Hi, Athana's CV is attached. Note it doesn't include her current job at JTSTL (she's travelling w/ her minister and unable to update) and that it says she holds 2 concurrent positions plus BRDO. That's still true but she's flagged that in her estimates MSB told oppo she has 3 jobs. She'll be back on the weekend so just let me know if you'd prefer it be updated.

Hi again!

Just sent off the new section 1 for review, but basically it should look like this:

A - LNG Opportunity
B - Families & Affordability
C - Fiscal Management & Debt
D - Mining in BC
E - Climate Action
F - First Nations
G - Site C
H - Public Education
I - Worker Safety
J – NDP Highlights

Tomorrow I'll have some updates to a number of the existing notes...hopefully no new ones, but there are no guarantees ☺

Thanks again for all your help.

We need to please add this as a yellow page to 1F - First Nations and to 2F – William Decision. (Addition, not replacement)

I will handle mine and Ben's.

Thanks! E

Could we please print these off for the binders? I'm also working on a summary yellow page for the doc.

For the big binders – don't worry about mine – the table needs to be updated.
