Hello,

Thank you for our telephone call today regarding the UBCM Convention. It was nice to have met you over the phone.

Subject: Event Logistics and Introducing Rick Devereux
Attachments: Template-Media Event Plan.docx

I am writing to clarify the process for initiating events through our Event Services Team.

All Ministries and their communication staff must submit a media event plan to the Event Services Director, Rick Devereux (rick.devereux@gov.bc.ca.) Rick will take this to his team and they will start putting the logistics in place that are needed for each event. Our goal is to have consistent branding and visuals across all ministry announcements.

Submitting this form with as much notice as possible is extremely important to ensure the quality of our events. Lead time is needed so that the event team can book A/V crews, set-up Telus media conference lines, and work on securing appropriate venues for these events. Some tasks such as securing a Telus media conference line can take over 24 hours to complete. The template is attached.

Even if events are just a glimmer in your eye we ask that you submit a proposal as soon as possible and have it entered into the corporate calendar so events can be appropriately tracked and acted on.

Thank you for all of your work,

Hi Leila,

As requested, I'm attaching three invitation letters for your consideration related to the Leaders' Gathering (for B.C. govt caucus, Green caucus, and the Opposition critic). Neilane suggested it may be most appropriate for these invitations to come from the Premier's Office (in the same way they were received by First Nations) so I've put each of them in a general letter template for now so the text can be cut and pasted into the appropriate letterhead.

Please let me know if we can be of further assistance.

Thank you,

Dear Mr. Horgan,

Very pleased to have you as our premier. Congratulations and happy birthday!

I'm writing to you because I'm becoming concerned about Facebook posts by MLA

John Rustad which are critical of our new government's handling of the forest fire situation, as well as complaints from his followers and constituents in comments on his page, saying that they're not getting updated as well now that he's not the point person and posting regular updates. I'm particularly concerned that a part of one post from today (Aug. 7/17) appears intended to stir up a bit of trouble.

The last sentence of this paragraph is what concerns me, "The Ashcroft fire started and on the first day they thought they had it contained. Then the winds picked up and it raced up the hill and into the Ashcroft Indian Band's reserve destroying much of the community. Thankfully everyone got out safe. To date, no NDP minister has contacted the chief and the Federal ministry seems to be backing away from it's promise of completely rebuilding. The chief is getting very frustrated."

What I'm hoping is that your communications department is monitoring this and someone will be able to formulate some kind of response to his claims quickly before it gets festering in the public's mind.

Thank you.

In solidarity,

Dear Premier,

On behalf of the United Way of the Lower Mainland, Canadian Labour Congress – Pacific Region, Vancouver District Labour Council and New Westminster and District Labour Council, we are pleased to invite you to be the keynote speaker for our jointly held **24th Annual Labour Appreciation Night**, set for Thursday, November 30, 2017. The event will take place from 5:00 p.m. to 8:00p.m. at the Hilton Vancouver Metrotown, 6083 McKay Avenue, Burnaby.

The agenda includes each of the hosting bodies presenting an award to an individual trade unionist on behalf of the Labour movement in recognition of outstanding contributions in the area of community service. 2017 award recipients include BC Federation of Labour President **Irene Lanzinger**, who will receive the United Way of the Lower Mainland's Joe Morris Labour Community Service Award, MoveUp Secretary-Treasurer **Lori Mayhew**, who will receive the New Westminster & District Labour Council's Labour Community Service Award and BC Employment Standards Coalition Co-Chair **David Fairey**, who will receive the Vancouver and District Labour Council's Syd Thompson Award.

This popular evening is a key event in the labour calendar in BC and your presence will add to its success. This will be a significant Lower Mainland event for the labour community and we are expecting over 400 trade unionists and friends to attend again this year.

We understand the complexities of your schedule in the months to come and the work ahead for the province. We hope you will consider this event as a highlight of the fall season. We would appreciate a response to nicolah@uwlm.ca or 604-268-1329.

Hi Kate – running this past you as a dbl check.

The organizers of the “Beauties of 5 Continents” Int’l pageant are looking for a letter /message slightly different from the norm & s.13 , but I figured I’d dbl check with you.

They apparently donate \$56,000 - \$85,000 to Variety-the Children’s Charity every year.

What they’re asking for is a letter acknowledging their efforts to “better not only the lives of these talented young women, but the world as well.”

Looking at their website, I see that they have letters from other leaders (including CC), but the majority are greetings messages for their gala event. There’s one from Peter McKay that I’d consider to be in the same vein as what they’re asking for.

Dear Amber, thanks for your message, appreciate.

Amber, I would be delighted to visit with the Energy Minister as well, especially if we can coordinate on the same day.

