Subject: 2018 meeting schedule

Morning.

I'm doing a little work trying to figure out when we might get a chance to send John Horgan out to Sooke to attend a meeting of the Sooke Rotary in the first couple of months of 2018.

So am I correct in reading your website that the Club meets Wednesdays at noon? And if I can identify a particular Wednesday he might be able to attend (I'm talking late January, February or March), then I can speak with someone there to confirm?

Is this generally the way it works? And is there someone I (or my colleague Amber – copied here) can call directly to discuss dates?

Thanks and happy Season and thank you to Sooke Rotary for all the good work you do in Sooke.

Best.

Sorry was out of the office this morning.
OK Thursday afternoon or Friday works. Let me know which you prefer & I will be here.
Sorry for my confusion but not sure what login you need? I haven't logged into Lyncx if that's what you mean. Everything else seems to work fine.
Happy to pass along my password if you need it: s.15,s.17,s.
I'm here at the office now if you want to call and walk me through what I need to do.
Let me know when you want to come by.

Subject: Attn Pat Quealey - re John Horgan, MLA

Hi Pat. My name is Bruce Fogg. Recently hired as Executive Assistant to Premier John Horgan working out of his constituency office here in Langford.

I am looking at your invitation letter of July 7, 2017. I apologise for the delayed response.

MLA Horgan is very aware and supportive of RCMSAR and your new facility in East Sooke. Although his current schedule does not allow for a visit, I wanted to let you know that we will keep your letter of invite on file in case an opportunity to visit arises in the future.

Most assuredly John wants to pass along his best wishes, his congratulations on the new facility and perhaps most importantly, his thank you for the work that RCMSAR and your staff and volunteers do on behalf of British Columbians. Best.

Here is a BC Hydro briefing note from late September that has the current status. Langford provided the funding in mid-September for an updated cost estimate to relocate the transmission line, and those studies are currently under way. Updated cost information is needed before any discussion of cost allocation can occur. I am fine to share this.

Les

Subject: BC Hydro/Langford

Good day Robert. Hope things are going well for you in Nelson and with Minister Mungall.

Seeking a Briefing Note from BC Hydro on the following issue:

There is a very large BC Hydro power line which runs through Langford. In particular one of the power line standards/transmission poles runs directly over the Langford/Westhills Stadium, which is amongst other things, the home of Rugby Canada.

My understanding is that Langford and BC Hydro have had initial discussion about a proposal to move the transmission line pole away from that specific location. My request is for a note explaining the overview of the problem, the options and costs for resolution and the current status of discussions between Langford and BC Hydro.

Robert is it possible for you to request such a note and let me know the approximate timeline for when said note may be available for my information?

Thank you.

Subject: BC Parks & JDF Marine Trail

Dear Minister Heyman:

I am writing on behalf of the JDF Regional Park Watch Society about our parks – specifically French Beach Provincial Park, China Beach Provincial Park, Botanical Beach Provincial Park and the JDF Marine Trail. We have Patrollers in all of these parks during peak tourist season and have seen over the past few years a decline in the state of the parks and trails, particularly at Botanical Beach and the JDF Marine Trail. We speak to visitors from all over the world who are impressed with our beautiful parks but often dismayed at the state of disrepair in some areas.

There is a crying need for proper signage at Botanical Beach. The main sign had to be removed because it was in danger of falling over and injuring someone. To the best of my knowledge it has not yet been replaced. And signs asking people to keep out of the tidal pools are also very much needed.

Maintenance on the trail has not been done adequately and there are areas of the trail that are in such a state of disrepair they pose a danger to anyone not being extremely careful while out hiking. The washrooms desperately need replacing and we have been told there are new washrooms in storage but for the past three years monies to pay for the installation of same has not been included in the budget! Perhaps the funds will be made available in the coming year.

I do hope when the budget for parks is set there will be adequate funding to maintain our beautiful parks and protect them from encroaching development.

Yours truly

Marie Mills, Program Co-ordinator/Treasurer
JDF Regional Park Watch Society

Subject: Bill 16 - 2017 Clarification (Updated with Address and Contact Information)

Hello John,

I was hoping for clarification on which circumstance will be prescribed under the RTA 97 (2) (a.1) as allowable for fixed term leases. Only two examples were provided in the official press release, and nothing is added in the bill itself, I can find no exhaustive list of proposed circumstances.

This is important to me and my wife, as we currently rent our suite, and our current tenant is leaving at the end of next month after s.2 years with us. We were hoping to host exchange students in our home at some point in the future, and were looking at possibly initiating a fixed term until August of next year in order to sync with the school cycle.

Cheers,

s.22

Hi Moe,
Wrong Ministry. You need to contact the EA in MTAC.

Here is what I found:

The facility being closed is not an MOTI facility. It is operated by Destinations BC, which I believe falls under the jurisdiction of the Ministry of Tourism, Arts and Culture.

Hope this helps,
Lynne

Hi Lynn and Bruce, is this a subject manner that you could research and find a response for our office to send s.22
s.22 ? Thanks, Moe

From: s.22
Sent: Saturday, November 11, 2017 12:01 AM
To: Horgan.MLA, John <John.Horgan.MLA@leg.bc.ca>
Subject: ICBC 3rd party liability insurance vs the public

Hi John,

I am a local resident s.22 and I have been dealing with an issue we all face on an annual basis:

Each year when I sit down at the local Coast Capital Insurance Branch to renew auto insurance on a couple of vehicles, the agent asks me what level of 3rd party liability I would like. This question always drives me nuts, since I have no statistical information upon which to make the decision. First explaining to the agent that it's nothing personal and that I am only asking these questions to help them see better the frustration that this question can create for a client with no data, I always ask if they have any data about the amounts paid out for claims in BC, but the answer is always no (they have no data). Thus I am left scratching my head wondering if I am being irresponsible by selecting 200K or 1 million or 2.....The agent is often happy to mention a couple of claims from somewhere in Vancouver that were many millions of dollars, which serves the purpose of scaring clients into purchasing a higher liability coverage. With this I explain that the likelihood of me being the person in the next year who is hit with a 4 million dollar claim is higher than the likelihood I will win the

lottery or be struck by lightning, and thus a horrible financial decision to pay for insurance to cover myself against a more or less non-existent risk. The agent will state that they recommend the highest level of coverage available (5 million) because as they say, this covers them against any liability for recommending an inadequate amount. I explain to them that as a plumber, that is akin to me walking in to every client's home I enter and recommending a full pipe replacement since that will provide the highest level of protection against pipe failures. I inform them that it would be unethical of me to do so, and that I would lose the trust of my customers who trust me to use the facts of the individual situation and combine them with my experience to recommend a solution which is best for the client and balances out the factors of cost vs risk etc.

I am of the opinion that if I am ever at fault for a claim that exceeds the 3rd party liability amount of my insurance, that I may be successful in suing ICBC for failing to provide any data to help clients make a decision to buy an appropriate level of coverage such that a reasonable person may end up buying less than they need. Today I explained to the agent that if ICBC is offering 200k as a 3rd party liability amount, that it must be a reasonable amount or they would not offer it. The agent countered that the minimum has been in place for decades and so has likely not kept up with inflation of claims. I countered that ICBC would be well aware of that if it was the case, and that continuing to offer a clearly inadequate level of liability coverage while providing no data to the public such that the public might learn of the inadequacy would constitute negligence on their part.

Anyway, as you can tell by the long post this issue always gets under my skin every year - what do you all select for your 3rd party liability amount and why? The agents always tell me that the average amount selected by people is 3 million. I say thanks but that is not at all helpful as I know that everyone else is in the same boat as me - having no idea what level of coverage is appropriate and sitting across from someone who is recommending a high level of coverage and citing a couple of nasty anecdotes to back their case.

I did kind of hit upon the idea that a person might reverse engineer the data by looking at the dollar amounts charged by ICBC for the different 3rd party liability amounts. For instance it's \$100 cheaper for me to go with 200k than 1 million, but going for 2 million is only \$33 more than 1 million.

Curious to see what you all think - obviously I feel ICBC should simply publish a graph showing the number of claims and how much they all cost. That way we could look at claims that fall below the 85th percentile for instance and know that at 200k, we are protecting ourselves against approximately 85 pct of liability claims. The agents always say something along the lines of "if we (or ICBC) provide data and someone selects an inappropriate amount for themselves based on our data, we'll be sued". I say that makes no sense - that as long as you provide clear and truthful data, nobody can sue you for publishing your bulk claims data.

I question whether ICBC deliberately withholds this data because it causes the public to buy more expensive coverage than they would if they knew the truth.

Can you please as premier, direct ICBC to publish a fact sheet about claims data and make it available to their insurance dealers so that the public can have some basic information upon which to make what could ultimately be the most important financial decision they ever make?

Kind Regards,

s.22

Morning. Thanks for the presentation to Mitzi yesterday...very informative.
Can you by chance have someone send me an electronic version? Has a version already be sent to PJH?
And pls Harold Cull's contact info so I can follow up on INAC/Pacheedaht issue.
Hope you had a good day yesterday.

Subject: Communications around Apprenticeship Week, and the government's gender-washing

Is there any reason the BC Gov is staying away from gender during Apprenticeship week? Minus hairdressing and grooming, women are represented at about 1% of actual employees in the trades. If you're generous, you could say it's 5%, but that is still pathetic.

In the meanwhile the 500 new seats the government has added and all this excitement about well paying-jobs in the future, if nothing is done to sweeten the acceptance of women in the trades, this government is focused on creating well paying jobs for men.

Why are your releases devoid of gender? That, to me, is the big story, especially given that this government gave a nod to gender equity in assigning a parity cabinet.

Will any of your releases be discussing gender?

Good afternoon Bruce, sorry for delay in reply.

15th works in afternoon.

Anytime after 2pm?

16th all day is free.

Re the phone headset, legislative helpdesk advises this model works with CO phone system and we have tested that one to good results:

https://m.staples.ca/en/Jabra-PRO-9450-Mono-Flex-Boom-Wireless-Headset/product_156215_1-CA_1_20001?sk_test=a

Cheers,
David

Hi David. My bad for not seeing your phone message. Thank you for updating.
First off, s.22 – the set up using now is working fine. Just let me know.
But if you wish to proceed I will be in the office tomorrow Friday and all next week in Langford...let me know date and time.
Amber can you call me when you get a chance to discuss David's #2 below.
Thanks.

Deepest apologies Bruce. Left you a VM on your s.22 # at 2pm..

4 items:

1st, the Surface had some final patches to do so was not quite ready.

2nd, For your Surface, as before, need to have you login once on BCGov network. One option is giving Amber your password and she can do this and then you change once we setup with you..?

