Hello again Sonia, further to our conversations on this and following up the discussion you had with Deputy Minister Allison Bond this morning, I am wondering if either tomorrow morning or Thursday before 10 works for you for a meeting with ADM Teresa Dobmeier? Please also let me know if you would like to schedule a meeting with Minister Conroy and myself. Best, Paula

Allison is currently supporting the Minister of State in Estimates so I can't check with her on this but I understood that in her conversation with you today she had advised it would be best if you and your staff met first with Teresa, before meeting with the local office? If this was not your understanding of your discussion with Allison, please let me know and I will follow up with her.

Hello Paula,

I just heard from Luke that Lynda Walters was surprised to see him at the meeting today, and she told Luke that she had not received any communication from the Minister's office about this. Lynda was under the impression that Luke would not be at the meeting, and that the email she'd sent out on Friday remained in effect.

Dear Minister,

It is my pleasure to invite you to join me on a trade mission which I am leading to India from November 13 to 17.

The Canada-India trade and investment relationship has been growing steadily in recent years and I know businesses in your provinces and territories are eager to advance their opportunities in this important and fast-moving market.

I will be joining my federal colleagues, the Honourable Navdeep Bains, Minister of Innovation, Science and Economic Development, and the Honourable Marc Garneau, Minister of Transport, and a high-level delegation of Canadian technology companies on this occasion. This trade mission

presents a unique opportunity, through the Canada-India Technology Summit (Tech Summit), to showcase Canadian innovation to India's business and political leaders, think tanks, influencers and researchers.

A confirmed delegation of more than 100 Canadian business leaders from across the country will first gather in New Delhi for a program that includes interaction with business and government leaders, and participation in the two-day Tech Summit. Subsequently, smaller groups will travel to Mumbai, Bangalore, Pune, Kolkata, or Hyderabad for programs focused on specific sectors, including cleantech, life sciences, transportation, advanced manufacturing, information and communications technology, and energy. Additional information on the trade mission can be found at: http://international.gc.ca/gac-amc/campaign-campagne/trade-missions-commerciale/trade_mission_india-mission_commerciale_inde.aspx?lang=eng. Please contact Sriram Raman (343-203-7332) of my office should you need further information.

I hope that your schedule will allow you to join us in India for this high-profile trade mission. If you are interested and available, our Department can follow up with specific information on program elements.

Sincerely,

François-Philippe Champagne
Minister of International Trade

Monsieur le Ministre/Madame la Ministre,

Je suis heureux de vous inviter à vous joindre à moi pour une mission commerciale que je dirigerai, du 13 au 17 novembre, en Inde.

Les relations entre le Canada et l'Inde au chapitre du commerce et de l'investissement n'ont cessé de croître au cours des dernières années, et je connais des entreprises provinciales et territoriales qui sont impatientes de profiter de cet important marché en constante évolution.

Se joindront à moi mes collègues du gouvernement fédéral, soit l'honorable Navdeep Bains, ministre de l'Innovation, des Sciences et du Développement économique, et l'honorable Marc Garneau, ministre des Transports, ainsi qu'une importante délégation de haut niveau composée de représentants d'entreprises canadiennes du secteur des technologies.

Cette mission commerciale représente une occasion unique, par l'intermédiaire du Sommet de la technologie Canada-Inde, de faire valoir l'innovation canadienne aux dirigeants d'entreprises et des dirigeants politiques, aux groupes de réflexion, aux entités influentes et aux chercheurs de l'Inde.

Une délégation confirmée de plus de 100 chefs d'entreprise canadiens se rendra d'abord à New Delhi pour entre autres rencontrer des dirigeants d'entreprises et des dirigeants politiques et participer au Sommet de la technologie (deux jours). Ensuite, de petits groupes se rendront à Mumbai, Bengaluru, Pune, Kolkata ou Hyderabad pour participer à des programmes visant certains secteurs, notamment la technologie propre, les sciences de la vie, le transport, la fabrication de pointe, la technologie de l'information et des communications, et l'énergie. Pour plus de renseignements sur la mission commerciale, rendez-vous au : http://international.gc.ca/gac-amc/campaign-campagne/trade-missions-commerciale/trade_mission_india-mission_commerciale_inde.aspx?lang=fra. Veuillez communiquer avec Sriram Raman (343-203-7332) pour de plus amples informations.

J’espère que votre emploi du temps pour permettra de participer à cette mission commerciale de haut niveau en Inde. Si vous souhaitez participer et êtes disponible, nous pouvons vous faire parvenir des renseignements précis sur certains éléments du programme.

Mes sincères salutations,

François-Philippe Champagne
Ministre du Commerce international

Dear Geoff, Sheena and Joleen:

I am writing to you on behalf of Richard Prokopanko and Rio Tinto.

Once again, thank you for your efforts in hosting the Canadian American Business Council (CABC) at the BC Legislature in September and taking the time and effort to visit Rio Tinto's newly modernized aluminum-manufacturing facility in Kitimat in October. As you are aware, photographers and videographers covered both events.

On Wednesday November 1st, at a dinner in Ottawa attended by government and national leaders, the CABC will be recognizing the innovation and sustainability of Rio Tinto's $6 B investment in Kitimat. To celebrate this recognition a video was produced that will be viewed at the dinner in Ottawa. As Premier Horgan appears in the video on two occasions, we would like to share it with your office before it is viewed.

Thank you again for all your assistance in these two events and the productive relationship that is being formed between the BC Government and Rio Tinto.

A confirmed delegation of more than 100 Canadian business leaders from across the country will first gather in New Delhi for a program that includes interaction with business and government leaders, and participation in the two-day Tech Summit. Subsequently, smaller groups will travel to Mumbai, Bangalore, Pune, Kolkata, or Hyderabad for programs focused on specific sectors, including cleantech, life sciences, transportation, advanced manufacturing, information and communications technology, and energy. Additional information on the trade mission can be found at: http://international.gc.ca/gac-amc/campaign-campagne/trade-missions-commerciale/trade_mission_india-mission_commerciale_inde.aspx?lang=eng. Please contact Sriram Raman (343-203-7332) of my office should you need further information.

I hope that your schedule will allow you to join us in India for this high-profile trade mission. If you are interested and available, our Department can follow up with specific information on program elements.

Sincerely,

François-Philippe Champagne
Minister of International Trade

Monsieur le Ministre/Madame la Ministre,

Je suis heureux de vous inviter à vous joindre à moi pour une mission commerciale que je dirigerai, du 13 au 17 novembre, en Inde.

Les relations entre le Canada et l'Inde au chapitre du commerce et de l'investissement n'ont cessé de croître au cours des dernières années, et je connais des entreprises provinciales et territoriales qui sont impatientes de profiter de cet important marché en constante évolution.

Se joindront à moi mes collègues du gouvernement fédéral, soit l'honorable Navdeep Bains, ministre de l'Innovation, des Sciences et du Développement économique, et l'honorable Marc Garneau, ministre des Transports, ainsi qu'une importante délégation de haut niveau composée de représentants d'entreprises canadiennes du secteur des technologies.

Cette mission commerciale représente une occasion unique, par l'intermédiaire du Sommet de la technologie Canada-Inde, de faire valoir l'innovation canadienne aux dirigeants d'entreprises et des dirigeants politiques, aux groupes de réflexion, aux entités influentes et aux chercheurs de l'Inde.

Une délégation confirmée de plus de 100 chefs d'entreprise canadiens se rendra d'abord à New Delhi pour entre autres rencontrer des dirigeants d'entreprises et des dirigeants politiques et participer au Sommet de la technologie (deux jours). Ensuite, de petits groupes se rendront à

Mumbai, Bengaluru, Pune, Kolkata ou Hyderabad pour participer à des programmes visant certains secteurs, notamment la technologie propre, les sciences de la vie, le transport, la fabrication de pointe, la technologie de l'information et des communications, et l'énergie. Pour plus de renseignements sur la mission commerciale, rendez-vous au : http://international.gc.ca/gac-amc/campaign-campagne/trade-missions-commerciale/trade_mission_india-mission_commerciale_inde.aspx?lang=fra. Veuillez communiquer avec Sriram Raman (343-203-7332) pour de plus amples informations.

J'espère que votre emploi du temps pour permettra de participer à cette mission commerciale de haut niveau en Inde. Si vous souhaitez participer et êtes disponible, nous pouvons vous faire parvenir des renseignements précis sur certains éléments du programme.

Mes sincères salutations,

François-Philippe Champagne
Ministre du Commerce international

Hi folks,

Just FYI, after our Agendas meeting this morning, I asked Lori about how long she anticipated it would take for Finance to review the BCUC report. She checked with her folks and they are estimating 30 days (bearing in mind that's subject to change when we actually see the report).

So that puts our tentative schedule more up in the air.

Tks,

In lieu of our weekly check-in, I thought I'd pass along a couple items from this past week before the week ahead takes off.

First Nations Leadership Council
At our first meeting with FNLC, we suggested holding quarterly check-in meetings. I'd like to propose we hold a meeting in early/mid-December largely focussed on our progress with major files discussed at the last meeting but also on pressing issues that will come up in the month or two ahead. Please let me know what you think.

Hiring
I interviewed two people this past week for the second stakeholder relations position. s.22
s.22

s.22 Please let me know if have thoughts – I'd like to make an offer this week.

Thanks, Geoff.

s.12,s.13

If others agree I think it would be useful for the Deputies to have an immediate meeting after the Minister's committee this coming week so that we can get coordinated between us to act on their direction and also frame out how we work together going forward to better support you. Going forward as you said last week it is now important that we have the DM MHA Committee meeting in advance of the Ministers' Committee to review proposed material and provide input to our respective Ministers in advance of the meeting.

In terms of the proposed direction, given that the interface and ongoing two way communication with your Ministry is critical without changing the deck I would say that it could be implemented as follows:

s.13

Just wanted to add I think the meeting we had with you and your executive last week with the direction you provided was a big step forward and will help us now get mobilized to keep and build on the considerable amount of work that is underway by strengthening ongoing planning in response to your policy direction, improving two-way communication and ensuring a rapid response to issues that you and your minister are hearing or seeing. Based on that meeting I have asked my office to get in place the following as we agreed:

- A thirty minute weekly meeting on a Monday morning with myself, the two associates and yourself to review emerging issues and scope out the week ahead.