However, I need to meet with the Premier first for a private and confidential meeting. That was the purpose of my request on June 30th. I was advised that I needed to speak with Bob Dewar first via teleconference so that he could understand the background and the basis of the meeting request. A teleconference with Bob Dewar was then arranged for July 4th.

During our telephone conversation, Bob Dewar agreed that I should meet confidentially with the Premier, and he indicated that this meeting could likely be caused to happen within two weeks, and he would arrange. He suggested that the week of July 17th would likely be good.

Amber, I totally understand that with the forest fires and other obvious priorities, sometimes these things can take a little longer than anticipated. I get it fully, and am happy to be patient.

At the same time, it will now have been over 6 weeks since my original request on June 30th, and it really needs to be a private and confidential meeting with the Premier; if that is possible and can be arranged soonest (I will not be able to share what I need to share with the Energy Minister, and it would not be appropriate to do so at this time).

That is what I had requested on June 30th, and Bob Dewar had agreed that this made sense in view of the confidential material I was willing to share with the Premier.

If the Premier is desirous of me meeting with the Energy Minister separately, I would be most happy to do so, but that only makes sense after Premier Horgan and I have met privately and confidentially first.

I hope that is helpful, and please consider accordingly. Thanks kindly and please let me know possibilities.

Sincerely
PC

Dear Elizabeth,

Thank you for speaking with me this morning. As I indicated when we spoke, with the Pacific North West LNG announcement this week, it is somewhat more urgent to set up this meeting with Bob and John, as soon as that might be practical. I can understand how consumed John must be, but it is more pressing than ever for him to understand what is possible, and what is deliverable, to make some early impacts for the benefit of British Columbians. Also, with the recent appointment of Don Wright, it might be of significant value to have him there as well. I am sure that John would know instinctively whether that would be appropriate, or whether that might make more sense as a subsequent meeting. Perhaps it would be possible to get his guidance on this. Please note for context, that I was also the Chief Engineer Power Generation and Head of Technology for Syncrude Canada Ltd. for over 15 years, and can provide some very significant insights re BC Hydro organization effectiveness. BC Hydro needs to Reform, Perform and Transform to benefit British Columbians, and I will provide very practical ways and means, how this can be achieved in short order to benefit BC.

We have to have a success path forward for LNG that is far more intelligent, more astute, and hugely more in the public interest of British Columbians, than anything we ever had before. The sooner this can be put into place in highly competent, professional ways, it will have huge impact for British Columbians, now and for future generations.^{s.22}

s.22

There is a far better way to build the future of LNG, and energy generally in the Province of BC, very professionally, and very astutely in ways that will build a better BC in relatively short order.

Elizabeth, if you could please advise if it might be possible to set up the requested meeting sometime over the next two weeks, I would very much appreciate. Thanks kindly.

Dear Elizabeth,
First and foremost,
heartiest
congratulations to
all of you, and

Horgan, Bob Dewar,
and all of your
teams that have
worked so hard and
done and
admirable job in
making this win
possible. I know
John will be a
wonderful Premier,
and probably just
the very best in BC's

history, and likely the best in Canada at such a critical time for BC. The potentialities are very significant. Elizabeth; thank you for speaking with me a few times over the last few weeks; I appreciated our conversations, and your follow-up. I am interested in arranging a confidential meeting with Bob Dewar and John Horgan for approximately 90 minutes to brief them on confidential work we had done for the Christy Clark government regarding the future of LNG in BC. We are deeply skilled in major industrial oil and gas development and major projects, and specifically LNG; the

intent of our review was to help decide what to do next, given that most of the LNG strategies that had been implemented in BC at huge expense, had not worked, and everyone in their hearts knew that intimately. Our firm had previously examined LNG industry development throughout the entire world in various jurisdictions, and had developed findings regarding policies and practices that had worked in various regions with the highest success throughout the world. It was clear to us that the ill-

informed, and
cowboy
approaches of BC
LNG Ministries
were not working,
were not likely to
work, could no
possibly work; or
bear any
significant fruit for
the benefit of
British
Columbians; we
made
recommendation
s on what should
be done, and
how it should be
done to benefit
the Province and
British Columbians
in general, and
the
recommendation
s were quickly
submerged.
The Christy Clark
administration did
not like the report,
although I believe it
was intuitively

obvious the LNG
futures needed to
be imagined and
conceived
differently, to be in
alignment with the
interests of British
Columbians as
opposed to the
interests of foreign
companies that the
BC government had
been coddling.
That is about as
much I can say in
print, the rest will
have to be shared
face to face.
Depending on the
appetite of the BC
NDP leadership, and
depending on their
desires for the
future, some or all of
these
recommendations
can very
significantly inform
future
developments
within the Province
of BC in ways that
will supercharge
significant BC LNG

Futures Delivery
done in the right
way; the right way is
province building
and nation building
specifically in the
interests of current
and future

Columbians, as
opposed to the
corporate world

government forever
catered to.