3rd, asking the LASS helpdesk if they can provide information on a headset for you so we can get one ordered. OR if they have a spare around..

4th, I followed up re: the printer situation. Legislative Assembly support will NOT allow government employees to print to their devices. Assume this is due to the need to keep LEG data and BCGov data separate.

So all EAs will need a personal printer if they require to print at the COs.

What is your schedule like over next few days?

David

Good morning Bruce, does 4pm work?

- Looking into headset options with legislative helpdesk - their phone system..
- Same for printer need.
- Re: the surface, do you have it or is it with Alison or Amber?

As we discussed, you need to login one time wire connected to government network to build your profile - after that vpn and wireless are OK for daily access. If located at west annex, I can bring it out.. get Amber to do one time login, then you change your password?

Thanks,

David

Good day David.

Just a heads up re our previous discussion about my new computer delivery and set up here in Premier's Langford office.

s.22 So please give

me/Amber lots of notice when you are ready to visit so I can be sure to be here.

And, just a reminder that I'm also hoping that during the visit for computer set up you can include figuring out how I can connect to the printer in this office – which is in the LASS domain that Constituency Offices use. So I either need to be able to talk to that printer or use another directly (?) . Will of course take your advice and direction on how to resolve that problem (which I assume is the same for all constituency based Executive Assistants)

And finally, not sure if this is your domain, but also am requesting a telephone (land line not cell phone) headset.

Thanks for past and upcoming assistance, it is much appreciated.

Best

Subject: Port Renfrew Grand Opening

Good afternoon Mr. Premier,

I am writing to extend an invitation to join us for the grand opening of the new Port Renfrew gas station which is taking place on Thursday November 9th. I know from the 30,000 foot view where you now sit this is a very small event. It is however a large stepping stone for Port Renfrew. This is the first gas service for our community after a very long absence and this initiative has been executed by the Pacheedaht First Nation. This represents another positive step for the Nation and the overall community. I thought this may be a good opportunity to connect with constituents in the community and to be a part of the first of many more successes moving forward. I understand the demands upon your time as Premier may not allow the time to attend. I did however want you to know the invitation is there for you if your schedule allows. Should you have questions or require further details, contact me at your convenience. Thank you for the work you do for our electoral area.

Best Regards,
Karl Ablack

Morning Mr Banks.

Thank you for contacting Premier Horgan's constituency office regarding your spring 2018 visitors.

You are going to be contacted by Diana McNeil from the Fish and Wildlife Branch who will work with you to set up a meeting with Jennifer Psyllakis who is the Director of CORE program curriculum. You can work with Diana to arrange particulars of the meeting you have requested.

Although MLA Horgan will not be able to attend, we are pleased to assist in getting you in touch with the appropriate folks for your guests' request.

I wish you all the best and thank you for your ongoing work with gun safety and instruction.

HI Bruce

We are looking forward to our meeting on Tuesday, 21st at 1:00 PM.

Attached please find a slightly amended agenda.

The names attending are as follow: Arielle Houghton (Provincial Organizer); Marilyn Sundeen and Jeff Bateman (Sooke); Kathryn Cass and Sheldon Ottley (Westshore).

Thank you so much again for giving us your valuable time,

Marilyn

Hi Bruce

Our Regional Rep (Arielle) has just told me she is available on 21st from 1:00 - 2:30, so can we do it later that day...or how is Thursday 23rd.

Sorry for the confusion,

Marilyn

Hi Bruce

Thank you so much for taking up this matter and responding to us. It is much appreciated. I am glad that Mr. Premier has someone on his team with such a distinguished background!

That would be great to meet with you so we can outline our concerns. Meeting at Mr. Horgan's Constituency office on Jacklin is probably easier for us, as we will be having a couple of people from the Westshore attending.

How is WED. Nov. 29th for you? The morning is preferable but anytime that day is fine. I will be able to send you a list of people (no more than 5) who will attend once we have a confirmed date. Myself and Arielle Houghton from the headquarters of Dogwood will be attending for sure.

Thank you so much again for your attention and I look forward to hearing from you.

Marilyn Sundeen

Sooke Team Lead, Dogwood Initiative

On 2017-11-08 13:10, Fogg, Bruce PREM:EX wrote:

Hello Marilyn. My name is Bruce. I have recently been hired to work for Premier Horgan in his Langford community office. I previously worked for MP Randall Garrison and in that role occasionally had an opportunity to sit in on meetings the MP occasionally had with Dogwood.

Since Premier Horgan is frequently tied up with his duties as Premier, I am tasked with meeting constituents and groups on his behalf. To that end, I have seen the email below and am wondering if your group is interested in coming to brief me. I will pass along any information to the Premier/MLA.

If you approve we can meet here at the Langford constituency office, or I can come out to a Sooke location which might be more convenient for your group. Just let me know your preference.

At this point I could do a meeting on November 16 or 17 or sometime the following week.

Please let me know if, when and where you want to meet. I'm flexible so let me know if any of those dates don't work.

Looking forward to hearing you on all of the topics below (and any others you may have)

Looking forward to hearing back.

Best

BRUCE FOGG

Executive Assistant (Constituency)

PREMIER JOHN HORGAN

250-391-2801

c) 250-208-2179

HI Maureen

As per our phone conversation, attached please find our agenda regarding our request to have the Dogwood Initiative of Sooke and Westshore/Juan de Fuca Constituency meet with our member, Hon. Premier Horgan.

We will have 5 people: Arielle Houghton (Dogwood South Island Provincial Organizer), Marilyn Sundeen (Sooke Team Leader) Jeff Bateman (Sooke Team) + 2 from the Westshore Dogwood Team (names not available yet).

Here are the bullet points you asked me to put in the body of the email:

Purpose of the Meeting:

- To establish a good working relationship between the Premier's office and the Sooke Dogwood Team to ensure we can work together to protect our environment and democracy

Agenda:

- Congratulations to the Premier

- Thank you for your work to stop Kinder-Morgan; Ban Big Money; Thermal Coal Exports
- Find out how we can support the Premier to stop the KM pipeline, launch a corruption inquiry and end thermal coal export

Questions for the meeting:

1. Kinder Morgan

- Do you know what steps we can anticipate from here?
- What political support can we continue to provide to help the new B.C. Government stop this project? (How can we help you to take the next steps to cancel the provincial permits?)

2. Ban Big Money

- How are you planning to respond to the mounting pressure for a corruption inquiry e.g. casino donations, Port Mann Bridge, Corporate Mapping Project.

3. Coal

- Will you act to ensure that coal proposals undergo comprehensive health and environmental reviews? When?
- Will you protect B.C.'s health and the global climate by adding a fee to thermal coal exports through B.C.?
- What do you need from us to make these things happen?

Please let me know when we might meet with Premier Horgan.

Thank You

Marilyn Sundeen

Sooke Team Lead

this a union matter they advocate for their members .If one retires before 65 they would be entitled to a bridging on top of pension till 65(67) then would be entitled to OAS and at age 60 they can apply for CPP.Doesnt sound like thee people went to any preretirement info sessions . I dont believe any public pensions guarantee 55percent . As I said before it is barganing between parties. Cheers Hans Ps if they worked s.2 years and retire at s. they have the 90 factor.

Subject: Care Aides/Community Support Workers Pensions

Adrian, Judy and John, I am sending this email request to Adrian and Judy in their capacities in provincial health care and I have included^{s.22} John Horgan for his assistance and comments as well.

For years our healthcare system has been failing us and failing our healthcare workers. I have two friends that fit into the category of frontline Health Care Aides/Community Support Workers and I feel that they have been let down by previous BC governments for too long. My friends are nearing their retirements and find that after over $s.2$ years of service, their pension rates remains fixed at 40% and a formula that must reach "90" for best results. Past alterations on their municipal pensions, wage rollbacks and stalled wage levels along with $s.$ years of disability for one friend have made his retirement outlook dismal. He told me that he's very worried about his well being and that of his family with $s.22$ kids still in school. He asked me how I would feel after $s.21$ years, retiring with about $s.22$ per month. Can this be right? I could not do it. He tells me that his Union Steering Committee is looking at the municipal pensions situation, but he very concerned that the committee may be overlooking some important needs of the members, and the matter could use the Ministers' attention and help.

I feel that the current Municipal Pension Plan isn't sufficient for what they are doing for the public. Has our new NDP government given any thought to reviewing and enhancing municipal pensions? A 40% pension without an escalating scale is totally inadequate and needs to approach 55% and add some consideration for those working many years and experiencing past injuries $s.22$

$s.22$

$s.22$

Hi Bruce,

It was Layne Clark who organized the EA call on Tuesday. You would have got an email from her which was followed by a calendar invite. It was for all the EA's.

Did you get an invite to the MA call on Friday? If not, let me know and I can forward you the details. Also, if you didn't then it might be a good idea to shoot her an email and ask her to ensure you are in the EA distribution list ;)

As for the SI FAB 5, I would love us to meet in person but understand that might not make sense for everyone but how about we figure out a way to do a conference call? Anyone have the skills to make that happen?

Morning . Can someone pls let me know if there is an EA conference call this morning? And if so how I might sign onto it? Thought I heard a rumour there was one this morning.

And also same requestare we supposed to join the MA call later this morning and if so how?

Thanks.

Hi Bruce,

It was Layne Clark who organized the EA call on Tuesday. You would have got an email from her which was followed by a calendar invite. It was for all the EA's.

Did you get an invite to the MA call on Friday? If not, let me know and I can forward you the details. Also, if you didn't then it might be a good idea to shoot her an email and ask her to ensure you are in the EA distribution list ;)

As for the SI FAB 5, I would love us to meet in person but understand that might not make sense for everyone but how about we figure out a way to do a conference call? Anyone have the skills to make that happen?

Curious Kim

Hi Bruce, this is just a quick note to thank you for attending the meeting on Friday with the Juan de Fuca Community Trails Society. I received an email from Rosemary Jorna this morning and will be setting up a meeting with the Society and my staff.

I spoke to staff this morning and was informed that an inventory of the trail and facility conditions was completed in late October and a plan for focusing our capital facility work has been prepared (copy attached). We will be dedicating approximately \$300K on the marine trail next season. We will provide that information to the Society when we meet with them.

Thanks,

Don

Hello David.

Good news – yes Premier will attend the field opening Dec 2.

But I need to get a bunch of info from you:

- Where, exactly when, what is the agenda, what time should Premier arrive, is there a role he will be asked to play at the event, who is the contact person for the event etc.

s.15

Also, I am copying my colleague Maureen Mitchell-Starkey who also works for John in the Constituency office. If you could respond to both of us that will be helpful and we will subsequently send the info down to those who need to know this stuff in his office downtown.

s.22

s.22, so Maureen will ensure the info keeps flowing until we shut down the Constituency office for the Season break on Dec 22.

