has been going into each campsite		2021 05 28																				
COM reporting that 2 Grizzly Bears are back in the area near the check-in hut		2021 06 03																				
Advised there is a GB sitting out side thr ER Department at the above lcoation in the bushes. **Requetsing a call from a CO.		2021 05 31																				
Seen on end of street 15 minutes ago by neighbour. Wandering around empty lot on end of cul de sac.		2021 06 02																				
Caller advises of a bear at the above location that's been going through dumpsters in town. The bear was last spotted a few minutes ago.		2021 06 11																				

Bear is back again. Trying to get into garbage, but bins are locked so it hasn't been successful yet.																						
Grizzly (they think) has them trapped from accessing the Norco/Northco(?) trail. With dog (on a leash).																						
Kitimat RCMP member observed a BB traveling into town. No attractants / ATB.																						
Caller advises a black bear came out of the park area and is now at the [redacted] and eating grass. Caller also advised it is garbage day.																						
COM reported to CO TESTAWICH that there is a Grizzly sow (has yellow ear tag) with a cub that are now hanging around the Kitimat Landfill site		2021 06 18																				
Advises that there is a grizzly hanging around the camp at the above area. Not acting aggressive or bluff charging, just getting more comfortable and harder to get rid of. *** Emailed due to it being a grizzly bear.		2021 06 18																				
COM reporting that there are 2 different sets of Grizzly Bears (sow and a cub) that have been frequenting the area at/near the check-in site for LNG Canada		2021 06 23																				
Advises a BB has been hanging around their shop for a few days. No ATB/garbage, crews just wanted to report it. Last on site 30 min ago.																						
COM reporting that he found a dead Grizzly in the ditch 7 km past the locked gate on the Hoult logging road-accross from the camp.		2021 06 22																				
Advises that a black bear has gotten into the dumpster in his yard with the lid closed. Bear has started to walk into the the shop building and went up the the office door yetserday.		2021 06 29																				
Caller advised one of her coworkers saw a grizzly head into the brush North of the above location. No aggressive bheaviour or attractants noted.		2021 07 03

Yes		Yes		2022-11-22 @ 0900 hrs, CO LYUBOMUDROV drove through the area, no BBs observed. No fresh tracks on the snow. COs aware of a family of GBs in the area, but COM insisted that the bears looked like BBs as COM did not observe any "humps" and the bears looked too small for GBs. CO provided standard attractant management messaging. 2022-12-01 CO LYUBOMUDROV called COM and verified that there were no new sighting since the initial report at the reported location, but COM passed on a second hand information that there was a single BB observed in the area on Saturday 2022-11-26. CO advised that with continued attractant management efforts and the current Arctic outflow weather, bears will likely be moving closer to their denning sites and prepare for hibernation.	Lyubomudrov, Alexander			No	Food Conditioned	Danielle - Ops 8	ECC Operations Officer	2022 12 01 9:40

Yes		Yes		2022-11-21 0717 hrs ZT leaves V/M for COM at this time requesting call back re: this report 2022-11-22 0505 hrs CO LYUBOMUDROV received a call re Update-1 advising that the BB is back and scratching underneath the trailer. CO called COM and learned that - the BB was no longer present; - COM sounded scared and wanted someone to drive by and honk to make sure that there was no BB around. - ECC dispatch advised that RCMP were called to drive by and see if the BB was still around. - COM was advised that CO will attended in am to set a trap as the BB was well known to COs. 0900 hrs CO LYUBOMUDROV attended with a trap, CO walked around the trailer and found a very well established trail behind COM's trailer. - All tracks looked old and fading - It was impossible to tell species, but the tracks were consistent with a bear; - Snow pack was ideal for tracking, and there were not fresh tracks suggesting that there was a bear at 0500 hrs. - CO talked to COM and learned that: - COM did not actually see a bear this time, but saw it the night before; - COM advised that COM just saw something scratching underneath the trailer; - CO asked if there were any indication of any rodents in or outside the trailer and COM advised that COM saw mice; CO set a trap based on previous history of BB in the trailer park.	Testawich, Zane			Yes	Damage to property - not present	ASHLEY - OPS 1	ECC Operations Officer	2022 11 30 14:18
Yes		No	No call back info provided.	2022-11-18 @ 1145 hrs, CO LYUBOMUDROV attended Commercial Ave in Kitimat for attractant audit. - All dumpster bins in the area are wildlife proof; - Advice provided to business owners on attractant management, emphasized the importance of using locking mechanism and locking devices as pad locks or carabiners to secure lids at least for the night. - Bin that was potentially accessed by GBs located and happened to be a cardboard only wildlife resistant recycling been. - Business owner across the street suggested that some passer by may have thrown some food residue in the bin or placed on bin's lid. - Overall, very limited amount of food products are being disposed of in the area - commercial and light industry district. - Next to no people stay in the area overnight. GBs are assessed as Cat 2.	Lyubomudrov, Alexander			No	Food Conditioned	Emily Nusse	Admin - Skeena (COS)	2022 11 30 9:06
Yes		Yes		On 2022-11-15 at 1000 hrs, CO attended location, conducted attractant audit and learned that: -there were several businesses on the street using commercial dumpsters - all wildlife proof, none with plastic lids; -all businesses have been advised of GB family unit present in the area, were directed to be extra cautious early in am and late in pm, drive around the facility to make sure there were no GBs in the area, contain attractants, utilize locking mechanism of their dumpsters, use lock or carabiners to keep the lids secured. -the streets is located on the outskirts of town, closed to the wilderness. -CO assessed the GBs as Cat 2, COs will keep monitoring the GBs through reports from the public. Yes		Yes		2022-10-21 12:53 - CO GEUZE called COM. Advised a very large black bear has been frequenting property on Dunn Street. COM advised she does not have any accessible attractants however bear was pushing on door and ripping into bins that contained sleeping bags and a shop vac. COM concerned as Halloween coming up and bear is not afraid of people and quite active at night and in morning. - CO LYUBOMUDROV attending area to set trap 14:57 hrs, CO LYUBOMUDROV attended location and set a trap behind 43 Dunn st. 2022-10-25 12:10 - CO GEUZE pulled trap, no capture and no recent sightings	Geuze, Michal				Food Conditioned	James Ops 3	ECC Operations Officer	2022 10 27 9:14
Yes		Yes		2022-10-20 1000 hrs ZT connected with COM who stated that there was a bear over the past few days in her yard/on her steps and pushing on her front door. COM noted there are no attractants in the area and COM is worried that this bear's behavior is escalating. 2022-10-21 - Trap set for HWCR 22-043643. Given proximity of call, most likely the same bear. 2022-11-02 - No further reports of bear in area received by COS. Trap set for HWCR 22-043643 was unsuccessful and no further reports have been received regarding the bear	Testawich, Zane		22-043643		Damage to property - not present	Emily Nusse	Admin - Skeena (COS)	2022 11 02 12:15
Yes		Yes		2022-10-20 0003 - CO GEUZE called COM, bear has since left the garage as COM saw on her home video. CO GEUZE stayed on phone with COM while she went outside and secured door. - CO GEUZE will attend in AM. 12:50 - CO GEUZE attended location and talked with homeowner. Garage door was left slightly open and bear pushed on it and got into garbage stored in garage. Homeowner advised they are ensuring door is shut every night. Bear has been at location twice in last week, first time it just walked by. - CO GEUZE canvassed area, bear periodically comes through area but is not consistent. COS to monitor	Geuze, Michal				Property damage - present	ASHLEY - OPS 2	ECC Operations Officer	2022 10 21 9:20
Not Required		Yes		2022-10-18 0700 ZT receives text message from COM reporting bear walked though yard/area. ZT responded via text with RAPP Line # and advice.	Testawich, Zane			Yes	Sightings	Emily Nusse	Admin - Skeena (COS)	2022 10 21 12:51