- A monthly joint meeting of key members of your executive and the MOH executive and the Provincial Health Officer to undertake strategic review and planning based on your direction specific to health. This will be the third week of each month in advance of Leadership Council.
- A standing agenda placeholder for you at the Monthly Leadership Council Meeting to provide direction and dialogue issues and strategy.

I hope this is helpful and don't hesitate to call me to discuss. If I have missed the mark then I think it might be useful to have a joint Ministers and DMs special meeting to talk though direction and get a shared understanding and clarity. Given the seriousness of the crisis we have been dealing with over the past many months I know you are under a lot of pressure and your minister and ministry team is working incredibly hard to get this aligned and working. Regards Steve

Hi Mira – it was great to meet you at the UBCM Conference last month. Next week I am organizing a breakfast briefing for the NDP Caucus in Victoria on Thursday, Nov. 2/17 for LifeSciences BC (see attached). Following the breakfast, Dr. Lesley Esford, President of LSBC is going to be meeting with and briefing various MLAs and staff. She had requested a meeting with the Premier's DM, Don Wright, who unfortunately was not available to meet so I wanted to check with you to see whether, a) you might happen to be in Victoria next Thursday and available to meet with Lesley, or b) whether you might be able to suggest or help facilitate a meeting with someone else in the PO that Lesley could connect with while she is at the Legislature. Her goal would be to provide an introduction to the sector, and an overview of their main priorities with government for the coming year. I am happy to provide further background as needed. Thanks – and apologies for the short notice – a lot of moving parts at the moment!

The letter reaffirms the work of the five sub-tables formed under the terms of the Accord, and that the Province and the Tsilhqot'in will work together to make progress on the eight 'pillars of reconciliation' underpinning their work. The pillars include a true government-to-government relationship, healthy and strong children, families and communities, language fluency and reducing conflict over lands and resources. They also include support for the practical challenges of transitioning the management, benefit and control of the Declared Title Area and addressing socio-economic gaps.

Quote – Chief Joe Alphonse, Tl'etinqox Tribal Chair

Quote – Chief Russell Myers Ross, Yunesit'in Government

Both the Province and the Tsilhqot’in recognize the role of the federal government in achieving reconciliation. Full acknowledgement is given that the rights of other First Nations must be respected at every stage of discussion and negotiation.

Quick Facts:

- In June 2014, the Supreme Court of Canada granted a declaration of Aboriginal title for a portion of Tsilhqot’in traditional territory, about 1,700 km2 in the Cariboo-Chilcotin. This is the first time the courts have granted a declaration of Aboriginal title in Canada.
- The Nenqay Deni Accord, signed in February 2016, is a five-year road map for longer-term negotiations between the B.C. government and the Tsilhqot’in Nation. It applies to the title lands described in the June 2014 Supreme Court case and the broader traditional territory of the Tsilhqot’in Nation.

Good morning Mira,

I am contacting you to request a meeting. Pacific Traverse Energy (PTE) is a newly formed company comprised of experts in resource and infrastructure projects in B.C. and around North America.

We are working with a local First Nation in Kitimat to develop a propane export terminal and would like to come meet with you to discuss the project.

We would like to meet in the coming weeks, at a mutually convenient time in Victoria to introduce you to the company and this project. We would also appreciate any feedback on our project as we get ready to formally launch the venture.

We look forward to hearing from you.

Mr. Meggs and Ms. McConnell:

As you know Premier Horgan was invited to the Canadian American Business Council State of the Relationship Dinner on November 1st in Ottawa (see attached invite). Although Rio Tinto is aware the Premier cannot attend due to the Legislative schedule, we are wondering if the Premier could send a short note or possibly a short video of greetings to the event.

As you may recall the Canadian America Business Council will be presenting Rio Tinto a sustainability / innovation award for the $6 b investment to modernize its aluminum manufacturing plant in Kitimat.

It would be great if the Premier's Office arrange a for a short note of greetings and congratulations or even a short video. Is that possible?

Thanks so much for your kind consideration.

I talked to my people in Jiangsu, and I can arrange for the premier to give a speech in Nanjing University and sign a strategic agreement with the governor of Jiangsu to build the relationship between our two provinces. This trip will attract a lot of media coverage and will not affect the whole trip you already planned. This can all be achieved in 6-7 hours by taking the 1 hour high speed train from Shanghai to Nanjing, the capital city of JiangSu, and then flying to Beijing from Nanjing after finishing business.

Hi Geoff,

I am emailing to let you know that we have confirmed a meeting with IATSE on Friday, October 27th in preparation for our trip to LA. This will be with Julia Neville – IATSE Canada International Representative and Phil Klapwyk – Business Representative for IATSE Local 891.

Just a few more things to consider about the trip:

This annual trip taken by the Motion Picture Production Industry Association of BC is with over 20 key stakeholders from BC to meet with senior producers in LA.

As you are aware the Motion Picture sector has significant but competitive ties to BC. Over recent years many productions have moved from California to produce in BC or at least some section of the film to be produced in BC. While the film sector has grown it is still very mobile. Industry has invited MLB to participate in the annual mission to reiterate BC support for the industry and the commitment to the film tax credit. The industry also has had signification tax credits rejected by the CRA and they are looking for support to manage this issue. As for other, specific deliverables I continue to work with the Ministry to better define those, but I feel the importance of the trip as is cannot be underestimated.

I also wanted you to know that while on the trip we will be arranging call backs with media on the outcomes of visit. Strategic comm's/GCPE is looped in as well I am confident they will make the most of it.

I will be sure to let you know any further details as they arise.

Best,
Kelly

Only received two emails from stakeholders, one from the Surrey Board of Trade and one from the North Central Local Government Association (both want the date changed). Nothing heard yet from tourism operators that I can find. I'll attach the two stakeholder emails as an FYI. Let me know if you need anything else!

Agenda:

1. Approve agenda
2. Phase Two Funding Strategy
3. Timelines
4. Pattullo Bridge Update
5. Regional DCC for Transit

Discussion Questions/Issues

1. **Funding Strategy**
   a. What do we need to do, and when, collectively, to reach an agreement that the carbon tax proposal is the preferred provincial approach to closing the remaining regional funding gap of $60-80M/year?
   b. How can the Mayors' Council help the government make the case for the carbon tax proposal to the public, the caucus, etc.? What actions can municipalities take, for example around linking affordable housing to transit expansion, that will help you make this case?
   c. Can we ask our respective officials to begin working together on the key elements of a carbon tax revenue sharing program framework (i.e. conditions, communications, reporting, etc.), for discussion at our next call?

2. **Timelines:**
   a. Can we collectively agree:
      - To confirm the week of Dec 4 as the target date to announce an agreement between the province and the Mayors' Council on closing the regional funding gap?
      - To confirm mid-January as the target date to announce a fed/prov/regional PTIF agreement, to pave the way to proceed with the Phase Two Plan as scheduled in January?
      - If so, can we then ask officials to identify specific dates, venues, roles, etc. for confirmation on our next call?

3. **Pattullo and DCCs:**
   a. Provincial update on next steps to complete an agreement with TransLink on the Pattullo Bridge to enable procurement to proceed by November 2017?
   b. How and when can the province confirm to the Mayors' Council that legislation to enable a DCC for Transit will be introduced?

If you have a preliminary sense of what these might be, we can begin to do some research on potential facilities available within these communities.

Subject: Time and Leave

Hello everyone,

It has taken some time but everybody is now set up with access to the "time and leave" on-line service. Follow the instructions below to gain access.

This service provides you with a running total of time available for vacation and special leave. Special leave is for health appointments and others such as bereavement leave, that result in more than 2 hours away from the office. All leaves over 2 hours require approval.

Please populate your site as soon as possible for leaves taken since July 18th.

Going forward, requests for leaves are to be submitted on line.

Our organization chart is not finalized but for now, the system is set up with designated "leave" approvers. Please send your request as follows:

Geoff Meggs – all Directors, Judy, Layne, Bob
Judy Cavanagh – VCO staff
Mira Oreck – Tbd
Layne Clark - Tamarra
Sage Aaron – Jen, Sheena, Marie
Kate – Amber, Don, Elizabeth, Susan, Scheduling, EA to Premier
Susan – Correspondence Branch

Please start scheduling vacation days between now and December 31st so that carrying vacation into 2018 is avoided. Request to carry-over must be approved by Geoff. The request should be in writing with the reasons for your inability to take vacation days prior to Dec. 31st.

If you have any problems entering information please contact the Time/Leave employee work centre at 1-250-387-7000.

Leave approvers, if you have problems please let me know.

Thank you.

FOLLOW THESE INSTRUCTIONS TO GAIN ACCESS TO YOUR FILE:

Validating Your IDIR

You won't be able to validate your IDIR on your first day of work if you are new to the BC Public Service.

Follow these steps:

- Start at the Time & Pay Portal
- Click on the Self Service (PeopleSoft) tab and launch the application by clicking the icon in the middle of the window
- Click on Click here to begin ESS Validation
- Enter your six digit employee number and use the drop-down calendar to enter your date of birth
- Click Submit. You should get a response that says, "You have successfully validated your IDIR"
- Wait 30 minutes
- Go back to Employee Self Service. When you launch the application this time you will be taken to the icons to view your pay, and other features

- If you don't see the icons, go to the Time & Pay Portal, click on the Self Service (PeopleSoft) tab and follow the instructions in the yellow box to clear your cache

You will now have access to most government websites, but there are a few such as the Learning Centre and the Hiring Centre that will take an overnight refresh before you will be able to access them. If you get any error responses during this process, contact AskMyHR.

1. I had a good talk with Bob Chamberlain today. He's going to work on an agenda for a meeting. I've asked him specifically to think of concrete issues he would like to discuss that we can potentially work on together. He'll get back to me in the coming week.
2. Tzeporah Berman and Karen Mahon called me today regarding a KM rally on Saturday. They'd like someone from govt to attend. I'd like to discuss with you.
3. I spoke to Kasari Govinder (West Coast LEAF) and Alison Brewin about Dec 6th and have plans to meet with them re Dec 6th

Hi Liz,

The Premier and a couple of ministers are meeting Jeremy Rifkin, the author of The Third Industrial Revolution, in Victoria on Oct. 31. Rifkin has an interesting perspective on how the innovation could emerge in the economy, especially here in BC. If your caucus would like to meet him as well I'd be happy to make it happen.