Best. And congrats on the new field opening. Always good to get more community assets.

Hi Bruce.
cc'd to Sooke EDC members.

I hope you are well and that the workings of the office are smooth! Please extend my regards to your coworkers and to the Premier.

When you were here at The Stick in the Mud we spoke about the possibility of a meeting with Minister Trevena. Have you had a chance to reach out to the Minister's office? Is a meeting something that will be possible in the near future? Sooke's EDC is gathering next week and we would appreciate an update to plan our agenda.

On a related issue, I think that you, Randy and I spoke about the universally more palatable Bite-Sized-Chunks that we have identified for quick and relatively simple remediation on Highway 14. Those 4 items include:
lights at all the intersections,
better bus stops & shelters,
a transit or counterflow lane,
smoothing the S-Curve between Connie and Gillespie roads.

Regarding transit concerns from the above list, Langford and Sooke are the fastest growing municipalities in the CRD. I have spoken with BC Transit staff and they intimate that there will be some studying of Highway 14 at around 2019! For Sooke residents to be expected to wait until 2019 for BC Transit to address current issues on Highway 14 is a Big Ask especially when the Ministry is about to release a study on the same corridor. It really seems that Transit and the Ministry need to be on the same page here. Sooke's EDC can be the liaison here.

I know that transit stakeholders (including MLA Mitzi Dean) have met for the area including Colwood, Langford, View Royal, Saanich and Victoria. A group session with BC Transit, Highways staff, someone from your office and a commuter

group from Sooke would probably be a very useful tool to move forward on important safety and service initiatives on THIS side of Metchosin Road.

Nobody from Sooke is suggesting that transit updates are not due in other parts of the region. However, the sentiment of under-appreciation in Sooke is only going to be exacerbated if we are told to wait another couple of years before BC Transit even begins discussion of existing and legitimate concerns of safe and simple access to our homes while it is being actively addressed for users on other parts of the same transit routes.

Lastly and somewhat more lightly, Sooke's new community Turf Field has finally been completed and largely due to the hard work and donations by hundreds of volunteers. There will be a gala event (well, as gala an event that is possible for an outdoor recreation facility!) for the opening of them in early December. Would Premier Horgan be available to kick a soccer ball around sometime on the first or second weekend of December?

Thanks so much for your consideration, Bruce. I and the other members of Sooke's EDC appreciate your time.

My phone numbers are always available to you.

So I understand now there will be no Sooke event Friday.
So can you ask him if he wants to do some version of this:

-
- 9:30 – 11 am with staff for financials, catch up, end of year plan,
-
- 11 – 11:30 with his Constit Assoc Pres Sharon Wilkinson to catch up and prep for AGM Saturday
-
- 11:30 – Noon hour with volunteers
-
- Are there constituency calls he's been putting off that we in the constit office don't know about?
-
- 4:30 Sooke bus from downtown cant imagine but struggling to find things for him to do here.

Good day Chief Jones.

I am the new kid on Horgan MLA staff here in his Langford constituency office. Part of my role is to keep on top of current issues in the constituency so that MLA Horgan can keep abreast of developments despite the fact that he's spending a lot of time down at the Legislature. So to that end, looking forward to speaking with you at some point soon so you can update me on Pacheedaht Nation issues you want to keep Horgan MLA informed about.

Horgan MLA did receive an invite to the gas station opening Nov 9. Unfortunately neither of us are able to attend but he did want to send a congratulations certificate. Can you please let me know if the below information is correct and accurate and if there is further information about the station that John should have.

Gas Station – Port Renfrew.
Opening Nov 9, 2017
Owner /Operator – Pacheedaht Nation
Station Name – “Pit Stop”

Will there be some sort of store attached/as part of the gas station?

Congratulations. We will get a certificate out shortly.

All the best.

Morning.

I'm told that even once session ends you Amber are the person who will control PJH schedule even for constituency days/events. Therefore here is one invite.

Bruce Fogg
Executive Assistant (Constituency)
Premier John Horgan, MLA
Langford-Juan de Fuca
250-391-2801
c) 250-208-2179

OK can he please approve the following:

Maya Tait will say on Saturday night at the Sooke Firefighters and Rescue Volunteers Banquet And I bring greetings from MLA & Premier John Horgan. Thank you to Chief Kenn Mount and all our volunteer firefighters , emergency workers and safety volunteers. Thank you for your dedication, hard work, and the long, sometimes dangerous hours, that you commit to Sooke and our citizens. As the brother of firefighters, Premier Horgan knows firsthand the commitment and sacrifice that you all make as volunteers. Enjoy your evening celebration and THANK YOU for your service.

AND

Sunday at OPSRAA

Bruce will say:

Happy to be here on behalf of MLA Premier John Horgan. Thank you to OPSRRA for all the good work you do on behalf of residents of Otter Point, Shirley and Jordan River. I am here today to listen to community members and panelists while we search for collaborative solutions to identified issues in the area. Thank you for inviting John Horgan. I look forward to meeting everyone.

Morning.

Is this something you do?

Can you please forward to whoever might be able to produce and have Premier approve brief greeting :

Who: Sooke Volunteer Firefighters and First Responders Appreciation Banquet

When: Saturday November 4 evening

Greeting delivered by: Mayor Maya Tait to incorporate into her speech

What needed: One paragraph of words thanking Sooke Volunteer Firefighters, Rescue and Emergency Support Volunteers

Please let me know if this can be done.

Thanks

Hi Don thanks for working on this. This model was recommended by David Henry who said it had been researched and recommended by the techie folk.

I agree it's too expensive. I presume I would only use it for phone but I guess being able to use with computer would also be helpful.

Thanks Don

Hi Bruce,

Looking into this headset acquisition. Is this the model recommended by the technology staff? Do you know who you spoke to?

You're using it connected to the phone, computer, both?

We may be required to source a lower price on this unit or a less expensive model that will equal this one and meet your needs. Just doing the background.

Jabra® PRO 9450 Mono Flex-Boom Wireless Headset, \$329

Subject: Re: Hiway 14

Good morning Bruce.
cc'd to fellow members of Sooke's EDC.

Best regards to you, your staff and to The Premier, I hope this finds you well and firmly in control!

Thanks so much for looping into the conversation with Minister Trevena.

Sooke's EDC members completely understand the workload facing all the MLAs and especially the Ministers. We take it as part of our mission to lessen their workload by presenting issues that are non partisan and that have a critical mass of public support. Essentially, we aim to be an extra dozen or so eyes and ears for the politicians in our region. We like to say that we are The Sooke Party.

Further to the concerns of Highway 14, I exchanged emails yesterday with BC Transit which has been making bus stop improvements at the Langford end of Sooke Rd...I of course asked if they would be making improvements to stops closer to Sooke as buses often impede traffic flow when they can not pull onto a paved shoulder for passenger embarkation and disembarkation. It sounds like BC Transit is as anxious for the release of the Highway 14 Corridor Study as is Sooke's EDC.

Recently, the EDC has recognized some Bite Sized Chunks of improvements for Highway 14 just so that everyone understands that this need not be a huge infrastructure project...At least not immediately. Safe, hassle-free access to and from Sooke is our goal.

Here are the 4 most crucial chunks we identified for attention, the corrections of which we wish to pursue with alacrity:

- 1) Connie Rd. to Gillespie Rd. The s-curve that wraps the 17 Mile Pub is over-represented with emergency response. Fellow EDC Member, Jeremy Wilson's family (owners of the pub, liquor store and Adrenaline Zip Lines) actually sold land to the ministry back in the early 2000s to address this concern but nothing has happened.
- 2) Potential for 3rd lanes or pull-outs in strategic spots. EDC member Doug Wittich is investigating where the existing road allowances are such that a third lane is possible. This lane could be a pull out for slow vehicles or for uncertain

drivers or even a merge lane in places like the Kangaroo intersection...Potentially we could one day have a dedicated Transit/carpool counterflow lane,

3) Street lights at each intersection along Highway 14. EDC member Randy Clarkson is investigating lamp standards at each intersection. Starting with Manzer Road, another accident hotspot. Coincidentally, the email I sent to Minister Trevena last week was delayed in being sent as I was held up in traffic after an accident in front of me at Highway 14 and Manzer Rd,

4) Lighting all bus shelters and ensuring road shoulder width is sufficient that buses can exit the traffic flow. As mentioned above, I have been in contact with BC Transit with the goal of improving safety and increasing efficiency for all users of Transit and of Highway 14 generally.

I look forward to further discussion with you, Mr. Horgan and Minister Trevena, Bruce. Any of the EDC's members could be available at short notice.

Thanks,

David

Morning David. Writing to introduce myself as Premier Horgan's new staff person in the Langford constituency office. We've met a couple of times: at Horgan's campaign office last spring and at various times when I was visiting Sooke in my previous role as assistant to MP Garrison.

My new role here is, amongst other things, to try to move forward files of interest to MLA Horgan. As you will be aware John is particularly interested in moving forward with much overdue work on Hiway 14. I have seen your email correspondence with Minister Trevena's staff and, of course, have spoken at length with Hans Frederickson who has worked on this file on John's behalf for years.

I have inserted myself into the conversation about your meeting request with Minister Trevena. Hope in a few days to have a more favourable response or alternative meeting option but nothing to report this morning.

John would of course want me to pass along his best wishes and thank you to you and the Sooke Economic Development Commission for your ongoing hard work on behalf of Sooke.

I look forward to speaking with you in the near future.

Best

Hello. Not sure which of you is on this file so sending to both until told otherwise.

Wondering if Minister/MLA can do PR announcing Review will be delayed as the scope has changed to include complete length of highway. Or something like that.

Enquiring minds want to know status of Review – which was originally scheduled for this fall, but now obviously needs to be delayed due to expanded scope.

Could also let the public know about proposed next steps...ie when public gets to have their input ?

Also fyi Premier is being briefed Friday by Kevin Richter and staff on scope and MLA input. Thank you for making that happen.

Can you please let me know your thoughts on PR or have Kevin address that Friday?

THANK YOU

Hello Hermione. My name is Bruce. I've recently joined Premier Horgans constituency office staff here in Langford. Previously I worked for six years in the constituency office of MP Randall Garrison here in Victoria. Part of my role is to meet with folks who, unfortunately, MLA Horgan is not able to meet with in timely manner due to his role as Premier. Therefore, seeing the email below, I'm wondering if I could come visit your Westshore office on his behalf. Happy to meet as well with your ED and Dr Mason too if you think that would be beneficial. Your call. I'm pretty flexible with times at this point. So next week could come to 111-2787 Jacklin on any of these dates/ times if one might work: Tues 14th after 3pm, Wed 15 between 1 -4pm or anytime 16 or 17. Unfortunately my calendar occasionally changes on short notice but as of this moment I could make any of those times. Please let me know. Thanks to you and staff for all that you do. Looking forward to meeting everyone. Best

c) 250-208-2179

I came by your office a couple weeks ago to introduce myself and tell you more about the services we will be offering at our new AVI Westshore Clinic. We are getting really close to opening! There are boxes and piles of stuff everywhere but we are getting there and hope to be open to take patients starting mid-October.

