Dear Sir/Madam,

I am writing to you on behalf of the Consulate General of the Netherlands in Vancouver.

On May 28, 29 and 30th we will be welcoming a delegation from the Netherlands, from our Ministry of Education, Science and Culture.

The delegation is interested in the Canadian education model:

- How Canadian schools and universities are facilitating the process of ensuring students match the needs of future employers i.e. through *job ready* programs.
- How the BC government has a special program supporting "life long" learning.
- Understanding the Canada-BC Job Grant program.

We will be setting up a number of introductions with UBC and BCIT. We would also like to set up an introduction with the Ministry of Advanced Education.

Thanks in advance for your help.

Sincerely,

Daniel Frederiks

Good Morning, Brenda.

I hope you're doing well! First, I wanted to thank you for arranging MLA Elmore's attendance at UGM's Poverty Reduction Consultation on March 16th. Multiple participants felt that the government cared about their struggles, and valued their voice due to her attendance. Thank you! Second, I would like to let you, and Minister Simpson, know about our next big event: **UGM' Summer Connect**, our annual service provider fair.

<image002.jpg>

It is my pleasure to invite Minister Simpson, and his staff, to attend **UGM's Summer Connect on Wednesday, June 13th, 2018**. The event begins at 11:00am and finishes at 3:00pm. In previous years, following a traditional opening and acknowledgement by First Nations Elders, elected officials have addressed the community with UGM's president, Bill Mollard. We would be happy to offer Minister Simpson that same opportunity. Over the past 6 years, Summer Connect has become a popular event in the DTES: over 1,500 guests attended the event throughout the day in 2017! (Take a look at some of the highlights from last year: <https://vimeo.com/222752498>)

The purpose of Summer Connect is create a temporary, accessible space where various organizations offer strategically-selected, immediately tangible improvements to people's lives. These individual improvements will not solve the larger issues immediately, but will remove obstacles and create opportunities to remedy the wider issues of poverty, homelessness, and addiction. Last year, 46 different organizations attended, offering a wide range of services including housing, healthcare, employment, hairdressing, bike and wheelchair repairs, and much more. Summer Connect also gives UGM the opportunity to support local organizations that provide meaningful employment opportunities

to the DTES community. This year, will be contracting the Binnars' Project, Mission Possible, and the DTES Street Market (all local social enterprises) to provide 12 low-barrier employment opportunities for members of our community. We are excited to host such a diverse group of organizations seeking to address the issues of poverty, homelessness and addiction within the DTES .

Thank you for considering our invitation, Brenda; I hope you, and Minister Simpson, will be able to attend. Looking forward to hearing back from you to continue the discussion!

Sincerely,
Bobby MacDonald

DINNER - Shabbat Dinner with Jewish Community
19:15 - 20:45
s.22

Nicolas Slobinsky -s.22

I write to you on behalf of the Centre for Israel and Jewish Affairs<<http://www.cija.ca/near-you/pacific-region/>> (CIJA), the advocacy agent of the Jewish Federations of Canada to extend an invitation for you to join a Shabbat Community Dinner hosted by Glenn Bullard (BCTF Executive) and Shelley Rivkin (VP Community Relations with the Jewish Federation). We would be honoured to host you and your spouse on a Friday evening as we gather around the table to break bread together. Should this be something that you would like to pursue, I would be happy to work with your office to look for a suitable date. Currently, we are hoping that you would accept our invitation and join us on either of the following Fridays: April 20, April 27, May 4 or May 11. In the meantime, please find below general information about Shabbat and what to expect:

General Information About Shabbat

- Shabbat is Judaism's day of rest and seventh day of the week. This day of rest that lasts from sundown on Friday evening through nightfall on Saturday night.
- Shabbat is celebrated and observed in different ways by Jews of different backgrounds and religious denominations (the 3 main one being Orthodox, Conservative and Reform with several smaller movements alongside them) all across Canada and the world. There are a number of things that observant Jews will famously not do on Shabbat (such as driving, working, or turning on a light switch), and there are a host of things Jews will do in order to "make the Shabbat a delight".
- Just before dinner women will light Shabbat candles, but in many families men light, too. After candle lighting, everybody will probably sit down at the table to bless the wine (kiddush) and the bread (challah).
- Shabbat gives people the opportunity to contemplate the spiritual aspects of life and rest, while enjoying a great meal and conversation in the warmth of Jewish traditions.