Yes		Yes		2022-10-18 08:11 - CO GEUZE called COM. He advised a grizzly bear sow with 2 cubs were feeding on moose remains that were tossed at the beginning of the Wedeene FSR. Gbear sow bluff charged COMS vehicle several times as he drove by. COM concerned as area is popular for dog walkers. 14:00 - CO GEUZE attended site and found moose remains next to road. Sign put up advising of bear in area for dog walkers. Will pull down at later date once bears move on. Not a large amount of moose remains dumped.	Geuze, Michal				Aggressive - present/recent	Tyler Ops 2	ECC Operations Officer	2022 10 20 9:30
Yes		Yes		2022-10-28 8:11 - CO GEUZE called COM, advised black bear has been in trailer park getting into garbage. Bear came onto COMS deck and was pawing at door. COM tried to scare bear away and it tried climbing deck towards him. COM also advised that a grizzly bear sow and 2 cubs were in trailer park that night as well getting into garbage. 13:06 - CO GEUZE attended trailer park and talked to r[redacted] regarding ongoing issues with trying to get bear proof dumpster put into trailer park. - CO GEUZE met with district of kitimat waste department with inquiries on how to get dumpster into park to prevent further issues with bears accessing garbage. - CO GEUZE did not set trap due to potential to catch grizzly bear cub. Residents talked with and instructed to clean up garbage. Several residences in the park are low income and have mental health issues. - Instructed to call RAPP for further sightings 2022-10-20 13:20 - CO GEUZE attended trailer court and observed bear proof dumpster at location. CO GEUZE talked with manager who advised he had it delivered this morning and are currently handing out notices to residents for garbage disposal methods. - No reports of bears in trailer park last 2 nights. COS to monitor.	Geuze, Michal				Food Conditioned	Perry Ops 3	ECC Operations Officer	2022 10 20 15:31
Yes		Yes		2022-10-17 10:49 hrs ZT leaves V/M message with advice and RAPP # for any future sightings or concerns at CIVEO site. COS will follow-up with CIVEO in regard to bear-proof containers and attractant management. 2022-10-20 13:50 - CO GEUZE attended camp and talked with Security. No further bear sightings since bin was chained down. CO GEUZE observed that bin that was accessed was hid-a-bag "bear proof" dumpster. Bear had tipped it over causing the latch to pop open. Bin has since been chained to cinderblock and unable to be moved. - Security will call with any further updates. Yes		Yes		2022-10-13 - CO GEUZE set second trap for black bear accessing garbage and damaging property on [redacted] Bear capture 2022-10-15. Refer to HWCR 22-041356 for outcome	Geuze, Michal	22-041356			Food Conditioned	Emily Nusse	Admin - Skeena (COS)	2022 10 20 9:40
Yes		Yes		2022-10-13 12:20 - CO GEUZE attended location and spoke with COM. unknown kind of bear broke into 2 of COMS freezers that were outside their residence. COM thought that the food being frozen would not smell and create an attractant. COM has since moved both freezers inside their secured shop and cleaned up mess outside. - COM to update if bear returns but no other attractants noted.	Geuze, Michal				Food Conditioned	Danielle - Ops 2	ECC Operations Officer	2022 10 18 10:11
Not Required		Yes		2022-10-12 10:16 - CO GEUZE called COM. Advised that grizzly bear sow and 2 cubs continue to frequent property in Strawberry meadows in Kitimat. Bears are not scared of humans and COM is worried. Advised that on thanksgiving a cub walked onto deck between house and hot tub and was within a meter of a person before it as scared off. Bears are come almost every night and hang around but are not into garbage. - CO GEUZE asked COM to call RAPP line for sightings as COS has not received any calls for a few days and thought bears moved off. COM also sent photos of bears to CO GEUZE. COM lives in kitimat whole life and is well versed in bear awareness and safety.	Geuze, Michal				Sightings of grizzlies/cougars urban/residen	James Ops 2	ECC Operations Officer	2022 10 12 15:10
Yes		Yes		2022-10-12 at 1306 hrs, CO LYUBOMUDROV attended location and conducted attractant audit. -No attractants have been noted during the inspection time; -Empty bins were kept outside; CO talked to residents and provided advice on best attractant management practices, legislation and possible monetary penalties for future non-compliance. COM thanked CO for "the warning". NFAR from the COs unless new information is received.	Lyubomudrov, Alexander			No	Food Conditioned	LEE - Supervisor - Ops 4	ECC Operations Officer	2022 10 25 9:25

Yes		Yes		2022-10-10 1835 hrs: ZT received call from ECC re: Grizzly Bears in area of houe/deck in Strawberry Meadows (Kitimat) 1837 hrs: ZT connects with RCMP to request drive by to determine if bears are still in area, on the deck of the residence or if they have departed area. 1839 hrs: ZT connects with COM who stated the bears have moved off of the deck and into the green grass area of his property. ZT provided advice surrounding attractant management/bear aware etc. COM wants to know if he can shoot the bears to which ZT stated that only if he and his family are in imminent danger and eating grass in the vicinity of his residence is not imminent danger. ZT informs COM that the RCMP will attend the area and attempt to haze the bears away with their patrol vehicle and sirens. 1900 hrs: RCMP on-site at location but bears reluctant to depart area with sirens blaring (bears about 20 feet away from patrol vehicle) RCMP will continue to haze and update ZT 1945: Text messages and phone calls with COM who now stated the bears have departed the area but have moved to the neighboring residence and sitting on top of the hot tub. COM also reports 2nd issue from previous night at property in area where the residents were having a shop party and the bears came out of the greenspace withing 5-10 feet of the partygoers. 1945: ZT updates Insp WALBAUER of issues at this location as involves 3 G-Bears. 1952: ZT connects with RCMP and updates that we are not attending as the bears continue to act in a natural stated of curiosity and eating natural food sources at this time. Property owner has been provided with advice for the night. 2025: COM texts ZT and stated the bears are back at his property and eating grass- maybe going to lay down on the property and sleep for the night. COM advised she does not have a shed or garage or basement to put garbage in. Will try freezing what she can and build a structure to secure garbage in. - 2 traps set in area for bear. COM will call RAPP for any other sightings.	Geuze, Michal				Food Conditioned	Anthony OPS3	ECC Operations Officer	2022 09 07 10:44
Not Required		No	COM has no phone	2022-09-07 10:00 - CO GEUZE reviewed call, no contact for COM. 2 Traps set in area for same bear that is breaking into houses/garages/sheds. - COS to attend location as time permits	Geuze, Michal				Food Conditioned	Perry Ops 3	ECC Operations Officer	2022 09 07 10:17
Yes		Yes		2022-09-06 14:00 - CO GEUZE attended residence and spoke with COM. Bear broke into canopy of truck to access garbage. Bear dented truck side and canopy was a write off. COM secures garbage and had missed the dump that day so left it in her truck. - CO GEUZE advised that a bear trap was set across the street for the same bear as it broke into a shed. Refer to HWCR 22-031960	Geuze, Michal		22-031960		Damage to property - not present	Molly - Ops 6	ECC Operations Officer	2022 09 07 10:21
Yes		Yes		2022-09-06 13:45 - CO GEUZE and TESTAWICH attended location and set a trap. Bear broke into shed where garbage was secured and ransacked shed. Bear in area for last couple weeks and is breaking into sheds and garages. 2022-09-14 07:00 - Bear captured in trap across the street. Same target bear breaking into houses/sheds. Refer to HWCR 22-034039	Geuze, Michal	22-034039		Yes	Food Conditioned	Molly - Ops 6	ECC Operations Officer	2022 09 29 9:56
Yes		Yes		2022-09-06 11:00 - CO GEUZE contacted COM. Advised that they have their garbage, green bin and freezer stored inside their house in a bootroom type set up. Black bear came last night and ripped apart the plywood on the side of the house and accessed the garbage, greenbin and stole sausages from the freezer. - CO TESTAWICH attended and set a trap at location. 2022-09-14 0700 - Bear captured in trap set next street over. Target bear that was breaking into houses. Trap removed. Refer to HWCR 22-034039	Geuze, Michal	22-034039			Damage to property - not present	James Ops 3	ECC Operations Officer	2022 09 21 6:51
									Sightings	James Ops 3	ECC Operations Officer	2022 09 05 22:56