What I am wondering if there is any possibility of Mr. Horgan coming by for an informal meeting with our Executive Director Katrina Johnson and our Medical Director Dr. Randal Mason? I realize he must be incredibly busy but I wondered if he would consider it.

They would like a few minutes to show him the clinic and have the opportunity to talk with him about what our long term goals are around service provision and what some of the gaps currently are. With the overdose crisis, so much stigma around drug use, and the general lack of health services in Westshore communities I would imagine that Mr. Horgan is already thinking about these issues and may welcome an opportunity to get 'closer' to what is happening frontline and what kinds of solutions may work?

Anyhow, we are open to your suggestions around this and available at his convenience. We would not invite media or anyone else to attend.

Also, so it is on your radar, we are planning on having an open house on Tuesday December 12th from 3-6pm so that community members can come by and see the clinic and learn about harm reduction, addictions, and overdose prevention.

We will likely offer Naloxone trainings on site at the same time (as well as yummy snacks!), so please feel welcome to attend and invite others if you want to. I will send out an invite when we have one.

Best wishes, Hermione

Hi Diane. I'm a recent hire here at John Horgan's MLA office in Langford. Just wanted to introduce myself and to inform you that your letter regarding Foundation Skills Assessment has been sent to the Minister of Education for a response....which hopefully will arrive to you soon.

In the meantime I thank you for all you do on behalf of teachers. I wish you all the best and look forward to meeting and speaking with you soon.

Morning Sooke Chamber. I had spoken to Wendy in your office last week about the Chamber AGM on November 23. I have checked Premier's schedule and unfortunately he is not able to attend that date. However attending a future Sooke Chamber event remains on his priority list so can you please keep us on the list of invitees for upcoming events. His schedule restricts his availability but he does want to come to meet Chamber and thank folks personally for your ongoing good work in Sooke. Wishing you all the best for the remainder of 2017.

Hi s.22 Maureen Mitchell-Starkey passed along to me your email below of Nov 6.
I appreciate your comments s.22 Yes I hope they work together for a long time in order to clean up the mess left behind by the previous government.
All I can suggest is that you continue to work with your local MLA to have issues about CLBC raised with government. And to that end I encourage you to write a detailed letter outlining your family's situation to the Minister responsible and to premier@gov.bc.ca in order to keep them informed of your situation and the need for resolution.
I wish you every success.
Sincerely

BRUCE FOGG

Subject: s.22 adequate Homeshare or Affordable Independent Living

Hi John, s.22 Maureen, s.22
I do trust that this note finds you all well and comfortably on top of day to day running of this Province ! :-)

First here Moe ... I have been in contact with s.22 several times since May after you sent me there s.22
s.22 and I both have been to s.22 office to meet with him. s.22 even went there once on his own.
All meetings have been regarding s.22 lack of an appropriate Homeshare or subsidized Housing being found for him since s.22 2016.

As told to s.22 and I are at our wits ends waiting. So many protocols in place with a myriad of hoops and barrels put in ones way which we follow or comply with and yet Na Da. There is such a huge need yet there is nothing for him (many like him) through CLBC. Why do we have an organization that is tasked to find adequate and affordable housing for people on PWD when there is Absolutely nothing available to be offered up ? It's a bit of a bad joke really.

We sold our home s.22 on the promise of having a Homeshare in place for s.22 within a few months max. Who'd a thought there was nothing out there. We have been paying 2k a month rent and truly have lost so much money in equity by selling our house and leaving before there was something in place for s.22 My bad, oh my so bad for listening and for trusting.

We were actually told by CLBC that s.22 more than likely won't be kept on the list for this as he may no longer qualify. He's been on PWD since about
s.22 so what has changed on his part, what has changed in his disability that would now have him not qualify. I am tired and I am scared for him. The new PWD amounts are a welcome relief for him by the way. Thank you for all that you did so very quickly for the PWD Recipients.

The entire funding model for CLBC needs a big shake up. If they are unable to place the majority of their clients then they do not deserve the funding.

There are so many fish to fry, (no not farmed fish they have to go) to undo the mess that the former government of 16 years has left you (us all in) so I get that this is not very high on the importance list. I do not know what I am asking you to do or what I think that you can do, but I need to say something and keep saying something until the affordable Housing issue is being solved. For everyone.

Thanks for your ear.

s.22

Subject: Horgan MLA

Hello Hermione. My name is Bruce. I've recently joined Premier Horgan's constituency office staff here in Langford. Previously I worked for six years in the constituency office of MP Randall Garrison here in Victoria. Part of my role is to meet with folks who, unfortunately, MLA Horgan is not able to meet with in a timely manner due to his role as Premier. Therefore, seeing the email below, I'm wondering if I could come visit your Westshore office on his behalf. Happy to meet as well with your ED and Dr Mason too if you think that would be beneficial. Your call. I'm pretty flexible with times at this point. So next week could come to 111-2787 Jacklin on any of these dates/ times if one might work: Tues 14th after 3pm, Wed 15 between 1 -4pm or anytime 16 or 17. Unfortunately my calendar occasionally changes on short notice but as of this moment I could make any of those times.

Please let me know.

Thanks to you and staff for all that you do. Looking forward to meeting everyone.

Best

Thanks Bruce.

Yikes, can we get the 4" x 5" ad here now (today) for tonight's Nov 24th issue? Then I will also run it online through Dec. 4. I think that's better than putting it in the Dec 1st issue. Can do? Otherwise, will stick to the plan of running that ad in the Dec 1st issue. Let me know asap, for layout of tonight's paper.

Meanwhile, will change it in the event listings.

Thanks

Hi Kenn. The request below came into Premier's constit office. Constit is asking for MLA Horgan to meet a New Zealander next spring who is coming to meet folk about BC Core and other programs. Is there someone in the Ministry who I can have this constituent contact? I'm doubtful MLA Horgan will want to personally meet this person but we would be happy to set him up a contact who knows a lot about BC Core.

Thanks for any names/contact you can suggest.

Not urgent

Subject: Hunter Safety - Sharing Information with New Zealand

Good Morning Mr Horgan,

I am reaching out to you to ask if BC would be willing to share information regarding its Hunter Safety Program (CORE) with New Zealand. I just spoke with Don in your office and he suggested that this may be of interest to you and that I should email you with the details.

My name is Ed Banks and I live in Sooke, BC. I am an instructor specializing in teaching Hunter Safety, Firearms Safety, and First Aid through my company, Instinct Canada. Amongst other things, I am an RCMP designated Firearms Instructor and a BCWF CORE Hunter Safety Instructor. I also write Hunter/Firearms Safety columns and articles for various publications, and have submitted a report of recommendations regarding Firearms Safety to Canada's Minister of Public Safety, Ralph Goodale, upon his request.

Although I now live in BC, I still return to my home country of New Zealand once a year to teach Hunter/Firearms Safety there.

Having taught Hunter Safety and Firearms Safety in many different countries, I truly believe that BC's CORE Program, and Canada's Firearms Safety program, are the best of their kind in the world, and New Zealand could learn a lot from them.

In New Zealand, Hunter/Firearms Safety is the responsibility of the New Zealand Police, and the program is administered by the Mountain Safety Council (MSC). The MSC is looking to update and improve their Hunter/Firearms Safety Program and, upon my recommendation, are very interested in learning from Canada, and BC in particular.

My contact in the MSC is planning a trip to BC next spring to meet with various government and industry representatives such as the BCWF, the RCMP Chief Firearms Officer, SAR Prevention Canada, and Parks Canada etc.

Due to my being from New Zealand, but currently living in BC, and teaching in both countries, the MSC has asked me to act as a liaison between the two.

Would you be willing to discuss this with me further and possibly set up a meeting with myself and New Zealand representatives for next spring?

I am passionate about increasing public safety, and I think this is a fantastic opportunity for New Zealand and BC to work together and share information in a way which would benefit both parties.

Thank you for taking the time to read this email, and I look forward to hearing from you.

Kindest regards,

Ed Banks

Ok.. we were still waiting on our end to finalize the info from the regional office. But that's ok. Ryan Jabs in our comms shop was going to reach out. But he will take her call of course.

Ryan thinks we may need to seed it further, in case Mary's piece is not read by bigger outlets like TC, etc.

Our folks will formally engage with Mayor of Sooke and any others you suggest, such as contact for the economic development group you mentioned. Just send me the names that we should engage and it will happen.
Thanks.

Hi Greg,

Thanks for checking.

We had Bruce Williams (Community Engagement) stopped by Carole's constit. He handed Jared his card and said he would like a meeting with the Minister but didn't say what for or follow up with any correspondence. We haven't received anything from Emilie. I think I'll hold off on a meeting until they contact us directly ;)

Cheers,
Kim

Subject: Juan de Fuca Marine Trail and Juan de Fuca Provincial Park

To The Minister of Environment and Climate Change Strategy
November 1 , 2017

The Honourable George Heyman

The Juan de Fuca Community Trails Society is a community based organization requesting a meeting with an official in the Ministry of Environment and Climate Change Strategy concerning the Juan de Fuca Marine Trail and the Juan de Fuca Provincial Park. We wish to better understand the planning for its future.

We can find the Ministry's Juan de Fuca Provincial Park Purpose Statement and Zoning Plan of March 2003 but have been unable to locate any management plan nor are we aware of any planning process involving the public since 2003.

"A management plan is the result of a management planning process and is developed with First Nations , local governments, the public and other interest groups." (BC Parks website Oct 18, 2017.)

There have been changes in land ownership and use around that park since 2003. There has been a steady increase in park usage with no apparent matching increase in park maintenance. The footing on the trail is

degrading rapidly. In this dry summer there were many areas of treacherous mud resulting in the widening of the trail and erosion of slopes not to mention the hazard to hikers. Signage is missing, boardwalks and steps are rotting out.