Hi dear Mr. Meggs,

Referring to your brief discussion with Hon. Katrina Chen, State Minister of Child Care at a earlier time last week.

On behalf of our director general Tom Lee, I am writing to invite Ms. Katrina Chen, together with Ms. Anne Kang, Parliamentary Secretary for Seniors, and Ms. Bowinn Ma, Parliamentary for Translink to form a delegation of total 9 NDP MLAs to visit Taiwan from December 16-23, 2017. In particular, we welcome all first-time-elected NDP MLAs to join this delegation.

It is our great honor that there are three Taiwanese Canadian MLAs in BC NDP government, and we would like to take this opportunity by forming this delegation to promote bilateral economic and cultural relations between BC and Taiwan. As BC government is promote its environment sustainable economy, Taiwan's outstanding performance in innovation technology and green energy can be a potential partner for BC in the future.

During this trip, we will arrange them to visit our central government's agencies, one municipal government and our public construction, as well as some tourist attraction such as world-renowned National Palace Museum and Taipei 101 building. We could also add some other programs based on your MLA's interests of different issues.

We will shoulder the cost of each MLA's business class round trip air-tickets from Vancouver to Taipei, as well as their food, accommodation and transportation during their trip in Taiwan. Besides, our office will send a escort officer to accompany this delegation during this journey.

> **Date:** October 23, 2017 at 4:00:45 PM PDT
> **Subject: Open Enrolment: October 23 - November 8**

What's happening?

Open Enrolment has started. You can make changes to your health, dental and life insurance benefits options until **7 p.m. on November 8**. Any changes you make will take effect on January 1, 2018.

Open Enrolment, which takes place every fall, is the **only** opportunity to update your coverage options (unless you request changes after an eligible life event, such as marriage). It is also the only opportunity to elect a Health Spending Account and to allocate flex credits to that account.

How does this affect you?

Benefits are a significant part of your total compensation. By reviewing and updating your plan choices, you will ensure that you have the best coverage possible – one that reflects your personal needs.

If you don't make any changes during Open Enrolment this fall for plan year 2018, your coverage will remain the same. (Exception: If you wish to have a Health Spending Account, you will need to allocate funds every year).

If you are in a locked-in option under the current plan, you will be locked-in until the next Open Enrolment period.

What do you need to do?

- Explore your options in the in-depth 2018 Flexible Benefits Guide or Your choices at a Glance document. Check out the travel medical insurance provided under all options (except no coverage) when travelling out of province on business or pleasure.
- Review your current coverage on Employee Self Service by clicking on *Benefits Summary*. You can:
    1. Access Employee Self Service from work.
    2. Access Employee Self Service from home.
- You will need to use the following instructions: Windows 7 & 10 or Windows Vista to clear your cache prior to launching Employee Self Service.
- Consider which options are best for you and your family. You may find it helpful to review your claims history through GroupNet for plan members.
- Update your coverage on Employee Self Service by selecting *Main Menu* > *Self Service* > *Benefits Summary* > *Benefits Enrolment*, and click *Submit* to record your changes.
- If you are a supervisor with employees who are covered under the Flexible Benefit Plan but those employees are currently away under the Short Term Illness and Injury Plan, please forward them a copy of this email, as they may want to make changes to their choices for 2018.

Hi Tamara,

Minister Donaldson asked me to follow to thank MP Doherty for reaching out and requesting the phone call on wildfire response in the Cariboo. It was good to hear his comments about wanting to work in a non-partisan way to protect residents of the region and work on ways of helping the region's economy recover as quickly as possible. There will be a considerable role for the federal government to play; the government has indicated a willingness to bring resources to bear, and we intend to push them to live up to that. In that, and in other areas that cross jurisdictions, we hope we can work with you to get the best results of the people in the Interior. Mr. Doherty was right in saying that the important thing is to access government services for people, and that's a sentiment that should cross political lines.

Let's keep in touch to discuss ways of achieving this. If you need to reach me directly, my cell is: s.22

Hello – PJH quote for Rio Tinto event for review.

Premier celebrates new Rio Tinto smelter, benefits to people and the environment

KITIMAT – Premier John Horgan celebrated the one year anniversary of the new Rio Tinto smelter going into operation in Kitimat today.

"The new Rio Tinto smelter is a great example of how companies can improve conditions for workers and reduce pollution all while improving their bottom line," said Premier John Horgan.

"Rio Tinto is producing twice as much aluminium with one third of the electricity and half of the emissions produced by their previous plant.

"This means they are now producing some of the lowest carbon aluminium in the world, giving them a competitive advantage at a time when consumers are looking for ways to reduce their impact on the climate." [NOT APPROVED]

Premier says AltaGas Propane Export Terminal is an excellent model for economic development

PRINCE RUPERT – Premier John Horgan toured the AltaGas' Ridley Island Propane Export Terminal, saying it is an excellent model for his government's vision of expanding sustainable resource production, creating long-term jobs and fuelling local economic development.

Scheduled for opening in early 2019, the terminal is expected to be the first on Canada's west coast to export cleaner-burning propane from B.C. and Alberta to Asia and other overseas markets.

"This is a first-of-its-kind project that opens the door to global markets for British Columbia, while creating good, sustainable jobs and economic development for the north coast," said Horgan. "We'll continue to enthusiastically pursue and support projects that benefit local workers, communities and Indigenous people, while protecting our air, land and water."

Dear Colleagues,

On behalf of my Co-Chair Rep. Gael Tarleton (WA) and the Pacific Northwest Economic Region's Tourism Working Group, please find attached our updated tourism agenda for the meeting in Victoria on the morning of November 7th. As you'll see, we have an exciting line-up with a breakfast and Working Harbour Policy Tour of Victoria's busy waterfront and aerodrome. This will be followed by an excellent plenary focusing on key developing aspects and best practices of the $62 billion dollar PNWER tourism industry. We are priviledged to be hearing from a high calibre selection of speakers, and if you are interested in getting an excellent view of the potential and challenges for Tourism and Transportation in the Pac NW, I encourage you to attend. Our agenda is fast-paced and is intended to stimulate dialogue and we would love to have you join the industry leaders we have assembled.

As you will see in the attached, when paired with Mr. Agnew's strong transportation agenda, the meeting on the morning of November 7th is not to be missed! Please go to http://www.pnwer.org/ for more details.

Geoff and Lloyd

As co-chair of the PNWER Transportation Group, I am looking forward to **Victoria Nov. 5-8** and hope to connect and renew our previous working relationships on Cascadia rail and cross border environmental issues respectively – and embark on some new ones. Attached is the agenda for one day of the session which includes:

- Victoria Harbour Authority tour with Kenmore and Harbour Air (we are working with Microsoft, CBP and CBSA to reestablish floatplane service between Coal Harbour and Lake Union/Seattle)
- UPDATE on Cascadia High Speed Rail study by Charles Knutson from Governor Inslee's office
- Mobile technology solutions for airport/cruise ship/rail and ferry border clearances with YVR and Intervistas
- Review of the Seattle to Vancouver BC I-5 Autonomous Vehicle concept initiated by Madrona Venture Group and other transportation electrification initiatives Cascadia and PNWER are promoting

PNWER's Executive Director Matt Morrison has a request in through IGR for the Premier to keynote.
If he is not available we were wondering if Geoff could.

We also have a pending invitation to **Minister Trevana** to speak during our transportation session.

As a Salish Sea skipper, I have spent many great days in and around her Quadra/Vancouver Is riding and would love to connect on PNWER's lineup of exciting cross-border transportation and tourism initiatives (Butchart Gardens CEO Dave Cowen is our PNWER tourism leader).

Matt can fill you in on our US Canada Legislative Academy and sessions with MLA's.

Hi Amber. Please see e-mail chain below. Is there any chance we could arrange a meeting with the Premier and the Canadian Ambassador to Korea Eric Walsh tomorrow, Oct. 20 in Vancouver?

Ambassador Walsh is at the Canada Korea Business Forum tomorrow and has a meeting with Minister Ralston at 3:00pm at the s.15
Would it work to combine that meeting with the Premier?

The Ambassador is in BC until Oct. 26 but unfortunately is unable to travel to Victoria. I expect the Premier will be in Victoria next week?

Thanks so much. Sorry for the lateness of this request.

Sorry, one further question. I believe I recall you mentioning that Ambassador to Korea Eric Walsh would be visiting BC at some point soon. Is that the case, and if so, when? We have a meeting confirmed for the Premier with Ambassador McCallum already and would definitely try to arrange one with Ambassador Walsh if possible.

Hi Brooke,

s.13 However, I could schedule a meeting with Senior MAs from Finance and from Municipal Affairs and Housing.

As Senior MAs, we work closely with the Ministers on all files, and we are held to strict confidentiality standards. If it would be helpful, we could bring an ADM from the Ministry of Finance like Doug Foster into the meeting, who would also keep sensitive information confidential.

If you would like to arrange a meeting, please let me know what dates are promising. Alternatively, we can connect again when the house rises to see if the Ministers' availability has improved.

Very best regards,
Robyn

Thank you for your response.

Allow me a couple days to consult with s.13 to see how they wish to proceed.

I think we have some available time the last week of October and the first week or so of November. Although I understand the House may rise the first week of November, would it be easier to meet the Minister after the House rises?

Sincerely yours,

Hi Geoff,

Sorry I haven't raised this before but I just made this connection in the briefing note for the Asia Mission. The main suggestion they have made for liquid gas condensates is a company that has just agreed to purchase half of the production output of the Alta Gas facility that the Premier is visiting for its opening this weekend. Should we do anything/say anything about that? See below.

Also there are further suggestions, also in Japan for more such meetings/visits with implicated Government departments.

Thanks
Rick

- Company:
  - *Astomos Energy Corp*. (Tokyo) recently agreed to buy half of the 1.2 million tonnes of liquefied propane gas per annum at the **Alta Gas $500-million Ridley Island Propane Export Terminal** (under construction).
  - Astomos, a partnership between Japan's Idemitsu Kosan Co. Ltd. and Mitsubishi Corp., is the world's largest LPG player.
  - The Ridley Island Propane Export Terminal is located within Lax Kw'alaams traditional territory which has expressed support for this project.
  - This export to Japan supports upstream natural gas companies in BC.
  - Other company options will be explored.

- Government
  - *Japan Oil, Gas and Metals National Corporation* (JOGMEC) – Japan.

