Hi Heather,

Thank you for your email and interest in AYIP. We are preparing for launching Year 11 orientation week, September 5th - September 8th. Our next intake will begin in January 2018. Could you please send the three of us a meeting invite for the second to third week of September. You can count on one of us in connecting with you to provide the information you are looking for.

Sending with gratitude, and respect,

Stephanie Papik, Hon. BSc., Program Lead

Good Morning Stephanie,

Are you able to provide me with information relating to the Aboriginal Youth Internship Program? Our division (Workforce Planning, Compensation and Beneficiary Services Division) in the Ministry of Health is interested in hosting an Aboriginal youth intern and I am hoping you can provide an overview on the process, timeframe of opportunities, forms, etc. to initiate this in the near future.

Thank you for your assistance, Heather.

Subject: AYIP update: approval of proposal and next steps

Greetings,

Thank you for taking the time to develop and submit a proposal to host an Aboriginal Youth intern for Year 10 of the Aboriginal Youth Internship Program. Our AYIP Advisory Council met to review the ministry proposals that we received to host an Aboriginal youth intern for 2016/2017 beginning September 6th, 2016.

The AYIP Advisory Council is comprised of Aboriginal employees across government including three alumni working in government, and our ADM Alison Paine. Proposals are reviewed to ensure that the work is meaningful, achievable, engaging and supports our program goals:

1. Encourage Aboriginal youth to consider a career in the BC Public Service and/or Aboriginal organizations
2. To develop leadership skills in in Aboriginal youth
3. To further develop relationships between the Province of BC and aboriginal communities and nations.
4. To achieve the New Relationship and close the socio-economic gap the exists.

Upon review the ministry proposal submitted by you on behalf of your ministry has been approved. I am grateful for the time, intention and thought behind the proposal. AYIP is very grateful for the ongoing support that AVED has provided over the years and this year to come.

Our job posting to hire Aboriginal youth interns for Year 9 closed on May 1st, with 15,986 views and 85 applicants. 40% of these applicants heard of AYIP from word of mouth. This reflects the changes we have made over the years to be more effective in reaching Aboriginal in both rural and urban areas, and I believe it reflects the ongoing success of the program.

In terms of next steps for hiring, our AYIP Six member hiring panel comprised of:

- AYIP Y8 alumni
- Unified Aboriginal Youth Collective male representative
- Unified Aboriginal Youth Collective female representative
- MARR representative
- Program Coordinator – Bradley Dick
- Program Lead - myself

We will be interviewing in June. By the end of July we should be able to provide you with you an introduction to the successful candidate who will be joining your team in September, as well as detailed on-boarding instructions.

On August 17th we will be holding our annual supervisor/mentor one-day orientation session, a calendar be sent out shortly. Feedback from past year supervisors and mentors is that this session be communicated as mandatory

for both the supervisor and mentor to attend AYIP orientation session. This is done to ensure that their own supervisor will approve requests to attend the session.

In the meantime, we have been following up individually regarding:

- Tweaks to the proposals
- Signature page for the ministry proposal
- Position screen designation form (attached)

If you have any of these I have asked you to follow up on, thank you in advance of sending me in the necessary information. Please let me know if you have any questions or concerns. I am grateful for your time and your consideration.

With respect,

Stephanie Papik, BSc. (Hon) Program Lead

San'yas Training

The San'yas training (poster attached) is an 8 hour course through PHSA (no charge for Ministry staff). As PPH has committed previously to all PPH staff taking this training and noting this in their MyPerformance Learning Plan, the Ministry is asking that all remaining staff plan to take this training by fall 2018.