West of Sooke, less than 3% of the land is protected as park and it is increasingly under pressure as the population of the Capital Regional District grows and the rate of timber removal increases even as the number of jobs in the logging industry falls. As tourism is an increasing source of revenue for the area and is at risk due to environmental degradation. This lack of balance resource extraction and environmental protection is short sighted

We had been told in May 2016 that the BC Governments purchase of four land parcels above the trail would result in better protection for the trail and its access points We have seen no evidence of that and no evidence that there has been any public consultation We hope that with a change in government the Juan de Fuca Marine Trail and the Juan de Fuca Provincial Park will receive the protection and maintenance it needs

We appreciate the Juan de Fuca Marine Trail is an economic and recreational treasure valued for its wild nature. It is an international magnet for those seeking a wilderness experience.

The Juan de Fuca Community Trail Society wishes see the management plan for the Park and to discuss how the Ministry of Environment and Climate Change Strategy is supporting this natural heritage.

Yours truly

Rosemary Jorna

Subject: Kinder-Morgan - Dogwood
Attachments: Marilyn Sundeen - Dogwood Sooke; Kinder Morgan Key Messages.docx

Hi. Bruce met with Sooke Dogwood on Nov 21 on MLA Horgan's behalf. Contact/respond to Marilyn Sundeen (card attached).

Is it possible for you to use the latest Kinder Morgan messaging and answer the following questions left by the group;

- Why no response from gov't when KM flaunting laws re spawning mats.
- Why isn't the Environment & Land Use Act being used to stop KM. Why no review under this Act?
- What are KM permits being revoked?
- What is Tom Berger doing? He seems awfully quiet.
- Why did BCNDP government maintain same stance as previous gov't on the Squamish case.? Will BC appeal if Squamish win (won?).

Thanks for anything you can go.

Hi Moe!

Thanks for reaching out.

Check out - The ID Project, an ID clinic that our office operates with a number of non-profit organizations. Two law students from UVic, their supervisor, and myself assist folks with their paperwork; we then send it off, covering their fees, and the ID comes to our office, which is photocopied and kept in their file. I've attached the poster with the upcoming dates and information for you as well.

Good luck! ☺

Subject: Meeting Harry Vowles re Otter Point Road

Morning Ryan. Hope you are coping ok with the big rains.

John has asked me to request that you meet with Wally Vowles regarding options for Otter Point Road. You are probably aware that Wally works closely with CRD JDF rep Mike Hicks on highways issues in the area Mike represents. I also understand that if you are able to meet in the next couple of weeks there may be space available at the Otter Point Rd CRD building that you could use. Or, if it is helpful we can certainly provide space here at the Langford constit office.

Wally's phone number is s.22

And in fact if you can make time to meet, just let me know of couple of your preferred times, dates and location and I can work with Wally to make it happen.

Let me know please and thanks Ryan.

Hello all,

My name is Andrew and I am a Constituency Assistant for MLA Mitzi Dean. Unfortunately, we just received notice from the Parliamentary Clerk's Office that a Public Accounts meeting has been scheduled Monday afternoon at a conflicting time to the meeting we had scheduled with SD62. Mitzi's attendance at this meeting is unfortunately mandatory, and as much as she would like to be meeting with you, she is unable to meet on Monday afternoon.

I am extremely sorry for this last-minute cancellation and we would like to rebook a meeting at the earliest opportunity. Again, our apologies for this late notice, we look forward to meeting in the near future.

Thank you,

Andrew

Hi Abigail.

I recently joined Premier Horgan's staff working in the Langford constituency office. One of my tasks is to meet constituent and organization groups here in the constituency when the Premier is unfortunately not able to meet with as many folk as he would like to due to ongoing responsibilities as Premier.

I was made aware of your Sept 26 email requesting meeting. Wondering if you may be interested in meeting me here in Langford to sit down and brief me on the work and projects of the Construction Foundation. My role is to listen, learn and pass along information to the MLA/Premier.

I would be happy to meet with you and Foundation members if you wish. If so please contact me by return email or by calling the numbers below to find a date and time.

I'm here most days and, so far, somewhat flexible.

In the meantime I thank you on Premier's behalf for all the good work the Foundation has done and continues to do. Best.

Subject: Re: Meeting Request for Minister Trevena

Thanks for the reply, Jacqueline.

I regret that my reply to your note has taken me all morning to send but I kid you not, I was stuck in traffic on Highway 14 due to a road closing MVA at the corner of Manzer Road. Photo below.

A copy of this reply has been sent to Mayors Maja Tait and Stew Young, to John Horgan's office and to his official Office of the Premier. Also copied on this reply are members of Sooke's Economic Development Commission (EDC), as follows: Jeremy Wilson, Randy Clarkson, Scot Taylor, Doug Wittich and Wolfgang Richter.

I fully understand how busy the Minister is but I feel strongly that, despite her provincial responsibilities, it is incumbent upon her to stay on top of her mandated concerns from the residents of lower Vancouver Island. Restricting access to and from Sooke is hampering economic activity of our community and stifling the ability of my neighbours and I to fully participate Vancouver Island's inimitable lifestyle.

You recommended that I speak with other people about the issue. I have. At length. I have personally spoken with her Worship Mayor Tait and our MLA, Premier John Horgan, about the pressing issue of Highway 14, as well as with Mayor Stew Young of Langford and many of councillors of the Municipalities of Sooke, Colwood, Metchosin and Langford. I

have also discussed this issue with CRD Director Hicks as well as past and current MLAs in neighbouring ridings, not to mention discussions that we have had amongst members of the EDC, as well as conversations with the past Minister responsible for highways and current Liberal leadership candidate, Todd Stone.

The one voice absent from these many non-partisan conversations about improving provincial Highway #14 and securing a safer access to Sooke is Minister Trevena.

In a nutshell, please let me emphasize that the EDC group I represent has invested its valuable volunteer resources to spearhead community action, discussion and debate on the problem of Highway 14. With a mandate from the greater community, Sooke's EDC is dedicated to bring overdue political attention to the problem which Highway 14 represents to our citizens as one of PARAMOUNT Issues for the Premier, the government and the Ministry to focus on during its tenure in government. Therefore, we are anxious for Minister Trevena to make time in her busy schedule to meet with us at the earliest opportunity.

We are also anxious to get further information about the impending study of the Highway 14 Corridor (autumn release, we have been told). Lives have been lost and the wait has been too long for Sooke residents to see that document completed. While we appreciate that the change in government may have delayed its completion by Ministry staff, it is important that this matter does not fall between the cracks while the government and Ministry come up to speed on the many other important issues they may be facing.

Thanks so much for your work in conveying the urgency and import of the matter to Minister Trevena.

Today on my drive back to Sooke from Victoria:

Hi Dan. Thank you for contacting me. Yes it's a shift moving from federal to provincial – I'm extremely happy to be given the opportunity.

Yes happy to attend an information meeting on the PCFSA and Threshold. I understand MLA Dean has been working on this issue with you. I'm happy to attend on MLA Horgan's behalf but am unfortunately not able to say when he may be able to host such a meeting here in his Langford constituency office. As a compromise may I suggest that when MLA Dean is able to host such a meeting I can attend on John's behalf and gather information for him at that time. Am copying Andrew Barrett in her office for information.

Wishing you all the best and congratulations to you and the Board for your amazing work getting PCFSA building up and running. I too attended the ribbon cutting – spectacular project.

Thank you Dan. Look forward to speaking with you soon.

Hi Bruce,

My name is Dan Spinner. Welcome to John's office !

MLA Mitzi Dean and I have chatted with John recently about a project with vulnerable Youth in the West Shore and involving PCFSA (Pacific Family Services Association). In fact the Premier was good enough to come to the recent opening of our new Centre for Wellbeing in the West Shore just a few weeks ago and helped to cut the ceremonial ribbon along with the Lieutenant Governor. I am a Director of that organization as its Vice Chair.

John asked us to set up a meeting to discuss this project through his Community office and Maureen has suggested I work with you to organize this. Of course we could also meet at the Leg if that is his preference.

We will need about 30 minutes and expect to have a background document available for him ahead of any meeting.

Let me know what might work and we will adjust our schedules accordingly.

Thanks,

Dan Spinner
Vice Chair
PCFSA.

Good day team Spencer. Hi Murray – hope you are well and enjoying life, finally, again as a government staffer.!!

Just checking a rumour I'd heard that Spencer had done some work on this issue of noisy motorcycles. I'm curious if any headway was made/any legislative changes being contemplated?

I know that many residents of Horgan's constit are similarly concerned.

But also know this would be a very controversial issue for some groups and therefore hoping you can call or fill me in on status of this issue. And to be clear I'm just trying to gather some current status info here, not advising that MLA Horgan has a current public position on this.

And in the same vein do you have any bullet points that have been developed for folks unhappy about motorcycle noise?

Thanks for anything you can pass along

Hello s.22

I left you a voicemail to arrange a phone call but in the interim you may wish to read the below and attached.

May 22, 2015

Honourable Todd Stone - Minister of Transportation
Rm. 306 Parliament Buildings
Victoria, BC V8V 1X4

RE: BC MOT Public Consultations on loud vehicle noise

Dear Minister Stone,

You may recall, we have communicated on a number of occasions regarding loud vehicle noise.

I would like to thank you for moving forward on an initiative to address this problem which bothers both of our constituents.

I'm writing to ask when you expect your Ministry to proceed with the public consultation process?

I have been contacted by many good people on both sides of this issue who would like to participate.

I am happy to work with you in any way you think helpful

I thank you for your response, attention and action on this matter.

Sincerely,

Spencer Chandra Herbert, MLA

June 19, 2014

Honourable Todd Stone - Minister of Transportation
Rm. 306 Parliament Buildings
Victoria, BC V8V 1X4

RE: BCACP recommendations to Ministry on motorcycle noise

Dear Minister Stone,

You may recall that you wrote me in September 2013 regarding motorcycle noise. (Attached for your reference)

In that letter you indicated that your Ministry is working with the BC Association of Chiefs of Police on this matter.

I heard directly from the BCACP that they made their recommendations on this issue to your predecessor in January of 2012 and are still awaiting for government to act on them.

Might you tell me when you expect to implement their recommendations on what the BCACP describes as “an important public annoyance issue?”

I am happy to work with you in any way you think helpful to resolve this matter.

I thank you for your response and attention.

Sincerely,

Spencer Chandra Herbert, MLA

August 2013

The Hon. Suzanne Anton - Minister of Justice and Attorney General
Box 9044 Stn. Prov. Govt.
Victoria, BC V8W 9E2

RE: Loud Vehicle Noise in Urban Areas

Dear Minister Anton,

I am writing to ask for your help with an issue that has bothered many B.C. communities this summer. I'm writing to ask for your help to deal with loud vehicles which are wrecking people's right to quiet enjoyment of their homes, and disrupting our communities' ability to enjoy these beautiful summer days outdoors.

