Subject: FW: Surrey fibre announcement

Hi Jordan/Katy,

We are currently planning to announce a significant fibre investment in Surrey on Jan 17th at 10am. We're checking Min Virk's calendar but also wanted to extend an invitation to the Premier, given the government's focus on job growth within the Tech Sector and the critical role that fibre based infrastructure plays in enabling tech investments and applications.

I am currently away from the office until Jan. 10, so I've copied a number of my colleagues so that we can plan accordingly if she's able to make it.

Please let us know. I hope you have a wonderful holiday season and get a bit of a break before the New Year starts!

Thank you

Kim

Apologies, Minister Stilwell has something at noon so her office was suggesting 10 am or 10:30 am on Oct. 14. Let me know if that can work for the Premier's schedule, and if not, whether we can explore an alternate date. Thanks!

Hi Jordan – we've confirmed 11 am on Oct. 14 at TELUS Garden to announce a low cost internet program for single parents on . We are very excited to get this program off the ground.

We would really like the Premier to be there for the announcement, not only because the single parent employment initiative is near and dear to her but also to recognize and encourage social innovation from the private sector.

Please let me know if she can participate in the event (10 am can also work if that helps)

Subject: low cost internet for single parents on income assistance

Hi Barinder/Jordan – exciting news. We've been working with Minister Stilwell's Ministry to create a special program to provide single parents on income assistance with access to low cost high speed internet (\$9.95 per month). s.13
s.13 but we decided to explore the possibilities at a provincial level.

We would love for the Premier, in addition to Minister Stilwell, to join our CEO for the announcement. We are looking at October at this point (the earlier the better). An event proposal is working its way to you via GCPE but I wanted to flag this because of the length of time it takes to find a date.

Let us know if we should go ahead with a date that works for the Minister and our CEO, and then double check with you, or if you'd prefer we work with you directly to find a date that works for all three parties. Call anytime to discuss.

Thank you!

A few further follow-ups for you:

Re: s.13 letters will be going out April 18 to residents and we will have people going door to door as early as April 4 to get permission to build to their properties. If it does not look like this can fit in the Premier's schedule this Spring, we could also do a news release and include a quote from her or Minister Virk.

Re: s.13, s.16
in Vancouver the week of April 4-11. I believe the Premier said she would like to participate if possible. We are waiting for s.13, s.16 and I will keep you informed.

Lastly, we are looking at announcing our four year capital investment amount for BC on April 11, and would like to offer the Premier a quote in our news release. The amount will be in the neighbourhood of \$4 billion. Please let me know if she would like a quote in this news release.

Thanks

Initially, the team was looking at April dates but we wanted to check with you to see if you'd like us to delay until such a time the Premier could attend.

Part of our process involves TELUS sending out letters to notify residents about what we're doing because we need their permission to be able to connect fibre to their premise. We often time any media announcement to coincide with this letter going out, but in the case of Kamloops last year, we did the media event after the letter already went out because of scheduling challenges with Ministers Lake and Stone.

In short, we're willing to work around the Premier's availability if she is interested in participating.

Hi Jordan, this announcement is similar to the one we did in Vancouver and a number of other communities last year (Kelowna, Kamloops, Quesnel). The Premier spoke at our announcements in Kelowna and Vancouver. I think the significance of this is the fact we're doing this build in s.13 which will make a meaningful impact in the community in terms of dramatically increased bandwidth compared to what they have access to today.

Let me know if you have any further questions or thoughts about this event potential

Subject: RE: TELUS events

Hi Jordan, on the s.13 announcement, I did a quick check on Tony Geheran's calendar (he's our EVP Broadband Networks). He is currently available:

June 6, 7, 16 (maybe, depends on other travel), 20, 24, 27, 28.

If June doesn't work for the Premier, we're happy to explore later months.

Thanks!

Kim

Kim,

- 1) Hi Kim, we are still trying to make this work for early June, will let you know once we are able to confirm.
- 2) Please continue with the Ministry of Health but thank you for putting it on our radar.
- 3) Appreciate you keeping us in the loop, please continue to do so.

Also, thanks for your help with Western Premier's it is much appreciated!