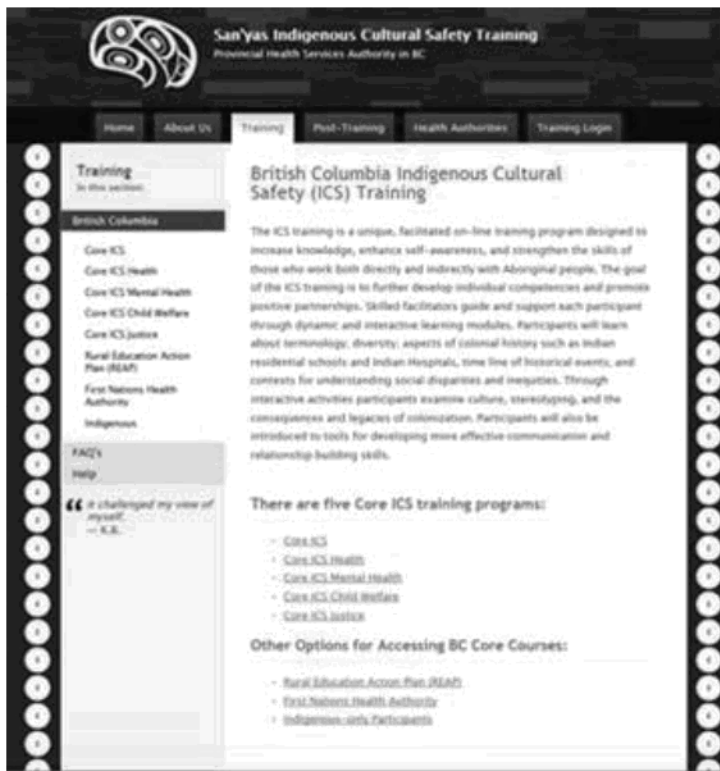

Please see below for further information/details on the registration process and the San'yas ICS Training sponsored by PHSA.

About the ICS Training Program:

- This is a facilitated online training program, which you move through with a cohort.
- When you click to register, you will be provided with start date options.
- Upon selection of your desired date, you will have eight weeks from that selected date to complete this training program.
- The online program does not contain tests; rather, it will require contributions and journal entries from you.
- Your journal entries are anonymous and will be reviewed by the facilitator and/or cohort. This allows for dialogue, discussion and learning.
- You may start/stop the online program at your leisure. (ie do 30 minutes at a time, or 2 hours at a time based on your availability).
- We recommend that you allow yourself segments of one hour at a time to reflect on your learnings as you move through the eight week period rather than rush through at any given time.

Registration:

When you click on this link, <http://www.sanyas.ca/training/british-columbia>, you will be brought to this page:

What ICS training program should I choose?

- You are not required to take all five ICS training programs. You are asked to take one ICS training program. Please see the details below and recommended programs:
 1. **Core ICS** - is a six hour online course but does not contain the 'Health' perspective. ***We do not recommend you take this program.***
 2. **Core ICS Health** – is an eight hour online course and is specific to 'Health'. ***We recommend you take this program.***
 3. **Core ICS Mental Health** – is an eight hour online course and is specific to 'Health' and 'Mental Health'. ***We recommend staff who work in the Mental Health area take this program.***
 4. **Core ICS Child Welfare** – is an eight hour online course and is specific to 'Child Welfare'.
 5. **Core ICS Justice** – is an eight hour online course and is specific to "Justice".

Subject: Re: AYIP Intern, Supervisor, Mentor relationship building day - Day 4 of AYIP intern orientation, 8:30am - 4:30pm

Good morning,

I am writing to check in regarding the orientation session for the Year 11 interns. If you are not planning on attending and are either a supervisor or mentor, please be sure to connect with the other person to make sure that one of you will be attending. The morning involves breaking up into small groups; intern, supervisor and mentor. In past years when we have had the occasional situation where there were no supervisor or mentor present and the intern was on their own while everyone was in groups.

If you are not able to come please consider asking another colleague to go in your place. This day together has been key in reducing nerves for the first day of work in their ministry placement.

Below is an agenda for the day.

Aboriginal youth internship Program

Subject: AYIP Intern, Supervisor, Mentor relationship building day - Day 4 of AYIP intern orientation, 8:30am - 4:30pm

When: Friday, September 08, 2017 8:30 AM-4:30 PM.

Where: Harbour Towers, Victoria

Paarutit, greetings,

You are invited to participate in to our annual relationship building day where interns, supervisors and mentors have the opportunity to spend the day together learning communication tools that will assist in developing leadership skills for our interns. The tools we will be learning and using have been key to our success in Year 11 interns to strengthen their communication skills, empowering them to create positive change. We are very excited to be offering this to the supervisors and mentors this year along with our Year 11 interns.

If you are not based in Victoria, Malisa Fox will be in touch to arrange your travel to Victoria for both the Welcoming Ceremony and this orientation day. We will be covering the cost of one person per intern to attend the events. That said if you are able to cost save, i.e. car pool over, we could allow for more people to attend.

I would like to acknowledge that a full day may seem like a lot of time to be away from work, however this initial investment in relationship building with your intern can have a significant impact on creating a solid

foundation for the year. It can also really help to alleviate the fears and uncertainty that many of our interns feel for their first day on the job.

Here are a few quotes about what interns and supervisors took away from the day:

“Very thorough and organized. your approach to teaching and learning is heartfelt and from a good place, which comes across in your teachings. Your focus on an indigenous perspective is eye opening for many of us and is very much appreciated. I wish there was more of these opportunities for us to learn and take away. The time you took to do these activities was necessary and helpful in creating the space for that greater/deeper understanding that is so meaningful. Very good job and the success of the Interns and program is a reflection of your hard work and thoughtfulness.”

“A better sense of my intern's culture and greater comfort and confidence that I know how to be properly respectful. I also left confident that I would be properly supported by AYIP management.”