British Columbians have long called for a solution to loud and disruptive noise from vehicles in their neighbourhoods. Noisy motorbikes, boom cars, and revving vehicles put noise pollution into our homes, disrupt enjoyable time in nature, and sometimes make it so people can't even hear each other talk.

I am sure the government has heard similar concerns from all over the province.

Municipalities have tried to deal with this issue, but are limited in their abilities to address this problem as vehicles easily cross over municipal boundaries.

I have spoken with the Police, the B.C. Coalition of Motorcyclists, City councillors, and others who all have ideas of ways to effectively limit the amount of noise pollution, and improve our communities.

I'm writing to request that the government convene a working group to develop policy fixes for this problem. I am willing to offer whatever help necessary to get to a solution.

I thank you for your time and attention to this matter, and look forward to hearing from you soon.

Sincerely,

Spencer Chandra Herbert, MLA

To: Chandra Herbert.MLA, Spencer <s.chandraherbert.mla@leg.bc.ca>

Subject: Motorcycle Noise Control

Hi Spencer,

As summer approaches downtown and the West End are once again inundated with obnoxiously loud motorcycles roaring down Davie Street and Beach Avenue. I hope to get an update on Transportation Minister Todd Stone's working group he intended to create last year. Do you have any information?

s.22 a conversation in 2005 between Councillor Tim Stevenson and MLA Lorne Mayencourt. As you probably know, a few years later, Lorne put through the noise control bill. Unfortunately it is not enough and it is definitely not being enforced.

Lorne was a big advocate.I hope you are able to continue the push to control the noise pollution by motorcycles. I would also be happy to help in any way.

Best Regards,

s.22

Hi Team ;)

I hope that you are having a great day!

I am popping in to see if any of you have a name tag. I think that given the nature of our positions and the expectation of event attendance that it would make sense to have a name tag that identifies us as part of the MO.

I was thinking that it could have the name and job title below (Kim Manton – Executive Assistant to Hon Carole James).

What do you think?

Kim Manton

Hello TEAM!!

Hi Lawrence - what topics are you thinking should be included in John's MLA November newsletter? I am hoping that we can have the final draft and sign off by John on November 30th and ready to go out that day. As well I will reach out to John to see if he has any topic suggestions. Are you able to send out the MLA newsletter through MAILCHIMP?

I am copying **Hans, Lynn and Bruce** so that if they have any suggestions, they can jump in.

As well, we will have from Miriam our 2017 Christmas Open House Invitation to be included in the newsletter. Is there anything specific that you will need from Miriam to include this in the newsletter?

Amber, giving you the heads up that we will have a final draft ready for John near the end of this month for his approval – OK?

Thank you
Moe

Subject: One last letter request

Promise, last letter request of the year.!!!

Bruce attended a Nov 5 community meeting in Otter Point attended by 50 members of the community gathered to discuss traffic and enforcement issues in the area. The meeting took place at the Otter Point Road Capital Regional District Office building. Sponsored by OPSRRA (Otter Point Shirley & Rural Residents Association), the meeting heard from a panel of RCMP, traffic and industry representative...and the panel heard from the community.

Sooo.....

Can you please draft a letter from John as MLA, then put it in front of him for consideration...I'm not sure he will want to sign.

The person and address to write to is below. Here are the main points.

Dear C/Supt Sean Sullivan

As MLA for the last dozen years in Langford-Juan de Fuca, I have seen the significant increase in traffic across the constituency and particularly am aware that traffic patterns have increased in the rural Sooke/Otter Point area, including the rural Juan de Fuca area represented by Mike Hicks.

Population and tourism growth have led to significant traffic and residential increases.

My staff attended a Nov 5 community meeting in Otter Point. Kindly, your Staff Sergeant Jeff McArthur appeared with other panelists to listen to and discuss with the community their concerns about traffic, noise etc.

I am aware that the growth of traffic and population in this rural area has been ongoing and is now leading to opportunities for enhanced RCMP presence in this rural area.

Therefore, I am writing today arguing in favour of an increased budget for the Sooke rural RCMP so that they can meet community requests for enhanced presence and enforcement in these rural areas.

I am aware that your recognize and are planning for an increase in officers for this rural Sooke area. I write today concurring with your assessment of more need and encouraging approval of funding to realize that increased staffing need.

Sincerely

PJH

Sir - Bruce Law contacted me today - in follow up to a traffic meeting that we were at week before last. The issue of Sooke's resources for the rural area came up. His questions:

1. Would it be appropriate for the MLA and/or Regional Director to write in to the RCMP outlining the issues and requesting more resources for Sooke Detachment?
2. If so, who would they write to - the District Officer?

And no - I didn't put him up to this!

Thanks.

Does John want to do either of these:

Sat Nov 25 – 11 – 2 pm Goldstream Food Bank BBQ Fundraiser
Sooke Santa Parade – Nov 26 5pm Langford thru town centre

And if so I guess detail needs to be informed?

Hello Andrew.

Wanting to introduce myself as Premier Horgan's new Executive Assistant working out of his constituency office in Langford.

I've become aware through speaking with Chief Jones, School District 62 and Port Renfrew Chamber that you are the person to talk to about the ongoing efforts to establish a First Nation's school in Port Renfrew with Pacheedaht.

As Port Renfrew is part of the constituency John represents I'd be very interested in touching base with you to find out more about where this project is at, next steps, how we can help etc.

Is there a time upcoming when we could chat? I'm pretty flexible for the next few days.

Looking forward to speaking with you.

Best

Hi Eveline. Sorry for delay. They say they are happy to come into Victoria to meet. Is there any chance the Regional Mgr or whoever might meet is out nearer the Westshore? If not no problem they seem happy to come into downtown Victoria if necessary.

They could do:
Wednesday Nov 8 afternoon
Nov 10,
Nov 14,

Nov 15
Nov 17
Anytime all those dates.

Thanks for arranging this. And please let me know and I too will attempt to attend.
Best

Morning friends. Not sure how you are dividing work there so copying you both.
Am forwarding an email received by MLA Horgan about ongoing issues at Juan de Fuca Marine trail.
Hoping Ministry staff can find time to meet with the Juan de Fuca Community Trails Society regarding their input on this matter. I believe Ministry staff will aware of this group and their concerns. If such a meeting between staff and this group is possible, then I would like to be invited to attend on MLA Horgan's behalf.
Happy to chat with you about it if/when you ever get a free moment.
My contact info below.
Best and thank you for your ongoing excellent work.

Subject: Request a meeting with BC Parks- Ministry of Environment and Climate Change Strategy

Good Morning

Re: Oct 18 th phone call requesting a meeting with BC Parks.

The Juan de Fuca Community Trails Society is a community based organization requesting a meeting an official in the Ministry of Environment and Climate Change Strategy on the Juan de Fuca Marine Trail and the Juan de Fuca Provincial Park to better understand planning for its future.

“A management plan is the result of a management planning process and is developed with First Nations , local governments, the public and other interest groups.” (BC Parks website Oct 18, 2017.)

We can find the Ministry's Juan de Fuca Provincial Park Purpose Statement and Zoning Plan of March 2003 but have been unable to locate any management plan nor are we aware of any planning process involving the public since 2003.

We appreciate the Juan de Fuca Marine Trail is an economic and recreational treasure valued for its wild nature. It is an international magnet for those seeking a wilderness experience.

The park and its trail are with in the traditional territory of the Pacheedaht First Nation. Treaty negotiations are underway. In an article in the Times Colonist of May 12, 2017, elected Chief Jeff Jones presented ideas to the Capital Region District for the creation of a tourist hub at Jordan River. This involves land owned by BC Hydro

and by the Capital Region District. It could be a jumping off point for Eco tourism if there remains an Eco system to support tourism.

We wish to learn how we can support this natural heritage and work with the Pacheedaht to do so.

Regards.

Good Morning Bruce,

I hope you had a nice weekend. It was great to see you out at the grand opening of the new gas station in Port Renfrew this past week. This was a monumental shift for our community and we gained significant media traction and recognition for our growing community. We even captured national recognition on the CTV News Channel out of Toronto. (see clip below)

<http://www.ctvnews.ca/video?clipId=1258402&playlistId=1.3673412&binId=1.810401&playlistPageNum=1&binPageNum=1> .

This was huge for us to get this story recognized on the national stage. I believe there is the ability for the Premier to ride this press coverage by supporting this growth with infrastructure upgrades. Especially with Tourism Victoria's recent announcement to promote the Pacific Marine Route as a destination on the international stage. We are inviting the world to travel this route and it is important to provide a positive experience for all who make the journey.

Below as requested is our wish list of improvements we feel is required in order to allow Port Renfrew to realize its full potential. The completion of the Pacific Marine Circle Route back in 2009 and the subsequent building of the new overpass at Sombrio Beach and Harris Creek in 2012 have been welcomed improvements which have brought year over year increases in traffic. There are a number of infrastructure improvements which are still required which will provide the ability for Port Renfrew to continue its economic growth. The following information constitutes what I would consider our primary wish list of improvements:

- Continued road improvements for the Pacific Marine Route. Specifically the area between Jordan River and Loss Creek on the Sooke side.
- Cellular Phone Service for the Pacific Marine Route. This is a must from a safety standpoint. There is a tremendous amount of promotion of the Pacific Marine Route and due to this many more accidents in areas which have no cell service.
- The CRD's waste water system is at the end of its life and cannot service a growing community moving forward. Public funding for a new land based resource management system will be critical to future development. We are designating sites for a hotel, commercial and light industrial development and more residential growth which will require resource management.

Let me know if this week is good or next week is better to meet for a coffee as suggested. Thank you for your continuing time and consideration.

Best Regards,
Karl

Morning Joleen. Here is the program with agenda included.
As you will see PJH needs to be at the Langford Legion well before 10:30 in order to be ready for the 10:45 start. There will be large crowds. He will not speak, but will march in the Parade leaving Legion at 10:45 for the short march to the Cenotaph at Goldstream/Vets Memorial. The ceremony will take place, he will lay a wreath on behalf of Province of BC, then after ceremony will walk back to Legion then hang out in the pub for refreshments for a period of time. At least that's what he's done in past and I believe he plans to do again this year.
It is generally a very sombre parade and ceremony, then a scene of lite chatter and comradery at Legion Pub afterwards.but definitely moderate sized, uncontrolled crowd in the pub and many observers during the parade.
I believe Evan s.15 will be staffing PJH but I am definitely available if needed.....he generally does not want/need staff nearby at this event but I realize now that he's Premier things will be different. Let me know what else you need.
Thanks Joleen.
Best

Good morning Bruce,

I just wanted to check in about Remembrance Day on Saturday. Do you have an itinerary that I could review? I just want to make sure we have all the details needed – do you know if he is expected to speak? Or what else his role will be?

