Minister,

Please find enclosed a draft copy of the presentation for the CWGMH meeting Nov.4th. While I will see you in person for a pre brief Nov.3th I wanted to ensure you had a chance to review prior to our deadline to Cab Ops for tomorrow at 4pm and their disbursement of materials to members. s.12,s.13

ig
;

There are some extra slides at the end - I have removed them from the body of deck for now but wanted to ensure you saw them to determine if you wanted them included.

While you will see if you view with notes pages – sample speaking notes (yours) embedded in the ppt – these represent a high level sense of what you will want to say against the slides – we can craft notes for you once you have had a chance to review, unless you have someone else who you wish to do that for you. The only slide that doesn't have specific notes is s.12,s.13 as I assume you are familiar with that data but we can add notes for that slide if you wish.

Once you are happy with the notes we could also do a word version of those speaking notes so that they may accompany you in hardcopy for the meeting. You can let me know your preference.

The final ppt provided to Cab Ops will be absent of speaking notes. Each Minister will have their one slide and accompanying notes delivered to them via their Ministry staff.

Please review and advise of any changes or revisions you wish to see made and we shall make those changes prior to sending to Cab Ops. Should you wish to see a revised version before us sending to Cab Ops please advise.

Safe travels back home and I will see you Nov.3rd. Should you have any concerns or questions, please do not hesitate to contact me.

Thank you Minister. We found a couple small typos we will clean up. Assume it will go without supplemental slides at the back?

Safe travels back.
