Spoke to David about the Expanded Exec Call this morning.

Everyone will be on a Skype call and it is the DM through to the Directors. Lots of people that get missed/ haven't had a chance to speak with you.

David has asked that you flag anything on the horizon and reiterate the new vision and mission.

He has also asked that you speak about the impact we are having with clients and what you are hearing from your colleagues about the Ministry.

Might have time for a Q&A but don't need to.