[release number]
Oct. 20, 2017

Office of the Premier
Ministry of Health
Provincial Health Services Authority

New Teck Acute Care Centre: a healing environment for B.C. children and women

VANCOUVER – Newborns, children and expectant mothers from across the province will be cared for in the new Teck Acute Care Centre in the BC Children's Hospital, officially opened today by Premier John Horgan, health-care workers and patients.
"When children need hospital care, they should be in place that feels like home, where they can play, exercise their imagination, and be surrounded by family to help them heal," said Premier Horgan. "This new centre means better care for thousands of patients and their families who access the building from every part of B.C." [not approved]

Each area of the building is modelled after different parts of B.C. with the hope that children, women and their families from all over the province can feel at home. The room where medical procedures, such as bone marrow extractions, are performed will have a ceiling lit with as many as 100 twinkling LED lights. These lights will recreate the night sky over Vancouver to show major constellations.

"The new acute care centre will provide improved comfort and privacy for families in their time of need," said Health Minister Adrian Dix.

"A perfect example of this is the centre's neonatal intensive care unit, which is designed to keep new moms together with their babies in the same room, helping to promote bonding and reduce stress. This model of care means less separation for families and is a key way to help ensure these vulnerable babies get the very best start in life." [Provided by Minister's Office]

The Teck Acute Care Centre, which opens to patients on Oct. 29, will serve the entire province. It features a larger children's emergency department, additional patient beds and an expanded neonatal intensive care unit, all equipped with single-patient rooms. Patients and families will have access to laundry facilities, family lounges and dining rooms, play

areas, resource rooms and storage space. Natural light and green spaces will add to the health and well-being of patients and staff.

The eight-floor, 59,400 square-metre (640,000 square foot) centre has 231 private patient rooms, medical/surgical inpatient units, medical imaging, procedural suites, a hematology/oncology/ bone marrow transplant department, a pediatric intensive care unit, and a high-risk labour and delivery suite.

Also opening is the BC Women's Urgent Care Centre, which will provide care for women throughout their pregnancies and up to six weeks post-birth. The urgent care centre, which is expected to see approximately 13,000 patients a year, includes 10 larger, single-patient rooms, that will provide a quieter space with increased privacy for new moms and families.

The Teck Acute Care Centre opening marks the completion of the second phase of the BC Children's and BC Women's Redevelopment Project, a three-phase, multi-year initiative at BC Children's Hospital and BC Women's Hospital + Health Centre.

"I am proud to say Phase 2 of this ambitious project was delivered on time and on budget," said Tim Manning, Provincial Health Services Authority board chair. "Today we applaud the countless hours of work by our partners, our patients and families and our health-care teams along with those who generously donated to the project."

Susan Wannamaker, president of BC Children's and Women's Health, praised the efforts of staff and physicians at both hospitals. "They have great enthusiasm for the new space, technology and equipment that will continue to support the exceptional care they provide and it showed in their willingness to embrace the training and preparations in anticipation of patient move day."

"The new facility will help the hospitals attract and retain the very top health professionals and clinical staff," Wannamaker added.

Phase three of the redevelopment project includes relocating Sunny Hill Health Centre for Children to the Oak Street Campus and the addition of 10 single room maternity care spaces at BC Women's Hospital. Construction is scheduled to begin in 2018. The total cost of the three-phase redevelopment project is estimated at $676 million.

Hi Everyone,

Thanks to everyone who came to last week's orientation and to the EA's who are here for orientation this week. I really appreciate everyone's engaged participation and the thoughtful discussion that has occurred. For those that were unable to attend, I will be scheduling time with you soon to discuss key points. Last week was just the beginning of the training that we would like to do, and there will be many more opportunities to participate.

I also wanted to pass along a few additional points to everyone:

1. Quick reminder that it is only one staff person with each Minister while walking the halls. I know there are lots of staff this week, but it's important that we do not crowd the halls. If you need to have a conversation with another MA, it is asked that you do this in one's office and not within the halls.

2. If a meeting is referred to your Minister by the Premier's Office it is asked that you accommodate this meeting request. All requests that come to PJH go through a series of stages, including through the Chief of Staff, and are sent to your Ministry accordingly. If you have any questions, please reach out.

3. If your Minister would like to plan a trip that is outside of the province, that request must be signed off by the Chief of Staff before it is confirmed. Along with the formal form, please include a communications plan and itinerary for Geoff to review.

4. Ministry Staff meetings – it is heavily encouraged that you arrange at least one weekly staff meetings (including the Sr. MA, MA, EA and AC) to review the upcoming week. It is critical that everyone is included and understands what they can expect from week to week.

Thank you to everyone for your continued hard work. If you have any concerns, please do not hesitate to reach out to me.

The feeling is that because LandlordBC is so invested in rental housing, we are the obvious choice to assume a leadership role. The idea is to create a consortium or leadership group of committed purpose-built rental housing developers to collaborate with the province. I'm thinking that just as BC Non-Profit Housing Associations has taken the leadership role for their sector on creating new NP supply, LandlordBC would assume a similar role for market rental.

Hi Jake

Staff on this file are all in a closed door meeting. Can I get back to you tomorrow morning? This may fall under FLNRORD and want to make sure you're referring to the right ministry. It's a tricky one.

Dear Sherry:

Thank you for sharing Chief Smith's letter regarding recent meetings between the Premier and First Nations in Alert Bay. We appreciate your bringing this important matter to our attention.

We have shared a copy of your message with Premier Horgan and his staff. We assure you that we are open to discussions from all First Nations affected in the area and strive to include as many viewpoints as possible. On your behalf, we have requested that the Ministry of Indigenous Relations and Reconciliation follow up with you directly to ensure all groups have their say.

1. When will the contributions limits come into effect? Is it still by regulation upon first reading of the legislation?

*Contribution limits will be in effect for the 2018 general local elections retroactive to the day after first reading/introduction. Contribution limits will apply to contributions provided to candidates and elector organizations in all local elections.

2. If an elector organization has already raised money can they still spend it? So this is asking if contributions have already been collected how will they be treated? Noting yes the expense limits for EOs will apply.

*Yes, EOs will be able to spend money from contributions received before the new rules apply. However, if an individual has already provided contributions to an EO during 2017 that exceed the contribution limit, they will not be able to make another contribution for the rest of the year.

*Contribution limits will apply on an annual basis, so an individual can provide a contribution to a candidate or elector organization up to the contribution limit for each calendar year.

3. Re third party advertisers, confirming no contribution limits apply to them, but they will be bound by the spending limits? And what are the spending limits for 3rd party advertisers?

*That's correct - there will be no contribution limits for third party sponsors. However, spending limits will apply to third party sponsors.

*The spending limits are:

*For directed advertising (e.g. advertising that identifies a candidate or EO in a community), the limits are:

*In communities that have a population of less than 15,000, the limit is $750.

*In communities that have a population of greater than 15,000, the limit is 5% of the expense limit for a mayoral candidate, or candidate (if there is no mayoral race).

*A third party sponsor must not spend more than $150,000 on directed advertising and issue advertising (e.g. advertising in relation to an issue that does not identify a candidate or EO), combined. The $150,000 acts as an overall cap on spending.

Allow me a couple days to consult with s.13 to see how they wish to proceed.

I think we have some available time the last week of October and the first week or so of November. Although I understand the House may rise the first week of November, would it be easier to meet the Minister after the House rises?

Hello Office of the Premier,

The Ministry of Environment received this FOI request from a Researcher:
Copies of any e-mail exchanges with the Minister or their direct staff that reference Andrew Weaver. (Date Range for Record Search: From 07/18/2017 To 07/27/2017)

They identified the attached documents as responsive records and wish to get your views on disclosure. We are considering withholding information as indicated on the attached. If you need help determining harms, please see the attached harms assessment or contact me directly.

It should be noted that although this is part of a cross-government request, the attached records were not located in request no.: OOP-2017-72594.

Your program area's response is due September 12, 2017.
IAO may take one to two business days to apply any severing.
Your executive sign off response is due September 14, 2017.

If you are not able to respond by this date, we are required to continue processing this file without your recommendations.

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the Open Information and Open Data Policy. Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:
The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

<image002.png>

5. On the next dialogue box press the 'Complete Booking' button in the pop up window to book your chosen time. Please do not book more than one appointment.

<image003.jpg>

6. Next you will be asked to register in order to complete the booking process. Please type in your work e-mail address to initiate the booking process.

<image004.jpg>

7. If you are new to the site this will prompt you to create an account (most employees will need to create an account).

8. Next you will be prompted with a new dialogue box to complete your registration. Fill in your name, work email address and your phone number (please skip the Home Phone Number field). Please select the first default answer to the two questions, per the screen shot below. Tick the check box and press Continue.

<image005.jpg>

9. Once you have completed this process, you will be directed to a confirmation page that will look like the screen shot below summarizing your booked appointment details. You will also receive a confirmation e-mail within one hour containing your booking appointment information. You can now log out and close the browser window. **Do not click the 'Add to Calendar' button** – please review the information below for how to add the information to your Outlook calendar.

<image006.jpg>

Once you have the details of your flu clinic date and time, there are two options to add the appointment to your Outlook calendar:

1. Manually create an appointment in your Outlook calendar for this date and time. Once you have done this, you can now log out ("logout" is located in the top right corner of the scheduler's page and then close the browser window or simply just close the browser window). You have successfully booked your flu clinic appointment and will receive a confirmation email within the hour. When you receive this email, do not click on the button 'Add to Calendar', as you have already done so manually.

2. Log out and close the browser window (**do not** click on the 'Add to Calendar' button). Once you receive the email and attached "appointments.ics" file, follow the instructions in the attached document, "Adding a Flu Clinic Appointment to Outlook". The .ics file attachment will open your flu clinic appointment in an secondary Outlook calendar and you will need to find the appointment date and time and click and drag the appointment to your personal calendar.

To cancel or reschedule your appointment, please log in to the online scheduler.

If you are unable to attend your regularly scheduled clinic or are seeking another flu clinic date, time, or location, please visit MyHR for more information about other available clinic locations.

If you experience difficulties with the booking process, please contact Healthserv directly by calling s.15,s.17

Looking forward to seeing you there!

Sincerely,

Jackie Hendry

Good afternoon Mr. Meggs,

I'm emailing you on behalf of the Executive Director/CEO of the South Island Prosperity Project, Emilie de Rosenroll. Emilie is requesting a face-to-face meeting with you within the next 10 days if possible.

