Good morning Don:

Just a heads-up that I'll be away and that Jim Standen s.22 --- . ---, is acting for me on all non-climate files except K-M TMX where Bobbi will be in charge.

Overall, things moving along well s.22 and just FYI that we have an IB coming out on Hullcar water quality tomorrow and anticipate NRs on South Okanagan Grasslands National Park Reserve and Professional Reliance next week.