Jordan

Subject: TELUS events

Hi Jordan, checking in on some events

- 1) s.13 - any update on whether the Premier would like to do a fibre to the premise announcement in s.13 ?

- 2) Home Health Monitoring – this contract was recently signed (with the Ministry of Health). We will plan an event that will include demonstration of the technology used. Did the Premier want to be involved with this event? We will continue planning with the Ministry of Health but wanted to check on the Premier's interest before beginning the process of finding a date. This question should also be coming to you via Ministry Communications.

3) s.13

Thank you!

Kim

Hi Katy – attached is a final copy of the news release announcing TELUS will invest \$4.5 billion in capital investment through 2019.

This is now scheduled to go out on April 5, rather than April 11. Hope that's okay on your end (if not let me know).

Thanks again and have a great weekend!

Hi Jordan, re: s.13

I appreciate the challenges around travel. Given the logistical challenges, perhaps we should just plan for a news release rather than an event. Apparently the news is beginning to permeate the community (the local paper has already contacted us). Would a quote in a news release work for you? If so, we can get the ball rolling.

I've been in contact with Katy re: the capital investment announcement for BC, slated for April 11 (\$4.4 billion over three years).

No word yet from s.13,s.16

Will let you know.

Thanks!

Subject: RE: question about s.13

A few further follow-ups for you:

Re: s.13, letters will be going out April 18 to residents and we will have people going door to door as early as April 4 to get permission to build to their properties. If it does not look like this can fit in the Premier's schedule this Spring, we could also do a news release and include a quote from her or Minister Virk.

s.13,s.16
I believe the Premier said she would like to participate if possible. We are waiting for confirmation from the federal government and I will keep you informed.

Lastly, we are looking at announcing our four year capital investment amount for BC on April 11, and would like to offer the Premier a quote in our news release. The amount will be in the neighbourhood of \$4 billion. Please let me know if she would like a quote in this news release.

Thanks

Subject: RE: question about s.13

Initially, the team was looking at April dates but we wanted to check with you to see if you'd like us to delay until such a time the Premier could attend.

Part of our process involves TELUS sending out letters to notify residents about what we're doing because we need their permission to be able to connect fibre to their premise. We often time any media announcement to coincide with this letter going out, but in the case of Kamloops last year, we did the media event after the letter already went out because of scheduling challenges with Ministers Lake and Stone.

In short, we're willing to work around the Premier's availability if she is interested in participating.

Subject: RE: question about s.13

Hi Jordan, this announcement is similar to the one we did in Vancouver and a number of other communities last year (Kelowna, Kamloops, Quesnel). The Premier spoke at our announcements in Kelowna and Vancouver. I think the significance of this is the fact we're doing this build in s.13 which will make a meaningful impact in the community in terms of dramatically increased bandwidth compared to what they have access to today.

Let me know if you have any further questions or thoughts about this event potential

Subject: Invitation to Kelowna MLAs to a special TELUS Day of Giving event on May 28

Hi there, we are creating a special event this year for TELUS Day of Giving, in partnership with the City of Kelowna and the Central Okanagan Foundation to help beautify City Park. Full details below.

The team was hoping Ministers Letnick and Thomson (and the Premier if she were in town) might once again be willing to join us for the BBQ, and to put their handprints on a mural as part of a photo op. The Kelowna Courier will be there as well.

Please let me know if they would like to participate. Thanks so much!

Date: Saturday May 28, 2016
Time: 9:00am – 3:00pm
Charity: City of Kelowna and Central Okanagan Foundation
Event: Mural Painting and Trail Work in City Park
Location: City Park, Downtown Kelowna (Pedestrian tunnel under the bridge).

Description: The TELUS team will be painting a large mural in the pedestrian tunnel in City Park located downtown Kelowna. It will be a tree design and team members will be asked to put their handprints on the tree (which will be the leaves). In addition to this, we will be spreading gravel along the Mill Creek Trail located next to City Park to finish the final 1000 feet of trail. There will be a team BBQ taking place in the park at approximately 1:30pm. In the past, our MLA's have attended and helped with the BBQ. We would love their assistance again and would like the photo opportunity of them adding their handprints to the murals. The Kelowna Daily Courier has already confirmed they will have a reporter attend the event.