There are three reasons Emilie wishes to meet with you:

1) To develop a person connection with you. Emilie is the Executive Director/CEO of the an economic development agency which works throughout the South Vancouver Island. We have a lot of impactful projects she thinks you would be interested in hearing about.

2) To share information on local projects and key upcoming opportunities for the Premier's Office and obtain advice about how to work more closely with your office.

3) To outline our recent submission to the Governments Finance Committee and our draft proposal regarding Smart Cities to the Federal Government.

Would you kindly respond to this email outlining your availability to meet?

Dear Premier Horgan,

Congratulations on your government's election and best wishes for a successful term in office.

I am writing to invite you to the 2nd annual Vancouver Chinatown Foundation Gala on November 9 at the Hotel Vancouver.

We were very gratified by the broad community support our inaugural gala enjoyed last year and are looking forward to another sold out evening this year.

The mandate of the Chinatown Foundation, founded in 2011 is the revitalization of Vancouver's historic Chinatown and support for the adjacent neighbourhood of the Downtown Eastside.

Over the past year we have...

- signed an agreement with the City of Vancouver to develop the site at 58 W. Hastings to build 231 units of social housing and a 50,000 square foot integrated health facility with Vancouver Coastal Health

- purchased the May Wah Hotel, with support from BC Housing, which houses over 120 longtime residents of Chinatown, including many Chinese seniors

- made significant progress towards opening the Chinatown Storytelling Centre in the former Chinatown branch of BMO, with support from the BC Museums Association

- hosted 800+ guests at our Inaugural Gala and 700+ guests at our Reunion Banquet to raise awareness of the importance of Chinatown as one of the last historic & cultural districts in Vancouver

We would be honoured if you could join the Lieutenant Governor, the Foundation and Vancouver community members at this year's Autumn Gala.

If you or your staff have any questions please free to contact me at s.22 or calee@linacare.com.

We very much hope you will be able to join us.

Sincerely,

Carol Lee

- Very similar topics from last week
- Salmon farming has had a bit of a resurgence, more protests etc.
- The CF drug 'orkambi' slowed down on the email front, but we received around 250 physical form letters
- Housing affordability and foreign investment are always a major issue but we have noticed an uptick in volume this past week.

NOTE: As the season progresses, our volume does tend to slow down significantly. Expect numbers to remain around 300/day until January and then obviously February when the full budget drops. This is assuming no major policy announcements or other 'hot button' topics break.

As always, if you have any further questions or need clarification don't hesitate to ask.

*DST emails and orkambi form letters will be logged and tallied at year end.

- We have also had a call from Jennifer Bouchard (Cel s.22) our property manager, regarding the campers and how there are dealing with their washroom needs. I advised that apart from using s.22 I did not know, and had not asked.
- Donna and her collegues have a small campfire, as well they have fabric signage wrapped around the building lights.
- f there is any damage or clean up required, who will be responsible: our CO or the PO?

thank you,
Maureen

Hello – the Ministry is wondering if the premier wants to be part of the announcement of the poverty reduction advisory reduction committee.
My first thoughts are to leave it to the Minister, as it is a committee and consultation announcement, and to come in when we have a more action oriented announcement. An actual plan and putting the plan in action.

Your thoughts?

Hi friends,

We'll be forming the Minister's advisory committee for the poverty reduction consultation and strategy sometime next week, with an announcement/news release (rollout TBD) coming maybe Monday 23rd. I just want to a) give you a head's up and b) make sure you're fine with this being the Minister's announcement rather than the Premier's. Please let me know if you have questions/concerns.

Geoff

The script for calls to prospective Ministers, Ministers of State and Parliamentary Secretaries had language (sometimes very specific, sometimes less so) as to what expectations were for them in their new roles, if accepted.

It would be useful for you to see those scripts, just to have some sense of whether the dial has shifted in the interim so any questions about that from the PS could be anticipated. I believe those documents are currently with Layne. Or, probably retrievable from the Transition files if necessary. If so, I can assist with that.

John, I've talked to Roseanne and Cpl. Louie regarding the fish farm demonstrators. Here's how we're following up:

- Roseanne is talking to Legislature security to see what specific advice they have and we'll make sure your staff have it;
- I'm going to Sooke tomorrow anyway, so I will stop by, say hello, leave my card and see what their plans are;
- I've talked to Cpl Louie and, of course, they can demonstrate and protest lawfully, so there's no concern on that point – the local detachment may monitor the situation.

I'll send a note around tomorrow with the latest – Amber, it would be great if you could forward to constit staff tomorrow night so they have some info before they go to work.

Hi Liz:

I visited today with the protestors opposed to fish farms who have been outside the Premier's constituency office for several days. The main protestor is s.22
s.22

The group is very organized and calm s.22 is critical that the permits have not yet been removed and disagrees with the Premier's approach, which was to respect the fact that the key permits remain in force for some months yet. The Premier promised the chiefs in Alert Bay on Monday to move to government-to-government negotiations on the issue and we expect that to occur. In the meantime, Marine Harvest has begun restocking the pens.

Geoff goodafternoon,

Any news on our luncheon with Premier Horgan? My colleagues s.22
s.22 and are beginning to quiz me about the luncheon.

On a slightly different but related subject: I have requested a meeting with Minister Mungall of energy a week ago on behalf of my colleagues of China, Japan, Korea and the UK, as well as ourselves. We would like to discuss with her the prospects of the LNG terminal in Kitimat to be built by LNG Canada / Shell (the listed colleagues represent the countries that have a stake in the project). I haven't heard back from her. I did use the email address listed in the BC government directory: EMPR.Minister@gov.bc.ca. Is there another email address or maybe the email address of her chief of staff? There is some urgency in this meeting.

Thanks for looking into this.

Cheers,

Gert

> Dear Mr. Meggs,

First of all congratulations with your appointment as Chief of staff to the incoming BC Premier. We look forward to working with you in the coming years. If there is anything the EU diplomatic missions in Vancouver can do for you, please do not hesitate to contact us.

I'm writing you today in my capacity as President of the EU missions in Vancouver. On behalf of our nine career diplomatic missions (Belgium, Germany, Greece, Italy, Netherlands, Poland, Portugal, Romania, United Kingdom) plus the Consul-general of Switzerland, I'd like to invite incoming Premier John Horgan and yourself to a luncheon at my residence with the afore-mentioned 10 European Consuls-general to discuss matters of mutual interest and to offer our services to the incoming government.

I ran into Mr. Horgan last Thursday at the reception for the U.S. national day and had a chance to discuss this matter with him (and was impressed by his knowledge of Dutch – I hadn't realized he had a Dutch wife). He immediately agreed that this was a good idea and suggested I contact you to work out a mutually convenient date. The upcoming swearing-in ceremony and the holiday season do not make this any easier, but I'm sure we can find a date somewhere in August or early September that would be convenient for you.

I'm looking forward to hearing from you, realizing full well that these must be very busy days for you and your team.

John, I've talked to Roseanne and Cpl. Louie regarding the fish farm demonstrators. Here's how we're following up:

- Roseanne is talking to Legislature security to see what specific advice they have and we'll make sure your staff have it;
- I'm going to Sooke tomorrow anyway, so I will stop by, say hello, leave my card and see what their plans are;
- I've talked to Cpl Louie and, of course, they can demonstrate and protest lawfully, so there's no concern on that point – the local detachment may monitor the situation.

I'll send a note around tomorrow with the latest – Amber, it would be great if you could forward to constit staff tomorrow night so they have some info before they go to work.

It would be good to have him briefed beforehand and then have someone staff the meeting and leave so we can here if any particular dynamics have emerged.

Hi Amber,

We are close having this meeting confirmed with the 6 Ministers for Oct. 31st, from 5-7 pm, however, we received the attached email and before they will confirm that meeting on that day, they want some assurance that the Premier will attend either in whole or in part?

Hello All,

I have been asked set up Leadership Table meeting with your Minister's and the Tsilhoqot'in National Government, regarding the commitments made under the Nenqay Deni Accord. Your DM's will be aware of these meetings as they have happened regularly. The challenge is going to get all Minister's together on a date and time, as this meeting will need to be at least 2 hrs long plus a ½ hr. pre-brief with all Minister's and staff a few days ahead of this meeting.

Amber, I'm cc'ing you on this as we are hoping that once a date is set that it may be possible for the Premier to briefly drop by the meeting as well?

MSF has the following dates and times available:

Oct. 26th: 6:00 pm

Oc. 31st: 5:00 pm
Nov. 6th: 9:00 am
Nov. 7th 5:00 pm
Nov. 8th: 5:00 pm
Nov. 20th: 9:00 am
Nov. 21st: 11:00 am; 5:00 pm
Nov. 23rd: 11:00 am

If you can let me know any and all dates that may work for your Minister's, that would be great.

Concerning the premier's visit to China, I have been pursuing a few possible opportunities for the premier to have constructive activities during his visit. One recommendation is to build a strong relationship between BC and Jiang Su province, which has the highest GDP in China and the center for hi-tech. I attached the schedule to this email. See if you are interested. I can go through more details if you would like. Looking forward to talking with you soon.

Don, the Premier has asked us to provide more information for his use in Question Period. One tool we would like to adapt from Alberta, where it proved helpful, was a second book, produced weekly, that gives the Premier additional information on particular issues. You can see Matt's proposal below.
We think the point person for this might best be based in your office and would like your advice on who that could be.

Subject: Premier briefing binder process

Hey Geoff,

As discussed, here are some recommendations on a process for building a weekly briefing binder for the Premier:

- Someone in the DM of Exec Council's office should be designated as the point person
- When the Premier requests more detail on an issue, staff (you, Sheena, Sage, me, etc) contacts the point person to request the note. Geoff/Don/Suzanne others may also want to add things to the list that the Premier should know about but hasn't requested.
- The DM's office then contacts the relevant Ministry DM and the Senior MA to request the note
- Ministry provides a draft note to their MO and issues manager by end of day Wednesday
- At end of day Wednesday, the point person circulates a list of the notes that will be in the binder to you, Sage, me, Sheena (and whoever else is you think needs to know).
- Each Minister's office reviews/signs off/revises as necessary on Thursday. At end of day Thursday, the final note is submitted by the Ministries to the point person in Don's office.
- 5 copies of the binder are produced first thing Friday morning (one each for Premier, you, Sage, me, Don)
- The Premier receives his copy of the binder on Friday. It may also make sense for Don to do an overview of the contents at the time the binder is provided, but I'd leave that at your and his discretion

The purpose of the notes would be to provide some depth of understanding, background and a state of play on the issue. They are not communications documents and should not include messages, although they could include a summary of recent media coverage when relevant. I'm not familiar with the structure of the types of notes the Ministries use, but the format should be consistent. I'd defer to Don's office and the DMs on what format makes sense.