Yes		Yes	Campground Attendant	2022-09-06 08:50 - CO GEUZE contacted COM. He advised there were 4 grizzly bears at Radley Park the last 2 days. A sow with 2 older cubs and another single bear. One of the cubs tipped over a "bear proof" garbage bin and the latch broke and the bear was able to access the garbage. Campground is open until Sept 19th and fully booked. - COM advised that staff have notified all the campers and signage is all around the campground. Staff doing rounds to ensure coolers of fish and other attractants are not left un secured. - Will call RAPP line with further sightings. 2022-09-06 14:30 - CO GEUZE attended Radley Park and talked with COM. Showed location that bear was getting into "bear proof" garbage bins. Garbage is emptied twice a day and signage put on all bins advising not to dump fish waste. Bears are still skittish of people. Campground not full and will be closed Sept 19th. - Attendants and COS to monitor.	Geuze, Michal				Food Conditioned	James Ops 3	ECC Operations Officer	2022 09 07 10:11

Yes		Yes		2022-08-25 17:11 - CO GEUZE attended address. Lots of history with SOC. COM advised that bear was feeding in trailer full of garbage in the carport on several instances through out the day. - SOC came home while CO GEUZE trying to set trap and got confrontational. Did not want COS on property. CO GEUZE tried reasoning with SOC about trailer full of garbage but it did not work. SOC did advise that it was being towed away tomorrow. - CO GEUZE set trap down street from SOC residence. 2022-08-26 22:31 - Black bear in trap, CO GEUZE to grab in early morning. 2022-08-27 05:30 - CO GEUZE picked up trap. Adult male black bear euthanized, matched description and photos seen. Bear very old with no lower canine teeth and upper canines rotted. Bear in poor condition.	Geuze, Michal		22-029461		Food Conditioned	Tyler Ops 6	ECC Operations Officer	2022 09 01 11:07
Yes		Yes		2022-08-23 21:37 - CO GEUZE called COM regarding black bear in house. COM advised the bear had left after the dog was barking at it. COM had left her doors open to air out house as it was hot out and bear walked inside house. Time delay about 20 minutes. COM advised there were 2 adult bears travelling together, one bear was inside her house and the other was on the outside. A couple days earlier both bears had broken into her garage trying to access garbage. - COM closed and locked doors, will call back if bears return. 22:09 - COM call back advising one of the bears was trying to break into her house again through the same door. - CO GEUZE called RCMP dispatch and requested officers attend as CO GEUZE 1hr away. - CO GEUZE call RCMP dispatch 30 minutes later. Members attended and bear was GOA. 2022-08-24 12:20 - CO GEUZE attended address. No visible attractants present and house in center part of town. Due to heat and odd location of house, COS will wait on setting trap. - CO GEUZE left V/M earlier in AM for COM but no reply. COS to monitor calls in area and set trap if required once cooler weather arrives.	Geuze, Michal				Property damage - present	Perry Ops 8	ECC Operations Officer	2022 09 01 11:30

									Food Conditioned	Emily Nusse	Admin - Skeena (COS)	2022 08 17 13:12
Yes		Yes		On 2022-08-30 @ 0805 hrs CO called COM and learned that: - A single sub-adult Black Bear entered COM's locked workshop and consumed COM's garbage there; - BB was gone at the time of call; - Workshop roll-up door did not have a proper locking mechanism and was locked with a screw. 1103 hrs, CO attended location, observed a set of paw prints suggesting that the BB has rolled to door up to gain access. CO assessed the BB as Category 1. Culvert trap was set at the location, baited with sardines and liquid smoke. 2022-09-04 at about 17;59 hrs CO GEUZE pulled the trap, no new reports, no capture.	Lyubomudrov, Alexander			No	Property damage - present	Ashley OPS 5	ECC Operations Officer	2022 09 09 9:15
Yes		Yes		2022-08-16 1438 hrs, CO LYUBOMUDROV attended location, talked to COM and learned that: - COM was away since 0900 hrs till 1430 hrs; - Upon return home, COM observed that: - the workshop door was cracked open; - a bucket with birdfeed turned sideways; - some seeds spilled on the floor; - COM didn't observe a bear, but was aware there was one reportedly hanging in the area. CO inspected the property, learned that: - there were no other attractants; - workshop door was not properly closed and got just pushed in by the animal. CO advised that CO's are aware of the BB in the area. provided standard attractant management message, directed to always properly lock the door. CO's have a trap set for this BB.	Lyubomudrov, Alexander		22-025092	No	Food Conditioned	Derek OPS 4	ECC Operations Officer	2022 08 19 14:53
Yes		Yes		Om 2022-08-11 @ 0935 hrs CO LYUBOMUDROV and CO MILLET attended incident location and observed: -Garbage scattered up on the porch; -Staircase leading to the porch was barricaded with a sheet of plywood; -Claw marks on the porch railings suggesting that the bear climbed through the side. CO LYUBOMUDROV talked to COM and learned that -Single large black bear came the previous night and tore apart bags with "clean garbage" with no food in there; -BB stood on the porch and disappeared back into the green ravine behind the house. COs attempted tracking down the animal and observed more garbage on the edge of the ravine and behind COM's backyard. COM has been directed to clean the garbage and contain attractants. DWPO # 1167, CF 202205333. CO LYUBOMUDROV assessed the BB as Category 1, Capture will be attempted when weather conditions permit as current heat wave conditions are not favorable for humane trapping. 2022-08-15 SGT TESTAWICH set a trap, capture attempts will be documented in HWCR#22-026992. Yes		Yes	Hatchery Manager	2022-07-19 - CO GEUZE talking with COM and several fisherman in the area. Grizzly Bear sow and 2 yearling cubs been in the area of the hatchery and "hatchery bar" fishing area. Several anglers ran into bears on the trail on the way out but they retreated. - COM just wants COS aware. Bear in area signage posted at access points to trails and staff working to ensure fish guts are left accessible. COS to monitor calls.	Geuze, Michal			Yes	Sightings of grizzlies/cougars urban/residen	Emily Nusse	Admin - Skeena (COS)	2022 08 15 12:00
Not Required		Yes		ZT connected with COM via telephone. COM could only say for sure that a bear crossed the road and it appeared to be limping. COM also stated that he thought the bear laid down in long grass once it crossed the highway and COM did not see the bear leave the area but COM was travelling at highway speeds. ZT provided advice and RAPP for any future sightings. 2022-07-12 1444 ZT notes that there has not been any further reports of an injured bear at this area.	Testawich, Zane			Yes	Injured/distressed - not present	Hayley OPS 3	ECC Operations Officer	2022 07 12 14:44
				Emailed to COS 24 hrs after sighting	Testawich, Zane			Yes	Sightings of grizzlies/cougars urban/residen	Ashley OPS 5	ECC Operations Officer	2022 07 11 11:17