Also, will you be on site to staff the Premier?

I'd be happy to hop on a call later this morning to go over everything as well.

Thanks,

Joleen

Hey Bruce,

I have two local media interviews I have set time aside for when John is in the constit on December 15th.

What I have allocated is Mary Brooks at 10:00 for 15 minutes and Rick Stiebl at 10:20 for 15 minutes. Are you able to contact these media and let them know the times? Not sure if they will come into the constit office or call?

Good day.

Not sure who is direct route for these requests so please do point me in the correct direction.

At Remembrance Day events in Langford Saturday, John ran into a local reporter named Rick Stiebel. John agreed that he should sit down with Rick for a year end or first 100 days interview. Rick is not directly attached to Black Press group but does free lance for them and others. I am attempting to get in touch with him do discuss but need to know who is the correct person to forward these types of requests to? Sheena or Sage or Jen or ?

Similarly, I met Jessica, also from Black Press (see below), who also wants to do a year end/video interview.

Can you please let me know who is correct person to pass these requests along to? And who approves/schedules these interviews.

I'm pretty sure that PJH will want to at least do the Rick Stiebel request.
Thank you in advance for any clarification/response you provide.

Hi Bruce,

I just wanted to email you and first say how nice it was to meet you at the Remembrance Day ceremony in Langford on Saturday.

Premier Horgan asked if I would be interested in doing a six month recap of the NDP government and how things are going. I was wondering when we could potentially set something up.

I also wanted to check and see if we could do a recorded video interview and also turn that into an article for the Goldstream Gazette. I wasn't 100 per cent sure what would be allowed so I wanted to ask.

Let me know what is possible and we can go from there.

Best,

Jessica

Dear Mr. Fogg,

My name is Sam Purdy and I am the individual tasked with obtaining and organizing speakers for the Rotary Club of Sooke. Your e-mail to our club indicated that you were aware that we meet at noon on Wednesdays. You are correct in that assumption other than the first Wednesday of each month when we meet at 5:30 at a local restaurant. The normal Wed. meetings are held upstairs in the meeting room at Village Foods in downtown Sooke. We are currently booking out into the new year and I'm sure we can find a date that would be mutually acceptable. I can be reached by phone at my home at s.22 . I very much look forward to speaking with you at your convenience.

Best regards,

Sam Purdy

Morning.

So working with my colleague Amber (copied) to build Premier's schedule in the months ahead.

As MLA he wants to get to Sooke.

Are there any Chamber events in Jan, Feb, March 2018 that may work for him to visit. Or are there regular monthly Chamber meetings?

If you can let me know that would be great. I don't see any specific events in the Chamber calendar.

Thanks for anything you can pass back.

And thank you to all members of the Sooke Chamber for all the work you do to make Sooke exceptional.

Hi Bruce,
Yes, my sister has agreed to drive me out to the office in Langford.
It will either be the 23 or 24th Nov. I will phone ahead to make sure that someone is at the office.
Thank you,
s.22

On Nov 20, 2017, at 4:26 PM, Fogg, Bruce PREM:EX <Bruce.Fogg@gov.bc.ca> wrote:

Hello s.22 . What a kind and generous thing this is for you to do for John. I'm sure he will enjoy seeing this piece of woodwork that he can work on sometime in the future.

Will you have access to a vehicle during your time in Victoria? If so the easiest way to get this project to John might be to drop it off in the constituency office. The office is located in Langford, so a bit away from downtown Victoria. Address is 122-2806 Jacklin Road and his office is open Nov 22, 23, and 24. Is there any chance you would be able to bring the wood here to the constituency office during business hours one of those three days? If not just let me know and I can work on arranging for it to be picked up downtown Victoria. How big and heavy is the piece of maple?

Please let me know.
Thanks.

Dear Mr. Horgan,

When you were at s.22 and my house s.22 (on the campaign trail) you saw & admired a piece of quilted maple at the top of the stairs.

I was able to acquire a rough, unfinished piece as a gift for you, which as a woodworker I am sure you will enjoy sanding & finishing.

I will be in Victoria from 22 - 26 of November, and would like to know how best to get it to you.

Sincerely,

s.22

Hello Andrew.

Wanting to introduce myself as Premier Horgan's new Executive Assistant working out of his constituency office in Langford.

I've become aware through speaking with Chief Jones, School District 62 and Port Renfrew Chamber that you are the person to talk to about the ongoing efforts to establish a First Nation's school in Port Renfrew with Pacheedaht.

As Port Renfrew is part of the constituency John represents I'd be very interested in touching base with you to find out more about where this project is at, next steps, how we can help etc.

Is there a time upcoming when we could chat? I'm pretty flexible for the next few days.

Looking forward to speaking with you.

Best

Bruce Fogg

Hi Everyone!

Thanks so much, again, to each of you for agreeing to serve on our road safety and noise panel this coming Sunday (November 5).

I have attached a "penultimate" version of our agenda for your review. Please let me know if you see any information that needs to be corrected.

Also, if you still haven't provided your short bio (for our moderator, Mike Hicks) **and any slides you would like projected, please send these to me before the end of today (Friday). As noted previously, we would also ask that you arrive at 1:30 pm** just to allow time to get everyone set up for the panel starting at 2:00 PM.

Thanks again and please let me know if you have any questions!

We look forward to seeing you all on Sunday.

Cheers,

Bill

November 7, 2017

Re: Repair and Maintenance of the Juan de Fuca Trail and Juan de Fuca Provincial Park

Dear Sir,

The Juan de Fuca Trail is really important to south Vancouver Island residents and to visitors. Eco-tourism on south Vancouver Island depends on such recreational assets.

Unfortunately, maintenance of the trail is nowhere near adequate to the number of people using the trail. In my opinion, neither was the trail designed and built for the number of users it has attracted. We either fix it or lose it.

Throughout the seasons, the trail will continue to deteriorate unless the parks budget provides for proper maintenance of this trail.

I have been told that the structures on the trail are being maintained. What trail users are experiencing is that there are not boardwalks and stairs where they are needed. The number of users causes the trail bed to “liquefy” and then users try to avoid the mud and the result is an ever widening mud wallow. Where a few people could safely descend a bank, many people experience a slide down and very difficult and possibly dangerous ascent.

The trail was not build for the underlying soils to bear the amount of traffic and the rainfall the area receives. In my opinion, “proper maintenance” of this trail must include renovation of the trail bed and installation of more boardwalks.

s.22

Subject: Response Mike Hicks/CRD/JDF re- DUA Sooke Harbour

Mr. Harvey,

I was extremely disappointed to receive notice on the 10 year extension of the designated use area in the Sooke Basin . I see from your note below that you have already made the decision but I hope you will consider my comments, as I just received your notice and request for comment on Oct 24.

East Sooke property owners, fronting the Sooke Basin and Harbour have been severely impacted by the closure. There are no commercial wharves in East Sooke and construction and replacement of existing and new residential floats have stopped due to the 5 year ban.

In 2012 , Sooke Mayor Wendal Milne and myself met with your department and supported the goal of a 5 year period to " to improve water quality and to develop management strategies to enhance shellfish aquaculture and traditional shellfish harvesting."

We understood and supported a 5 year period to study the cumulative pollution caused by marine wharves, piles and vessels and their impact on shellfish and the general marine environment in the Sooke Basin and Harbour. We supported these initiatives because we support a pristine harbour and we support our T'sou-ke Nation neighbors and their endeavors in harvesting and growing shellfish.

In 2012, we asked your department to consider new foreshore leases already in process, to consider float and wharf construction on a case by case basis that were environmentally sensitive (no creosote, styrofoam, treated lumber) and to provide a progress report over the 5 years on the study. To my knowledge, none of these conditions for our support were met.

The Sooke Basin and Harbour has historically been a coastal hub of marine activity. Commercial crabbing, shellfish harvesting, oyster growing, vessel repair, marinas and private floats are all supported in these waters. Again, we totally support all efforts to create and maintain a clean harbour but we do not support your policy stating:

"Persons considering making application within the DUA areas are advised to contact Natural Resource Operations to determine if the proposed land uses are compatible. **It is unlikely that proposals involving activities/structures such as pile driving, placing of fill, private docks, seawalls, piers, floating docks, marinas, boat ramps will be deemed compatible.**"

We would ask again that you be flexible , on a case by case basis and allow the construction and repair of existing and new floats for residential properties in East Sooke. With sensible and environmentally freindly building practices and materials, I am confident that we can carry on the marine tradition of the Sooke Basin and Habour while preserving the shellfish habitat.

Pehaps your department and the T'sou-ke Nation would consider working with our CRD /JDF building inspection and planning department to devise a working , enforceable building marine code for East Sooke residential floats and approaches that would be compatable with the goals of the DUA. We would prefer this to a blanket "No".

Thank you and I look forwrd to your response.

Sincerely,

Mike Hicks
Regional Director
Juan de Fuca Electoral Area

Subject: Section 17 Designated Use Reserve file 1414047

Dear Director Mike Hicks,
Please find attached the Section 17 Reserve Map as it was established on October 15, 2012.
The application for renewal was also referred to the District of Sooke and T'Souke First Nation. District of Sooke responded with a letter of support. A response was not received from T'Souke First Nation.
As discussed with you this morning a decision has been made to continue the reserve for a further 10 years.

Kind regards,
Mark Harvey P.Ag.

Subject: Rural RCMP resources

One of the issues frustrating residents of Otter Point/Gordon's Beach is the lack of RCMP enforcement of speed, noise etc. At the OPSSRA meeting Bruce attended in early November at Otter Point CRD building, residents again expressed this frustration. At that meeting, RCMP Staff Sargent basically said...lack of enforcement in part due to insufficient RCMP presence due to lack of human resources.

The paragraph below from Ministry of Public Safety lays out who polices rural areas like Juan de Fuca (Otter Point, Shirley, East Sooke, etc.)

My objective is to draft a letter asking RCMP "E" division (I think this is supervisory group) to increase RCMP resources in those rural areas that John represents.

If I do really rough draft below can you tune it up and then have Maureen put in front of John for consideration? Would also be a good letter for Mike Hicks, the CRD Director for these remote areas, to send of the RCMP headquarters.

RCMP Policed Provincial Areas (unincorporated areas and under 5,000 pop municipalities) – The RCMP maintains internal processes by which local detachments may report pressures to BC RCMP Headquarters to identify and address resourcing needs. Local requests for increases are prioritized by RCMP Headquarters and are considered in the context of the larger needs of the Provincial Police Service, and guided by the Minister's objectives, priorities, and goals for the Service. Local governments in provincially policed areas should work with local RCMP to ensure that service delivery is in-line with community priorities – it is the expectation of government that the RCMP work with local governments in the development of the detachment's annual performance plan.