Judy's announcement on the expanded hydromorphone therapy went over great! Well done you guys!!!!! I was at her consultation meeting yesterday. Even the right wing media commentators thought "why not" and recalled a lot of research on the stuff was done right here.

I will send her some other thoughts, like expanding it to oral versions not just injectables, and eventually look at dicetylmorphine in a few days. She took a bold step.

Subject: West coast fisheries issues

Hi Amanda,

Can you clarify for me what Minister Leblanc has in mind for the west coast salmon fishery, particularly wild and farmed salmon? The announcement on the central coast this week looked interesting, but I'm not sure Minister Popham is entirely clear on what may unfold this fall and in the spring. I know I'm not, although I had a good discussion with Sarah Goodman last week.
On Monday, Premier Horgan met with the First Nations in the Broughton and promised to work with Ottawa on their issues with fish farming. This is pretty urgent, as you know. I've had one discussion with Pam Goldsmith Jones on this issue, but I heard today Terry Beech is a strong presence as the parliamentary secretary.
I've also heard there may soon be an announcement of much larger marine protected areas.
In any case, any overview you can give would be helpful.

You & Kate signed off on the BC Business council summit address on Nov 1st – just wanted to flag there is a Cabinet Meeting that the Premier would miss. The address would take place at 10:15 am in Vancouver – Premier would fly in & out same day and back to Victoria in time for the 1:30pm start of Wednesday Session.

Kate, the headings are fine but what are they looking for in each one? If it's education we may want Fleming. The trade one is weird but have they seen Ralston? The Premier's day looks pretty full. There are some issues around LRT. Normally I would want to know much more detail, have a chance to loop back with the ministers so John was ready with answers. When would you put it in?

Hi Judy,

I believe I have found a suite that will work for Bob for the dates he will be here, Oct. 15-Nov.11 for a rate of [s.17] I was difficult to find places willing to rent for partial calendar months, but I have 2 other options which were more expensive, or only available for partial months. One quote was over [s.17] and even the hotels didn't have full availability, so this is a good option. [s.17] for the one bedroom includes laundry and a kitchen and is walking distance to work. Is this ok?

The Minister's office just sent a couple of small technical changes to the NR. Nothing that changes it substantially.

This will also be added to the quick facts:

> "As part of an initiative to protect public safety and cut off illegal drug supplies, including fentanyl, the recent budget update included $32 million to fund critical enforcement measures targeting drug traffickers and organized crime including:
>
> • New dedicated anti-trafficking teams within the provincial RCMP and Combined Forces Special Enforcement Unit (CFSEU-BC), with additional officers and support staff to go after, arrest and prosecute drug traffickers to disrupt the drug supply line in communities.
> • Resources for all police agencies for enforcement activity against organized crime importers and traffickers, through the province's gang unit (CFSEU-BC), including more funding for projects that specifically target traffickers, to stem the flow of illegal drugs, including fentanyl, into B.C."

Hi all,
Quotes for two separate seismic NRs for review:

Children will soon be safer in Maple Ridge-Pitt Meadows School District

MAPLE RIDGE – By the end of next year every student in Maple Ridge will be going to a seismically safe school Premier John Horgan announced today.

"Finishing the upgrades at Fairview Elementary and Westview Secondary will mean every single child in Maple Ridge is learning in a seismically safe school," said Premier John Horgan.

"We know there's more to be done in other communities. That is why we're working to fast-track seismic upgrades and school capital projects across the province."

Fairview Elementary School and Westview Secondary School are the last two high-risk schools in the Maple Ridge-Pitt Meadows School District.

Hundreds of Vancouver children getting safer schools

VANCOUVER – Hundreds of children in Vancouver will be learning in new, seismically safe schools, with the replacement of Sir Matthew Begbie and Bayview elementary schools, announced Premier John Horgan.

"Every child deserves to go to a safe, secure and healthy school," said Premier John Horgan. "Parents have been waiting too long for action to fix schools at a greater risk of being unsafe during an earthquake. That's why we are speeding up seismic upgrades across the province."

Judy, this has all just sprouted out of the ground. Randeep Sarai is on their list as convening so I think that is fine – he can open up, John can respond, then it's round table.
The MAs will likely come; you'll have to manage seating somehow – can they not bring in chairs?
There will be no advance briefings that I'm aware of.

Geoff over to you if you think documents are necessary for PJH.

Regarding the "organization" of the meeting (call me if it's easier to respond)

- PJH chair or co-chair?
- Roundtable discussion – how is this being handled regarding who is speaking to which issue etc. (could be listed on the agenda beside the topic)
- Roles of the Ministers attending – are they being briefed in advance? Are their Mas attending the meeting? (there won't be enough space if so)

Thanks.

Hi Geoff & Judy,

Attached proposed agenda – which is an amalgamation of what both parties wanted to discuss – I don't feel that all topics would be discussed in the time allotted – perhaps we should organize so that the topics that are most important are at the top of the agenda. Please let me know if this looks ok to you and I'll distribute the agenda to the Ministers attending and confirm the list of attendees.

- Daylight savings time continues to create decent volume for us. I've noticed a few 'anti change' people but they have almost entirely been for scrapping the time change.

- Grizzly hunt is a mainstay topic for us. Renewed volume this week about completely banning all hunting of grizzly bears.

- 525 Great Northern Way is slated to be demolished to make room for a new transit station. People are upset and would like an alternative site to be pursued.

- Marijuana legislation continues to putt along. Mostly positive input from people wanting to share advice/recommendations.

- A cystic fibrosis medication called 'orkambi' has spurred a bit of volume lately. The drug has never been covered by PharmaCare due to its exorbitant price. The Ministry is attempting to get the drug manufacturer to cut the price in order to cover it. Recently private insurance companies has also refused to cover the drug. People are writing in hoping the Ministry will reconsider and cover the drug.

As always, if you have any further questions or need clarification don't hesitate to ask.

On September 22, 2017 at the[s.15] Premier Horgan and I met at the Leaders Levee and the Premier agreed to meet with Huu-ay-aht so we could introduce our business partners and investors in the proposed Kwispaa LNG project. This would mean a great deal for me and Huu-ay-aht, not to mention the project.

As it turns out we have a 1 hour technical briefing scheduled with Minister Mungall on Tuesday October 24, 2017 from 11:30 to 12:30 at th[s.15] The contact for this meeting is Lucy Hansen, Administrative Coordinator.

I'm wondering if Premier Horgan is able to join us for 5-10 minutes at the above noted meeting so I could make introductions. If not, perhaps there is another time or location that would work for these important introductions.

I will be in touch later this week in case there is any additional information or background I can provide.

Respectfully yours

Secure funding for Surrey Wrap keeps at-risk youth out of gang life

SURREY–A successful community program to keep at-risk youth out of gang life will benefit from ongoing annual funding from the Province, Premier John Horgan announced today.

Annual funding of $500,000 will help make sure the local anti-gang program continues to "wrap" at-risk youth with timely support and a crime-free future.

"We are stepping up our support of Surrey's proven Wrap program. Ongoing government funding of this innovative program will help more youth-at-risk and keep communities safe," said Premier John Horgan.

Today's announcement makes permanent this year's provincial funding for Surrey Wraparound (Wrap), which government doubled to $500,000 in August to help eliminate the program's waitlist. Wrap connects youth who are at risk of joining gangs with outreach workers, teachers and police.

"Surrey Wrap is about stopping the flow of young people into positions in the drug trade that open up when someone else dies or goes to jail," said Minister of Public Safety and Solicitor General Mike Farnworth. "By keeping youth out of gangs we can stop this vicious circle and build a better future for our communities."

Geared to at-risk participants as young as 11, the Wrap program has reduced participants' negative police contacts by two-thirds. While Wrap has helped more than 500 families and youth over the last eight years, demand exceeded capacity until recently, when additional funding by the province reduced the waitlist by 65%, from 35 to 12 students.

Quick Facts:

- Surrey Wrap provides participants with intensive supports, including individual and family counselling, recreational activities, mentoring, substance abuse and mental health support, life skills training and job placement.

- The program helps at-risk participants to build positive lifestyles and self-worth through a stronger connection to their homes, schools and community.
- A collaborative partnership between the Surrey RCMP, the Surrey school district (SD 36) and the City of Surrey, Wrap receives most of its funding from Public Safety Canada, including $3.5 million from 2015 to 2020.

Geoff,

Sage is in the process of completing messaging for Tuesday based on all briefing notes received from DM's. We both think it would be wise to have call tomorrow with Ministers, MA's and those involved from our office so everyone is on the same page and feeling confident in advance of leaving. I think it would be good for everyone to hear your confidence in this trip as well as give Ministers a chance to ask questions. Is there a good time for you tomorrow? If so, I'll send out a note to invite others.

Thx

On further reflection I think it would be worthwhile to note the size of the industry. It's in the briefings - $800 million a year, thousands of jobs, including many inthis area.

Subject: Re: Options

Hi Amber,

After reviewing our discussion with my Operations Manager we feel the safest option is to operate this flight with two pilots. This would limit our passenger capacity to 8. However, it will offer additional safety, allow things to progress more quickly and smoothly during the quick turns in Vancouver and Victoria, and will be a little bit more professional given the level of clients we are flying.

Assuming we are still doing the extra stop in Victoria on the way back, this is the most current manifest to our knowledge:

Depart Victoria 8:30 AM
Arrive Alert Bay approximately 9:30 AM - s.15
s.15
Depart Alert Bay 3:30 PM - s.15
s.15
Arrive Vancouver approximately 4:30 PM
Depart Vancouver approximately 5:00 PM
Arrive Victoria approximately 5:20 PM - Drop off Victoria
s.15

The quote I sent over earlier includes the use of the Shell FBO in Victoria and the Signature FBO in Vancouver. However, we could just as easily pick up from the s.15) in the morning, and use the s.15
reducing the quote total by $135. Please let us know your preference and we will proceed accordingly.