Yes		Yes		2022-07-06. 1700 hrs ZT attends area. Bear GOA	Testawich, Zane			Yes	Injured/distressed - not present	Molly - Ops 7	ECC Operations Officer	2022 07 07 11:13
Not Required		Yes		ZT called COM and left V/M with advice and RAPP for any future sightings. 2022-07-07. 11:11 hrs No further reports of these bears in this area.	Testawich, Zane			Yes	Sightings of grizzlies/cougars urban/residen	Derek OPS 5	ECC Operations Officer	2022 07 07 11:11
Yes		Yes	Work site attendant.	1335 hrs, CO LYUBOMUDROV attended location, talked to COM and learned: - 2 subadult Grizzly Bears have been seen at a Chevron construction site; - GBs were feeding on grass around; - Workers don't overnight at the camp; - No attractants noted; - No attractants reportedly accessed by GBs; - No conflicting behavior; - All personnel is Bear Aware trained and everybody carries a bear spray; - When visitors come, they register at the office and office attendant advises them of GB presence in the area. - Garbage is removed daily and stored inside. CO LYUBOMUDROV left RAPP line card, advised to keep attractants secured and inaccessible from dangerous wildlife. NFAR from the COs at this time.	Lyubomudrov, Alexander			Yes	Food Conditioned	Joshua - OPS 7	ECC Operations Officer	2022 08 15 10:41
Yes		No	No contact # provided	No contact number provided. COS will patrol area.	Testawich, Zane			Yes	Injured/distressed - present	Anthony OPS8	ECC Operations Officer	2022 06 24 8:52
Not Required		Yes	Manager at site	2022-06-10 14:00 - CO GEUZE called COM. Lodge opening back up after being closed for 2 years. Worker was going for smoke in early morning and stepped outside. Grizzly sow huffed and worker went back inside. Sow had 1 cub with her that could be seen, appeared to be last years cub. - COM has put up signage in area and letting all workers in area know that bears are in area. Airhorns in smoke pit and camp keeping track of sightings, also a black bear in area. - Will update COS if behavior or activity changes. COM thinks it is the same sow that was at the camp last year, all attractants secured.	Geuze, Michal			Yes	Aggressive - not present	Ruth - OPS 8	ECC Operations Officer	2022 11 16 9:11
Not Required		Yes		2022-06-06 14:40 - CO GEUZE contacted COM. Sighting was from yesterday but advised that 2 young grizzly bears were in yard all day feeding. COM would honk car horn and scare them off but they would come back. Bears eating grass, no other attractants. COM was told by friend to call COS so they are aware. COM sent photo of bears, appears to be 2 young sub adult siblings. - CO GEUZE provided advice and RAPP line for further sightings. Common area for bears to pass through.	Geuze, Michal			Yes	Sightings of grizzlies/cougars urban/residen	Ciara - Ops 1	ECC Operations Officer	2022 06 10 8:35
Not Required		Yes		COM reporting 2nd hand info from a resident at the Strawberry meadow area on Blueberry Lane. 2 bears spotted walking in area. Advice and RAPP provided to COM	Testawich, Zane			Yes	Sightings of grizzlies/cougars urban/residen	Ciara - Ops 1	ECC Operations Officer	2022 06 06 13:18
Yes		Yes	District of Kitimat Employee.	On 2022-05-31 @ 1428 hrs, CO LYUBOMUDROV called COM and learned that: - COM works for the District of Kitimat; - location: shooting range about 3 km North off Kitimat Community boundary; - One large GB sighted feeding on grass; - No attractants; - No conflicting behavior; - COM reported for public awareness. CO advised to put signage and said CO would attend the area next day 2022-06-01. On 2022-06-01 @ 1310 hrs, CO LYUBOMUDROV attended the range, range was live, two shooters present, CO talked to shooters and learned: - No GB sightings; - Signage is posted at the entrance to the range. CO assessed the GB as Cat 3. NFAR from the COs.	Lyubomudrov, Alexander			Yes	Sightings of grizzlies/cougars urban/residen	Ciara - Ops 6	ECC Operations Officer	2022 06 10 8:37
Yes		Yes		2022-05-31 14:32 CO LYUBOMUDROV called COM and learned that: - There was a single large BB accessing COM's compost bin; - Composed bin since has been cleaned, contained and no longer in use. CO provided attractant management messaging and suggested that CO would attend on 2022-06-01 for the attractant audit as COM's property located in close proximity to Hirsch Creek riparian area that is frequented by bears. 2022-06-01 CO LYUBOMUDROV attended COM's property, no attractants have been noted around the house. NFAR from the COS.	Lyubomudrov, Alexander			Yes	Food Conditioned	Ciara - Ops 6	ECC Operations Officer	2022 06 16 8:53

Not Required		Yes	Cooperative, pro-active.	2022-05-28 @ 13:10 hrs CO LYUBOMUDROV called COM and learn that: -there was a sighting of a GB at the reported location; -GB was feeding on grass; -COM spooked the GB and GB ran away; -No attractants reported, except a garbage bin that was emptied by COM; -COM built the playground and advised that the bearproof containers have been ordered; -COM called the police to advise of the occurrence just for the purpose of public awareness; -Police attended and advised COM to call the RAPP line; -COM volunteered to post signage. CO assessed the GB as Cat 2. Attractant management guidelines are followed, signage will be posted. NFAR at this time from the COS.	Lyubomudrov, Alexander			Yes	School/park/playground - present/recent	Derek OPS 7	ECC Operations Officer	2022 06 10 8:40
Not Required		Yes	COM reported to COS as last year a bear ate the hot tub cover and took the garbage bin into the greenspace. No sightings after the initial call.	Sighting- ZT provide advice	Testawich, Zane				Sightings	Jim - Ops 7	ECC Operations Officer	2022 05 26 9:15
Yes		Yes		ZT attended area to determine exact site of the Bear. Bear is off of the Highway in a remote location. Highway contractor will not remove from area.	Testawich, Zane				Sightings of grizzlies/cougars urban/residen	Emily Nusse	Admin - Skeena (COS)	2022 05 26 9:41