Good morning Amber,

I am Richelle D. Funk, a public affairs officer with the Ministry of Advanced Education, Skills and Training. After a brief discussion about an upcoming opportunity at Emily Carr University, Kimberley Copeland recommended that I reach out to you about how the Premier's Office would like to receive potential opportunities for decision.

Emily Carr University has the first official event to mark the completion of their new campus at the Great Northern Way district on Sept. 5th at 11 a.m. (event plan attached)

I am hoping someone could provide direction as to how to provide these opportunities to the Premier's office for consideration, and if the opportunity is accepted, how AEST can work to support the PO's office.

I am happy to talk via the phone: 250 356-7876.

Thanks in advance,

Richelle

Dear Tim and Kate,

On behalf of our millions of supporters at Humane Society International, just wanted to say a huge congratulations for the announcement that the grizzly bear trophy hunt will finally be ended. We obviously look forward to discussing the implementing measures with you further, but want to thank the BC Government for its commitment to this issue. Please find below our press statement.

Hoping we can soon look at some dates in September for a meeting with Minister Donaldson and, if possible, it would be wonderful if there would be any time to meet with Premier Horgan as well. Please let me know what might work on your end and look forward to our future discussions.

Hi Michael,

Apologies for the delay in responding. As you may be aware, we're in the midst of a wildfire crisis and the minister has been focused primarily on the state of emergency. Planning for meetings with key stakeholders such as Humane Society International has been delayed by that focus.

I will be meeting with the minister in the next few days to sketch out the next few weeks. I suspect that we won't be able to co-ordinate anything with you when you are in BC next week, but I will ensure we respond before the week's end to update you on times either later this month or in September. I appreciate your patience.

Thank you so much, Kate, and pleasure to be in touch, Tim.

I'm hoping to schedule a time to meet with Minister Donaldson at his earliest convenience to discuss animal welfare issues under his portfolio--ending the grizzly bear hunt being one of our top priorities.

On our end, we could potentially be available to meet next week; alternatively, August 21-24 are dates that work well for us. If these dates simply don't work, we'd of course be happy to meet in early September.

Thank you both so much for your time. We here at HSI are greatly encouraged by the NDP's platform and look forward to working with you all as we strive to better protect animals and the environment.

I would also like to take this opportunity to follow-up on the request below for a meeting and hoping Premier Horgan, or perhaps his advisors, would have time to meet with us when we travel to Vancouver and Victoria sometime in the coming weeks. On this note, would anytime over August 21-24 or the week of August 7-11th work on your end?

I've also attached a more formal meeting request outlining some of the pressing animal welfare concerns we're hoping to discuss. As well, please find attached an open letter from a large coalition of groups in B.C. that was put together during the election and calling on the future Premier to quickly implement a ban on trophy hunting of grizzlies. Of course, we know the NDP has committed to ending the trophy hunt--and we greatly look forward to working with your office to make that a reality--but we still wanted to submit this open letter to Premier Horgan to at least show the overwhelming support the NDP has from a broad coalition of groups working in B.C. for ending hunting of grizzlies.

Thank you so much for your time and very much look forward to working with you all on any animal welfare issues as they arise.

Hi Geoff,

There has been a few steps forward on the staffing front.

- 1) don privett has joined us as an admin person for the office as well as reception support
- 2) bev crozier is joining us Monday as a scheduling assistant.

Both of these people are released from the PSA and are on a 2 month contract to get us through the crunch.

After looking at the correspondence team with are moving two members within the organization to fill the more senior vacant positions. We will be hiring for the two junior.

Judy is in the loop on all of this and it is accounted for in the budget.

The only other small piece you should be aware of is that there is a slight departure from the traditional throne speech spectacle. The steering committee has decided to have a lower key event, use the 15 invites the premier's office gets to invite "regular" people and focus on a digital campaign rather than a big event. Mira and sage have both been on these calls so can fill you in if you have more questions.

Premier John Horgan,

I hope this email finds you well and in good spirits. This is a follow up email from the letter that was sent to your attention on June 9th; we would like to confirm your attendance at the Walk for Reconciliation on September 24th in Vancouver. We would be honoured if you would be a speaker at the event. Please let me know asap if you will be attending.

Thanks,

Elaine Kinequon