As discussed, we can be flexible with the departure time out of Alert Bay and we may also want to make changes to that based on the weather. That can be discussed with the passengers on the day of the flight.

For flight planning purposes we will need to know what passengers are de-planing in Vancouver.

Hopefully this addresses all of your questions from this afternoon. I apologize for any confusion on our end on not being able to take the ninth passenger but collectively we feel this is the safest, most efficient option.

Please advise if anything needs to be changed.

Regards,
Paul

HI Evan,

I'd like to confirm we'd like the extra seat on the airplane and fly with one pilot if that's ok. Also I would like to confirm the following flight plan – I understand there is an additional cost to landing in Victoria too – could you please advise what that would be?

Victoria – Alert Bay

Alert Bay – Vancouver

Vancouver – Victoria

Confirming we would like to depart Victoria for Alert Bay at 8:30 AM

Departure time from Alert Bay would be at approximately 3:30 PM – but I wanted to know how much flexibility we have on departure?

Thanks again for your help to organize this trip.

Hi Elizabeth,

This is our largest airplane, and it has 10 seats (2 pilots, 8 passengers). We can also fly it with 1 pilot, bringing a total of 9 passengers. However, a group of 10 will be a little too large for this aircraft. We could look at flying a second airplane (same size or smaller/more economical but slower) if that would be an option for you.

Hi, Layne. Many thanks for your help on this. I'm drafting a response letter to the Nanoose First Nation regarding their meeting with Premier Horgan at the FNLG in early September. All I have to go on are the bullets below that I believe Geoff Meggs may have developed. I'm familiar with the issues that were discussed but do you mind asking Geoff if he recalls any commitments that might have been made or follow-up promised? Many thanks.

Thanks Kelly,
Just for future reference I have to sign off before trips out of province are planned.
Of course all tickets must be paid for and that has to be documented - there is no doubt a policy on that but paid personally, naturally.
You must co-ordinate the Amazon meeting with Minister Ralston - in fact, please have your deputy check on each of them with Fazil Mihlar. They are developing relationships with Amazon in particular. The minister needs to be briefed in advance on these discussions.
Finally, we need to know what the "ask" is and MLB needs clear direction from finance.
In addition, we need a communications plan. What is her message? What is the win for BC here? Why is a trip necessary given we've just had a sensational year?
Please connect with Layne on these points as soon as possible.

Thanks

Geoff

Hello Tamarra….

Mira passed along your contact info so I could request 15 minutes with Geoff to share information on past and planned polling (he is aware of it) and specific initiatives we are working on.

I'm based in Vancouver, but can easily get to Victoria anytime. I'm in Victoria on Friday, although I think Geoff may be in Vancouver that day. I would be available in Vancouver tomorrow afternoon, and could adjust my schedule next week to accommodate Geoff.

Please let me know if Geoff would be interested in this conversation. Many thanks.

Working collaboratively and respectfully with Indigenous people, the Ministry will lead the creation and implementation of a plan to establish a clear, cross-government vision of reconciliation to guide the adoption of the United Nations Declaration on the Rights of Indigenous Peoples, the Truth and Reconciliation Commission Calls to Action, and the Tsilhqot'in Supreme Court decision.

Establishing a cross-government vision of reconciliation will require significant engagement with Indigenous people, industry, internal ministries, other levels of government and the public. A strategic project lead is required to most effectively lead and co-ordinate efforts across the organization and across government.

Reporting to Neilane Mayhew, Associate Deputy Minister and Chief Operating Officer, the Strategic Project Lead will establish an engagement strategy in partnership with Indigenous people that will inform the new reconciliation vision.

The successful candidate will offer extensive skills in strategic thinking and project management. They will be a known collaborator with strong government connections and highly effective communication skills. Experience working effectively, respectfully and knowledgeably with a range of Indigenous organizations and communities across the Province is critical. The candidate will have knowledge of government objectives and commitments as they relate to reconciliation with Indigenous people. Experience developing and executing engagement strategies is preferred.

This full-time, temporary position will be based in Victoria. Please obtain the approval of your current supervisor before applying. Some travel may be necessary.

How to Apply:
Please submit a current resume and a cover letter to Jennifer Melles which provides clear examples of how your knowledge, experience, and / or skill set will help you to excel in this position. The cover letter is not to exceed two pages in length. Applications must be submitted no later than **October 6, 2017 at 4:30 P.M.**

If you have any questions regarding this opportunity, please feel free to contact me.

As you may know, they have long-standing experience in the sale of alcohol and tobacco and other products prohibited to minors that raises public health issues. For decades they have operated in a controlled and responsible environment and they are recognized for their rigour in enforcing the law strictly in each and every one of their stores.

Their excellent reputation can certainly reassure citizens who are concerned with the impacts of legalizing cannabis as they are committed to following statutory frameworks and standards set by British Columbia.

Alimentation Couche-Tard is seeking a partnership with British Columbia on this sensitive file given their large and proven Canadian footprint and strongly believe in their ability to address the public safety and health issues that legal cannabis poses for the government. With combined leadership and expertise on this file, BC could become a worldwide flagship and reference which we would be proud to be part of.

Please find attached a letter from the Founder of Alimentation Couche-Tard, Mr. Alain Bouchard to Premier Horgan, an infographic and a brief for the government's attention.

As you will see, Mr. Bouchard is requesting to meet with the Premier at the earliest convenience of the Premier.

Also, on my end, I would like to have a phone call with you or someone from your team, at your earliest convenience.

Thanks a lot and have a great day,

Yan

Subject: Important Letter and request to Meet Xeni
Importance: High

Morning Premier Horgan and Deputy Minister Okenge,

I just returned from additional work as industry to support mediation between Xeni Gwet'in and non-Indigenous tourism businesses in the Nemiah Valley. This has been an important process I have decided to have Aboriginal Tourism Association of Canada (ATAC) address given the potential for current and future major tourism industry conflict.

This week I brought the Federal Government with officials from Indigenous and Northern Affairs Canada (INAC) to Nemiah to assist them understand the significant potential for increased conflict. This matter is growing in major ways and I urge that collectively there is solutions identified based on our June 30th 10 recommendations. What we know today is that the non-Indigenous operators and Xeni Gwet'in all agree this is the ONLY way forward. The question is how can we get there.

I have attached a letter requesting a meeting without delay. The consequences and conflict of inaction are real but we can make this a positive outcome.

I welcome a chance to set up a phone call or prefer in person meeting without delay.

There is increasing conflict each week and the uncertainty, for many reasons, has stressed this situation to high levels. We learned the significant new conflict this week which includes sabotage, physical confrontations, and other serious issues.

I urge that we all find a way forward and ATAC has designed a positive way forward if we can somehow have support in partnership with the Provincial and Federal Government.

Thank you

First, this is Chief Councilor Robert Dennis of Huu-ay-aht First Nation.

On September 22, 2017 at the Hotel Vancouver, Premier Horgan and I met at the Leaders Levee and the Premier agreed to meet with Huu-ay-aht so we could introduce our business partners and investors in the proposed Kwispaa LNG project. This would mean a great deal for me and Huu-ay-aht, not to mention the project.

As it turns out we have a 1 hour technical briefing scheduled with Minister Mungall on Tuesday October 24, 2017 from 11:30 to 12:30 at the s.15 The contact for this meeting is Lucy Hansen, Administrative Coordinator.

I'm wondering if Premier Horgan is able to join us for 5-10 minutes at the above noted meeting so I could make introductions. If not, perhaps there is another time or location that would work for these important introductions.

I will be in touch later this week in case there is any additional information or background I can provide.

Respectfully yours

Subject: Tentative meeting with key Liberal caucus 60 minutes

Amanda, thanks for your suggestion for a meeting with federal Liberal caucus members in Vancouver Oct. 11. I think this could be done in Vancouver given the Premier has to be at an announcement later that morning. I've copied Kate Van Meer-Mass and Amber Nash so they can finalize arrangments. It seem we could do 60 minutes starting at 9, perhaps in the Premier's Vancouver Office. We can discuss media aspects later.

Hi Tamarra,

I'm following up on Val's email below. We'll be in Victoria on October 16 for various meetings. Would Mr. Meggs have 20 minutes in the early afternoon, say around 1pm, for a preliminary meeting? If a face-to-face isn't possible, we would be happy to have a conference call with him.

Also, the BC Chamber is hosting a *Let's Talk Transportation* reception. Translink's Kevin Desmond will be in attendance, as our event sponsor, to offer a few remarks. All MLAs have been invited, but Mr. Meggs (as the Premier's Chief of Staff) is more than welcome to attend as well. Just let me know, I can have him added to the guest list.

Thanks Tamarra. I look forward to hearing back from you.

Cheers,
Dan

Dear Ms. Wong,

I spoke with Don in the Premier's office just now and he kindly suggest I forward to your attention our letter to the Premier (sent July 21st).

I am also copying Dan Baxter, our Director of Policy Development, Government & Stakeholder Relations who will follow up accordingly.

As you will note in the letter, I am personally looking forward to a "fresh start" and we are keen to meet with Premier – and perhaps a preliminary meeting with Mr. Meggs.

Best, Val

Dear Premier Horgan,

Allow me to congratulate you on your recent appointment as British Columbia's 36th Premier.

I had the pleasure of meeting with Mr. Dewar on June 23rd and articulated the BC Chamber's desire to "start fresh" – to work together respectfully in the spirit of collaboration to drive BC's economy.

Attached is an invitation to meet at your convenience **and** to address B.C. businesses at our annual *Premier & Cabinet Luncheon.* We are proposing November 15th, 2017, as an event date but would be happy to explore alternates, of course.

Sincerely, Val Litwin

Attn: Honourable John Horgan, Premier of British Columbia
Honourable Claire Travena, Minister of Transportation & Infrastructure
Honourable Harry Bains, Miniser of Labour
BC Governing Caucus Members

To Whom It May Concern:

The United Truckers Association ("UTA"), which represents over 1,100 Independent Operator ("IO") truckers, presents this submission for your immediate consideration. It comes in response to the following statement released by Premier John Horgan on February 16, 2017:

> "It's time for a government that works with everyone to ensure full implementation of the 2014 agreement. We will work with all parties and the commission to solve the work

permit problems and allow truckers to go where the work is and where they are needed. We will increase the resources available to the Office of the BC Container Trucking Commissioner ("OBCCTC") so that enforcement is swift and complete. We will bring in the necessary legislative and regulatory changes that are required for effective implementation."