“It was excellent to have my supervisor present during this orientation day as it created a connection outside of the workplace between my supervisor and myself. It also made the first day in my ministry placement less stressful because of that.”

“Great relationship building time with Intern, as once they are at the worksite there is little time to put aside for these kind of opportunities”

My hope is between the supervisor and mentor roles, you will be able to attend these foundation setting events with us. Feedback from Y9 and Y10 supervisors and mentors is that this event be communicated as mandatory for both the supervisor and mentor to attend the ceremony in support of your new intern. The intent behind this request is to ensure that their own supervisor will approve requests to attend this orientation session.

Agenda to follow.

Please let me know if you have any questions or concerns, I am grateful for your time and your consideration.
With respect,

Stephanie Papik, BSc. (Hon) Program Lead

Please let me know the location and I will confirm back with the Minister's office.

Hi Sandra and Linsey,

I was not sure who would be helping with working with the Minister's office to set a date, so I am emailing you both . In past years we have worked with the GCPE folks as well. In terms of dates, we have the FN Leadership Council dates of when they will be holding AGA's in October. Please do not book the ceremony for these dates:

Oct 11-13- BCAFN AGA

Oct 16-18 – AYIP staff not available

Oct 18-21- First Nation Summit AGA

Oct 26 – anniversary of hanging of BC Chiefs

Some proposed dates are dates in between October 23 and 30th.

If it is possible to get assistance with securing a date, sooner rather than later, it is our Year 10 celebration and there a big expectations around acknowledging the 10 year milestone. More time to plan around a fixed date would help us meet this expectation.

Please let me know if you have any questions or concerns. I am grateful for your time and your consideration,

Hi Stephanie.

I'm happy to share that Minister James confirmed in a meeting with Lori and me today that she would like to attend the AYIP Completion Ceremony if her calendar allows. So I assume Sandra or Linsey will now work with the Minister's Office to try to confirm a date and hopefully we'll be able to make it work.

Good morning Rueben,

Can you please forward or discuss this with Lori for consideration. I understand she is meeting with our Minister shortly. AYIP has always invited our Minister and Deputy Minister to the Completion Ceremony.

Given the renewed focus on diversity and indigenous initiatives, and that our Minister is Metis herself, this may be something that the Hon. Carole James may want to/be able to attend herself. We are hoping! Lori or our minister may also want to consider extending invite to the Premier. This is also a great year to attend as it is the program's 10 Year Milestone completion ceremony.

The date has not been firmly set as to retain as much flexibility as possible around the Minister's schedule, and if she can attend then can firm up the date.

1. Year 10 Completion Ceremony – October

Proposed dates from AYIP: Oct 5th, 6th, 7th, 12th, 13th, 15th, 26th, 27th, 28th

4:30pm – 5:30 pm – ceremony

5:30pm – 9:00 pm – community dinner

Please note it can not be the dates of Oct 18 to 20th as the First Nation leadership already have existing commitments.
Speaking notes can be provided.

Subject: FOR ACTION: transfer of duties - job postings and alumni

Uvlaamii, good morning Bradley,
I hope this message finds you well in mind, body and spirit. I have sent in through myhr the list Y10 interns who have inservice status. I also made acopy of the service request and the past service request numbers. It is all saved here:

Y:\Aboriginal Youth Internship Program\2.Overarching Program Documents\In-service status

One thing I did was create a job profile so that I get daily emails of job postings and then share internal job postings with the current five years of alumni with in-service status.
External job postings I share with all-years. I don't have a Y9 dist list, maybe you have one. If not I grab it from the y9 database excel spreadsheet.

Note: please be sure to bcc everyone in sharing the job postings. This has been a request by alumni.

Please let me know if you have any questions or concerns. Thank you for your time and your consideration,
Sending with gratitude, kindness, love and respect,

Stephanie Papik, Hon. BSc., Program Lead

Subject: FYI: mental health

Hi Suzanne,

Further to our chat, there was a Child and Youth Mental Health and Substance Use (CYMHSU) Collaborative Learning Session series (1-8) that brought together Doctors of BC, Ministry of Health, Ministry of Children and family Development, parents, youth and indigenous community. The sessions involved information sharing on initiatives that were working i.e. roots of empathy, circle of courage. They also provided space for parent and youth to share their personal experiences with what was working and not working in BC. A component of this was the concept of having youth involved in developing strategies to support youth mental health.

Another thing they did was to create 70 Local Action teams across BC that integrated everyone (doctors, police, parents, youth, etc.). The local actions teams were building community agreements for integrated care. This initiative was for a limited time and ended in early 2017. The very last agenda item was a session with provincial leaders around the how as a province we can support the path towards a sustainability transformed system for Child and Youth Mental Health and Substance Use.