										Yes	Hatchery	Yes	2023 05 02 9:00	Not Required		Yes	COM is Hatchery Manager	2022-04-20 - CO GEUZE connected with COM after direct report. Gbear cubs were attempting to climb into compound without success. No other concerning behavior and staff has been notified. Signs given to COM from COS have been put up at public fishing access points on property. COM just wanting COS to know and will keep COS updated of sightings. Believed to be same sow and cubs as last year.	Geuze, Michal		
Yes												Yes	2023 05 23 14:00	Yes		Yes		2023-05-11 22:40 - CO GEUZE called COM (RCMP member not from area) who advised grizzly sow and 2 cubs were at industrial building just at start of Wedeene FSR. Both cubs were in bin while sow was watching outside. No workers in area, COM was going to park vehicle there but is using different spot instead. COM sent photo of bears to CO GEUZE. - CO GEUZE forwarded photos in email to NCZ for action as CO GEUZE out of town 2023-05-23 12:05 - CO GEUZE attended location (Refraco Refrigeration) and talked with employee ☁ ☁ He advised he was not aware of any bears hanging around warehouse or in garbage bin. ☁ ☁ advised that the garbage bin is full of bricks and refrigeration debris, no other garbage/food waste is put in there. CO GEUZE advised that because the bin is visible to the public next to a staging area for the FSR, public is most likely throwing food waste in the bin. CO GEUZE advised the company should put the bin in a less visible location. ☁ stated he'd advise his supervisor. Bin was also scheduled to get emptied today. CO GEUZE could not see any visible food waste in bin and no additional reports since the first one was received. No other signs of bears hanging in area.	Geuze, Michal		
					Yes							Yes	2023 05 17 14:00	Yes		Yes		Same occurrence as HWCR 23-012961, 2 house away, COM advised that since the beginning of the year COM had observed at least 7 GBs in the area that COM believed were 3 different family units. - GBs were observed walking across the property and sniffing around the house; - One GB allegedly put paws on the screen door (no damage noted); - GBs then wandered away. CO provided advice on attractant management as a few minor things were noted: granola bar on the deck and a table (left by kids); a few recycling containers. See HWCR 23-012965 for more info. Cat 3 GBs. NFAR.	Lyubomudrov, Alexander		23-012965
					Yes							Yes	2023 05 17 12:00	Yes		Yes		On 2023-05-14 @ 1145 hrs , CO LYUBOMUDROV attended Elderberry Subdivision and patrol the area, no GBs observed. @ 1300 hrs, CO stopped by COM's house and learned that: - COM was not at home, CO spoke to COM's daughter and learned that: -Two GB cubs have been seen on at least two occasions on the property; -First sighting occurred " two weekends ago"; -Second at about 2200 hrs on 2023-05-13: two GB cubs were feeding on grass "in the back field", when parents were measuring the fence line for a horse corral; -No attractants noted at the sight, no indication of aggressive behaviour was provided; -CO called COM to follow-up on the report and provide advice, and learned: -COM indeed encountered a couple of GB cubs feeding on grass, hazed them with a truck, but they came back in 10 minutes and continued feeding on grass; -COM was planning to bring horses and was going to install 2 strands of electric fencing; -COM was concerned because there are kids around and they bike the trails; -CO assessed the GBs as Cat 3 - rural area; no indication of food conditioning, first report. Advice provided on good husbandry practices, conflict prevention and avoidance. RAPPline card provided. COs will prepare media outreach with the standard bear season messaging. AL On 2023-05-16 at 1207 hrs, CO reattended location - no new sightings since the initial report.	Lyubomudrov, Alexander		23-012961
					Yes							Yes	2023 05 23 10:00	Not Required		Yes	Golf Course Manager	2023-05- 16 18:30 - CO GEUZE called COM who advised young grizzly bear was on golf course earlier in afternoon. Caused damage to one of the flag sticks and green and was laying in the pond while golfers were going by. COM was eventually able to move it off but was looking for advice on how to deal with Grizzly bears as COM is used to dealing with black bears on golf course in Okanagan. CO GEUZE provided advice on grizzly bears. First sighting and no aggressive behavior or attractants. - COM to let all golfers know of bear on course and will call RAPP if sightings continue.	Geuze, Michal		
					Yes							Yes	2023 05 30 12:00	Not Required		Yes		On 2023-05-27 @ 21:11 CO LYUBOMUDROV called COM and learned that: -One thin Sub-adult GB has been seen moving across Haisla Blvrd towards the forested area behind Charles st. in Kitimat, BC. -GB showed no signs of aggression but looked stressed as the traffic in town was busy. -GB disappeared in the forested area. Cat 3 animal, no history of conflict and first reported sighting in this area of Kitimat. NFAR from COS at this time.	Lyubomudrov, Alexander		

Yes													Yes	2023 05 30 12:00	Yes		Yes		On 2023-05-28 @ 1306 hrs, CO LYUBOMUDROV called COM and learned that: -Single sub-adult GB has been observed at a commercial size bear proof dumpster at 707 Commercial Ave; -Business located there: CMMS Household Electronics; -COM advised that the lids were not properly locked with a locking device. -At the time of call, the GB climbed over the fence and disappeared in the woods. -Property backs into forested area along the shores of Kitimat River. On 2023-05-29 at 1000 hrs, CO LYUBOMUDROV attended the area and conducted attractant management audit on 7th st and Commercial Ave; -CMMS Household Electric bins were found in compliance, one bin is empty, another one had a metal wire wrapped around the loops. -Business owner advised that the bins serve only industrial purposes with very little if any food remnants ever thrown in it. -CO assessed the GB as Cat 2 due to rural settings and low history. COS will keep monitoring changes in GB's behavior and reassess future reports. 2023-06-21 - CO GEUZE attended area and observed most businesses had bear proof bins. Almost all of the bins had bear prints on them but looked to be secured and no garbage seen in area. Some bins unlocked but businesses were still open. 22:00 - CO GEUZE attended and located 2 yearling grizzly bears in industrial area of Kitimat. Both very skiddish but one of the bears was persistent in trying to access several of the bear proof bins. CO GEUZE unable to deal with bear due to priority calls but will monitor calls in area. Bear has figured out how to bend lids to access garbage. CO's to talk with owners about ensuring bins are locked and monitor calls for bear in area.	Lyubomudrov, Alexander		
					Yes								Yes	2023 06 01 10:00	Yes		Yes		2023-05-30 11:30 - CO GEUZE attended park and spoke with worker. Advised it was reported to him that 2 young grizzly bears had walked into campground. Patrolled campground, bears GOA. Only 4 sites occupied and no attractants noted. COS to monitor	Geuze, Michal			
Yes													Yes	2023 06 01 10:00	Not Required		Yes		2023-05-30 21:30 - CO GEUZE spoke with RCMP Cpl GROSS who was currently watching 2 yearling grizzly bears feeding on grass in industrial complex in Kitimat. Cpl GROSS advised that the bears had been searching dumpsters and walking nearby work sites but there was no immediate safety concern. CO GEUZE advised COS is aware of bears and have been attending businesses in area to notify them of bears and conduct attractant audits. CO LYUBOMUDROV will attend following morning to continue attractant audits.	Geuze, Michal		
					Yes								Yes	2023 06 01 12:00	Not Required		Yes	District of Kitimat Employee	2023-05-31 @0914 hrs, CO LYUBOMUDROV called COM and learned: -COM was DOK employee; -Location: Radley Park Campground; -COM observed a Sub-adult GB cub and then a Sow at the campground nearby Park Attendants office; -GBs left the area and moved along downstream towards the hatchery; -No guest were reportedly camping in the downstream area of the campground; -No safety concern. 1040 hrs, CO attended and patrolled the area, GBs were GOA. No attractants notes, DOK Bear in Area signage is posted. COs will continue monitoring of this family unit through upcoming reports. NFAR at this time. AL	Lyubomudrov, Alexander		23-076409
					Yes								Yes	2023 06 01 12:00	Not Required		Yes		CO LYUBOMUDROV called COM and learned that: -Sub-adult GB cub was present at the Radley Park Campground; -GB was feeding on grass, showed no interest in garbage dumpster; -No damage reported. GB-angler encounter that COM provided second-hand info about happened on 2023-05-29: -CO LYUBOMUDROV attended @0940 hrs, talked to angler and learned that: -COM was fishing on Kitimat River upstream from Haisla Bridge (very close to Radley Park); -Sub-adult GB cub approached COM's backpack; -Back pack was not on COM and was just laying nearby; -COM backed out till COM could no longer see the GB; -RCMP CSTs WOODCOCK and HALLIDAY were first on scene, GB was GOA; -No damage to backpack has been observed or reported; -No facial expression or body language indicating aggression has been reported. Cat 3 animal, based on reported information. COS will continue monitoring this bear/ these bears.	Lyubomudrov, Alexander		23-016412
Yes													Yes	2023 06 06 15:00	Yes		Yes		2023-06-02 10:00 - CO GEUZE called COM who advised that 2 young grizzly bears were in the neighbors yard feeding on a bag of compost last night. No aggressive behavior noted and bears eventually left area. - CO GEUZE attended Ochwe street and conducted attractant audit and spoke with several residences regarding grizzly bears in area. Unknown where organics came from but pickup was recently so most bins were empty. - CO's aware of yearling gbears roaming lower Kitimat area. Bears not exhibiting aggressive behavior and are feeding on natural food sources for the most part. First reported instance of getting into garbage. CO's to continue monitoring calls for bears and their behavior as they don't seem to hangout in one area	Geuze, Michal		
Yes													Yes	2023 06 06 15:00	Yes		Yes		2023-06-02 08:00 CO GEUZE called COM who advised that 2 young grizzly bears were in her yard feeding on a bag of compost from someone elses yard last night. No aggressive behavior noted and bears stuck around yard for a while before leaving. - CO GEUZE attended Ochwe street and conducted attractant audit and spoke with several residences regarding grizzly bears in area. Unknown where organics came from but pickup was recently so most bins were empty and no attractants noted on street. - CO's aware of yearling gbears roaming lower Kitimat area. Bears not exhibiting aggressive behavior and are feeding on natural food sources for the most part. First reported instance of getting into garbage. CO's to continue monitoring calls for bears and their behavior. CO's hoping yearlings link back up with sow after mating season and head to river when salmon start running soon.	Geuze, Michal		