The Joint Action Plan ("JAP") that ended the labour dispute of 2014 has still not delivered what was promised to our organization. The unresolved issues within BC's drayage sector present a grave threat to both industry fairness and the economic futures of UTA members and their families.

Thank you in advance for your attentiveness for our viewpoints, and look forward to further providing information as required We hope that you will consider the time sensitivity of the content contained within this brief, as there are hundreds of drivers struggling on a daily basis to earn enough to meet their professional and personal financial obligations.

October 2, 2017

The Honourable John Horgan
Premier of British Columbia
Parliament Buildings
Victoria, BC

Dear Premier Horgan,

On behalf of SFU's School of Public Policy and SFU Public Square, we invite you to participate in our upcoming policy forum on reconciliation in British Columbia, with a long term focus on partnerships, treaty-making and implementing the Truth and Reconciliation Commission's Calls to Action. This policy forum will take place on Tuesday, November 14, 2017 from 9am to 5pm at SFU Wosk Centre for Dialogue, 580 West Hastings, Vancouver, BC.

Based on your availability, we hope you will consider launching the Forum with an opening address, a 20 minute speech from 9:30am to 9:50am in the program, to offer insights about the provincial government's new approach to reconciliation. If the opening address at 9:30am is not convenient, we might offer an alternative.

In 2015, the Truth and Reconciliation Commission (TRC) released their final report detailing the numerous injustices experienced by indigenous peoples in Canada along with 94 calls to action. The TRC and recent court decisions have not only articulated a host of pressing challenges, but have also created opportunities for British Columbia to show leadership in indigenous law and policy related to the various forms that reconciliation will take in the future.

The Forum will feature three themed panel discussions, facilitated dialogue breakout sessions and rapportage, to examine challenges, issues and opportunities associated with reconciliation and offer a policy-focused and solutions-oriented approach that incorporates a multi-sector and intergenerational scope. We aim to engage 100-140 stakeholders at this important event, including indigenous representatives, labour and industry associations, government policymakers at all levels, educational institutions, as well as thought leaders and community representatives.

We are inviting BC Attorney General David Eby to participate on a panel with Justice Minister Jody Wilson-Raybould.

Thank you for your consideration and we look forward to a response at your earliest convenience. Any follow up questions can be directed to Tony Penikett at s.22

Sincerely,

Maureen Maloney

I would like to answer any questions and gain some of his thoughts, ideas and recommendations. We have managed the Forum for the past 4 years. Under our management the Forum has grown from 140 delegates and 12 trade show booths to last year having over 900 delegates, all 66 booths sold out and the dinner, key note lunches and Ministers Breakfast were all sold out and had long wait lists. The dinner in January attracted a sold-out crowd of 650. The Forum is the largest resource sector Conference in BC and is a premier event to share knowledge and perspectives on resource development.

Statement from Premier John Horgan on violence in Las Vegas

OTTAWA--Premier John Horgan issued the following statement about a violent attack in Las Vegas NV, where more than 50 people were killed and hundreds more were injured:

"The senseless acts of violence in Las Vegas are horrifying and incomprehensible. Our hearts are with all those affected by last night's shooting.

"Jordan McIldoon of Maple Ridge was among those who lost their lives. He was 23 years old. The flags at the Legislature will be dropped to half-mast to honour him.

"To Jordan's family, and the family and friends of all those who have lost their lives, we offer our condolences and support.

"I want to express my heartfelt thanks to the first responders, who put themselves in harm's way by running toward gunfire in an effort to save lives.

"When dark acts seek to shake our faith in humanity, we look to those who have come forward to help. Their selfless acts of heroism are what build the strong and caring communities we all want to be a part of."

At my end Rotman and Amanda Campbell (PMO) appreciative but non-committal. Lanzinger fine, sigurdson also fine since CLAC got so much work.

Dear Mr. Geoff Meggs,

October 1st

2017

It was great meeting you at the "Leader¹s Levee 2017 with John Horgan" last Friday. I wish you the most success in your crucial role as Chief of Staff in the BC Government.

As Honorable John Horgan mentioned briefly in our joint conversation, I was the West Vancouver-Capilano BCNDP candidate in the last election, and along with my campaign team, we not only managed to increase the BCNDP votes in this riding, but were also able to increase the Persian community's participations in the provincial politics significantly.

Post election is the time to work harder and deliver the promises we made to our communities, and I would be happy to do as much as I can to help our government achieve its goals and serve the people of BC the way that they deserve .

Please find attached the email I already sent to the BC Premier's office including my resume, and let me know if you need more information.

Its a great honor to be in contact with you and I am looking forward to hearing from you soon.

Sincerely Yours,

Dr. Mehdi Russel

24th July 2017

Dear Honorable John Horgan

The Premier of British Columbia

It was an honor to be part of New Democratic Party (NDP) team during the May 2017 provincial Election Campaign and running as the candidate for the West Vancouver – Capilano constituency under your leadership. My family and I loved being involved in the North Shore community and engaging regular citizens in the provincial politics, particularly in the latest election more extensively. As the results of all the efforts of every team member and under your leadership, the BCNDP was successful in electing its first North Shore MLA after 21 years; and more importantly managed to form an NDP government after 16 years in the province of British Columbia.

Although I was not elected as the West Vancouver-Capilano MLA, I still received lots of support from my community and heard many of their stories, thoughts, and concerns. I realized how eager people are to see change in the BC governmental policies. They all want a government that cares for them and works hard to make life more affordable and the economy more progressive for everyone.

When we last met in Robson Square on 20th June 2017, we talked briefly, and you kindly asked me to share my experiences and knowledge to help your BCNDP government. I am reaching out to you today to let you know that I would gladly take any opportunity that would allow me to leverage my experience in achieving our common goals.

I am very impressed by the people you appointed to run the BCNDP government. It shows how much economic development is important to you and your team but also how much you care about public services and social welfare. I have no doubt that our province has huge capacities and potential for Canadian investors while also being attractive for foreign investors. I'm certain that with the right approach we would be able to mobilize capital in different sectors, and help our economy flourish more than before.

As you know I'm a medical doctor, and have spent most of my career in International Business Development in the filed of health and medicine. My background includes over 20 years of experiences in the Health Care market including over 11 years specifically, in taking Pharma start-ups to the market. I relocated to Vancouver in 2008 and have been actively consulting Medical and Pharma businesses for their business development internationally. I previously served as CEO in Pharma companies with over $150 Million annual turnover. I would be happy and would love to help your government and your economic development team as much as I can.

I am excited to witness the day that the BCNDP government delivers all its promises from the platform and help everyone realize the worth of social capital and a sustainable economy, which gives everyone great opportunities and allows them to have an affordable life in a progressive community.

I would like to make clear that I do not expect you to have any employment opportunity for me though I would love to be able to put my skills to good use if the opportunity does rise. I would be happy to leverage my experience and work with you and your team as an employee, advisor, consultant, or in any capacity you require.

I will be at your service any time you need and I am looking forward to seeing the BCNDP government succeed in the coming years.

Sincerely Yours,

Mehdi Russel

Geoff, I have been very happy to see both you and Don Wright in such great strategic places in the new Government. I would like to help in many way because it is good for the Province.
My copy to Don was bounced back so I must have the wrong email.
All the best -- this is definitely a great use of your strategic ability. Pat

You had asked me to follow up on some of my thoughts on how the Government of BC could impact the growth of shipping on the maritime side in light of a projected growth in shipping due to the Kinder Morgan federal decision and other factors.
> My perspective comes from my previous experience as the Ontario deputy minister of transportation, the CEO of TransLink, a director on the Port Metro Vancouver Board and a member of the Pacific Gateway Council, a long standing industry vehicle for shipping issues, which includes the federal and provincial governments, ports, railways, terminals, the Chamber of Shipping and others.
> The Province of British Columbia is at a critical juncture in its history with the election of the New Democratic Party, joined by the Green Party. Many environmentally damaging decisions have been taken in the last 10 years at both the federal and provincial levels. This particularly includes regulatory changes that protected the environment and community input into those decisions. But the new Government has demonstrated with the Site C dam and Massey Tunnel that the environment will not be ignored and that communities need a say in those major decisions that have far reaching impact on them. The role of Canada's Pacific Gateway in the Salish Sea is another such major decision point.

> The lack of a definitive regulatory framework provides the Province with the opening to influence both the decisions and the process to reach those decisions. However it is an opening that will soon be close. Decisions will be made in the coming months that affect the marine and community life of BC's coastal waters for decades to come.
>
> The Province can:
> 1) Give the federal government and the shipping industry the strong message that the growth in shipping has a huge impact beyond the land terminals of the rail and pipeline routes, specifically the capacity and safety of the Salish Sea, its marine life and communities.
> 2) Institute its own provincial environmental review regulations which could include proposed new sea anchorages which currently require no open regulatory or environmental assessment process.
> 3) Require a moratorium on all Salish Sea anchorages until the new Provincial environmental assessment process is introduced and the federal government's own current review of the Fisheries Act is completed.
> 4) Insist that the Salish Sea NOT become part of either the Nanaimo or Metro Vancouver Port Authorities as has been proposed, which would make the gulf islands part of the federal eminent domain
> 5) Review Provincial appointments on the two port boards to ensure the Port Metro Vancouver Board represents the provincial interest and not just the shipping industry interests
> 6) Ask the Pacific Gateway Council to present options to reduce demand for anchorages, make better utilization of the supply chain, prioritize Canada's exports of oil and agricultural products over US coal, and enable more capacity in the two harbours which already have industrial development, gain economic benefits from port activities, and are closer to remediation supports in the event of spills. This review should include the practices of other world ports which do not have ecologically sensitive barrier islands as convenient parking lots.
> These initiatives above would significantly reduce the need for parking lots in the Salish Sea, both current and future sites, reducing the impacts on the marine life and coastal communities as well as the risks.
>
> As both Don Wright and Geoff Meggs have worked with me over my years at TransLink, I have copied them on this correspondence. As time is of the essence, Chris Straw, the President of Gabriolans Against Freighter Anchorages and I would be prepared to meet with whomever the Province deemed appropriate to give an inside view of how Provincial powers could be used before it is too late.