The sessions were hosted by Shared Care Partners for Patients and it was funded by BC and possibly Doctors of BC.

A contact if you are interested in finding out more information is Christina Southey, christina.southey@cmha.bc.ca, Canadian Mental Health Association.

Please let me know if you have any questions or concerns. Thank you for your time and consideration.

Hello Stephanie,

It is great to see the AYIP program running well once again.

See the note below regarding a recognition program. I would appreciate seeing the same for AYIP, an AYIP staff award of excellence.

For your information, there has been some shuffling at the Economic Development Division of the Ministry of Jobs, Trade and Technology. Staff from the Cross Sectors Initiative Branch^{s.22} have shifted over to the Design, Coordination and Outreach Branch, with a bigger team and a broader focus. I will keep my fingers crossed to see at least one if not two AYIP interns in the coming fiscal.

Lori Halls
Deputy Minister
BC Public Service Agency

A New Recognition Program

Today I'm writing to let you know about a new recognition program that will be introduced this fall. The *Staff Award of Excellence: Cultivating the Co-op Employee Experience* is a prestigious new award that recognizes BC Public Service employees who play a key role in delivering an exceptional experience for co-op employees.

Like many of you, I started with the BC Public Service as a co-op employee. Naturally, I was nervous and had a lot to learn about the organization. The support of my supervisor and colleagues at the time was absolutely essential to my success and ultimately helped me to confirm that my long-term career was going to be with the BC Public Service. That's why I'm personally very proud to announce this new award.

Award Criteria

The *Staff Award of Excellence: Cultivating the Co-op Employee Experience* will recognize individuals who have actively demonstrated mentorship by supporting a co-op employee's development during their work term with the BC Public Service. They will also have invested time and effort to ensure that co-op employees have opportunities for learning, skill development and networking beyond their immediate role. And, under the guidance of the recipients, co-op employees will have made the most of their experience, and will have been given the opportunity and support to plan for their future career.

Nominations

The *Staff Award of Excellence: Cultivating the Co-op Employee Experience* will be offered three times per year, aligning with co-op employee work terms. The first nomination period is coming up this fall from **November 1 – 22**.

More details can be found in the [Co-op Connect Hub on @Work](#). There, you can also learn more about the new Co-op Program and Resource Office within the BC Public Service Agency – another initiative introduced in our corporate plan as a way to support the recruitment and retention of new talent into the BC Public Service.

Thank you for supporting co-op employees in your office and for your part in ensuring the BC Public Service continues to be a great place to work.

Sincerely,

Lori Halls

Hi Greg,

Thank you so much for sharing this thought with me, the timing is great, as I have a meeting with Lori this afternoon. I had the same thought when I saw the email announcement and was very grateful to receive your email and shared views.

I hope your new shuffle is of benefit to the goals of the ministry. You may or may not have heard that I have taken on a new role as well. One of three Directors in the newly formed Priorities and Accountability Office. Here is a little bit on what we do:

The PAO is responsible for working with Ministers, their staff and Ministries to ensure the government's key initiatives are well designed, delivered in a timely manner and meet the commitments government made to British Columbians. The focus of the office will be on key government commitments, particularly when planning and delivery reaches across organizations.

The office coordinates with the larger Premier's Office to review upcoming items for working groups, committees, Cabinet and Treasury Board to assist in coordinating and achieving government's priority goals.

As part of the Premier's Office, the PAO reports to the Deputy Minister to the Premier, and works with the Chief of Staff's office, GCPE and other key organizations to deliver its mandate

Fingers crossed you will be able to host an intern next year. I am sure interns would be interested and benefit from working with you and your team.

Please let me know if you have any questions or concerns. Thank you for your time and your consideration. Sending with gratitude and respect,

Stephanie Papik, Hon. BSc.

Thank you for taking my call today to inquire on the next date for the Wildfire Task force. I thought I would follow up with a little bit of information about the role I and our office is providing, for when you chat with Becky:

The Priorities and Accountability Office (PAO) is responsible for working with Ministers, their staff and Ministries to ensure the government's key initiatives are well designed, delivered in a timely manner and meet the commitments government made to British Columbians. The focus of the office will be on key government commitments, particularly when planning and delivery reaches across organizations.

The office coordinates with the larger Premier's Office to review upcoming items for working groups, committees, Cabinet and Treasury Board to assist in coordinating and achieving government's priority goals.

As part of the Premier's Office, the PAO reports to the Deputy Minister to the Premier, and works with the Chief of Staff's office, GCPE and other key organizations to deliver its mandate

As for my portfolio, my area of responsibility is the resource sector and environment.

Please let me know if you have any questions or concerns. Thank you for your time and your consideration. Sending with gratitude and respect,

Stephanie Papik, Hon. BSc.