					Yes							Yes	2023 06 08 9:00	Yes		Yes		2023-06-02 18:50 - CO GEUZE called COM who advised two young grizzly bears had been trying to gain access to garage and had ripped some siding off as well as the electrical outlet. COM eventually able to get bears to leave and has removed garbage that was secured inside garage. COM advised bears not there right now but wanted COS to know about them and will call if they come back. No immediate response required. 2023-06-03 14:15 -CO GEUZE attended address and COM's husband was at location. Husband showed security camera footage of bears at 0800 this morning pushing on door of shed and sniffing around it trying to get in. COM asking for advice. CO GEUZE advised to try and clean door as there was a scent that the bears were attracted too. COMS garbage inside garage has mostly been removed and what is left is inside bin inside secured garage. COM will call back if bears continue to hang around. - CO GEUZE provided safety advice, no attractants noted on property. COS aware of 2 yearling bear cubs travelling in lower Kitimat area, no aggressive behavior and not into any attractants that COS is aware of. COS hoping yearlings will meet back up with sow after mating season and head to river to fish. COS keeping an eye on calls and will and conducting attractant audits in Kitimat.	Geuze, Michal		
					Yes							Yes	2023 06 06 14:00	Not Required		Yes	Wants COs to remove all the bears from the area;	On 2023-06-04 @ 12:53 CO called COM and learned that: COM reported: - a single sub-adult GB in his back yard (unfenced grass field that backs up into thick forested area); - GB was just present in COM's yard and did not engage in any kind of conflicting behavior; - COM did not report any possible attractant that could have been a contributing factor; - COM wants "bears gone". COM is well-known to CO, CO attended the area numerous times to provide advice and conduct attractant audit. CO accessed the GB as Cat 2 based on frequency of sightings. There has been no report indicating conflicting behavior associated with this GB. CO advised COM to continue reporting to RAPP line all unwanted encounters. CO is to continue monitoring through future related reports. On 2023-06-06 at 1322 hrs, CO called COM to follow-up on the Update, no answer, VM left. No new information indicating any changes in GBs behavior is reported. 2023-07-04 12:40 - CO GEUZE talked to COM, advised COS has trap set for bear breaking into chicken coops. COM advised bear tried breaking into garage over weekend, didnt cause any damage and was not successful in getting in. CO GEUZE advised COS has been actioning all grizzly bear calls received. 23:00 - Refer to HWCR 23-025378 for outcome. Bear caught in trap.	Lyubomudrov, Alexander	23-025378	23-017877
					Yes							Yes	2023 06 07 10:00	Not Required		Yes	Visiting from Lower Mainland	On 2023-06-05 @ 2215 hrs, CO LYUBOMUDROV called COM and learned that: -COM observed a single sub-adult GB that climbed down the slope from hwy towards Kitimat Trailer Court; -Some of the residents discharged bear bangers; -GB wondered away towards the Kitimat River; -No conflicting behavior noted or reported. COs are well aware of this cub, there is a substantial history of sightings in rural areas, but no reports of conflicting behavior. Cat 2 GB.	Lyubomudrov, Alexander		
					Yes							Yes	2023 06 06 15:00	Not Required		Yes		On 2023-06-06 @1305 hrs, CO called COM and learned that: -COM reported sighting of two sub-adult GBs frequenting in the area; -No indications of conflicting behavior reported; -GBs were reportedly seen aimlessly wondering through the area with no fear of humans or machinery; -GBs are seen almost daily; -COM was concerned about the kids in the area; -COM "has had enough" and wants the GBs gone. CO educated COM on GBs habitat needs, seasonal migratory patterns, how heat wave and high rivers impacted the last. Advised to continue attractant management, observation and reporting efforts. CO emphasized the importance of immediate reporting of any conflicting behavior is observed: signs of habituation or changes in behavior. COs will continue monitoring, managing the people and the sites. Cat 2 GBs.	Lyubomudrov, Alexander		23-017270

- CO GEUZE set trap in COMS yard

23:41
- CO GEUZE received call that bear had gone into trap and then was spooked by COMS dog barking and had knocked into trap door causing it to close. Bear was currently trying to get into the trap and had just tried opening COMS garage door again with no success.
- CO GEUZE attended, bear GOA. Trap reset.

2023-06-21 22:52
- CO GEUZE received direct call that target grizzly bear was in the trap.
- CO GEUZE attended and confirmed same bear COS after. Yearling male grizzly euthanized. Bear in good condition. CI completed.

					Yes							Yes	2023 06 22 15:00	Yes			Yes	2023-06-20 05:30 - CO GEUZE called COM who advised grizzly bear yearling had been in garbage container behind Servco Canada. COM works next door and bear was around twice but COM able to scare it off. CO GEUZE to follow up. 15:20 - CO GEUZE attended 322 industrial ave (Servco Canada) and met with office manage - 22 CO GEUZE explained grizzly bear was seen in dumpster and advised that garbage was spread out in the morning 2 nights in a row. showed CO GEUZE dumpster which was locking (bear proof) but it did not have a lock on it. advised the bin is shared between 3 companies and that had just purchased a lock and keys for it so that it can be locked at night. - CO GEUZE issued Servco Canada a DWPO to have dumpster lock. DWPO complied with by end of evening and dumpster was locked. - COS to monitor calls in area as most businesses have locking garbage containers and area not heavily populated during the evening hours. Bears have not been reported in area during daytime hours. 2023-06-21 22:00 - CO GEUZE observed yearling grizzly bear on property but unable to access dumpster due to it being locked. CO GEUZE unable to deal with bear as priority files came in at sametime. COS to monitor and set trap if required.	Geuze, Michal		
Yes												Yes	2023 06 19 16:00	Not Required			Yes	COM direct reported to ZT. ZT provided advice and direction for school district staff to empty cans every night.	Testawich, Zane		
Yes												Yes	2023 06 22 16:00	Yes			Yes	2023-06-21 22:55 - CO GEUZE attended location and observed 2 yearling grizzly bears fighting and feeding in garbage container. Public cleared from area and CO GEUZE unable to get safe shot at bears before they ran off into bush. Both bears have high conflict history in area and are food conditioned and causing damage to residences. CO GEUZE left area to deal with priority grizzly bear file. 2023-06-22 12:15 - CO GEUZE contacted Lasinda who is cook for Luso building. CO GEUZE explained bin was left unlocked and garbage spread over yard by grizzly bears. CO GEUZE explained garbage needs to be cleaned up and bin locked by end of the day. Lasinda advised she was busy at moment but would have it done. 1430 - CO GEUZE drove by community hall and garbage was cleaned up and dumpster was locked. - COS to monitor calls and attend when able for 2 yearling grizzlies	Geuze, Michal		
Yes												Yes	2023 06 28 12:35	Yes			Yes	2023-06-22 11:00 - CO GEUZE attended location and spoke with COM. A bear was at her door to her shed that is attached to her house at 0200 hrs and tried to gain entry. Bear pulled some siding off house and scratched/cracked door. COM has garbage secured inside and bear was not able to access. COM has set up security camera on area but did not capture the bear on camera from that night before. - CO GEUZE advised it was most likely a young grizzly bear as they were accessing garbage a couple streets over at 22:00 hours. COM advised tomorrow is garbage day. - CO GEUZE provided advice and to have COM call if bears return. Given history of 2 yearling grizzly bears in area, CO GEUZE believes they are the ones attempting access. 2023-06-28 - No further calls for grizzly bears in that area. 2 yearlings have been sighted in strawberry meadows subdivision which is closeby. NFAR	Geuze, Michal		
												Yes	2023 06 28 12:10	Yes			Yes	2023-06-22 16:00 - CO GEUZE called COM who advised a bear got into his garage and opened freezer and ate hotdogs that were inside. Bear also opened large wooden crate outside and accessed bird seed. COM calling as he is worried for 2 new lambs in a barn that he just got. CO GEUZE provided advice on husbandry practices and would visit following day. COM to call RAPP if bear returns. COM unsure if it was black bear or grizzly bear but CO GEUZE advised it was most likely grizzly bear due to grizzly sightings reported in cable car subdivision. 2023-06-23 16:45 - CO GEUZE met with COM at his house. Garage door is locked every night (COM left door open night bear got in). Bird seed has been cleaned up and secured and COM has bolstered shelter for lambs. CO GEUZE provided advice on electric fencing for lambs. COM will call RAPP if bear behavior escalates.	Geuze, Michal		