Please do not hesitate to contact me directly should you have any questions about the dinner. I am here to help or answer any questions, my direct line is ^{s.22}

Looking forward to hearing from you and to hopefully seeing you soon.

Hi Brenda,

Here's our response:

- The Vancouver Fraser Port Authority (VFPA) has been undertaking a Project and Environmental Review (PER) process for the proposed Centerm Expansion Project (Centerm).
- On April 20, 2018, the VFPA announced that they have approved Centerm, subject to 86 conditions. Information about the VFPA's decision can be found here: <https://www.portvancouver.com/development-and-permits/status-of-applications/centerm-expansion-project/>.
- Following the decision by the VFPA, the Environmental Assessment Office (EAO) will be reviewing VFPA's decision materials to determine if there are any significant adverse effects anticipated from the project, and if there are any outstanding issues of provincial interest. Through this review, the EAO will determine whether an environmental assessment certificate is required, or whether consideration of an exemption under section 10(1)(b) of the Environmental Assessment Act may be appropriate.
- The EAO will be notifying Aboriginal groups and any public stakeholders who expressed an interest in Centerm, to inform them that the EAO will be reviewing the VFPA's decision over the next few weeks and that, following this review, the EAO will notify them of the proposed next steps and of any opportunities to provide input into the EAO's process.
- The following public stakeholder groups will be notified: Strathcona Residents Association, Burrardview Community Association, and Grandview-Woodland Area Council.
- The following Aboriginal groups will be notified: Musqueam Indian Band, Halalt First Nation, Cowichan Tribes, Tsleil-Waututh Nation, Squamish Nation, Penelakut Tribe, Lyackson First Nation, Stz'uminus First Nation, Lake Cowichan First Nation, and Stó:lō Nation.

- Attached is a copy of the letter send to these groups for your reference.

Let me know if you have any questions.

Minister Simpson has asked me to get some more information from your folks that he can then relay back to the folks who approached him in his constituency around their concerns. Is there more that you can share from your end about the provincial decision, any provincial review and the timing? Thanks.

Hi Brenda,

Here's an update for you with respect to your inquiry:

Centerm Expansion Project <https://www.portvancouver.com/development-and-permits/status-of-applications/centerm-expansion-project/>

- The Vancouver Fraser Port Authority (VFPA) is proposing a series of improvements to the Centerm container terminal and port roads. The proposed Centerm Expansion Project (Centerm) would increase the maximum container handling capacity by two-thirds, from 900,000 twenty-foot equivalent unit containers (TEUs) to 1.5 million TEUs.
- The VPFA's Project and Environmental Review (PER) process for Centerm will assess project impacts and propose mitigations to reduce or avoid adverse project effects.
- If that process concludes that the project is not likely to cause significant adverse effects, then the project may proceed from a federal perspective. If, on the other hand, the project is likely to cause significant adverse effects, it will be referred to the Federal Cabinet to decide whether those effects are justified in the circumstances.
- Centerm is entirely on federal lands, and in light of the PER process underway, the Environmental Assessment Office (EAO) will let the VFPA process continue to completion before determining if Centerm triggers a provincial EA.

