Hello,

Below is a draft letter to go out to the twelve communities where the province funded a homelessness count. This is a joint letter from you and MSR. It will include the community specific page from the interim report. Please let me know if you have concerns. MSR has signed off.

Earlier this year, the Province coordinated homeless counts in 12 communities to help inform B.C.'s Homelessness Action Plan, which will focus on permanent housing and services. The Province will compile this data with counts from this year's federal Point-In-Time counts and counts from the following communities, conducted in 2017: Metro Vancouver, Fraser Valley Regional District, Duncan, and Vernon. Combined, this will capture approximately 85% of the population.

These counts provide vital information, including the demographics and service needs of people experiencing homelessness. They also help establish a benchmark to measure the progress made to reduce homelessness over time.

As we prepare the final report for release this fall, we wanted to share with you the information we got back from the «Organization». The attached document breaks down a number of demographics for your consideration as a local government.

If your community is interested in building more affordable housing to address needs identified through this count, we would encourage you to take advantage of provincial funding announced in Budget 2018. As part of this budget, our government launched a 30-point housing plan that includes \$7 billion over the next 10 years to create and preserve affordable housing.

Funding applications can be found online, and funding is available to build housing for:

- indigenous people through the **Indigenous Housing Fund**;
- those experiencing homelessness through the **Supportive Housing Fund**;
- women and children fleeing violence through the **Women's Transition Housing Fund**; and
- mixed-income affordable housing for families, seniors and individuals through the **Community Housing Fund**.

Thank you for your consideration and if you have any problems, please don't hesitate to get in touch.

Cheers,

Jayne

Subject: Staffing at UBCM

Hi everyone;

As UBCM convention is quickly approaching, many of you are finalizing registration and travel arrangements for your Ministers and staff. We thought it would be helpful to clarify a few guidelines around expenses and staffing your Minister's at UBCM.

Each Minister is entitled to have 1 staff member accompany them to UBCM. This can be either the Senior MA, MA, or EA, and will be entitled to claim for the following expenses;
UBCM registration – including any workshops / receptions / Breakfast, lunch or dinner events, that the Ministers are attending.

Hotel Accommodations

Perdiems (presuming a meal was not provided)

If you have a parliamentary Secretary attending UBCM in his or her role as PS, their registration costs can also be covered by the Minister's office.

The registration fees can be charged to your office purchasing card. All other expenses should be charged to the Minister and or staff's Travel purchasing card.

If you currently have made arrangements for more than 1 staff person to attend (except for MAH), please advise me at your earliest convenience, as Geoff Meggs will need to approve.

Please let me know if you have any questions.

Thank you,

Debbie Wade

Hi,

Media request on the WWH Report.

Thanks

Reporter: Tracy Sherlock, Freelance journalist, tracy.sherlock@gmail.com

Outlet: Vancouver Courier

Deadline: EOD Friday

Request:

I'm a freelance columnist writing for the Vancouver Courier. I am planning to write about What We Heard, the report on poverty for my next column. I wanted to ask if I could confirm something I read in the Vancouver Sun, which is this:

Q: Minister Simpson said his ministry will table legislation in October with targets and timelines for a plan, and that the money will be allocated in the February 2019 budget. Is this correct? When I interviewed the minister about this for an article in the National Observer in December, he told me that legislation would be tabled in Spring 2018. I was just wondering what has caused the delay.

In discussions with members of my Advisory Forum there was a strong consensus to include targets and timelines in the legislation that would hold government accountable.

I agreed, though it did mean that the legislation would take a little longer to complete. We now expect to introduce the Poverty Reduction legislation this fall and the strategy will follow.

Q: Also wondering if there has been any discussion about how much the budget for poverty reduction might be.

As work on the Poverty Reduction Strategy is underway, it's too early to speculate on what funding will be required.

Hi – are you okay with this going out to all the MLAs as discussed?

Dear Colleagues,

I wanted to share an exciting opportunity for members of your community. Community Living British Columbia (CLBC) is looking for six new directors to sit on their governing board.

An application process has been established (click [here](#) for the details) and closes August 17, 2018. I would like to encourage you to share this opportunity with your constituents and if you have any questions, please don't hesitate to get in touch with my office.

Sincerely,

Hon. Shane Simpson

Minister of Social Development and Poverty Reduction

A bit of background from the posting:

Community Living British Columbia ("CLBC") was established in 2005. It is a Crown corporation accountable to the provincial government through the Minister of Social Development and Poverty Reduction, mandated under the Community Living Authority Act (the "CLAA") to provide a range of supports and services that meet the disability-related needs of eligible adults with developmental disabilities and their families throughout British Columbia. CLBC works to create communities where people with developmental disabilities have more choices about how they live, work, and contribute.

Cheers,

Jayne