					Yes							Yes	2023 06 26 10:00	Not Required		Yes		On 2023-06-25 @ 0348 hrs, CO LYUBOMUDROV, called COM and learned: - COM was walking the street alone at 0300 hrs when observed two sub-adult bears wondering from a side street; - One of the bears reportedly started moving towards COM at face pace; - COM raised arms ad started to back out yelling " No, bear, no"; - A few vehicles drove by but it didn't seem to deter the bears; - Eventually the bears wondered into the bush; - COM was picked up by a friend in a vehicle; - COM came from a city and reportedly wasn't confident in bear id, but believes these were Grizzly Bears (consistent with COs monitoring of the Bears frequenting the area.) - COM believed that the GBs were not adults but were up to COM's chin, COM is 5 feet 8. - COM was not confident with measurements, but reported that the bears were 10 feet away and stopped and disengaged at 8 feet away. - When providing information on the distance, COM described GBs movements as they were moving slow. - COM advised that bears were her biggest fear. - No specific facial expression on body movements were reported to CO that indicated either predatory behavior. - COM was not going to call the COS until somebody on FB group suggested that COM did. CO assessed the GBs as Cat 2 due to numerous sightings in Kitimat Area. CO advised COM on bear safety practice and conflict prevention and avoidance - staying cautious at night, walking in groups, making noise, carrying and knowing how to use a bear spray. COs will keep monitoring the situation through future reports. NFAR at this time.	Lyubomudrov, Alexander			
					Yes							Yes	2023 06 29 15:30	Not Required		Yes		On 2023-06-27 @ 2211 hrs, CO LYUBOMUDROV called COM and learned that COM reported seeing a Grizzly Bear walking the back alley on the edge of the forest. GB then turned onto the street and continued aimlessly roaming. -Sub Adult GB; -First sighting for COM' -No alerting behaviour noted; -No attractants reported. CO provided standard attractant management messaging. NFAR at this time,	Lyubomudrov, Alexander			
Yes										Yes	fish guts	Yes	2023 06 29 15:45	Yes		Yes	No	Unable to contact, VM, no calls returned.	Same as HWCR 23-024218, please see the latest for more info.	Lyubomudrov, Alexander		23-024218	
Yes												Yes	2023 06 29 12:00	Yes		Yes		On 2023-06-28 at 13:40hrs, CO LYUBOMUDROV attended location, called COM, no answer, VM left with call back info. CO observed two commercial size dumpster bins provided and serviced by Geier. Both were inoperative - locking mechanisms either broken/rusted. @ 1600 COM called back and advised that the GBs were observed at night trying to gain access to the bins; -First time observed at the location, no previous history of conflict. 2023-06-29 @ 1425 hrs, CO GEUZE attended, talked to property managers and directed that the bins will need to be replaced. More info at HWCR -23-024174. This one will be closed.	Lyubomudrov, Alexander		23-024174	
Yes												Yes	(NULL)	Yes		Yes			2023-06-29 0001 - CO GEUZE called COM who advised large grizzly bear was in dumpsters at apartment complex, 3 taxi's were waiting with people to drop off who are too scared to walk inside - CO GEUZE called RCMP, CST CLARK will attend and ensure people get inside safe. 1227 Cst CLARK advised bear was GOA and everyone was inside. Cst. CLARK had seen bear on Anderson St earlier in the evening and scared it off. Pictures sent, large adult grizzly bear. 14:20 - CO GEUZE attended apartments and observed 3 garbage dumpsters that were left unlocked and one that was broken. CO GEUZE called Kitimat Apartments and spoke with Arlene explaining situation. She advised she would call maintenance crew right away to come fix. - While CO GEUZE at location, 2 maintenance workers came and installed carabiners on garbage bins to keep the locked. Geier called to replace bin with broken latch. 2023-06-30 1600 - CO GEUZE and CO TESTAWICH attended apartment complex and set trap for grizzly bear. Numerous calls for large grizzly bear in area breaking into sheds and garages to access garbage. Grizzly sighted at complex every night. - Attractant audit conducted in area. 2023-07-02 - Trap pulled, no sightings in that area for 2 days.	Geuze, Michal			
					Yes							Yes	2023 07 05 14:00	Yes		Yes		2023-06-29 - CO GEUZE talked to COM who advised grizzly bear had charged at her dogs in the yard and was on her deck last night. CO GEUZE advised that trap was set for same grizzly bear in cable car nearby on Greyling street. CO GEUZE requested COM call if bear continues to frequent her place. 2023-07-02 - Refer to HWCR 23-025059 for same grizzly bear that was removed from Hirsch Creek Park nearby	Geuze, Michal	23-025059	
Yes												Yes	2023 07 05 13:00	Yes		Yes			2023-06-29 12:00 - CO GEUZE met with COM at DOK office who advised a grizzly bear has been getting into garbage in cablecar. COM did not want to report who left their garbage out as it had since been cleaned up and COM works with the individual. Eventually COM advised they live at the duplex at the end of Greyling Street. - CO GEUZE patrolled area and did not observe any unsecure attractants. Residents talked to about bear safety and attractant management. 2023-07-02 - Refer to HWCR 23-025059 for outcome	Geuze, Michal	23-025059	

