So this is the format I was referencing for morning news scans.

Due to time they may still have to send out the individual emails during session, but it would be great to just attach all the web files to one email outside of session.

The biggest plus is reading it on your blackberry. Thoughts? Cons?

Hey Rosa,

I've added the Health additions as well as the TECH and AVED additions that were added.

Let me know if you need anything else!