- The Strathcona Residents' Association has raised concerns regarding the impacts of Centerm and the PER process, in particular, related to noise effects, visual impacts, and the potential for increased safety risks posed by rail and truck traffic.
- The EAO has been in communication with the Strathcona Residents' Association regarding the proposed Centerm Project.
- The EAO continues to be engaged with the VFPA regarding Centerm and monitors its progress through the PER process.
- After the PER process has concluded, the EAO will evaluate the report and undertake consultations with Indigenous groups and potentially the public. Whether to conduct an environmental assessment or grant an exemption will largely depend on if the project is assessed to have significant adverse effects. Consistent with the EAO's guidance for exemptions, the results of the PER process can be taken into account in making that determination.

Hope this helps.

Dear Minister Simpson,

After an extensive review environmental review, including public consultation, the Vancouver Fraser Port Authority has made a decision to approve the permit application for the Centerm Expansion Project and South Shore Access Project, subject to 86 conditions.

As you know, Centerm is an existing container terminal operated by DP World Vancouver on the south shore of Vancouver's inner harbour on federal port lands and waters. This project requires a number of permits from several federal agencies, including the port authority.

The Centerm Expansion Project and South Shore Access Project include a series of on- and off-terminal improvements to Centerm container terminal and port roads. The Centerm Expansion Project will increase the terminal footprint by 15 per cent and increase the number of containers that can be handled at the terminal by approximately two-thirds.

For more information:

**Hear our poverty reduction plans to
create caring communities**

Dear Minister Eby

UFCW 1518 represents some 22,000 members across British Columbia in the retail, industrial and community health sectors. We improve quality of life for our members and their communities by standing together to fight for fairness.

UFCW 1518 members will be in Victoria on May 15, 2018, to meet with MLAs in order to discuss poverty reduction strategies that will help create more caring communities. Working together we can improve the lives of our most vulnerable community members in critical areas, such as rental housing, health care, health and safety on the job and workplace fairness.

March 29, 2018

Dear Minister,

We commend the Government of British Columbia for developing a poverty reduction strategy, and we thank you for the opportunity to provide input. Some of us attended the community meeting in North Vancouver on March 3, 2018, and were inspired by the conversation and recommendations that came from that meeting.

We are an interdisciplinary group of academics, health care and social service practitioners, and community leaders who share a commitment to social justice in health care and social services. We are a self-funded Think Tank, and we convene annually at the Sylvia Hotel in Vancouver. The first meeting was held in 2015. The theme of the 3rd Annual meeting, held in 2017, was, "Mobilizing knowledge to address poverty and health." This submission is one of the outcomes from that 3rd meeting.

We would welcome the opportunity to meet with you, or one of your representatives, to engage in a conversation about poverty reduction, and to assist in any capacity that might be helpful in working towards poverty reduction in this province.

In response to your call for input on poverty reduction, we are sending our submission by e-mail. Dr. Joan Anderson ^{s.22} and Dr. Paddy Rodney (paddy.rodney@ubc.ca) are the primary contacts. If you wish to respond to our email submission, please "Reply All" to include those listed in the cc to ensure that we all have timely access to your response.

We thank you again for the chance to contribute to a poverty reduction strategy in our province.

Sincerely,

Joan Anderson, PhD, RN, Professor Emerita, School of Nursing, UBC
Heather McDonald, PhD, RN, Health Policy and Quality Officer, Seabird Island Band

General Information About Shabbat

- Shabbat is Judaism's day of rest and seventh day of the week. This day of rest that lasts from sundown on Friday evening through nightfall on Saturday night.
- Shabbat is celebrated and observed in different ways by Jews of different backgrounds and religious denominations (the 3 main one being Orthodox, Conservative and Reform with several smaller movements alongside them) all across Canada and the world. There are a number of things that observant Jews will famously not do on Shabbat (such as driving, working, or turning on a light switch), and there are a host of things Jews will do in order to "make the Shabbat a delight".
- Just before dinner women will light Shabbat candles, but in many families men light, too. After candle lighting, everybody will probably sit down at the table to bless the wine (kiddush) and the bread (challah).
- Shabbat gives people the opportunity to contemplate the spiritual aspects of life and rest, while enjoying a great meal and conversation in the warmth of Jewish traditions.
