- Janet Morris - Reads
- Org mbrs rather than individuals
- \$ from Fed - negotiations for LMDA.
- 2012 system re-structured.
- JMR - ASPECT - asking to devolve federal involvement to provinces
- Tom Burnell (Open Door Corp)
BC Career Develpt Assoc.
(BCCDA)
 - 600 mbrs in emp't field, agencies. {Prof org; indiv mbrs}
 - contract solutions - works w/ Ministry

- RB. - GPBC: - hired Ferentz to do evaluation (a year or so ago)
- at g report was emphasis on outcome-driven systems
 - 2012 - process acknowledged as input
 - since then, emp't only outcome considered to be input; process no longer being considered
 - concern w/ that is moving toward Tier 1/2 & PWD / mult. barriers lose out
- Tier 4 - highly specialized (customized emp't)
- Tier 3 - PWD needs support but not necessarily customized & ongoing supports
- admin burden esp in rural areas.
- (easier to get outcome)

JMK - have some concern about how all fits together w/
 some prog in diff ministries
 - propose an inter-ministry cte to coordinate
 emp't prog in diff mins. → siba

- idea in 2012 was to have one-stop shop, but since
 then has shifted - AVEDA skills training - not
 coord w/ SDPR.

- new competing for clients bc of
 proliferation of prog

- also want to include MHA in discussions

- disconnect btwn policy & practice - want to bring ministry
 policy analysts to the field to see what's happening

Top 3 - inter-ministry advisory group to coord. the diff prog
 - "wrap around" services for ppl esp in rural areas
 - training of new staff as ppl retire + consistency of
 staff esp in Van (affordability)
