0 has been doing some things that scare her and it has been going on for years but this is new behaviour. He has inhumane traps in the ditch and sloped grass in front of his property s. 22 s. 22 Caller's s. 22 and has erected some kind of fencing to trap animals, both domestic 16 and wild. He also has pit traps in his back yard. He has already trappeds. 22 cat. SPCA said they have no jurisdiction in this area. 5.22 RCMP Cst Waterton insisted caller report to RAPP. Caller advises of a neighbour that leaves out food and compost to feed the deer in the neighbourhood but in doing so are attracting skunks. The neighbours have a live trap that they've used for years to trap the skunks and transport them out of the area. The trap caugh s. 22 cat last week as 17 | it was placed in the alleyway s. 22 neighbours who stated it was their trap and they do not have a permit for it even though they're in the city. Caller is requesting a call back. 19 20 21 | Call Details property, about 5 meters from road)^{S. 22} 22 Caller reported a has been laying traps near his property (still on dogs have gotten caught in them before. Last incident was an hour ago with dogs getting caught in baited wolf traps. Online RAPP Submission: SECTION 2: VIOLATION REPORT City where the violation occurred **P**emberton Did you observe the violation? Yes Pesticides Details of the violation Pemberton s. 22 August 25,2022 Use of banned rodenticide (Protecta Bromadiolone) Poisoned two of our dogs in our pet-friendly room Description of the Suspect Pemberton s. 22 Operations manager s. 22 Owner/Manager s. 22 Abel Pest Control - Bob 778-558-0250 Poison Control case# 220191571 Coastal Mountain Veterinary 604-932-5391 Granville Island Veterinary Hospital 604-734-7744 Witnesses 5. 22 Additional Comments Dur dogs opened a mouse trap in our pet friendly room. They both consumed rodenticide. The operation manager called their pest control company, who said that there was no worry as the traps were empty and shouldn't have been there. We rushed our dogs to the veterinary clinic and they induced vomiting under direction from poison control. Both dogs were confirmed poisoned. Follow up with manager/owner denied responsibility and justified use of the traps since they are in a "rural setting" To confirm that you are human, please enter the word 'report' in this text box: 23 Report Caller has requested a callback to advise. laid the trap because ^{s. 22} s. 22 property. Caller is certain ^{S.} 22 dog was killed by an animal trapped that was ^{s. 22} nd partner that he was laying traps on his property for honey bear. Caller noted that he had brought a gun with him (left on the passenger seat of his truck). The trap was located near a beach that the public uses. Caller has video and pics to share with COS.

0

COM reporting his dog was walking offleash beside a popular walking trail when it came running back to the COM yelping with a bloody tail. The COM took the dog to the vet this morning and found the tip of the tail had been cut off cleanly. COM suspects the cut may have been from an illegal trap in the area.

Caller reporting a potential shooting of a bear yesterday late afternoon. Caller did not see it but heard about it second hand. There was a bear being chased by dogs in front of the noted location below and they heard someone yell "shoot it" and heard a gun shot right after. Caller does not know if the bear was injured or still alive.

Caller advised that the suspect spilt prawn bait all on his front walk and has not cleaned it up. Caller also advised that the suspect has live traps and leg-hole traps set up in his yard. A neighbour once found her cat in a live trap while the suspect was away on holiday. Caller is very concerned.

Caller reported that their dogs were caught up in traps on Crown Land about a week and a half ago. Last night the caller checked the traps and there was a dozen traps still setup. Caller left a voice mail and email the local trapper's association. In the location, there are still animal carcasses.

Caller believes the traps should have been removed because trapping season dates are over.

Advised that yesterday afternoon around 1230pm, while driving from Whitehorse, caller stopped at the below noted location to let dogs out to stretch etc.... One of his dogs became caught in a neck snare trap. Caller was able to free his dog (who was injured but expected to survive). Caller

states that there was a dead wolf carcass next to the trap. He was able to render the trap in operatable. Caller has photos and can be reached with direction on where to forward them to.

29 RCMP file #: 23-4448

30 s. 22 individual doing the trapping to advise that she was trapping raccoons and humanely killing them. She had also caught several cats and wanted the people in the area to be advised and to keep their cats inside while she was doing the trapping.

was walking her puppy and it got caught in one of the traps.

Caller reporting a cat that was caught in a snare yesterday. (neighbour's cat) The cat survived and showed up at it's residence with the snare on it. The caller indicated her cat was found in a snare that had been placed by a neighbour a year ago. The caller's cat was found and released by the caller. The caller suspects the same person is continuing to set snares to harm domestic animals.

The caller was referred to COS by the RCMP.

Advises that someone has set up beaver traps and the COM s. 22

31 Caller referred to BC SPCA, RDN Bylaw.

COM reporting that her cat^{s. 22} on Nov 19 was missing for 2 days, she found him near her wood pile pretty beat up but then found out that there was a wire snare around his mid section. She got a message from another local saying that she had another person report that the same happened. She suspects it is her neighborhood. She still has the snare and lots of photos. She has reported this to RCMP and SPCA.

32 X File for neighbor report - 23-064913

dog looks to have been killed by a snare trap, the dog was found on a farmers field, the snare was not present. This is the second dog in the area to have been caught in a snare trap, caller reports a friend found their dog in a trap and was able to free them. The traps are on a s. 22

property and are being used to catch coyotes. Caller believes that the s. 22 caught his dog in the snare trap and then dumped the body on the farmers property. Caller is requesting a CO call back.

Reporting someone is using animal traps illegally. Friday at 16:00 callers friend was walking the trail with a dog and the dog was caught in a trap, it was around his neck. The dog is now going to be going in for surgery, the teeth were destroyed. Trap was laid by a man who has chickens and was trying to catch a bobcat. The trap was baited with salmon. Trap was very large. Caller can provide photos.

Caller reporting their dog was killed by a trap. The trap was 10-12 inch model placed on crown land. Caller would like information on what can be done to warn people about this.

35 **Caller would like a call back