DRAFT

Nov 29, 2018

Commander RCMP
BC – rural areas.

Dear Sir or Madam

Thank you to RCMP for your ongoing great work keeping British Columbia safe.

One of the main concerns I hear from rural residents of Langford-Juan de Fuca is the lack of RCMP enforcement of noise, speed and traffic bylaws in rural part of the constituency.

I write seeking a budget increase for RCMP personnel in the rural Sooke areas, specifically the Capital Regional District areas of East Sooke, Otter Point, Westcoast Road, Jordan River and Port Renfrew.

Thank you for considering this request.

Sincerely

Honourable John Horgan, MLA
Langford-Juan de Fuca

Subject: Section 17 Reserve Sooke Basin

Dear Mr. Harvey,

Further to the email correspondence you received from Juan de Fuca Electoral Director Mike Hicks, this is to advise you of our concerns with respect to the time provided to respond to your referral of the Notice of the Section 17 Map Reserve.

I understand that we received the referral on September 28, 2017 and were asked to respond by October 13.

Given the processes and various parties we represent, this is very short notice for a decision that has significant consequences for property owners and stakeholders.

Given the Map Reserve was established on October 15, we respectfully request consideration of the options proposed by Director Hick as a means of providing some consideration of case by case flexibility, where the intended objectives of the Reserve can be met.

Sincerely,

Robert (Bob) Lapham, MCIP, RPP

Subject: Response Mike Hicks/CRD/JDF re- DUA Sooke Harbour

Mr. Harvey,

I was extremely disappointed to receive notice on the 10 year extension of the designated use area in the Sooke Basin . I see from your note below that you have already made the decision but I hope you will consider my comments, as I just received your notice and request for comment on Oct 24.

East Sooke property owners, fronting the Sooke Basin and Harbour have been severely impacted by the closure. There are no commercial wharves in East Sooke and construction and replacement of existing and new residential floats have stopped due to the 5 year ban.

In 2012 , Sooke Mayor Wendal Milne and myself met with your department and supported the goal of a 5 year period to " to improve water quality and to develop management strategies to enhance shellfish aquaculture and traditional shellfish harvesting."

We understood and supported a 5 year period to study the cumulative pollution caused by marine wharves, piles and vessels and their impact on shellfish and the general marine environment in the Sooke Basin and Harbour. We supported these initiatives because we support a pristine harbour and we support our T'sou-ke Nation neighbors and their endeavors in harvesting and growing shellfish.

In 2012, we asked your department to consider new foreshore leases already in process, to consider float and wharf construction on a case by case basis that were environmentally sensitive (no creosote, styrofoam, treated lumber) and to provide a progress report over the 5 years on the study. To my knowledge, none of these conditions for our support were met.

The Sooke Basin and Harbour has historically been a coastal hub of marine activity. Commercial crabbing, shellfish harvesting, oyster growing, vessel repair, marinas and private floats are all supported in these waters. Again, we totally support all efforts to create and maintain a clean harbour but we do not support your policy stating:

"Persons considering making application within the DUA areas are advised to contact Natural Resource Operations to determine if the proposed land uses are compatible. **It is unlikely that proposals involving activities/structures such as pile driving,placing of fill, private docks,seawalls, piers, floating docks, marinas, boat ramps will be deemed compatible.**"

We would ask again that you be flexible , on a case by case basis and allow the construction and repair of exisiting and new floats for residential properties in East Sooke. With sensible and environmentally freindly building practices and materials, I am confident that we can carry on the marine tradition of the Sooke Basin and Habour while preserving the shellfish habitat.

Pehaps your department and the T'sou-ke Nation would consider working with our CRD /JDF building inspection and planning department to devise a working , enforceable building marine code for East Sooke residential floats and approaches that would be compatable with the goals of the DUA. We would prefer this to a blanket "No".

Thank you and I look forwrd to your response.

Sincerely,

Mike Hicks

Hi Jasleen. Thanks for this.

If it is possible to in fact get this retirement badge and wallet ID certificate for all retired Sheriffs with 25 plus years service that would be great.

In the specific cases s.22 ..if it is possible to get the badge and certificate produced and forwarded directly to myself of MLA Horgan....then Premier would be honoured to present it directly s.22 ; in near future (at Xmas?)

Can you please let me know if this is possible?

Thank you for helping solve this small problem. It is muchly appreciated.

Subject: RE: Stops of Interest - Ready to go Signs

So the bottom line here I believe is MOTI will plan local placement events and associated media release featuring positive quotes from PJH as the signs are ready to go. And that will proceed starting now. That works for me. Still trying to figure out who has the "go ahead with that plan" authority for his constit events/announcements..... but think this will work for this one.
Let me know if you/he wants to do it another way.

Subject: RE: Stops of Interest - Ready to go Signs

I understand from Kate today that Premier is not interested in an event at Western Speedway.
If he is also not interested in a Jordan River event, we can proceed to do unveilings/ releases strictly with the local stakeholders who nominated and have developed the signs with our highways department.

I believe the Western speedway sign has already been cast, so can go up with in a couple of days once we say go.
Two week turnaround for Jordan River/Pacheedaht sign I believe.

K thanks Derrick.

I'm going to go out on a limb and suggest a Press Release with PJH announcing both these at same time. Will wait for tomorrow for info on when that might best be. He might do an event at the Speedway in December but cant possibly

guarantee that he in fact would be available so may as well start the “just a PR” process. As far as I know this would be the first PR the Premier would be doing to announce something in his constit so this is a good “experiment, system test, loss leader” opportunity.

And Derrick do you have an answer for me about Mary Brooke?

Morning.
Would Pacheedaht have been consulted on the wording of the sign in their territory?
I'd say if the answer to the above is “yes” then go ahead and place that sign without him. I am assuming the location would actual be in Port Renfrew as opposed to Jordan River? Please confirm.
And yes can arrange an event at Western Speedway – just give me a date he is available in constit and I'll start talking to them...can Derrick pass along whoever the contact is at the Speedway?
Great news.

And btw Derrick did you get a chance to speak to Mary Brooke yet or do you want me to do that?

Hello –

As discussed with Amber yesterday, these are the upcoming Stop of Interest locations. The s.13,s.16 have been made and are ready to go. They say 2017 on them. The s.13,s.16 can be made on two-week notice. Cast iron signs.

Note the two in the premier's riding. I will bring this around to our others MLAs with locations in their ridings to gauge interest.

Of the signs in opposition ridings, the Nisgaa Highway in Terrace may be of interest for a large event.

Let me know if any of these are of central interest

Thanks
Derrick

Minister of Transportation & Infrastructure
The Honourable Claire Trevena
Victoria, B.C.
Via Email: Minister.Transportation@gov.bc.ca

Dear Minister

Re: Island Rail Train Service & Infrastructure Plan

Thank you for meeting with the Island Corridor Foundation and Southern Rail delegation November 9th.

We presented to you a plan that would provide significant train service to the people of Vancouver Island through a modest track infrastructure investment by your government and by Canada.

We know you are specifically focused on the section of rail between Langford and Victoria. Our plan provides a path to satisfy the western community's transportation needs and also communities north of the Malahat.

As mentioned it is imperative that track infrastructure improvements are made so we don't lose this wonderful Island asset.

You also heard of the commitment that our rail operator has to Island rail. To assist them and the Foundation in planning for the future we asked four specific questions:

1. Does the provincial government support Island train service?
2. What is the government response to the SVI/ICF Train Service & Infrastructure Plan?
3. Should SVI/ICF make a formal submission?
4. Will the province support the submission?

We respectfully request a timely response to these questions.

Madam Minister the Island Corridor Foundation and Southern Rail of Vancouver Island are keen to assist you in whatever way we can. Please let us know how we can help.

Yours Truly

Dr. Judith Sayers
Chair

Yes I'd like that s.22
s.22

I have heard PJH talk a bit in last couple of days about how we need to more assertive in talking about lower island transportation and who's going to do that etc,etc.
If it's helpful I am definitely here rest of today and tomorrow for brief chat.

Hi Bruce

Can we schedule a meeting in December to review next steps on transportation?

Thanks.

Subject: Update

Hi Hans and Bruce,
I just spoke with our Highways staff about your questions from yesterday.
The Highway 14 study is expected to be complete for the Minister's review within the next few weeks. I don't know when the study will go public, but certainly she will be briefed on the study by the end of this month.
The Aspen Road situation is with an independent consultant. The staff expect a report back on that by December 1.
Hope that helps!
Alisma

Hello Premier Horgan,

Is there any possibility of attending this very important information/ Update meeting tomorrow night at Cowichan Tribes "Siem Lelum gym" 5574 River Road starting at 4:30pm.

These men being missing for few years and would love your support to both Nations and very sorry for the very short notice but thought I'd at least throw it out there.

Chief Jeff Jones

Subject: Victoria Public Engagement Meeting

Dear Premier Horgan,

Community meetings for B.C.'s first Poverty Reduction Strategy will kick off next week in Victoria and I would like to invite you to attend. As you know, we are hosting community meetings across the province so British Columbians can have their say about how to reduce poverty in the province at in-person community meetings that will run from the end of November to the end of March.

Victoria Public Engagement Meeting

Location: Da Vinci Centre, 195 Bay Street
Date: Monday, Nov. 27, 2017
Time: Doors open at 6:00 p.m.
Meeting will run from 6:30 p.m. – 9:30 p.m.
Note: Refreshments will be served

Government has made a commitment to a poverty reduction strategy with legislated targets and timelines to help individuals, kids and families to move out of poverty and onto the path to success. These forums will help to advise the work of the Poverty Reduction Advisory Forum and my work as Minister.

The engagement process will be accessible and will build on the strength of the research and work that has been done over many years by dedicated poverty groups, local governments, academics and others in BC. These groups, as well as

families and individuals, have been calling for action on a made-in BC poverty reduction strategy for many years. The work has already started and we are reaching out to you as an MLA to ensure full province-wide participation.

I hope that you will consider attending the meeting on Monday and that you will share this information with your constituents. For those who are unable to attend, they can provide feedback the following ways:

Online: <https://engage.gov.bc.ca/bcpovertyreduction>

Email: bcpovertystrategy@gov.bc.ca

Phone: 1-778-698-7746 (Victoria number)

Sincerely,

Honourable Shane Simpson
Minister of Social Development & Poverty Reduction

PC. Mable Elmore, Parliamentary Secretary for Poverty Reduction

Hi Bruce,

The rumour is true...here is the facebook event: <https://www.facebook.com/events/177158246199534/>

I am not sure the VLC has anyone updating the website at the moment so that is probably why it isn't on there.

Is PJH going?
