Dear Ken,

This email serves to advise you that the coal licenses for Carbon Creek were issued a short time ago and following the issuance, Cardero received its Notice of Work Exploration Permit last Friday. At this time I would like to take the opportunity to thank Premier Clark, her office and yourself for all of the effort and support which has been provided.

A 10 person delegation will be in Vancouver on August 12-16 for  
s.21 and a site visit. Would it serve the Premier's interests to meet the delegation on August 15<sup>th</sup> and have a photo taken? It would demonstrate to the public that due to the Premier's support of a Vancouver based Canadian mining company, hundreds of millions of dollars may find its way into the BC and Canadian economies.

I would be pleased to take part and to make sure a suitably supportive quote was presented to the media which reflects our thanks for the hard work and initiative this Government has provided to Cardero.

Michael,

That is great news. Unfortunately the premier <sup>s.22</sup> is not available. Having said that, it would be great to do something. I have cc'ed Kim Haakstad and Sara MacIntyre who I will work with to find an alternative arrangement.

Something at your largest lower mainland supplier perhaps?

Best,

Ken
