Good day David.

Just a heads up re our previous discussion about my new computer delivery and set up here in Premier's Langford office.

I'm having to be out of the office a bit over the next few of days^{s.22}

So please give me/Amber lots of notice when you are ready to visit so I can be sure to be here.

And, just a reminder that I'm also hoping that during the visit for computer set up you can include figuring out how I can connect to the printer in this office – which is in the LASS domain that Constituency Offices use. So I either need to be able to talk to that printer or use another directly (?) . Will of course take your advice and direction on how to resolve that problem (which I assume is the same for all constituency based Executive Assistants)

And finally, not sure if this is your domain, but also am requesting a telephone (land line not cell phone) headset.

I recently joined Premier Horgan's staff working in the Langford constituency office. One of my tasks is to meet constituent and organization groups here in the constituency when the Premier is unfortunately not able to meet with as many folk as he would like to due to ongoing responsibilities as Premier.

I was made aware of your Sept 26 email requesting meeting. Wondering if you may be interested in meeting me here in Langford to sit down and brief me on the work and projects of the Construction Foundation. My role is to listen, learn and pass along information to the MLA/Premier.

I would be happy to meet with you and Foundation members if you wish. If so please contact me by return email or by calling the numbers below to find a date and time.

I'm here most days and, so far, somewhat flexible.

In the meantime I thank you on Premier's behalf for all the good work the Foundation has done and continues to do.

Hi. Bruce Fogg here. Trying to assist Maureen while she is away at CA training.

So as I understand it these types of letters can be sent to Premier's correspondence branch (should I be using an address other than Susan's personal?) so that a response from MLA Horgan can be produced and he can sign when he gets a chance down at the buildings (we won't see him in a timely manner to have him sign)

Assuming Prem Corr Branch will consult with Minister Mun. Affairs re the latest on this file so as to inform response. Please let us know if this is the correct procedure. My apologies in advance for any screw ups on my part in getting these constituent letters responded to....especially in this case where, so far, the response is positive.

Subject: East Sooke Water

To John Horgan, MLA for Langford/Juan de Fuca

I am prompted to write to you to express my disgust at what is happening currently with the CRD and Mike Hicks' efforts to bring water to where I live s.22

You are undoubtedly familiar with Mike's problems. There was a recent article in the Sooke Mirror and the Times Colonist so I won't reiterate what Mike's struggles have been. I **will** comment on what I see as unacceptable, politically motivated decisions that the CRD has taken.

1) They claim that they can't bring water to East Sooke because that would cause urban sprawl. They claim that they are acting for the best interests of the area in combatting urban sprawl. They are using denial of access to water as their tool. If they are so anxious to deter urban sprawl, why didn't they deny water to the communities of Westhills, Royal Bay, Bear Mountain, and Happy Valley (north)? All of these areas were green and undeveloped. Now, those communities are "urban sprawl." But the CRD gave them water, I guess because their urban sprawl is somehow acceptable. CRD approved their water without hesitation. But they deny water to East Sooke when there are already curbs to growth within our land use plans that would make urban sprawl near impossible.

2) On 28 July 2010, through Resolution 64/292, the United Nations General Assembly explicitly recognized the **human right to water** and sanitation and acknowledged that clean drinking water and sanitation are essential to the realisation of all human rights. In April 2011, the Human Rights Council of the United Nations adopted through Resolution 16/2 **access to safe drinking water and sanitation as a human right**: a right to life and to human dignity. Canada joined the international consensus and (after some reluctance) recognized the right to water at the United Nations Conference on Sustainable Development in 2012. The last time I looked, Canada was still a member of the United Nations. That means that the CRD is as well. There is an overriding principle at

work here: all humans, even East Sooke residents, have the right to access to water.

3) The Directors of the CRD have managed to stall and deny us due process to have our needs addressed at the board level. They have intentionally created a committee that they know will deny us our rights. Our Director had to get into a public fight just to get a seat at the table where this discussion is going to take place. Mind you, he's not allowed to talk because that would require unanimous agreement from all CRD Directors and that's not going to happen because there's at least one person on the Board who is bound and determined that his view will be approved. They are denying a duly elected representative of JdF the right to address a meeting where the rights of citizens that he represent can be heard. This is not democracy. This is horse-pucky.

So, here's the picture that I see happening in the CRD chambers. Blatant hypocrisy. Clear violation of United Nations resolutions. Slimy political machinations intended to disenfranchise the citizens of JdF. And all of this is happening in the riding that our premier represents. He has the power to put an immediate halt to the CRD's disgusting actions. I urge him to use that power to bring some integrity into that Board. It's very simple. Access to water is a fundamental right of all citizens of the world, even East Sooke. You'll have to stand up for us, John; some members of that CRD Board have gone rogue.

But can you please forward me a Premier's office phone list so I can call....who?...with media questions and to refer media to that person for comment on Premier's behalf on this or future issues.

Currently I have no access to finding even private phone numbers for Press Secretary types.

Thanks and best.
