Hi Suzanne,

Just following up on last week's edits to the attached MHAWG PPT. Here is the final from MHA. Let me know if this is okay to send to members of the Working Group in advance of tomorrow's meeting.

Thank you,

Hi Leah

This is a head's up that we reviewed the ^{s.12,s.13} today, and will be going back to the DM with some requests re clarification of language around the options.

s.12,s.13

s.13 Robb may have more specific ideas.

Sorry to do this by email, but I know you're busy at the FNLC, and didn't want the discussion with the DM to happen without you being aware of it.

Melanie

I think it looks good. There's obviously some editing to the notes, but there's lots of time for that.

I've made a couple changes in the notes (green text). s.12,s.13
s.12,s.13

But otherwise I think it does the job. I talked to Elizabeth MacMillan and told her the plan, and confirmed no cab sub is needed.

The only other suggestion is that it would be good for MJD to have a couple of informal question in her back pocket to pose to the working group in the event they don't have comments or questions of their own. Some thoughts:

Hi Suzanne,
Attached is a draft of the ppt we discussed earlier today. We can continue to refine, but I wanted to check in with you and see if this is hitting the mark in terms of your expectations for slide content and speaking notes.

Appreciate any direction you can provide.

Also, are you able to clarify s.12,s.13
powerpoint?

is also required to accompany this

Thanks very much,
Melanie

Here's the current list. All of them have been through the first step of approval. Ones shaded green have made it all the way through the approval process, and only need to be scheduled. Ones at the top are big drafting jobs. Ones below the blank row are smaller drafting jobs.

Monica, I take it back. And I'm about to go into a 4:00 meeting, so I'm sending this before talking to you.

When I started reading the speaking notes, ^{s.12,s.13}
s.12,s.13

I think the edit below achieves that, but I'm having more problems with the speaking notes you sent in a later email.

Perhaps we can talk later? I think I'll be back by 4:30

Let me know and I can send over electronically.