												Yes	2023 07 05 13:00	Yes		Yes		2023-06-29 - CO GEUZE called COM who advised grizzly bear in cable car came up on his deck 3 times and tried ripping his freezer apart. Bear bluff charged woman walking her dogs earlier in morning. Bear last seen at 0900 hours. - CO GEUZE attended location, area clean of attractants. Young grizzly bear in subdivision for over a month breaking into sheds, charging dogs and becoming bold/aggressive. - CO GEUZE set trap. COM leaving following day but neighbour will monitor. 2023-07-02 - Trap pulled and moved to Hirsch Creek campground as bear moved from subdivision over to campground closeby. Refer to HWCR 23-025059 for outcome	Geuze, Michal	23-025059	
Yes												Yes	2023 07 05 15:15	Yes		Yes		2023-06-29 - CO GEUZE and CO TESTAWICH attended Radley Park for garbage conditioned grizzly bear. Yearling grizzly located in park but no safe shot to euthanize with park full of campers. Attempts made to scare bear out of park and euthanize, bear eventually crossed road out of campground but went into bushes and CO's lost light. - CO GEUZE set trap in park away from public eye. Park staff to monitor trap. 2023-07-04 - CO GEUZE pulled trap. Bear euthanized across river on 2023-07-02. Refer to HWCR 23-024840	Geuze, Michal	23-024840	
			Yes									Yes	2023 07 05 9:00	Yes		Yes		2023-06-29 21:15 - CO GEUZE in area searching for grizzly bear accessing chicken coops and trying to access residences/garages. CO GEUZE observed bear but it retreated when home owner fired several bear bangers at it. - COS spent several days attempting to remove grizzly bear. Refer to HWCR 23-025378 for outcome.	Geuze, Michal	23-025378	
					Yes							Yes	2023 07 05 14:35	Yes		Yes		2023-06-29 21:40 - CO GEUZE and TESTAWICH arrived at location. Grizzly bear had retreated behind fence it broke after chewing on dog bone in yard for a few minutes. Same bear as the one that was getting into dumpster at Baxter. - No other attractants present, just a dog bone. Advice provided to COM - CO's attempted removal of bear but no safe shot and eventually too dark and bear went into bushes. Trap was set at Baxter ave. (Refer too 23-024174.) 2023-07-05 - No further reports of grizzly bears in that area, CO's to monitor.	Geuze, Michal		23-024174
Yes												Yes	2023 07 09 1:00	Unable to Attend	Live trap already set in the area	Yes		2023-06-30 03:00 - CO GEUZE called COM, advised grizzly bear grabbed cooler from campsite and was dragging it through bush. COM can here bear banging around in next campsite. CO GEUZE advised trap was set for bear in campground and CO's attending at night trying to remove bear. - CO GEUZE met with camper later that evening and he advised cooler was being kept inside vehicle. Cooler had couple of frozen food items inside. 2023-07-01 Refer to HWCR 23-024840 for outcome	Geuze, Michal	23-024840	
Yes												Yes	2023 06 30 9:35	Yes		Yes		2023-06-30. 0437 - CO GEUZE received call from ECC and messages Cst CLARK who was on shift. Advised he received call as well and scared bear off as it was eating garbage in middle of the street. 0930. ZT attended residence and connected with COM. COM noted that there were multiple garbage bags in the garage in the garage area behind a closed door. the door is locked by a screwdriver on the inside and the second garage door is easily opened by a gentle lift. ZT notes multiple maggots crawling around the area where the garbage was stored and ZT directs COM to remove garbage from garage area as soon as possible. ZT connects with multiple neighbors in the area and provides advice along with the RAPP Line info for any future sightings.	Testawich, Zane		23-024174
			Yes									Yes	2023 07 05 13:20	Yes		Yes		2023-06-30 - CO ZT called COM and advised COS is aware of bear and actively trying to remove it. Advice and RAPP line provided. Trap set down street for same grizzly that got into another chicken coop. 2023-07-02 - Refer to HWCR 23-025378 for outcome.	Geuze, Michal	23-025378	
Yes												Yes	(NULL)	Yes		Yes		ZT connects with COM via telephone. COM reports that the SOC no longer resides at this residence as the family is no longer together. COM reports that multiple garbage bags and yard waste continue to attract bears to the area. ZT provides advice surrounding the District of Kitimat bylaws and suggests contacting the bylaw officer to deal with the unsightly property. ZT attends area and notes that there are multiple older bags of garbage left in the driveway. 2023-06-30 10:30 ZT calls SOC and leaves V/M requesting a return call. 2023-06-30 11:55 hrs. ZT connects with DOK Martin GOULD advising him of nuisance property and requesting bylaw deal with the on-going neighbor dispute in regards to the unsightly news and attractants. Pulled the trap, dispatched the BB with a single .22 mag shot in cranium. The carcass has been disposed of at the District of Kitimat Landfill site. NFAR. AL	Lyubomudrov, Alexander		23-044387					
Yes												Yes	2023 09 10 10:00	Yes		No		On 2023-09-09 @ 0610 hrs, CO LYUBOMUDROV was en-route to the location and learned that RCMP attended and dispatched the BB @ s.22 See 23-045731. The BB was known to the COS as a Cat 1 BB. NFAR from the COS.	Lyubomudrov, Alexander		23-045731					
					Yes							Yes	2023 09 10 10:00	Yes		Yes	RCMP Memeber	On 2023-09-09 @ 0612 hrs CO LYUBOMUDROV called CST MARSDEN and learned that: - HWCR 23-045730 BB has been hazed of by the RCMP officers from reported location; - BB while trying to evade RCMP officer continued coming up to houses and trying to push doors and windows. - CSTs followed the BB into a backyard of #60 Wren and dispatched with two shots in the vitals area. - Carcass is still at the location. - The BB was well-known to the COS and was a CAT 1. 0651 hrs CO attended the area and removed the carcass. NFAR from the COS.	Lyubomudrov, Alexander		23-045730					

												Yes	2023 09 17 9:00	Yes			Yes		On 2023-09-11 @ 1347 CO LYUBOMUDROV attended location and learned that: -COM has been away for work for about a week; -Upon return from work, COM learned from the neighbors that there was a BB feeding on plums in his backyard; -All plums were gone at the time of CO's visit; -No other attractants noted; -CO advised for the future to manage the fruit trees and pick up all the ripe fruits in a timely manner, or spay the tree in Spring when the tree is blooming to prevent fruits from formation. -COM advised that there were no new sighting for the last 2 days (coincided with time when a BB got trapped and destroyed by CO ZT). NFAR unless new reports are received from the area.	Lyubomudrov, Alexander		23-045858;
											Yes	Berries in tree	Yes	2023 09 17 9:00	Yes			Yes		Same as HWCR #23-045849, see the initial incident for more info. AL	Lyubomudrov, Alexander		HWCR #23-045849
													Yes	2023 09 12 12:00	Not Required			Yes	District of Kitimat employee, park attendant.	On 2023-09-10 @ 1936 hrs, CO LYUBOMUDROV called COM and learned that: -COM was a DOK park attendant; -COM reported sighting of a family group of Black Bears consisting of a sow and 2 cubs travelling through the campground; -COM relayed a second hand report of the same family unit trying to get into a deep freezer earlier the same day @ about 1200 hrs; -Campers successfully chased the BBs off before BBs were able to get anything from the freezer; -At the time of call BBs were just travelling through the area and not causing any issues; - COM had a truck at the site to conduct a drive-around of the campground. CO advised COM to: - Conduct the drive-around to make sure that all attractants are put away for the night; - Advise campers of BBs presence in the area; - Review signage at the campsite; - Advise incoming campers on the best attractant management practices and bears presence in the area; - In case of imminent danger to human life, call the RCMP as COS detachment is at least 1 hr drive away. CO assessed the family unit as Cat 3 animals: first report from the area, no conflict history, riparian habitat in rural area. 2023-09-12 @ 1030 hrs. No new reports received associated with this family unit or Park area. Concluding report. AL	Lyubomudrov, Alexander		
Yes													Yes	2023 09 12 12:00	Yes			No	left vm, no call back.	On 2023-09-11 @ 1424 hrs, CO LYUBOMUDROV called COM, no answer, VM left with callback info. - CO cruised around on [redacted] but could not locate the address; - [redacted] has a history of non-compliance, several units, including [redacted] had empty bins out, nobody was at home at unit [redacted] - Issues with # [redacted] have been previously referred to DOK Bylaw officer. - No recent reports received from the area.	Lyubomudrov, Alexander		
					Yes								Yes	2023 09 19 12:20	Not Required			Yes		2023-09-14 13:00 - CO GEUZE called RCMP dispatch. Advised that a file had been made for a black bear in the bushes near the school about an hour earlier, no members attended as bears were in bushes. No further calls. - Time delay over an hour and no other calls received.	Geuze, Michal
